Mr. Linklater joined the Royal Canadian Air Force Band in 1951 and was posted to Edmonton. He was featured as trumpet soloist with the Salvation Army Bands and did trio work in the Air Force Band. He resigned from the Air Force in 1962 and has been devoting his time to band instruction and general work about that time.

THE UPPER CRUST

"How did you meet your wife?" I asked the grocer, yesterday. "I used to play lawn tennis court every day. My pal and I thought she was very beautiful and we played a game of tennis to see who took her out."

"Really?" I said, "You come from a pretty swanky neighborhood. Where I come from we'd shoot craps for her".

'Town' defeats 'gown' in spelling contest

Monday and Tuesday of this week saw the annual elimination of the spelling contest held in the various Grade 7 and 8 classes of the Tofield School.

Under the sponsorship of the Tofield Community League the "town vs. gown" spelling contest played to a full hall on Monday evening.

Mrs. Daisy Young, chairman of the elementary committee of the Tofield School presided at the event. Mrs. Myrtle Cass was wordmaster, Mrs. Stella Purves, umpire, Mrs. Lou Bostick timekeeper, and Mrs. Florence Ingram and Mrs. Grace Phillips, scorekeepers.

The contestants representing the adults of the community were Mrs. J. K. Stinson, Reeve W. Michaeloff, Mrs. Art Tovell, Mrs. Don Hordy, Henry Schroeder, Mrs. L. Standfer, L. Severson, Mrs. Joan Hoefle and Graham Allan.

The school's contestants were: David Severson, Elaine Sovell, Lorraine Allan, Betsy Ann Schultz, Gloria Sovell, Rosemary Hallett, Linda Schocker, Glen Windsor and Elaine Hallett.

The adults were seated in the opening round of the contest and, following the students inside the school, after the score at the end of the rounds was 10 to 9 in favour of the adults.

Mrs. Young then introduced Dr. Ruth Godson of the English department in the Faculty of Education University of Alberta. Dr. Godson made the trip to Tofield because of her interest in the teaching of English, of which spelling is an integral part. She commented on the various ways people learn to spell by visual, auditory and kinesthetic methods. Dr. Godson congratulated both the adults and the students on the showing they had made.

Prizes for the losing team were presented by Mrs. Young. On behalf of the Tofield Mercury Peter Nisbet announced that the winning team would receive a pen as a token of their success.

Lyle Jacobsen submits Dominion Day theme

(Grace Phillips)

"The first of July is just around the corner, and to mark deeds of Tofield and district, this means that preparations for the annual Dominion Day celebrations are beginning to take shape. The Tofield Community League's contest among the school children for a suitable theme for July 1st, has been completed. Of the many themes, there have been chosen to receive the prizes offered by the way.

First prize to Lyle Jacobsen, Grade 4 Lyle's theme was:

Yesterday
Today
Tomorrow

Second prize to Joy Workers, Grade 5. Joy entered, "Country Carnival" as her theme.

Third prize to Danny Sivachenko, Grade 3. Danny submitted "Tofield Enters the Space Age".

These enterprising youngsters have received the prizes of $3, $2 and $1, offered by the Tofield Community League.

Indiana speaker at Salem Church

Pine Bender, Elkhart, Indiana born evangelist, secretary for the Mennonite Church visited the Salem Mennonite Church on March 30th and 31st. His talks stimulated interest in the field of writing and the reception of which will be rewarded. The first was intended for those of talent among the young people.

Bible school was held from April 15th to 19th with Clarence Hamm as principal and Helen Hamm as pianist. Mrs. Lawrence Hamm was in charge of handwork. Although only a beginning was made for the benefit of the young people, all ages enjoyed the classes. Rainer Epp's subject was "Christian principles of Peace" and "Character Study." Peter Isaak's subject was "Missions and Evangelism" and "Bible Study." Mrs. Ben Hamm taught the school song practice.

A special treat was offered on the afternoon of Easter Sunday when Rainer Epp showed pictures from Western Mennonite schools. Eileen Gregus rendered a program of solos.

School committee meets April 9th

The regular meeting of the County of Beaver No. 9 School Committee was held Tuesday, April 9th, 1963.

The secretary referred to the Girls' Leadership Work Shop held with by resolution No. 62 and 80, and the superintendent informed the committee that Miss Judy Mitchell of Tofield had been selected as the student to attend the workshop. Miss Hetty Fraser had previously been selected the teacher to attend the workshop. It was moved that the report be accepted and the appointments made by the superintendent be concurred in. Cd.

CORRESPONDENCE

A letter from the Town of Tofield advising that Blk. 1, in Plan 2256B had been consolidated into Lot J, Blk. 1, Plan 5264 and transfer of this property to the County to provide for additional playground facilities at Tofield had been submitted with the letter. The contents of the letter be received and filed and that the account submitted be paid.

Correspondence from Joe Kormarnicki of Bruce, enquiring as bus driver for the County

with resignation effective at the end of March, was submitted to the committee. The letter expressed Mr. Kormarnicki's regret that due to pressure of business he had been forced to resign as bus driver. In re-

Rev. M. Steiostal at pastoral conference

(M. Harris)

Pastor M. A. Steiostal attended the Edmonton - Camrose pastoral conference at Holden Lutheran Church, Dodge, on April 22nd and 23rd. Two papers were presented at the conference.

A study of "Toward an understanding of Marriage" and "Divorce and Christian Pastoral Practice" by Dr. Carl H. Mundinger, "Justification" by Dr. H. Preus. Pastor Lyder of Dr. Preus's congregation in Minneapolis, Minn. Pastor Lyder also preached the sermon at the communion service.

It was a very inspirational conference with 24 pastors attending.

Beth Ingram named spelling queen

Tuesday afternoon, the students of the Tofield school assembled in the gymnasium, under the chairmanship of Mr. C. Annis for the spelling contest to decide the spelling "queen" or "king". Each grade was represented by its two best spellers as follows:

1. Joyce Gregus
   Arnold Poettker.
2. Kenny Thiessen
   Shawn Rudzik.
3. Glenda Mealy

Dianne Stauffer.
4. Dennis Bevan
   Esther Poettker.
5. Kris Knutson
   Lynn Schroeder
6. Beth Ingram
   Erna Thiessen.
7. Milo Stauffer
   Elaine Bjergen.
8. Darell Bell
   Douglas Grover.
9. Margaret Iberg
   Linda Schocker.
10. Mary Poettker
    Verna Thiessen.
11. Marlene Baerg
    Phyllis Anderson.
12. Lucille Wideman
    David Allan

Mrs. Muriel Finn assisted by Mrs. LaVerne Noble, assigned the words for each students. The words were so structured by Mrs. Cass that each student was spelling on his own grade level at first. As the contest progresses, the words increased in difficulty. Little Kenny Thiessen, Grade 2 stayed in until nearly the last, a remarkable achievement for such a young student.

The last few rounds were between Beth Ingram, Grade 8, and Glenda Mealy, Grade 7. The last round went to Beth, who was presented with the beautiful spelling trophy by Mrs. Young. This trophy will be Beth's permanent and treasured possession. Peter Nisbet gave Beth an appointment to have her photo taken free of charge. He will give her the engraved hand - colored photograph as a memento of the occasion.

Mrs. Everitt and Mrs. Ingram were accompanists for the afternoon. Mrs. Bowick was timekeeper, and Mrs. Cass the umpire, ready with a dictionary in case of dispute.

Preceding the spelling queen-king contest, ribbons were awarded to the children who had 100 % scholastic standing on either test, the gained 5 words or more on the Schonell B test. The ribbons were presented by Miss Gail Lauber, Miss Louise Ibergren, Miss Carol Amundsen, Miss Elizabeth Chisholm and Mrs. Young. A list of the award winners will be published next week.

HOLDEN, April 20th. — The Trustees of No. 1 held their regular monthly meeting Friday afternoon, April 26th, in the office of the secretary-treasurer. In this being their organization meeting, Oscar Afseth was elected chairman for the ensuing year.

UNVEILING OF THE CAIRN

Addressing the crowd during the unveiling of the cairn on November 12, 1938, is Major General W. A. Griesbach. The photo was sent in by A. E. Clutterham, one of the original members of the Tofield Legion. Mr. Clutterham is now living in Vancouver, B.C.

GETTING THE WORKS

As seen above, this car is receiving a thorough going-over by the local 4H members last Saturday afternoon. The club decided on a car wash to raise funds for future activities. Business was fine and so was the price—only $1.00.

HOLDEN SCHOOL

In the interest of the old photo which appeared in The Mercury a few weeks ago, Ray Haveland also found a similar photo while moving the Holden town office into the building formerly taken up by Mrs. Campbell. A little more is known about this photo, however, which is said to be of 1934 or 1935 vintage. A few of the pupils recognized in this photo are Claire Lidon, Sam Black, Annie Black, Irene Tanos, Art Tanos, Phyllis Emand, and Oswald Olson. The teacher was A. R. Chardons. There was a total of 139 pupils attending the above school, from Grade 1 to Grade 12.

BIGEORGE!

A few members of the Camrose Barbershop Chorus made an unscheduled and unrehearsed debut at the Jubilee Auditorium in Edmonton last Saturday night. Between numbers by the local chorus a few of us decided to watch part of the show from the third balcony. When the time came to return to our dressing room we were decided to make the trip back through the building, rather than take the back stairs around the outside as we had on our way to our seats. It was quite an adventure.

First we headed for the basement, and chose a corridor which seemed to lead in the general direction of our dressing room. We passed by furnaces, air conditioning units, networks of pipe and cables, and eventually we wound up in a kitchen. "Ah", I thought to myself, "at least we won't starve".

Then, with three or four cooks dressed in white watching the parade, we filed through the kitchen and continued our wandering tour. Finally we came to a point where we could see the swing either right or left. Host Ken Family would say that would have been a much fairer way to take it.

We eventually swung to the east, and after another short hike we came to a well lit room, where we were surprised to find a number of members of the Edmonton Chorus and a few of our Camrose boys relaxing and drinking coffee. With compare hanging out we poured ourselves a cup of coffee. We had taken no more than two sips when another member of the Camrose Chorus appeared in the doorway and announced "Arne Dahl wants the Camrose boys in the dressing room right now!"

Well, at least we had made it back in the dark. But I would think twice before taking a tour of that type again. I'm convinced a fellow unfamiliar with the building could wander around in that place for days before finding his way to the outside world.

ECONOMY

The husband came home tired from the office to dinner to find four electric fans were running full blast and it was a comparatively cool day. "Darling, aren't you being a bit extravagant?" he asked his wife. "Four fans running like that all day long."

"I wouldn't worry about it if I were you," responded his wife. "They're not all new fans. I borrowed three of them from the neighbors . . . . .

Local girl wins award

Two girls from Tofield, Ruth Schroder and Rita Schmidt, were awarded for showing in the recent Lloydminster musical festival, placing first and second in the 13 to 17 year class.

For the girls were also the most outstanding pupils of the festival, winning the points were represented at the festival by Mrs. Ann Wood, with several Tofield parents and pupils from these regions donated special appreciation, as many of them work under adverse conditions. The quality of the entries was high, showing that good music is an integral part of the lives of the people represented in the showing, too, that music teachers are directing the talents of their pupils into the proper channels for appreciation with the quality of music offered. The number of entries received. They have set a very high standard for musical festivals, and for Lloydminster musicians to emulate.

Tofield Legion reviews 33 years of activity

On April 19th of this year, the Tofield Branch of the Royal Canadian Legion celebrated its 33rd year of existence. Much can be said for this organization, which has suffered many reverses and yet stayed active. It has through the years done a great deal in making the town what it is; aiding and assisting with other community projects, sponsoring various events, etc. However, very little interest has been shown by former service men and women since they have returned to civilian life.

Following is a brief run-down of the history of the Legion, which will bring back many memories to old-timers, and be of great interest to other readers.

On April 19, 1930, a group of men gathered in the old town hall and were addressed by Captain Hudson, Dominion organizer of the Canadian Legion, for a recruit, assisted by Chairman and A. B. Christensen, A. E. F. Carey, R. F. Shirty, T. Cookson, H. W. Lovell, John W. Chalmers, R. W., Pincott, E. W. Rogers, W. G. Morden, H. J. Kendall, C. J. Cary and J. (Dach) Simpson. They bought Poppies which were sold for them by the Ladies of the I.O.D.E., they held church parades and generally carried on the functions of a Canadian Legion branch.

Then came the "Great Depression" in the "Hungry Thirties", when many of the most loyal members moved away some were forced to quit and the group became quite small. However, a few still carried on. Ole Christensen still carried poppies and the I.O.D.E. ladies still sold them, and with the profits the necessary paid the per capita tax so the few loyal members remaining. With the balance they supplied comforts and extras to families of Veterans on Relief or in want.

FORCED TO RESIGN

Finally, the small group was forced to resign and return the charter. With $300 in the bank, which was earned in the G.W.V.A. days parting on dances and whist drives, and not wanting to send this money to Calgary, the group decided to build a cenotaph as a memorial to those in Tofield and district who had made the supreme sacrifice for Canada and the British Empire. Cdrs. Bill Chapman and John Letourneau drew up plans, similar to the Fort Scott Memorial. Cdrs. George Brace and H. Lovell members of the town council's successful getting a large donation from the town for this purpose. Deciding on the present location as best suited for the cenotaph, erection of the memorial took place, using field stone gathered from the farms in the Tofield district. On Nov. 11, 1934, it was erected by Mr. Frank Hisey of Hisey Creek, an old-time stonemason, and Fred Irvine of the Gas Company donated pipe for the railing. The Pipe Scouts cleared out the bush in the trees at the back and were later given a lot just north of the Legion, where they erected the flagpole making a place of beauty for the memorial Cairn and park, with a 50-foot frontage, which has been very well kept up through the years, and certainly is a credit to Tofield.

Sunday, Nov. 12th, 1933, was decided to become the first Sunday of many solemn gatherings at the new memorial, when it was decided that by Major General H. A. Greisbach, who was the original O.C. of the 49th Edmonton Battalion.

Approximately five or six hundred citizens assembled to witness the ceremony which started off with a parade of Veterans of the Boer War, the World War I, together with all members of the Canadian Active Army. The ceremony continued with an address by Major Greisbach, after which he laid a wreath on it given by Rev. D. K. Allen and the massed choir under the direction of L. A. Broughton, both added perfect detail, led the singing, and wreaths were laid on behalf of the local community and Edmonton branch of the Canadian Legion.

No doubt that day made a deep impression on the hearts and minds of all present.

During the war years that followed the traditional duties were still kept alive by the men, keeping the memories of fallen comrades in the minds of the community by ordering poppies which were sold by the faithful I.O.D.E. ladies. They kept up the parade and services at the cenotaph on Remembrance Day.

Gleanings from first issue 'Ryley Times'

Mrs. M. Harris of Ryley submitted the following highlights gleaned from the first issue of the "Ryley Times", printed November 19th, 1908.

A copy of the paper was found in the home of Mr. and Mrs. Joseph Helgeland, south of Ryley, and the original owner's name on the paper is J. Thornley, a brother of the late Mrs. J. L. McPherson, and an uncle of R. O'Brien, the present general druggist in Ryley.

THE NEW PAPER

The Ryley Times this day makes its first appearance before the public and breathes the first breath of an existence which we hope will be long, healthy and useful, grounding the best wishes of Ryley and surrounding district.

Editor and printer, L. H. Archer, printed every Wednesday, price $1.00 per year.

The heart of the most fertile and best crop-producing district in the great west . . . 12 months ago the townsite was first opened . . . now today consists of 35 flourishing business houses . . . many opening for business.

Among the many interesting items is an advertisement by Andrew Finarth, a real estate agent, and today in this week's issue you will find Mr. Finarth still advertising land for sale.

L. J. Hay, general merchant, was advertising goods and still carries on his business as general merchant on main street.

Among the familiar names in the paper, still with us in the Village of Ryley, are Henry Hill, Charlie Hill, and Hans Hilstad.

Nelson and Kjearem, general merchants of that day, were also advertising a lot of soda biscuits and a good bread box at $1.75.

Finarth Bros. Hardware were advertising good sound stoves with warming closets and revolvers from $30.00 to $65.00 and Alberta barbed wire at $3.15 a roll.

Swimming lessons planned for summer

With the coming of spring-like weather, thoughts are turning to summer activities and fun at the lake. With this in mind, the Tofield Community League is again sponsoring the Red Cross swimming lessons for Tofield and district. At a recent meeting of the committee, consisting of Mrs. L. Young, W. Pratt, and Mr. and Mrs. H. Christensen, plans were made to contact the instructor and arrange for lessons to commence during the latter part of two weeks in July. Further details will appear in future issues of The Mercury.

MINISTIK NEWS

(Mrs. J. Reddish)

Mr. W. Griffin brought the message at Ministik Union Church Sunday, where a great number came to pray and worship. Mrs. Ron Spencer was welcomed as a new member, an absentee of several months, due to illness.

Roger York will be student minister for the summer months commencing Sunday, May 5th.

Word has been received that Rev. and Mrs. Howard Mundle were transferred to Vulcan, Alta., after spending almost two years at the Indian Mission of Ste Morley Reserve.

The boys have been making the rounds, the latest victim being Claude Leach. The nice spring days should put a stop to what appears to be an epidemic.

Ladies, don't forget the meeting next Wednesday, May 8th.

Mrs. Peter Sherlin and Terry were Ryley afternoon visitors at the Michael Nasichuk home.

PLANE LANDS HERE

Tom Durham of Edmonton, on his way to a farm in the Lloydminster district, landed his little plane down on the big alfalfa field of Stanley George, along highway 14, on Friday afternoon. He enjoyed a cup of coffee here, leaving soon after.

Oliver Jones of Edmonton, was a weekend guest of his parents, Mr. and Mrs. Tom Jones and brother, John. Mr. and Mrs. Otto Messerschmidt and family were Sunday guests with Betty's parents.

Mr. and Mrs. Bruce George and Carol were Sunday dinner guests at the George home.

Mr. and Mrs. Bob Barker and girls, and Mr. and Mrs. Gordon Brace and Gregory were Sunday guests at the Alex Pearson home.

Alex Pearlie has returned home from Tofield Hospital and is feeling fine after undergoing surgery.

NEW 'PHONE SYSTEM

Members of the Mainland Telephone executive were busy at the weekend obtaining names of new subscribers and confirming 1-of-8 orders for the new system that is to be put into operation in the near future. Instead of the circuit, it is expected to have 7 or possibly 8. It is hoped this will prove to be a big improvement in long distance service.

Gary Rowland of Edmonton spent the weekend at the home of his parents, brother and sisters, the Russell Rowlands.

Mr. and Mrs. Walter George and Debbie and Mrs. Ida Ross Sunday guests with Dolly, Jim and Ronald Mackenzie. Margaret Reddish was a weekend guest at home.

Mr. and Mrs. Albert Herricks have renovated their new insulated shed and home, with the work being done by A. Larson of Lindbrook.

Andrew Ferguson is feeling much better after having had the 'flu.

Ketchamoot

(Mary Mitchell)

The Ketchamoot branch of the UCW met on Wednesday afternoon at the home of Mrs. Peter Brown, who is one of the newest members.

Agnes McGinnis returned home after spending a week in Viking helping with the care of her grandchildren.

Florence and Jimmy Ingram spent Friday evening with Sharon in Edmonton.

Friday afternoon visitors at the Roy Whitlams home were Mr. and Mrs. Robert Rasmussen of Camrose North. Mr. and Mrs. Ole Thomas and Mrs. Charlie Whitlam Sunday supper guests. Mr. and Mrs. Bob Lors Quiton, Madeleine and Donald, Mr. and Mrs. Vernon Whitlam, Vernon and Laverne Kittilz, Jerrald Whitlam.

On Sunday 25 friends and relatives gathered at the Dean Mitchell home to help Dean celebrate his birthday.

It appears that Tofield has a junior photographer and didn't know it, or maybe he is just the club photographer. Whichever the case may be, he didn't miss the opportunity of lining up the gang to pose beside the new club house which they had just completed. Biting their nails

Farmers in the district, as well as gardeners, are pretty well biting their nails over the weather this spring. Many who feel their seeding should all be done by May 6th at the latest have been unable to get going, as the cold weather, and the continuing spring dampness held back the opening up of spring.

Grain company surveys reaching this office indicate little if any seeding has been accomplished, so it is no wonder the crop farmers are concerned. Moisture levels are above average, however, and there is every reason to believe that if the weather does warm up, so that seeding can be completed, germination and growth will follow at a rapid rate, catching up for lost time.

This, at least, is the belief of farmers who are happy to be through by the first of June.

All in together

Some time ago we heard the suggestion made that when the Canadian Centennial rolled around in a little less than four years, it would be only the central and maritime provinces that would be particularly interested, since only they were involved in the founding of the dominion. Alberta couldn't conceivably be interested, for instance, since she only became a province in 1905, and would be only 62 years old when the country was 100.

Maybe it's all in the point of view, of course, but it never occurred to us that prairie residents wouldn't be just as proud as anyone else. After all, whether we live in ancient Quebec, or here in the young and boisterous West, there aren't very many of us who were around personally at the time of Confederation, and can take a personal interest in the matter. Certainly Alberta was a pretty real younger as a province . . . only a whippersnapper, in fact . . . when Canada marked its 60th Jubilee in 1927. And yet there was even then as much interest and as much personal satisfaction among the citizens generally as there was in any other part of the country.

Surely there can be little credence attached to the suggestion the younger provinces won't be interested in playing their part in the celebration. The sons and daughters are generally almost as delighted with the golden wedding celebrations as the parents are.

SPIDERS LEAVE MARK IN HISTORY BOOKS
(The Saturday Star)
The greatest of the kings of Scotland was Robert Bruce. One of the tales of history tells of his discouragement following defeat at the hands of the hands of the English. He was hiding in a stable building a web. He persisted after many failures inspired him in really his troops to endure a decisive victory.

That was in the 14th Century. But spiders are still making history. A Mr. Wilson, of Ayr, a spider died and temporarily put the Camp Robinson mainstream shop out of business. This spider produced enough material for cross hairs in sighting mechanisms for every gun which had it until another web spinning spider came along.

MacDuff Ottawa report . . . Will Mitch sing along?

OTTAWA — Canada's new Trade Minister, Mitchell Sharp, is a five-year period by 50 per cent in the tariff cutting over in return for reciprocal atmosphere of the General Agreement on Tariffs and Trade. He was 15 and dozens of other GATT sessions of the economic policy division. Hector Dally, expects that the of the Department of Finance for many years which he will be when it came into being. He began work when the Kennedy was actively engaged in the round negotiations next year. first round of bargaining at Geneva in 1947 and subsequent GATT conferences at Annecy, Torquay and Geneva.

Mr. Sharp is also a Westerner, elected to the House of Commons in the new Trade Minister may be perhaps a little sceptical of the rules being proposed by the United States for the new round of tariff cutting.

The recent visit to Ottawa of Christian Herter, President Kennedy's chief negotiator has left problems and confusion in its wake. The Herter proposals have been described as the broadest possible deal across the board cut and frankly as the "finest approach to tariff cutting".

The United States is proposing that President Kennedy be given the power, in the position of implementing the powers given him under the new Trade Expansion Act by cutting all tariffs over duties have been nurtured by tariffs since Sir John Macdonald's National Policy of 1878. Today need for expansion of secondary industry both in terms of increased production and new production is prevalent.

It is true that even a Conservative Government has been laying emphasis on competition, rather than protection of the domestic market, but any increase in the duty-used 30 per cent tariff cut of this is what the American mean by increasing would be.

CONFLICT OF HISTORY

UNFAIR LEVERAGE

How Canada reacts to a reciprocal cut in principle of tariff barriers. To do that, sacrifices will be made in some industries in order to encourage the principle of greatest good for the greatest number.

The "Herter talks" in Canada accepted nothing and committed nothing. But since that time there has been concentrated pressure on the part of Canadian industry and what it means by reciprocal advantage. Canada presents new products but could hold the line on the four rounds of tariff bargaining under GATT, which services a fair share of the obvious advantages of tariff reductions in other countries. Canada's share of tariffs. Anything that countries could give in exchange for advantages in other markets without injury has been given. Too often, incidentally, we have made concessions in the name of tariff bargaining.

TOUGH ON SOME

In any event, as Mr. Herter pointed out, a new round of tariff negotiations on commodities will result in substantial reductions in prices of many items. To do that, sacrifices will be made in some industries in order to encourage the principle of greatest good for the greatest number.

The "Herter talks" in Canada accepted nothing and committed nothing. But since that time there has been concentrated pressure on the part of Canadian industry and what it means by reciprocal advantage. Canada presents new products but could hold the line on the four rounds of tariff bargaining under GATT, which services a fair share of the obvious advantages of tariff reductions in other countries. Canada's share of tariffs. Anything that countries could give in exchange for advantages in other markets without injury has been given. Too often, incidentally, we have made concessions in the name of tariff bargaining.

CHANGE THE RULES

But how do you determine a reciprocal advantage for an item? Should percentage cuts be used or should tariffs if you are trading mainly for Canadian supplies an exchange for American advantages, but the range of a farmer on a country's economy is almost impossible to gauge.

When the Canadian delegation reaches Geneva this month for the ministerial meetings of GATT that will work out the ground rules for the Kennedy round, they will be in the position it will take. It seems Canadian industries are to be judged expendable and some Canadian factories are to disappear, there must be compensating advantages to Canadians as a whole and it is difficult to see how any other yardstick can be used than increased employment and a better standard of living.

solution. If 80 countries can determine a formula by which all countries get about the same benefit, the problem might be solved. Further comment on Canada's attitude must wait.

Correspondence

A letter from the Alberta Municipal Financing Corporation with copies of the Audited Balance Sheet, Statement of Revenue and Expenditure of the Corporation for the year ended Dec. 31, 1962, and statement showing the classification of debentures purchased in 1962, was referred to the Council. Cy Ruddick reported that he had attended the annual meeting of the Corporation, stating that the meeting was poorly attended, that much interesting information had been given and that C. P. Hayes had been re-elected as a director representing the 11 shares in the Corporation. Mr. Hayes also being Chairman of the Corporation.

Moved and carried that the correspondence be received and filed, and that Cr. Ruddick's report be accepted.

Information from the Department of Highways, that the allotment under the Special Conditionary Road Appropriation for 1963 had been approved in the amount of $35,000 for construction of the road south of Holden, was referred to the Council. It was noted that the appropriation was the same as in 1962 and previous years and also that the Municipal Districts of Flagstaff No. 62 and Minburn No. 72 always were receiving higher appropriations.

After some discussion, it was moved and carried that the letter be received and filed, and that the secretary-treasurer contact the Department with a request for increased funds.

Cr. Ruddick mentioned that the gravel on the conditionary grade from Holden to Kinsella, last year, District Highway No. 14, 5 from Highway 36 east to Kinsella, had all but disappeared. It was of the opinion that the gravel had not been put on heavy enough.

Moved and carried that a request be made to the Department of Highways for additional gravel on District Highway No 14, 5 from Highway No. 36 East 8 miles.

A letter from the Deputy Minister of Municipal Affairs concerning the Municipalities Act was referred to the Council. The letter indicated that an amount of $15,000,000 had been appropriated by the Legislative Assembly for distribution as grants to all municipalities in 1963 under the provisions of the Municipalities Assistance Act. The letter further indicated that it could be expected that the grant would be in a lesser amount than in previous years, and it was suggested that for budget purposes the grant should be reduced by 10%. It was also noted that, as in former years, the population as established by the last census taken by the municipality would be used in calculating the grant. The secretary-treasurer reminded the Council that in previous years no actual census had been taken, the Council being satisfied with the Dominion Census figures.

Moved and carried that no special Census be taken in the County, and that the last Dominion Census figures be used for grant purposes under the Municipalities Assistance Act.

It was moved and carried that the requisition from the Department of Municipal Affairs under the Alberta Hospitals Act, 1961, in the amount of $36,464.31, be for 4 mills on the equalized assessment of $9,616,078, be accepted and that payments be made as required under the Act.

It was moved and carried that the requisition from the Department of Education to the School Foundation Fund for the year 1963 in the amount of $307,714, being at the rate of 32 mills on the equalized assessment of $9,616,078, be accepted and paid as required.

It was moved and carried that the requisition from the Village of Holden Unit No. 13, in the amount of $1,471.85, be accepted and paid.

The Council was referred to the minutes of the Dec. 13, 1962, meeting at which time the matter of a truck for the foreman was discussed. At that time Mr. Peek was operating his own truck and the Council had been considering purchasing a truck for the use of the foreman rather than having him use his own truck. Mr. Peek stated that he was very much in favor of the County owning the truck and suggested that a one-ton truck with a V-8 motor and speed transmission would be the most suitable. No action had been taken at that time, but the secretary-treasurer had called for tender for a 1-ton truck so that it could be considered at this meeting if the Council so desired. Some further discussion took place as to whether or not the County should own the truck, and it was the opinion of the Council that it will be advisable for the County to own the truck rather than the foreman.

It was moved and carried that the County dues purchase a one-ton truck for the use of the Public Works foreman.

Tenders had been received from the following truck dealers: Ian W. J. Polnicki Viking Dodge truck; the Miller Motors Ltd., Johnston, Fargo truck; Art Taylor Motors, Fargo, Viking Fargo truck; the Beaver Motors Ltd., Holden, Ford truck; the Black's Sales & Service, Holden, GMC truck; the A. M. Gallin Viking, GMC truck, and Arnett Motors, Tofield, GMC truck.

The various tenders were discussed, but no decision delivered at a later time in the meeting.

Referring to the matter of passing of telephone lines and the responsibility in this regard on District Highways, considered at the March meeting and dealt with in resolution 174, the secretary-treasurer referred to the Council a letter from the County Solicitor in this regard. Some discussion took place, but as it was 5:00 p.m., it was decided to leave any decision in this matter to the following day.

It was moved and carried that this meeting now adjourn to reconvene on Thursday, April 11, at 10:00 a.m.

RECONVENED MEETING

The question of where reconstructed telephone lines might be placed on a District Highway, which under Bylaw No. 13 required a 100-ft. road allowance, was again taken up for discussion. The letter from the County's Solicitor indicated that, in general, poles should be set no more than two feet from private property land except that in the case of trunk lines, the Minister may upon written application by the municipal officers of a company, authorize erection of a trunk line at a distance not exceeding 5 feet from the private property line. It was the opinion of the Solicitor that the County could, pursuant to its bylaw No. 13, direct the telephone companies to erect their lines at any approximate position within the roadallowance. Since the telephone companies have express statutory authority to erect their lines on the road allowance along the highway, the County may not under its bylaw require the telephone companies to erect their lines outside the existing road allowance. The result is that in order to minimize expense in the construction of trunk lines, the lines so installed at a greater distance than 33 feet from the centre line of the existing road allowance, must make arrangements to purchase additional right of way along those roads the County requires to widen in the immediate future so that the telephone companies may erect new lines along what will be a permanent right of way boundary. The Solicitor suggested that, in regards to those roads that the County extended to widen in a foreseeable future consideration should be considered as that the telephone lines could be constructed in a permanent position. After some discussion it was moved and carried that the Council goes on record as being of the opinion that entire right of way should be purchased on District Highways on which construction is expected within the next two or three years. On all other roads telephone poles may be replaced on present road allowance provided that individual Councillors will have the right, with approval of the Council, to acquire easements to place telephone poles off the regular right of way if he considers it expedient.

The question of back-sloping of roads was discussed and Cr. Johnston was of the opinion that wherever backsloping of a reconstructed road is contemplated the additional right of way required should be obtained and paid for.

After considerable discussion, it was moved and carried that when rebuilding, including backsloping, on a main road, the road being a 24-ft. 24-ft. road is to be undertaken 1st tier or more road allowance must be provided for.

Messrs. Rudyk and Heiberg interviewed the Council at this time with a proposal for supply crushed gravel to the County, as per Bylaws No. 5, 6 and 7. The proposal was discussed very thoroughly and they were advised that the Council would take the proposal under consideration and that they would be advised as to the Council's decision.

Representatives from Twin Bridges Sand & Gravel Ltd. interviewed the Council at this time in connection with their tender for crushed rock, dealt with at the March meeting. They informed the Council that the CNR had advised them that an error had occurred in the quotation for hauling the rock from Kinsella to various points within the County and that a price increase of 14c per ton necessary on the revised quotation from the CNR. The Council felt that with the increased cost, the price of gravel would be entirely too high, and it was moved and carried that Twin Bridges Sand & Gravel Ltd. be advised that the Council can not consider their proposal.

The proposal put to the Council earlier in the meeting by Messrs. Heiberg & Rudyk for supplying of crushed gravel in place of the County was now reconsidered, and it was moved and carried that the quotations submitted by Messrs. Heiberg & Rudyk be accepted, the decision being left with the Councillor for each division as to whether or not he would make use of the quotations.

AUDITOR'S REPORT

We have examined the balance sheets of the TOFIELD MUNICIPAL HOSPITAL DISTRICT NO. 47 as at December 31, 1962, the Statement of Revenue Fund Income and the Statement of Revenue Fund Expense for the year ended on that date, and the supporting statements. Our examination included a general review of the accounting procedures and such tests of the accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion, the accompanying balance sheets and statements of income and expense present fairly the financial position of the hospital as at December 31, 1962 and the results of its financial operations for the year ended on that date, as determined in accordance with generally accepted accounting principles.

7th February, 1963. BAZUNE, RADMURSEN & CO., Chartered Accountants.

I hereby certify that to the best of my knowledge the data tendered in this return represent a true statement of the financial operations of this hospital.

February 22, 1963. WM. LOPATNIUK, District Treasurer.

Ryley 4-H Clothing Club holds achievement day

The Ryley Community Hall was the centre of attraction on May 1st when the Ryley 4-H Clothing Club members held their fifth annual achievement day combined with the Ryley 4-H Pivot Club members, who were holding their third anniversary.

Peggy Fisk, president of the clothing club acted as emcee. The program began with the singing of O Canada and reciting of the 4-H pledge.

Each club elected out two homemakers who. Each club gave a demonstration. Faye Glendinning and Joyce Mauren on behalf of the food club on table etiquette and Geraldine Kozack and Peggy Fisk on accessories, for the clothing club.

The girls of the clothing club modelled their dresses and skirts that they made for this year's project. Sonja Burger assistant leader of the clothing club was commentator.

Darlene Nord and Kay Pla presented the ladies and gentlemen with gifts, and then the leaders presented gifts to the members of each club.

Darlene Nord thanked the judges and invited ladies and guests to stay for lunch. - Evelyn Reinch.

SEED TREATMENT PAYS
Available today for the treatment of seed are a number of reliable organic mercury chemicals which give very satisfactory protection at a reasonable small cost per bushel.
Such protection is important under all conditions. It will pay you to protect your 1963 crops. See your Searle agent who will be glad to look after your requirements.

More gleanings from Ryley Times

Following are some more items which have been gleaned from an early issue of the old Ryley Times by Mrs. M. Mathis. The Mercury's Ryley correspondent This particular issue was printed in 1910.

That the Ryley municipality will have a first class rink this winter is an assured fact. Messrs. Eastman and Hilleral have a rink of 80 feet under construction at the present time. It will probably be finished in about a week according to statements made by Mr. Hilleral the site of the rink was where the Treasury Branch stands.

The Alberta Pacific Elevator Co.'s new structure here is fast nearing completion and adds greatly to the appearance of our thriving town.

One of the very important events of the season in our city is the establishment of Henry Hill, dealer in McCormick and Deering's machinery. The service which has been given to customers by this gentleman has built up a handsome trade and is on a steady increase.

Standing as a monument of keen business capacity and foresight is the business of H. H. Bendixen which has been of importance to the growth of our "city" and section of the country. This is a firm of building contractors who made a wide reputation and enviable name for themselves.

Peter's putter

I must get out those old work clothes next week if I can find them. Maybe when I get through I will feel like a hardworking man once again and will be in the mood for taking part in the Clean-up Week in Tofield, May 13 to May 18.

With the right of me cleaning up the yard, my daughter will be "Cleaning house" and my "Better Half" will, of course, be busy with the garden. In this, seriously, I am taking advice as to how where and why. I generally answer this by handing her the rake and lead to something else until she gets the idea. With everyone pitching in to help, the job is soon done. Then, looking over what we have accomplished, we find it very rewarding.

When everyone takes part and gets their properties cleaned up, it will be noted as a town effort. Visitors notice the difference and a town is kept clean and town with a good impression. Let's all pitch in next week, clean up our yards and let's take the family for a drive around town and see the improvement.

Canada's urban transit systems operated 146 subway cars, 833 street cars, 1,176 trolley coaches and 3 661 motor buses in 1961.

Ross Creek news

(Mrs. Bessie Pedersen)

The heavy rains and snow last Wednesday evening disrupted power and telephone lines in the district. Candles and lamps were back in business again!

Mrs. Annie Kolman was a supper guests with the Roy Reinhardt family on Wednesday and attended the UCW meeting. Annie stayed overnight at the Reinhardt home, due to the bad storm.

Mr. and Mrs. Carl Hertlen, and Mr. and Mrs. Roy Reinhardt, enjoyed a visit with Annie Kolman last week.

Ruby Becker and Iris Bilan had tea with Bessie Pedersen on Thursday afternoon.

Mr. and Mrs. Howard Malcolm and boys were supper guests the past Sunday at the Kenh Malcolm home in Beaverwood Park.

Mr. and Mrs. Eddie Schneider of Edmonton, were Sunday supper guests at the Clarence Pedersen home.

Mrs. Velma Curries and Carmen Edwards of Jasper Place, were visitors and supper guests with Bessie Pedersen on Sunday. Evening visitors were Roy and Eileen Reinhardt.

Mr. and Mrs. Joe Bilan, and Mr. and Mrs. Edward Bilan Jr. were Edmonton visitors Saturday night.

The Home & School dance held at Chipman Friday evening was a success, although attendance was not too large. Membership class on Sunday, and Mother's Day service at 11:45 p.m.

Around the town

Mr. and Mrs. J. Yakubouski returned home this week after spending seven weeks on vacation, visiting with their daughter Betty and family in Denver and son Jim and family in Victoria. Hurrying home to get their garden planted they were somewhat disappointed to find the weather so cold after the 80-degree weather they experienced on their trip. They reported a grandchildren for the first time.

The "Vegreville Troubadors" will be in Tofield on Friday, May 24th, playing for the dance sponsored by the Community League.

Collin Freebury was a recent visitor with his parents and sister.

WHO
PLANS ALBERTA'S ELECTRICAL PROGRESS?
You may have heard it said that government-owned power would mean co-ordinated planning for the whole province.
In other words, you are being asked to believe that such overall planning is not in effect now!
What are the facts?
The investor-owned electrical utilities work under such regulating bodies as the Alberta Power Commission and the Supervisor of Hydro-Electric Development.
This government overseeing and directing of investor-owned utilities is precisely to ensure planning in the best interests of this province. At the same time it avoids a government power monopoly, against whose rulings there is no right of appeal. The present system safeguards free-enterprise initiative. But, under this system, co-ordinated overall planning is a reality right now!

4-H Beef Club has judging competition

Mrs. N. ——

HOLDEN On April 20th the 4-H Beef Club held a beef judging competition. Mr. Norris, 3rd. all members and several men took part inspecting each club member's calf in an endeavor to help gain a clear understanding of what is required to create an appreciation of what is good.

A judging competition was held at the farm of Mr. and Mrs Tymchuk and Allan Fairweather gave a very interesting and informative demonstration on judging a beef animal.

At the close of the hour they were guests of Mr. and Mrs. Tymchuk at a lovely lunch to which the club extends its thanks you.

County Council

(Continued from Page Three

Consideration was given to the Recreational Grant for the Hamlet of Kinsella as dealt with at the January 9th meeting.

It was moved and carried that we apply to the Provincial Government for the Recreational Grant for the Hamlet of Kinsella in the amount of $1,139 and that this grant be used for improving the skating rink at Kinsella, located in Lot 4, Block 7, Plan 1367 W; provided, however, that should the full amount of the grant not be required for the skating rink, the balance be used to start a play ice picnic ground on easy-moved sewed property in Pt. S.W. 34-51-11-W4th

It was moved and carried that the County of Beaver No. 9 Civil Defence Unit Survival Plan, as referred to the Council at this time, be accepted

The secretary-treasurer informed the Council that interim payment on the April instalment from the School Foundation Program had been received in the amount of $241,036.

The question of a track for the foreman was again considered, and after some discussion, it was moved and carried that either a GMC or a Chevrolet truck be purchased, and that the vehicle purchased by Goltz Garage Ltd., Arnett Motors and Black's Sales & Service be further considered.

After some discussion, it was moved and carried that Cvr. Roddick and Johnston be appointed a committee to interview Goltz Garage Ltd., Arnett Motors and Black's Sales & Service in regards to these tenders.

Cr. Gibson referred to a problem on N.E. 13-49-16-W4th and adjoining lands. He stated that the best of his recollection there used to be a culvert underneath the C.N.R. track at this point, which would allow the water to flow north and follow a natural drainage. He stated that there is no sign of this culvert and that possibly when the roadbed was rebuilt a year ago this culvert was covered over.

Moved and carried that the secretary - treasurer bring this matter to the attention of the C.N.R. with a request that the situation be rectified.

The secretary - treasurer reported that due to an overnight, the notices in regards to the Court of Revision which was to be held on this date had not been mailed out and it was, therefore, necessary to arrange for a new date, and he suggested that May 9th would be suitable.

Moved and carried that the Court of Revision to hear complaints against the adopted assessment be held at 2:00 p.m. May 9th, 1963.

There were 1,950,000 conventions for parking offences in the year 1960.

Lois Everitt wins trip to France

Made possible through Lions exchange program

Probably the most interesting news in Tofield for quite some time was that received last week of a trip to France won by Lois Everitt of Tofield. The trip is made possible through the Lions' Youth Exchange Program. In order to qualify, a Grade 12 student had to write an essay on "Why the Lions Should Send Me to France". Nine towns were represented in this area and two essays were chosen from each.

INTERVIEW

Lois was one of the semi-finalists who went to Edmonton for a personal interview. Interviewers were Hon. A. R. Patrick, Q.C., Cormack, Dr. K. A. Armstrong, Ed Reeve and the Director of Mosbamski.

As a result of the interview, Lois was chosen to represent the district, and will soon be on her way to France in exchange for a student coming to this country to visit this district. Many events such as this is indeed a great honor for Tofield as well as the Tofield School. The students commented as follows: "The High School students would like to congratulate Lois on winning a trip to France, for it will not only be a memorable experience for her, but it has brought honor to our school".

YOUNG SPEAKERS

Earl Jackson of Viking, left, is being congratulated by Norma Zwierschke, president of the Beaver 4-H council, for winning the speaking competition held in Ryley last week. On the right is Coleen Wyllie of Tofield, who was runner-up. Coleen later in the week placed third in the regional competitions at Wetaskiwin. —Photo by Peter Nickel.

Colleen Wyllie places in 4-H competition

Coleen Wyllie of Tofield, a young 4-H'er in her first year, earned the right to represent the County 4-H Clubs at a regional 4-H public speaking competition when she placed second to Earl Jackson in the county competition on Friday at the regional competitions at Vermilion Coleen placed third in a field of eight speakers, all in their late teens. The judges studied her talk as a very worthy winner and indicated that she was pleased before the end and more experienced competitors only because the spoke a little slowly.

Placing third in a field of older competitors is very commendable for a girl of Coleen's age and the Tofield Beef Club and County 4-H Council is pleased that in the next year or two she will emerge as a worthy representative to regional and provincial competitions in which County speakers have scored successes in the past.

Solution for picture puzzle

Look to the top right hand corner, measure approximately seven-eighths of an inch from the side and five-eighths of an inch from the top. There you will find one bird, and one farth to the left the other can be seen.

Clean-up campaign is well observed

Peter Nickel

Clean-up Week at Tofield started off with a bang on Monday morning with most residents and businessmen taking part.

Crown Lumber was the first noticed in the clean-up as paint crews can be seen at work on Monday morning on the front of the building giving it a new look.

Immediately after this the crew moved over to M and R Foodliner to touch up the trimmings there. Foodliner Manager Ed Jones did a good job on their new interiors when the feed mill and Arnett Motors. Residents were also out cleaning up yards and mowing lawns.

In general, Tofield is taking on a new look and can be credited to the conscientious citizens have been giving.

Senior baseball is taking shape

Peter Nickel

A lot of work has been put into the baseball diamond these past few weeks by Roger Dancer and his helpers, and is now in good shape for the coming baseball season. Nine interested players turned out for the last ball practice and there will be another practice the coming Saturday at 1:00 p.m. at the diamond. Any interested ball players are invited to attend, and team positions will be chosen soon.

The league will be similar to last year's Power Line League except for one new entry. Ryley men, which now makers five teams competing. Other teams in the league are from Tofield, Round Hill, Ryley and Tofield.

Baseball took on quite an interest in these last few years and with the new addition and some new players, it should be even more so this year.

Earl Jackson top orator in 4-H speaking contest

Earl Jackson of the Viking 4-H Beef Club was named top 4-H speaker in the County of Beaver at the 4-H Public Speaking Finals held recently at Ryley. Earl, speaking on the subject "Are Purebred Breeders Producing the Right Kind of Cattle?" pointed out only to be well versed on his subject but was able to tell his audience with his material presentation.

The judging panel, composed of Miss Marie Dore, district home economist at Two Hills, Rev. W. L. Hammett of Tofield and Mr. R. D. Taylor of Viking, were unanimous in their decision to declare Earl the winner of the 4-H Council Award.

Coleen Wyllie, representing the Tofield Beef Club and the youngest competitor, placed second, and thus won the right to compete in the Regional Finals at Vermilion on May 10, along with Earl Jackson. Her subject was "The Highlights in the History of 4-H".

The other competitors, all of whom drew praise from the judges, were Faye Olsenberg, Ryley Food Club, saying on "the family farm"; Betty Kalyschuk, Beaver Clothing Club, spoke on "narcotics"; Ray Olsen, representing the Ryley Grain Club, spoke on "parliamentary procedure"; Norma Zwierschke of the Holden Beef Club spoke on "Canada-American Union", and Geraldine Kozak representing the Ryley Clothing Club spoke on "bird marriage".

Norma Zwierschke, president of the Beaver 4-H Council, presented the council trophy to Earl Jackson and the runner-up award to Colleen Wyllie, and wished them success in the Regional competitions.

The Ryley Cubs and Scouts parents association gathered at the Cub and Scout Hut Thursday evening. A summer camping trip for the Boy Scouts was planned, and it was decided to hold a hike and the camping in May 18th, at the Red & White Store.

Tofield 4-H Beef Club plans Achievement Day

The May meeting of the Tofield 4-H Beef Club was held in the meeting room on May 7th.

The 4-H pledge was led by Patrick Kallal and roll call was answered with the amount of feed used to date this year.

The club is writing a history of the "Tofield 4-H Beef Club" so if any former members or others know of anything to add to the article, please turn it in to Peter Nickel.

Plans were made for the achievement day to be held on June 3rd. The general public is invited to attend achievement day and encourage members in their work. Some of these members will be the farmers of tomorrow and will play an important part in the district. Your attendance will make this one of the better achievement days.

Donald Rudzial gave a speech on "Breeds of Beef Cattle".

Phyllis Rose and Colleen Wyllie gave a description of a good beef calf and the points to look for in selecting one. Both talks were interesting and informative.

Congratulations were extended to Coleen Wyllie for placing second in the 4-H public speaking finals at Ryley and going on to compete at Vermilion where she placed third.

Father Lozynsky marks 25th year in ministry

Mrs. N. Campbell

HOLDEN A large crowd gathered on Sunday afternoon, May 5th, in the Holden Community Hall to attend a banquet in honor of Father Lozynsky who was celebrating the 25th anniversary of his ordination into the Greek Catholic Church.

Mayor Bruce Dodd congratulated Father Lozynsky on behalf of the Village.

A letter of congratulations from Earl Hardy, M.L.A., who was unable to be present was read by William Gyrotick, who was master of ceremonies for the occasion. Gifts were presented to Father Lozynsky by various groups. Those present enjoyed the wonderful program and Father Lozynsky thanked all concerned for the honor shown to him

Ladies' Club plans tea

(Mrs. Jim Roddick)

MINISTIK, May 13 The May meeting of the Ladies' Club was held in the United Church on Wednesday afternoon with the roll call answered by giving the Christian and surnames before marriage. Roll call for June will be answered by mentioning the birthstone and flower for the month of their birth.

Final plans have been made for the strawberry tea to be held Saturday, June 1st.

Plans were made for the community picnic to be held on June 20, with Mrs. Frank Swabey in convener.

A donation of $20 was sent to the Winnifred Stewart Retarded Children's School in Edmonton.

Mrs. Keith Williams conducted a spelling contest. The ladies realizing how much they had forgotten about spelling.

Lunch was served by Mrs. Gladys Roddick, Mrs. Joe Davenport and Mrs. Jim Roddick, it being Doris Davenport's 8th birthday. Pink mints and decorated a beautiful 3 tier cake for the occasion, which was enjoyed by the club members.

Leaving Holden

Mrs. N. Campbell

HOLDEN On Friday evening, May 3rd, a very large gathering assembled at the Community Hall in Holden to bid farewell to Mr. and Mrs. Wilfred Christianson and their family who are leaving shortly to make their home in Edmonton, Ontario.

Garnett Burtnieal of Ryley made the presentation of a purse of money to which both Wilfred and Olive graciously replied. Dwayne also received a gift from his school chums.

Friends were present from far and near to wish the Christianson family every success and happiness in their new home.

Honor Legion LA member

Mrs. N. Campbell

HOLDEN The regular monthly meeting of the Ladies' Auxiliary to the Holden Royal Canadian Legion was held in the Legion Hall Monday evening May 6th, with a fair attendance. President Mrs. Don Stambaugh gave a most interesting report of the provincial convention held in Edmonton which she and Mrs. Hans Breitkreutz had attended.

LIFE MEMBERSHIP

Mrs. Mary James was presented with a life membership badge and receipt for her many efforts for the auxiliary, and for its promotion for the Legion. She has always been willing to serve both organizations in whatever way possible and was given a hearty thank you from each group.

REQUISITIONS

Tofield Hospital District requisitions for the current year has been set at $626.75, being up from $547.28 in 1962.

Flagstaff - Beaver Auxiliary Hospital District No. 28 said their requisition would be considerably less, as a second hospital will not be constructed in the district for 1963. An increase of approximately $25.00 over 1962.

County of Beaver School requisition of $9,250 is an increase of $4,807 over 1962, and will be dealt with in estimates by the Council.

A. Chetford asked approval of the Council to install water and sewer services to his property from 4th Avenue up the lane behind these properties fronting on Main Street. A plan was attached and agreed to by Council.

The Dept of National Defence submitted two copies of a Lease and Plan for erecting an alert warning siren at the rear of the Farm Office property. Details of length of lease (usually ten years) and notice of termination to the Town are to be added for from the Dept.

Tofield Community League requested that a baseball wing fence be erected on the Sports Ground in 1963, and will be advised the matter will be dealt with when the 1963 estimates are made up.

Bylaw No. 552, being a bylaw to refund part of tax levy to Churches in Tofield, was given third reading on motion of Councillors Swihabbee.

ROADS

Messrs. Herman Tiedemann and E. Misurak were present with regard to having something done on the roadway leading to their residences, and were assured this would be looked into.

Matter of damage by school buses on the roads leading to and from Tofield on the crossings east and west of Queen Street was discussed, the Council being of the opinion these should not be used by buses, especially in wet weather. The County School Committee will be asked to issue instructions to their drivers not to use the road allowance crossings at any time, and that only the Queen Street crossing be used.

G. E. McPherson was present concerning his option to purchase the remainder of Lots 1 and 2, Block 11, and agreed to by the Council at the March 1962 meeting. A letter confirming the option was to be applied accordingly. Mr. McPherson also asked that a new sidewalk on two sides of the new building be erected.

Messrs. E. F. Watson and G. E. McPherson, chairman and sec'y-treas. of Tofield Chamber of Commerce, were present, seeking action to clean up town property; particularly the approach area. Council agreed to meet the Chamber of Commerce in this regard at an early date.

Council proclaimed May 18th-18th as Clean-Up Week, and a subscription in the campaign.

A building permit to F. A. Hall at $11,000, and an application of Ed Hicks for water and sewer service were approved.

New AGT building for Tofield in '64

The Alberta Government Telephones intend to erect a new building on their property in Tofield to accommodate change over to dial telephones by Oct. 1st, 1964.

Plans for the building were submitted to Town Council at their regular meeting on Monday evening May 6th and were accepted by Mayor Pawlusiw and Councillors Brenden Nelsel, Scott Allan Jefferson and Patterson. The one stipulation in acceptance of the plans was that the east wall of the building must be of brick instead of concrete blocks

The A.G.T. stated that when the changeover is made, automatic fire alarm telephones can be installed at $2.50 per month. Council approved ordering two of the sets to be placed when the new system is adopted

League continues plans for July 1st holiday

Peter Nickel

Optimistic is the word to describe the Tofield Community League which, after being rained out for two years, continue active plans for this year's annual July 1st celebration.

Plans are shaping up very well with committees being chosen at last week's meeting.

There will be two bands from Viking and Tofield participating, and possibly a third. From correspondence recently received the League learned that rides which had originally been planned for the kiddies, were not available and the executive had given power to act and find some other suitable rides for the day.

Baseball competitions are one more being planned, as well as the horse show and various competitions.

The Tofield Historical Society will have a display in the skating rink building.

One of the most colorful highlights of the day will be the parade which is expected to be large with many entries in all classes of floats, decorated cars, bikes, horses, etc. The theme chosen for this year's celebration is "Travel to Tofield. Yesterday — Today — Tomorrow."

In other business dealt with at the League meeting, a request for a $25 donation to the Boy Scout Christmas Tree was granted. Also a letter of appreciation was read from the Red Cross expressing thanks once again this year, which proved very successful last year.

"As July 1st is quickly approaching, it is now time to start thinking of parade entries, reminds the Community League. "It is not too soon to start making and planning floats, etc., and to start exploring ideas now for what could be the biggest and best parade in Tofield's history," concluded our League member.

Fouling the nest

"Jerk" is an unusually strong word for these columns but it is hardly strong enough for a couple of buffoons who shattered the peace of last Sunday afternoon over the CBC, and one of whose names is Charles. We couldn't care less about the other's. The program was only serving as incidental noise during the afternoon, when suddenly these two lamebrains took over, apparently with nothing better to do than fill time talking about a raise in pay for one or the other, when suddenly one broke into a purposely discordant version of O Canada.

From time to time people ask questions as to why we have no strong sense of nationhood, why we have no national culture, why we are not proud to be Canadians. We have never conceded they are right in any of these questions, but if they are, the answer must lie to some degree with numbskulls, educated and pseudo-sophisticated though they appear, such as these, and it must also rest to some degree with the CBC itself, which permits its staff members to ridicule the national song and similar discordant themes. There is, of course, the right to free speech, but there is also the matter of good taste. And we cannot conceive any remote connection between good taste and an employee of a crown corporation lampooning the country of which he is a part. If in this sort of thing, more than anything else, which destroys all the good will built up by otherwise excellent programming.

To be commended

Local residents and the Tofield Lions Club are to be highly commended for their efforts in their recent clothing drive, in aid of victims of the Hay River flood. Approximately two tons of clothing was gathered in a reasonably short period of time which is remarkable and will be most welcome for those in need.

It was somewhat discouraging to find such a small audience at the recent concert of the Tofield and Round Hill Combined Band, at Tofield, when the same band drew a large audience in Round Hill prior to the Tofield concert. It is hard to believe that Tofield and district citizens should let down the talented members of the band who spent a great deal of time striving to give the community top entertainment.

A good band is the pride of any community and can, if well supported, carry the name of their home town great distances.

They do not ask for your support money-wise, as the members all pay their own way and buy their own instruments. All they ask is that you come and hear them play, to show them they are welcome and that we Tofield residents are proud to have a good band in our community. When supported in this way, a band soon becomes popular and is asked to carry their fine music to many towns and cities. Wherever our band will go, the name Tofield will go along with them. Let's all realize the value of this band and support them wholeheartedly in all future engagements.

See you at the next concert.

—P.N.

Cross your fingers

The past two years have been trying ones for the Tofield Community League who have gone through months of planning, organizing and preparation for the annual July 1st celebrations. As the show has been enlarged from previous years, such as the addition of the horse show, jumping competition and Gymkhana Club rides, it has been a long wait to see these new performances.

However, the league will again take their chances and are very optimistic in saying that "it couldn't happen again". They obviously have had excellent managing in the past in order to stay in the black, after experiencing the loss of money in the past two years from the washouts.

Will it rain or will it shine? Let's keep our fingers crossed.

Same time for changing time

If Canadians think there is confusion in this country because of the "haves" and "have nots" in daylight saving time they can look over the fence at their neighbor to the South. In a 25-mile trip between Steubenville, Ohio, and Moundsville, W.Va., a bus driver and his passengers would change their watches seven times to stay in line with local time changes.

There is a Committee for Time Uniformity in Washington which advocates that all who observe daylight saving time should make the switch on the fourth Sunday of April and October each year. Sounds like a good idea! Why not make it international?

BIG GEORGE!

Have you ever been in a barber shop and heard the barber's former school mate drone on for a session? It's quite an experience I happened to be visiting my old hometown while on holidays trip one time. The barber was following through my annual agony brush cut when a barber college mate of 15 years previous called in. It had been the first meeting since their college days. I watched during the course of conversation.

"Hello Fred", said the new arrival. "I see you still haven't learned how to do a brush cut without a lot of nicks", squirmed in the chair.

"Hi, Jack", came the retort. "I see you still can't cut your own forelock properly. Tell me, have you ever learned to shave without a few gashes, or do you still carry a package of hand-aids in your pocket as standard equipment?"

"Now, just a darned minute", said Jack. "I have yet to draw blood."

By this time my haircut had been completed. "I'll tell you what", said Fred as he let me back up in the chair, "I've found myself in a horizontal position, and I give this guy a free shave, and we'll just see if your technique has improved any."

"Hey, wait!" I protested. "I had a shave just before . . . food . . . splutter . . ."

"That's right", said Fred, as he fastened my face generously. "Just keep the mouth tightly closed. This soap isn't the best tasting in the world. And besides this one is on the house, so relax."

"Now," said Jack, who had been honing his razor, "I start by grabbing the nose thusly. Say, this is quite a handle, isn't it? . . I felt the razor gliding across my face and a gob of soap splattered to the floor.

"Could you find nothing to do but shave?" I shouted at him.

"Now, now, I'll only take a minute", soothed Jack, as the razor continued across the other cheek, and with three or four more swipes across the chin and upper lip, the job was finished. "There you are", proclaimed Jack proudly. "Less than two minutes, and not a nick."

"That doesn't prove a thing", protested Fred. "This guy is so pale right now he couldn't possibly bleed even if he had a cut requiring 13 stitches."

"Okay, then" I heard Jack reply as I made a hurried exit. "If it just make another test on the next guy that comes through that door. You grab him and I'll . . ."

From now on, I vowed, I'll get my haircuts before I start my holidays.

A woman was asked to make a report on a workman suspected of loafing on the job. Upon leaving the foreman found the worker sitting under a tree eating a sandwich.

"Say, is the report done yet?" the foreman was heard to ask. The workman was seen to hesitate before answering falsely. "Just about finished the problem by write," he replied. "Works like a charm."

MacDuff Ottawa report . . . The new department

OTTAWA — Canada's newest effort to make the transition from hewers of wood and drawers of water to a Nation of manufacturers could initiate the most important era in its economic history or it could fall flat on its face.

The new Department of Industry (perhaps the top priority item of all projects in the Throne Speech at the opening of Parliament) will have great responsibility and little authority. It will be the purchasing department for the Government with a small budget of about $1 billion to spend. First consideration will be help for specific Industries and Areas within Canada. It will gather unto itself a number of branches in the Department of Trade and Commerce which have grown up somewhat like Topsy before they are finally meshed into the new Department. Boundaries may be drastically changed.

THREE PAST INFLUENCES

Success or failure will rest largely on the type of approach used. Over the years Canada's economy has been nurtured under three distinct influences.

There was first the National Policy of 1878 with its emphasis on protective tariffs. Regardless of the party in power there has been no fundamental change in the basic John A. Macdonald approach.

Then there has been the influence of the United States. American policy traditionally has been moderate tariffs or free entry for raw materials and semi-processed goods but virtually a closed market in highly processed manufactures. Canadians have never been able to count on the U.S. markets for the production of secondary industry.

BROUGHT U.S. BRANCHES

Stemming from both these influences has been the development of large branch plant manufacturing industries in Canada mainly financed by American capital. Tariffs encouraged the branch plant movement. Canadian management and Canadian capital were left on a stage already set and to a less particular use made to knowledge.

Canada's new Minister of Industry (now Minister of Industry, Production in Charge) is Mr. Drury. One of the strongest advocates of Canada's first Drury was one of the architects of the Defence Production Act. He has a real interest in the problems of secondary industry and is well versed in the day-to-day decisions of the Department. Drury's deputy minister is Dr. Dupuis Minister of Industry. He is an economist who was responsible for the Department's policy on the Automotive Agreement. Dupuis Minister of Industry. He is an economist who was responsible for the Department's policy on the Automotive Agreement. Dupuis Minister of Industry. He is an economist who was responsible for the Department's policy on the Automotive Agreement.

CHANGE POLICY

In the take-over however, there will be a weeding out of new departments not of real interest to the country. In order to set up new industries that are operating on industries that have many manufacturers require-ments. Expansion of existing production plants is also favored. The new jobs which will thus be created is much more interested in the capital investor resources in Canada. It will continue to be interested in the Trade Commissioner service to find export markets for the new resources.

DANGERS AHEAD

The new department faces dangers and problems. It is a step on the lines of the successful international possibility includes promotion of domestic investment but of them have such

It can become a fifth wheel to the coach as the Department of Forestry shows some signs of becoming.

To meet the first danger there is the close liaison with Provincial Departments of Industry and of the industrial promotion work now being tried by the federal government may be abandoned where it is duplicated with Provincial efforts

LIAISON NEEDED

The second problem can be met only by close liaison with the provinces. The Trade and Finance Department approach must be one of investment, and the same offer of incentives will be provided to each province and Capital.

The tariff incentive plan by which the Government will give traded for more purchasing by manufacturers in Canada or greater export by Canadian subsidiaries to the United States. It will be carried on and extended by the Liberals. The programme would logically be undertaken by the Department of Industry but worked out in cooperation with the Department of Finance which has responsibility for the Canadian tariff schedules.

Where plans to expand secondary industry involve as they usually will every export markets the responsibility will be that of the Trade Department.

CAPITAL HILL CAPSULE

For the first time in Canadian history Parliament opens on the date announced at the time of dissolution. Constitutionally when Parliament is dissolved or prorogued a date when it is to be called must be included in the proclamation. It is a purely pro forma date and in the case of dissolution is the earliest possible. On this occasion the new Liberal Government, true to its promise, picked an identical date.

Gentlemen:

In 1947 I bought my first Chevrolet truck and used it for 7½ years. I then traded it in on my present Chevrolet truck and have driven it for 7½ years. I have had four overhauls on the motor, and have had to replace the rear end, transmission and front end once. I have driven this truck 150,000 miles and it is still running good. I have driven it on the highway and in the bush, and it has always been reliable. I have used it for hauling logs, pulpwood, cattle, grain and gravel. I have also used it for pulling a trailer. I have driven it in all kinds of weather, and it has always been reliable. I have used it for hauling logs, pulpwood, cattle, grain and gravel. I have also used it for pulling a trailer. I have driven it in all kinds of weather, and it has always been reliable.

From my own experience I have no doubt that Chevrolet is still the most reliable truck on the road. I will be buying another Chevrolet truck from a truck.

Yours truly,
John R. Hemp.

"LOTS OF POWER... AMPLE ROOM... RIDE OUTSTANDING"

Mr. Hesp's complete satisfaction with Chevrolet Trucks is shared by a great many other Canadian farmers, from coast to coast. Truckers and businessmen also agree — Chevrolet Trucks work harder — last longer — cost less! Before you buy any new truck for your farm, see your local Chevrolet Truck dealer. He'll show you exactly how and why a Chevrolet Truck is your best buy!

Lakeshore McKenzie

(Mrs. Ellen Eaton)

VISITORS FROM B.C.

Robert Bethel and a friend Ted Baker, of New Westminster, B.C., arrived Wednesday afternoon and spent Thursday overnight and Thursday until after dinner guests at the home of Robert's aunt, Mary and Jack Wood. Robert is a son of Mary's brother, Hubert Bethel, a former resident of the Lakeshore district. The boys were on a holiday trip to the U.S.A., as well as visiting relatives in Alberta.

Mrs. Ethel Wood motored to Halkirk on Thursday, to visit her mother, Mrs. Slaney, and to help Granny move to her new home. Ethel returned home on Friday night.

Mrs. Ellen Eaton spent from Wednesday to Friday evening in Edmonton visiting friends.

Mr. and Mrs. Ed Wood were overnight guests at the home of Jean and Tony Vohery. On Thursday, she was a supper and casserole guest, and a Friday dinner guest at the home of Carol and Lawrence Graham. On Thursday evening, Ellen accompanied Lawrence and Carol Lawrence's parents, Lorne and Mary Graham, and were coffee guests there. Lorne and Mary Graham and family were former Lakeshore residents.

Ezra Yoder passes away after lengthy illness

Ezra Yoder son of the late Levi and Lydia Sehs-artzendruber Yoder was born near Iowa City, Iowa, Sept. 26, 1884, and passed away April 30, 1963 at the age of 68 years 7 months and 4 days. For the past two years he had been in failing health, but endured it patiently.

In 1912, he with his parents moved to Tofield, Alta. where he resided until death.

In 1918 he was united in marriage to Millie Stauffer and to this union were born one son and three daughters Gladys of Edmonton Marjorie Mae Mrs. Elden Bontjers Kenneth Donald, Fern Marie Mrs. Harley Lehman all of Tofield. He is also survived by eleven grandchildren and six brothers Dave and Henry of Tofield, Jake and John of Kitchener, Ontario, Roy of San Francisco, California, Vernon of Fincel, Nebraska, two sisters Katie Mrs. Joe Kaufman of Tofield and Mary Mrs. Schwartzentruber of Wellesley, Ontario. A brother, George, preceded him in death.

In his youth he accepted Christ as his Lord, and though life greatly enjoyed worshipping and serving Him, deeply desiring more knowledge that he might be of greater service to Him.

Mr. Yoder was well known in his community and during his retirement greatly enjoyed meeting old friends and acquaintances. He was a kind and loving husband and father.

Blessed be his memory

There is a home not made by hands.

Beyond the golden door

Awaits our own who's now passed away.

Not lost—just gone before.

There is a home not made by hands.

The Master will prepare

A place for us, and when He calls

We'll meet our loved one there.

Funeral service was held in the Salem Mennonite Church at Tofield, Alta. on Saturday, May 4th, at 2:00 p.m., with H. Hoeppner officiating. The service was being "comfort" (1) In my Father's house are many mansions, (2) He has prepared the way, (3) He has prepared Himself, quartet, "Pearly White City" by Joe Lash, Florence Hausman, Roy Reist and Orvin Boettger; (4) Obituary, the congregation sang "Jesus, While Our Hearts Are Bleeding" and "The Sweet By And By".

Casket bearers were Ernie Yoder, Wayne Yoder, Lloyd Yoder, Lloyd Kauffman, John Maurer and Leonard Krog.

Howard Funeral Home Ltd. was in charge of arrangements.

*You save every day with

FREE ENTERPRISE ELECTRICITY!

The price of the electricity you use every day is a carefully controlled price. Did you know that . . .

a *Your free enterprise utilities are competitive utilities. They must strive to satisfy their customers, and it is in their own interests to pass savings on to you. They have to compete with other sources of energy.*

b *Your free enterprise utilities must satisfy government bodies as well. Their practices carefully supervise such matters as ability expansion, overall planning and prices for the protection of consumers.*

Together, these two factors work to minimize your electricity bill. We have judicious government regulation now - but that is a far cry from an uncontrolled government power monopoly. Let's not stifle free enterprise initiative. Let's keep it free in Alberta!

Scout investiture held at Kingman

(Mrs. J. C. Anderson)

KINGMAN, May 8th — The Kingman Boy Scouts held their investiture on April 23rd when the Group Committee was invested by Alex Hirsch, the District Commissioner, and Frank Jackson. They are Norris Grundberg, Lawrence Heinrichson, Fred Cochrane, Norman Christenson, Cy Miller, Bjarnum, and Ed Ovelson.

The Cub Leaders and Wolf Cub Leaders invested are Charles Greig, Al Pendlebrin and Don Heic, Mrs. Andreasen and Mrs. Bue. They in turn invested their respective troops of boys.

The films, "The Life of Lord Baden-Powell", "Founder of the Boy Scout movement" and "The Boy Scout Jamboree" at Niagara on the Lake were shown.

The following Saturday, a hobby drive was held in which the Boy Scouts with the aid of the Group Committee collected a large selection and variety of hobbies. The boys have sorted the bottles and hope to sell most of them.

Plans for the future include more battle collections as well as paper and rag collections. If anyone has any of these, the boys will be happy to go and pick them up.

Bad manners

Recent complaints by some of the businessmen of Tofield are those concerning boys leaving their bicycles parked in front of the doors leading into the stores. On several occasions, bikes have blocked off a door completely, so that anyone wishing to enter the premises would have had to actually climb over the bike.

Parents of children with bicycles should teach their youngsters proper rules and manners when operating bikes, or they may find themselves paying a fine to recieve one that has been confiscated.

Another complaint is that of children riding bicycles on sidewalks and at times making pedestrians take to the street to let them by. —P.N.

Wrong end first

Speaking as vice-president of the Canadian Association of Real Estate Boards, P. J. Harvey of Toronto recently urged increased ability to borrow money for new homes. The present maximum loan of two-thirds of the value should be stepped up to 90 per cent, he urged, to eliminate many of the evils of second mortgages.

This would have the effect of stimulating the market for homes, Mr. Harvey said, for the need is certainly there. Mr. Harvey is right, of course . . . there is always a demand for something that is painless, and which in the end probably costs no more than renting a house would.

But the government has already subsidized the housing industry more than it should. A recent report shows that more than forty per cent of the homes in Canada have been built since war's end, which is certainly faster than the population growth. But the biggest fly in the ointment is the amount of mortgage money provided for the purchase of new homes, and the dearth of it provided for purchase of older homes. Of course, the government has tried to help the construction industry, but it would also help if owners of homes already built could find purchasers so that they could go out and build larger homes to suit the needs of their larger families or larger incomes.

Instead of providing all the mortgage money for new homes, with next-to-giveaway down payments, government assistance for new home building should be restricted to not more than once to a customer, unless it can be shown that the customer was forced by his business to move to another city, or by some other similar circumstance. The balance of the money could then be made available to assist in financing purchase of older homes, and this, in turn, would spur the construction market, but on a sounder basis. There is such a thing as doing too much for the individual, and those people who have been building new homes every couple of years on CMHC generosity, then selling them before their equity grew too large, should settle down to carrying their own load for a change.

Those breathalyzer tests

This paper was only one of many, we suspect, which received a letter from A. L. Sanderson of Edmonton supporting revision of the Criminal Code to permit introduction of breathalyzer or breath analysis tests in court hearings as to impairment of drivers. We have also been keenly interested in a recent flurry of renewed support and interest in the breathalyzer tests, which for some time have not received much publicity.

We agree warmly with Mr. Sanderson that there is no RIGHT for all to drive motor vehicles, but only a privilege to do so, so long as specified conditions are met. At the same time, we do not feel this privilege should be withdrawn without first the strongest and most certain indication of impairment.

And for this purpose, we contend the breathalyzer is not sufficiently positive in its indications . . . at least in the hands of many operators . . . to provide the basis on which a driver's permit is removed. Its inability to provide this was graphically demonstrated only a couple of years or so ago in Edmonton at a safety conference called by the Hon. Gordon Taylor, when a senior officer of the RCMP . . . a laboratory man in addition . . . "proved" to an audience of several hundred onlookers the amount of intoxication of two volunteer subjects. It was immediately obvious, however, to many of his viewers, that he mixed up the two subjects in the demonstration, and came out with impossible conclusions.

Now part of the error may be attributable to stage fright, and the inadequacy of equipment available on stage. Yet so long as this error can be achieved by the director of the senior crime research department in the country, it is beyond our feeling that the right to demand this test should be given to every police department across the country. Mr. Sanderson claims that while motorists have certain human rights, the rest of us have rights, too, one of which is the right to live, and this should not be deprived us by someone's "right" to operate a motor vehicle while impaired. We thoroughly agree, but we also feel the privilege of driving should not be removed without a fair and incontestible trial. The breathalyzer has shown it does not provide this.

Experience teaches

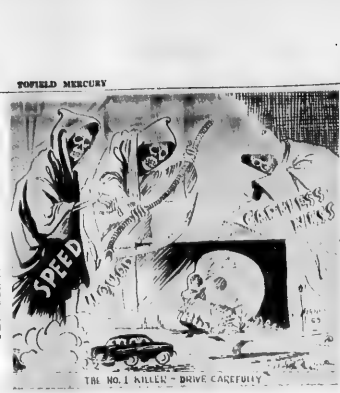
On the field of speeding, we were impressed within the past fortnight when talking to a driver well known as a "speed artist" to learn that he has adopted the legal limit as his personal limit. It's also impressive to learn that no amount of preaching or disciplining or coaxing was of any avail, until an exceptionally close call brought home to him just how perilous his speed was to him and others.

Lived up to it

We heard the RCMP blasted for living up to their warnings this week, rather than forgetting about it, and this surprised us considerably. The unhappy complainant was one who had been ticketed for speeding over the holiday, and who felt there had been claims the highway would be patrolled on previous holidays, without ever seeing any extra men to back up the claims. So this time, when one constable did happen to cruise his path, he felt he was being victimized.

It's hard to comprehend such thinking. He admits he was guilty and has been guilty on other occasions. From personal observation, we know the patrol forces have been increased on other holidays, whether our friend knows it or not. And probably he was just lucky not to have been picked up sooner.

For our part, we're glad to see the extra cars doiting the highways on the busy holiday week-ends, and we know from observation the average driver backs his foot off the gas pedal just half an inch or more wherever he sees these patrol cars either driving or just sitting observing traffic. The knowledge, too, that the sitting car may be a partner in a radar combination holds the foot up a little longer. Personally, we're all in favor of anything that may help us, or the other fellow, to drive a bit more safely, and get us to our destination without becoming one of the holiday statistics



Letters to the Editor

Camrose Alta
May 21 1963.

Editor, The Mercury,

Dear Sir:

The 85th Annual Jaywalkers Jamboree, sponsored by the Camrose Chamber of Commerce, will take place this year on Friday, May 31st. and Saturday, June 1st. We believe this Jamboree will be of interest to all Albertans as it is unique in being the only Jamboree of its type held in Western Canada. The whole of Main Street will be blocked off for the two-day period, and there will be a gala carnival type of atmosphere including clowns, free cash draws, professional entertainment on the hour, livestock showings, rides for the kiddies, demonstration of products, free hayrides and many other activities.

We extend a warm invitation to you and your staff and all your readers to attend the proceedings on May 31st and June 1st.

Yours sincerely,
George Lemay.

Tofield, Alberta,
May 15, 1963.

Editor, The Mercury,

Dear Sir:

The Tofield teaching staff would like to thank the editors of The Mercury for their invaluable assistance in helping them to carry the spelling improvement project to its successful culmination.

Yours truly,
Daisy J. Young
Helen Tiedemann.

Holden news briefs

(Mrs. N. L. Campbell)

Mr. and Mrs. Ted Anderson and family, of Calgary, were weekend visitors at the home of their parents, Mr. and Mrs. J. Percy Barlow.

Mrs. Alice Jone, of Edmonton, spent Mother's Day with her mother, Mrs. Wm. Glaze, and brothers; also visiting with her father, who is quite ill in Tofield Hospital.

Mr. Mealing has reported that Mrs. Mealing, who is a patient in the University Hospital, Edmonton, is slowly recovering from her recent illness.

Mr. and Mrs. Ernie Mertz and family, of Viking, were Sunday visitors with their parents, Mr. and Mrs. P. Barlow.

BIRTHS

Born, to Mr. and Mrs. Wm. Babie, on Thursday, May 9th, a daughter.

Born, to Mr. and Mrs. D. Keith, on Tuesday, May 14th, a daughter.

Dr. and Mrs. Calo were business visitors in Edmonton last Thursday, and Mr. and Mrs. H. Tiedemann on Monday, May 13th.

Miss Diana Beveridge, of Edmonton, visited with her parents, Mr. and Mrs. H. Beveridge, last weekend.

Doug Hardy and Alun Tiedemann, students at Calgary Tech., were visitors with their parents for the Mother's Day weekend. Alan was wearing a cast on his ankle, hurt while playing football.

July 1st sports

(Continued from Page One)

row, to Tofield. The entries in these contests will be selected by the teachers and judged by members of the community who are skilled in these fields. The winning entries will be displayed July 1st, and a list of the prize-winners published.

RELEASE

Starting at 2:30 p.m. there will be the parade, one of the highlights of the celebration. This year's theme is a wide scope for ideas for parade entries and the prize should be a panorama of Tofield's past, present and future. Every business firm and every organization or society has a float that can be decorated on a future that can be imagined for . . . how about giving gaily decorated recollections or imaginations free rein and then putting the result in the concrete form of a float? Any member of the executive of the Community League will be pleased to receive your entry.

After you have followed the parade down to the Exhibition Grounds, you will be ready to visit the booth from which will be emanating tantalizing odors of coffee, hot dogs, and hamburgers. The Women's Auxiliary to the Community League will have the shelves of their booth lined with salad, pies and cakes . . . contributions of delicacies to this booth; it takes a great many pies to satisfy the appetites of all the visitors to our big day. Ice cream and soft drinks will also be available.

RACES

The children have not been forgotten in the July 1st plans. Races have been scheduled under the genial supervision of Mr. C. Annis. He will be happy to give out the niceties and dimes that will bag the fire cracker-like small fry like.

Again, one of the highlights of the day will be a barbecue under the supervision of Vincent Bailey, whose skilled hand will appear later as will indescribable aroma of the beefed bun-moment which has been a feature of Tofield Sports' Days since the earliest times.

Peter's Patter

From time to time I get phone calls and the odd enquiry on the street about the local news column "Around The Town". The complaint is "where is all the news?" My answer is "that's what I'd like to know".

I have made many attempts to revive the home town news, but each attempt so far has brought very little results. To be honest, I don't have time to sit at the phone and gather news, especially when most of the calls bring an answer like "Oh, we had some company", or "we spent the weekend at such and such a place but we don't want it put in the paper".

There are some very good contributors to the news column who contribute regularly. However, they are generally let down by those who do not contribute, and have to withdraw as their items are the only ones mentioned.

I am rather amazed at nearly everyone complaining, who is not getting enough publicity in this paper, but very few ever send in a write-up of the Mercury's many news items to where they give themselves away, because if they have been reading the paper they would know that this has been done several times in the editorial section. But I feel much better when I am informed that they all read "Peter's Patter".

So if everyone reads this column, they will know our problems. We want news for "Around The Town", readers are asking for it, and former residents are in the dark without it. If you like to read items in "Around The Town" about others, you can be sure they would like to hear about your activities.

It is up to you, and you, and you, to solve the problem by letting down any news as you won't forget; then either phone it in, bring it in, or drop it in the mail box. For more convenience in solving the problem, I will install a mail-slot in the office door so that any news can be dropped in at any time of the day or night. This is my part of the bargain and the rest is up to you. You have a home-town paper make use of it.

That doesn't cost a penny, and all contributions are welcomed.

Poe district oldtimer passes in Edmonton

(Mr. Harris)

Christian Olson, pioneer of the Poe district passed away on May 11th, 1963, at the General Hospital, Edmonton, after a lengthy illness at the age of 91 years. Mr. Damgaard was born in Denmark on August 9th, 1871 and came to Canada in 1895, where he homesteaded in the Poe district. He was well known breeder of Shorthorn cattle. Prayer services were held in Bethel Lutheran Church in Ryley on May 14th, with Pastor M. A. Wessels officiating.

Pallbearers were Melvin and Russell Olson, James McLellan, Alfred Sorensen, Wilfred Christiansen and Garnet Burns.

Billy Graham film to show in Tofield

The latest Billy Graham film entitled "Touch of Brass" will be presented in the Tofield Community Hall on Thursday evening, May 30th, at 8:00 p.m. "Touch of Brass" is a bold new dramatic film that has an unforgettable challenge! Admission to the showing is free, but a free will offering will be received to help defray the cost of the film's booth; it takes a great many pies to satisfy the appetites of all the visitors to our big day. Ice cream and soft drinks will also be available.

RACES

The children have not been forgotten in the July 1st plans. Races have been scheduled under the genial supervision of Mr. C. Annis. He will be happy to give out the niceties and dimes that will bag the fire cracker-like small fry like.

Again, one of the highlights of the day will be a barbecue under the supervision of Vincent Bailey, whose skilled hand will appear later as will indescribable aroma of the beefed bun-moment which has been a feature of Tofield Sports' Days since the earliest times.

Childhood habits persist throughout lifetime

Instinct can sometimes be over-rated according to Harmer Sellers, manager of the bank of Montreal's Tofield branch.

For instance he says many of the successful business men around, like successors attribute their habit of regular saving to instinct rather than to being taught the advantages of saving as children.

But at a much more likely, Mr. Sellers believes, that their habit of regular saving was begun when very young, at the suggestion of thoughtful parents.

Either way, Mr. Sellers says there's no doubt that the best time to learn the habit of regular saving is in childhood, and the younger the better. It's a simple lesson that gives young sters a good start in life and the knowledge that there's a savings account to fall back on as entrepreneurs is often a source of confidence to youngsters when they start out on their own.

A single dollar will start your child's savings account at the Bank of Mr. Sellers puts it. "It might be only a small beginning, but it's a fine way to help develop habits that will be mighty valuable in the future."

If your child really wants something special — and it can be anything from a bicycle to a college education — having a personal savings account will be a strong encouragement for him to put away part of his weekly pocket-money towards the objective. And it will help him to develop the invaluable habit of saving.

Drop in soon to see Mr. Seller and ask him for a free copy of the B of M's folder entitled "How to teach your youngsters to save". Parents everywhere are finding it helpful

Around the town

The local Kinsmen club which has been in operation since October, 1962, has sponsored and young Tofield boys and young girls' softball league. The league opened last Friday. Mrs. Dorothy Chase took over from Mrs. B. Gaetz last February as leader of the girls' league.

Thank all the parents for their interest and support.

David Rebekah Lodge of Ryley is sponsoring an Art Exhibit of paintings and drawings done by the Art Classes of Ryley, Holden and Tofield. The exhibit will be held in the Ryley Legion Hall on Monday, May 27th. Everyone is welcome and lunch will be served.

Rev. Harry L. Brooks of Toronto spent part of Saturday at the manse while on route to a United Church Conference in Vancouver, B.C.

The Roger Bairnsa family spent the long weekend visiting friends and relatives and renewing acquaintances at Fort Saskatchewan and Beverly.

Mr. Stinson, the town secretary, reports he has completed 28 years' residence in Tofield on May 29. "Now", says Mr. Stinson. "I'm beginning to feel like one of the old timers". His family joined him Tofield later in July 1935.

Herb Erickson returned last week from a two weeks' business conference in Calgary.

Miss Edith Rogers returned home this week from Toronto and Niagara, where she spent the past week attending a conference and enjoying a brief holiday. She was accompanied by Mrs. Bill Davison and daughter.

J. W. Robinson visited with his daughter, Mrs. J. Hall, in Smith, in Edmonton last Thursday. Edith Hall returned to Tofield with her grandmother for the evening, to spend the holiday weekend here.

Never jam today

Most readers probably know the White Queen's rule on jam yesterday and jam tomorrow, but never jam today. It's only a few weeks ago we used another of Lewis Carroll's famous sarcasms of a century ago, but they're just as up to date as if written today.

Explaining why sugar prices have increased so drastically in recent weeks Robert English, statistician for the provincial department of agriculture said this week: "If the wheat in Britain goes up in price, it goes up in Canada. When a commodity is on a world market, prices are adjusted by the producer accordingly. As long as we produce a few less eggs than we can consume in Alberta, the eggs will sell at Ontario prices, plus freight, which is our criterion. But, when we produce more eggs, they will sell here for less than Ontario prices. The same applies to sugar."

It would be lovely to think Mr. English knew what he was talking about, and even more lovely to think the lower prices he predicts would come to pass when the supply exceeds the demand.

Yet western consumers somehow feel that even though they have a superabundance of oil, even though they ship the stuff east by the train and pipeline full, the price in the West is not lower than it is in Ontario. In fact, they feel they are penalized by being charged Ontario prices plus freight, even though no freight accrues on oil used locally.

Or maybe the oil companies haven't heard Mr. English's argument.

We started on sugar, however, and the simple fact of the matter is that the stuff is being priced at all the traffic will bear, with serious shortages from the European crops, the Halifax crop and elimination of Cuba, whose sugar is earmarked for Russia supporting the upward geyser of prices.

It didn't cost any more to produce this year's crop than any other crop, so the price increase can only reflect increased profits for some people. We disagree with people like former Prime Minister John Diefenbaker who charge there has been no increase in prices on the sugar presently on dealer's or warehouse shelves, though, for it seems to indicate a lack of knowledge of merchandising principles. Firstly, and probably less important, is that sugar moves in and out almost as fast as customers at the retail level, so there is little ahead. But the more important element is that the moment the price drops, it must drop on any merchandise sugar, for the moment which is on the shelves, so it is not unreasonable to expect the same when the price goes up.

What we would like to believe, and what we have not yet heard is that the individual farmer is receiving any appreciable portion of the drastic increases. We have been told a number of times the poor producer took a beating on a number of recent crops, and that this is now his opportunity to recoup some of his losses. All we can say to this argument is that if it takes prices more than three times as high as normal for him to make a profit, he'd better get out of the business when prices drop to normal levels. And what about the contract method in southern Alberta, whereby crops are all grown for the refineries by contract? Recently we can't recall having seen any of the poor beet growers around Raymond walking about with holes in their jeans.

Missing the point

Carrying the torch for publicly owned power companies in Alberta, the Farmers' Union of Alberta recently in its bulletin said one of the private power companies has suggested inefficiency would result if the government were to take over. It continues with a comparison of other government operations such as Alberta Government Telephones, liquor stores and treasury branches and suggests that if the power company knows of inefficiency in these operations, it is the company's duty to bring forward their facts. Otherwise, the charges should be retracted, says the FUA, and an apology made to the Civil Services and to the government. Then it asks the question: "If the presently 'efficient' personnel of the power companies were taken over with the companies, would they then become "inefficient"?

In its sincere desire to enlarge the area of government operation, we think the FUA misses some of the points. They seem to assume the three operations mentioned above are operating efficiently, yet how often have we heard criticism of all three on many, many sides? Only recently, for instance, the Alberta president of the Young Liberals suggested AGT be returned to private ownership "to take out some of the slack which has developed under government operation". How long have people had to wait for lines, instruments and numbers under the government system, and how long have they had to wait under Bell Telephone? How many times have critics demanded an operating statement from the treasury branches, and how often have they received them?

We're not criticizing the corporations mentioned, we're just pointing out this is not the first time their operations have been castigated. And it should be pointed out that controlled by the government, there is not the same opportunity for disclosure of all information, there is not the same opportunity for regulation by public authority.

Regarding their question about the change in personality of personnel, making them inefficient, this is not a question of the people, but the system under which they operate. Ask a civil servant. Even premier Manning has publicly urged people not to ask the government to do things for them when they can do it themselves. Not only is it the normal cost of operation, Mr. Manning has candidly admitted, but, and he stressed this, there is added the cost of government inefficiency. This message was delivered at close as Killam a year ago, and again in Camrose this year.

There are many sound arguments which might be used, without this irrational sort of debate. There are serious charges which may be levelled at the utilities, we think, and which bear more strongly on the merits of take-over or non take-over. We deplore, for instance, the system which "guarantees" a certain rate of return on the investment of some of them, particularly when such a guarantee does not apply in other areas.

Yet we would vote unhesitatingly for continuation of the system as by far the lesser of two evils. While we have private ownership, there is always the possibility, when a Damocles sword over their heads that government could and might take them over.

When the government is in control of the operation, what alternative is offered?

1963 ELECTION RACE

BIG GEORGE

I have often wondered why a father should be looked on with awe, any more than that he has been his son's best friend—especially when he is told that his daughter has just become engaged to be married. I have always found that when the time I would see these comments on their proud parents—and the gist of such comments is the "What?" That negated both me and worths of you!!

But alas all my woes were shocked this I feel I had good reason to be especially when every indication that my daughter is just four years old and Artie doesn't start school for three.

I mean I'm telling you I was more than a little bit relieved when Artie and her Mom later. I saw Holly and Artie having some kind of disagreement. I kept my wing back". I heard Artie say and after some discussion between the two I noticed Holly take the ring from her finger and return it to Artie.

With a sigh of relief I realized the engagement is off. Upon re-entering the house I have been wondering if in about 20 years, things may be just the reverse, and I'll be keeping my eye peeled for eligible young bachelors. Yes, sir, on second thought, I think I'll invite Artie to join us for lunch today. After all, he may get an "unwanted" feeling, and take up with Lois-Ann Reed or Susan Peterson, who could be tough competition, and are closer to being his age!

SHORT DIVISION

An elderly cowgirl entered a restaurant and ordered. Some time later she had served them she claimed their way to make sure all was well. She observed that the man was eating while the woman sat staring out the window. Concerned, she inquired "Is there something wrong with the food, Madam?"

"Nope", the woman replied, "I'm just waiting till Paw gets through with our teeth".

New plant for Tofield

In the top picture, Aksel Rasmussen is seen doing some welding in his plant, and at centre he is turning down a part in the big lathe. A new addition to the Rasmussen plant is a generator and power unit. The 50 kilowatt generator is driven by a D-8 Caterpillar unit which is converted to burn natural gas. This is to be the main power plant while the one presently in use will be a standby. Aksel is seen on the left, flower pictures proudly looking over the unit as he exclaimed "this is my baby!"

Peter's Patter

Have you ever let your fancy run away with you? Have you ever had a dream of going to Paris for a tour of Rome, a cruise to the Greek Islands or perhaps just pack up and head for the Rockies? Well, I would think all of us have entertained the thought at one time or another. I know I have. I've always fancied myself as a world traveller. Ever since I was a little boy I've had a fascination for foreign countries. I've always taken an interest in Arabia and Australia. Down deep in my heart I would like to be a globe trotter. I would like to follow in the footsteps of Marco Polo, Christopher Columbus and Sir Francis Drake. I would like to be the first man to circumnavigate the globe in a hot air balloon. I would like to be the first man to land on the moon. I would like to be the first man to walk on the bottom of the ocean. I would like to be the first man to climb Mount Everest. I would like to be the first man to swim the English Channel. I would like to be the first man to ride a bicycle to the North Pole. I would like to be the first man to ride a bicycle to the South Pole. I would like to be the first man to ride a bicycle to the moon. What a crazy world this is, eh? Of course all this is expensive. Just think of it as an exercise in futility.

Most people I would guess would think first of a trip around the world. Sailing in exotic ports of call with no worries about tomorrow's expense. Personally, I would like to follow in Marco Polo's footsteps. Yes, I must confess that I would like to be rewarded the money all the while I was spent, to see if his theory is still relevant in this day and age. What a way I could earn up a fortune at his expense. Just think of it as an exercise in futility.

Pope of peace is dead

With a final prayer for world unity on his lips, Ukranian-born Pope John XXIII died last Monday. He had passed away Monday night in his sleep, still revered around the globe as a great dream of his life, the unity of the Christian world. In his short years Pope John had become popular as much for his love for his fellowmen as for his predecessors. Many have described Pope John's reign as one of the greatest in the 2,000 year-old history of the Roman Catholic Church.

Pope John already has become known as the "Pope of Peace", and that people might not ask for so much if they realized they had to pay for it. If this government would put the act of Parkinson Back into the hands of those who were doing the spending, a truer realization of values would free a little more for nothing. Maybe people will go first class if they think someone else is paying the fare. Collect the fare from them directly and then usually people are thought to sacrificing the frills and making the trip on what is absolutely necessary. Likewise, cut out the crafty art let the taxpayer do the paying directly and he is sure to tire and get on with less. No one has ever said that many suffered greatly when this was the policy in the past

Those who ask know not

Visit some of the posh school auditoriums and schools throughout Alberta and you have one answer to the rising cost of education. Ask the taxpayers in the district if they would like to pay the taxes necessary to build what they have. They will tell you it did not cost them anything, it was paid for out of grants. Strange as it may seem taxes are paying and will continue to do so. The fact that the provincial government collected the money and then gave it back in grants may be less painful but the grants do come from taxes.

This is not an argument against the excellent buildings. It is a thought that Alberta has "sold out" our natural resources to American interests, and this because of taxation laws at the national level which make it far easier for American corporations to own and operate such resources than for Canadians. One of the chief reasons for the sell-out of large numbers of major Canadian firms is that they cannot compete with American buyers under the tax laws which work to the advantage of the outside firms.

In order to encourage the Canadian development which has been talked of by both Mr. Diefenbaker and now Prime Minister Pearson, the government will have to do something very drastic to make it less lucrative for American firms investing in Canada.

No sell-out

Farm news sometimes makes for interesting headlines as in this one from Mayo Blair:

"FARM COUPLE WINS EGG LAYING CONTEST"

Wife: "Do you think your getting drunk is any way to set a Christian house and observed example for your children?"

Hubby: "Who whoah tryin' to remember?"

LATE SLEEPER

When an inspector visited a boys' school he found Alex's practice a house and observed excitedly: "Jam agreed. They'd picked on the wrong kid this time."

"And what's that funny thing sticking up under the bed?"

"That's a chimney, sir."

"But there's no smoke coming out."

"I guess said the boy, "they're not up yet."

The busy executive asked his wife to phone a doctor when "I'm behind your car" she replied.

"Come come" snapped the doctor. "I'm a busy man. Which ear?"

WATER SAFETY HINTS

Use 3rd to 6th in National Water Week. Here are a few Red Cross water safety tips for swimmers:

Learning inner tubes or improvised toys for support in the water and discourage the use of others.

Respect children and non-swimmers.

Use good manners in the water.

Have fun swimming at the safe and sanitary beaches.

$18,000 TO TOFIELD DISTRICT IN ALBERTA WHEAT POOL DIVIDENDS

This dividend has just been distributed by agents to members delivering grain to the Alberta Wheat Pool last season. It is based on 5.286c per bushel for wheat and flax, and 2.843c for coarse grains.

This dividend is a return to member patrons of all Wheat Pool earnings in 1961-62 after expenses and reserve taxes have been deducted.

Pool patronage dividends are a saving members make by using their own facilities, but they are also important to the businessmen and merchants of the local community. This year's patronage dividend will bring the following sums to the various points in the Tofield district:

	Cash	Reserves	Total
Tofield	$ 2,301	$1,784	$ 4,085
Bardo	1,593	1,213	2,806
Ryley	3,390	2,582	5,982
Ringman	3,110	2,370	5,480
	$10,394	$7,939	$18,333

The cash portion is already finding its way from the Pool member to merchants and other businesses, giving home business a big boost.

In addition to the cash patronage dividend, an amount equivalent to the reserve dividend, has been paid out in cash in the district this year in the redemption of Wheat Pool reserves.

'Sit down, you're rocking the boat'

Alberta boat owners would do well to adopt one of the mottoes from the Broadway musical "Guys and Dolls" as their theme song this summer. Sit Down, You're Rocking the Boat.

It's not only a safety measure for fishermen who like to "sing along" — it is also the answer for those who like their safety tips set to music.

But whether you are the type that likes to sing — or would rather listen — your Red Cross urges boat operators and their passengers to keep safety afloat and to sit down when in a boat. Drowning statistics from all parts of Canada show the same regular story: most drownings occur from unexpected spills and most fatalities are the result of overloading or careless boating. So if you have a boat don't abuse it, but learn how to operate it properly.

For happy holiday pleasure the following Red Cross safety tips if you own or operate a boat this Summer:

1. Learn the skills of handling a boat and watch the characteristics of the craft you take on the river or lake.
2. Know the whims of the weather — and never try to beat a storm.
3. Be sure your motor is designed for your craft . . . and keep it in good repair.
4. Never overpower
5. If your boat capsizes remain with the upset craft . . . and cling to it until rescued. If the craft drifts away in the water, float rather than swim as it is not attempt to paddle it. Take it easy and tread water until you have regained and determined the nearest shore, then swim strongly towards it.
6. Insist that everyone in your boat wears a life jacket.
7. Be sure that your craft is properly equipped with safety devices and life-preservers.
8. Don't overload your boat — the person for every seat is a good rule
9. Keep your boat away from swimmers
10. When taking you kit, know and beware of strong currents
11. If you are in trouble, call for help and wave your hands in the air.

Boating is more fun . . . when it's safe for everyone.

Modern etiquette

By Roberta Lee

Q. What refreshments are served at a tea?

A. That is up to the hostess and could be anything from a small thin bread - and - butter sandwiches are sufficient. For a large, more formal tea, where a larger group is present, several varieties of "tea sand... wiches", small cakes, or pas... tries may be served. Don't over... look the punch bowl. Remem... ber, this is the afternoon.

Q. When a man is assisting a lady out of an automobile, should he take her hand or her elbow?

A. He should assist her by placing a hand under her elbow.

Q. When cheese is served along with apple pie, is it eaten with the fork or with the fin... gers?

A. Usually it's more con... venient to eat it with the fork although it is quite proper to pick it up with the fingers if you choose.

Q. If it is necessary, while you are a weekend guest in the home of a friend, for her to make a long-distance call, how can I possibly paying for it?

A. Tell the operator to call back the charges as soon as the call is completed, and pay your hostess CHECK. Remember, if you don't pay this debt, you never again will be a guest in her home.

Q. The man I am to marry is a widower, and I am a widow. What kind of wedding ceremony is in best taste for us, and should we have a re... ception?

A. Your wedding ceremony, religious or civil, should be quiet and informal preferably with one attendant for each of you. Your reception, which is a social occasion, may be of any size you wish.

Round Hill notes

Held over from last week

(Mrs. Ole Olson)

ROUND HILL, May 28 — Visitors for the week-end at St. Mary's Hospital.

Mr. and Mrs. F. Gotheridge were Sunday visitors with Mr. Rooney and Mackenzie in Ed... monton to help Margarete cele... brate her birthday.

The Pee Wee softball team, coached by Mr. Dejar was de... feated twice by Camrose last month. The team played against Wetaskiwin Monday afternoon in Kinsmen Park and with a score of 20-2.

Many district folks attended the Kennedy Chapin wedding held here on Saturday, May 25.

Tofield revives baseball interest

A crowd of about 150 specta... tors turned out to the ball game last Sunday at Tofield, when the Tofield Merchants defeated three home runs. Unfortunately the game was called at the end of four innings due to rain, with the score being 10-9 in favor of Ryley. The game will again be played in a double header at Round Hill this Sunday, June 16th.

The June 6th game, Yards at Hobbes, ended in a 6-6 tie when the game was called due to darkness.

The Mercury has been in... formed that the Tofield team will soon be appearing in their new uniforms, so be sure to attend the ball games and sup... port your local team.

Recreation Centre victim of thieves

(Peter Nickel)

Goods amounting to $121, in... cluding cameras, radios, TV sets, watches, sun glasses etc., were stolen from the Tofield Recrea... ation Centre last Saturday morning between 1:00 and 7:00 o'clock. Entry was gained through a broken window.

The same night, concrete blocks were broken at the new dining store building and a car for sale hassel, parked on the highway.

It is believed the vandalism was done by the same person or persons, as the RCMP have fingerprints and are investigat... ing the incidents.

Tofield Council deals with varied agenda

The regular meeting of the Municipal Council of the Town of Tofield was held Monday, June 2nd at 8 p.m., with Mayor Ramsay, Councillors Pajak, Jefferson, Allan, Swift, Kallal and Hendrex present.

Department of Agriculture ap... proved forms for application of a weed inspector renewal for 1963, to which Constable Wall was named.

Tofield Rural Fire Protective Association has approved a change in the lease agreement to be adjusted to 10 years and $5.00 to each man for first hour of duty performed, rather than $5.00 for two men first hour.

REJECTS APPEAL

Local Authorities Board, Edmonton, in correspondence re... garding the appeal of the Town of Tofield against requisition from County of Beaver No. 9, stated that the appeal was not accompanied by sufficient state... ments in support of the appeal, and that on their opinion the cost of supplementary rolls in County of Beaver compared favorably with those of other districts. Messrs. Mossman and Dean, representing the County of Beaver were present to dis... cuss the appeal and while it was realized that not too much could be done under present circumstances, the Council will continue to try to assist with the appeal to the Local Author... ities Board.

Permission was granted on a verbal basis, by the Council, to Ed Hunter for use of Lots 13 and 14, Block 6, to display ma... chinery thereon, for which he will pay taxes.

The matter of interesting an... other member for the recrea... tional board to replace the late R. J. McKay was discussed and this is to be looked into.

Several amendments to the Town and Village Act provide for licensing hawkers and ped... lars selling goods and services, and the secretary was author... ized to prepare a bylaw to cov... ver this situation.

The secretary was appointed enumerator for 1963.

PERMITS

Building permits were grant... ed to Dr. G. M. Price, for a building on Lots 7 and Pt. 8, Block 27, valued at $25,000 and Jim Hartbaeder, a garage, at $200 on Lot 8, Block 30.

Council also approved the sale to J. Hagen of Lots 9, 10 and 11, Block 37, Plan 5457 AH.

The application by G. Price to purchase 12½ feet on West side to Lot 7, Block 22 was discussed and tabled, pending investigation by the Council.

Permits for water and sewer services were granted to F. A. Hardy, G. M. Garland, Ole Mo... and, K. Sievers, Dr. G. M. Price, and Mrs. A. M. Aab... down.

400 see demonstration of local inventions

(Peter Nickel)

It was a big day for Ahnel Rasmussen last Saturday when 400 to 500 curious people at... tended the opening of the in... ventor. He reports already to having orders for some of the inventions and will have the machines manufacturing rolling in a short time.

In his remarks to The Mer... cury, Mr. Rasmussen stated that he was glad to see so many of the local people and busi... ness men interested in his achievements and was very thankful for the many encour... agements received by them.

Ahnel has again settled down to serious work and is present... ly completing equipment with which he will begin mass pro... duction within a few short weeks. He reports already to... ward the $30,000 mark in sales, although he admits some of them were not quite so big.

Now with all the speeches and political speeches, be... sides his duty on the recrea... tion board, town council and his business he hasn't even had time to think of fishing and no doubt if the fish could talk they would much their "x" for Allan next Monday which in the day set aside for Alberta residents to cast their ballots in the provincial elec... tion.

No time for fishing!

(Peter Nickel)

Up until a few weeks ago Graham Allan, local Progres... sive Conservative candidate for the provincial election, had always been a great fish... erman. During the past few years, Graham has never missed a day when he wasn't out on the lake fishing, and no doubt Allan's fish could tell many a fishy story.

When closing his store for the night his good wife, Ella, who sat at the door with a large 10 inch pickerel was sure he would eat while out at the lake, exclaimed that she was, although he admits some of them were not quite so big.

Now with all the speeches and political speeches, be... sides his duty on the recrea... tion board, town council and his business he hasn't even had time to think of fishing and no doubt if the fish could talk they would much their "x" for Allan next Monday which in the day set aside for Alberta residents to cast their ballots in the provincial elec... tion.

Beginners to register for new school year

Parents of children who will be starting school in Tofield next year are being asked to take their children to school next Monday and Tuesday for registration.

On Monday, children from outside the town of Tofield - that is, those who will go to school by bus next fall are asked to be present. The same day, those children who are taking Grade 1 next year will have a holiday.

On Tuesday, the town Grade 1's will have the holiday as the children from outside are asked to go to the school for registration.

July 1st sports day in Tofield started in 1904

Mark Ferguson, who was a member of the first council of the Town of Tofield recalls To... field's Dominion Day celebra... tion of 1904. It was held on the site of the present school grounds—approximately where the old brick school was built. Everyone for miles around at... tended in a gala mood. Visit... ing with one's neighbors was a real treat for the adults. The young men had foot races and horse races to the great excite... ment of the small fry.

Baseball was always the chief item sport of pioneer days. A ball was all the manufactured equipment required. Everything else could be obtained from nature. Jim Francis re... members his disappointment when as a small fry on July 1st, 1905, he was chased away from the ball diamond. He re... members, too, how Edmund Cochran smashed him and other small boys by seeing that they could participate in a game of their own. "After that, I al... ways thought Ed Cochran was a great man", says Jim.

The treasurer was Allen La... bonte and Ed Jelly was the secretary. The sum of $67.25 was raised from voluntary and sliding books. They were cleared $3.00 for "fireworks and animal and sports' grounds" but later received a "rebate from the sports committee of stand fees". So, apparently, enthu... was part of the celebration, too.

In 1905, the Union Ladies' Aid garnered $100.50 in re... ceipts for "refreshments and dining booth on sports day" and were cleared only $1.60 to run the same. By 1906 the sales amounted to $189.25, perhaps because this time they included ice cream, lemonade, oranges, candies, and nuts, as well as meals served to the Dominion Day crowd. Of course, out of that, $53.95 had to be paid to Morton and Adams for "sup... plies, including ice cream freezer and cold all". The ice cream freezer is self-explana... tory but what was the coal oil used for? No doubt some pion... eer can tell us.

Mr. George Cookson, in his diary of 1908 tells us in the en... try for July 1st: "Absolutely no celebration. Thunder... storm with hail. Not much hail but lots, chickens lost". The ball for the month of July netted financially. Alex Mc... Donald's gate at Ada for the sports but she declined. Mr. Gordon and wife and daughter called to take shelter. Fine after the storm and sun... ny."

CD unit control committee hears report on refresher courses

George Taylor reported to the May 27 meeting of the Council of Beaver Civil Defence Control Committee that the control room procedure refresher course held in Ryley was quite successful except there were not enough messages made up. Sel... ner Hafso said he did not think the control room procedure re... fresher course held in Viking was very successful as not en... ough people attended. Joe Cha... mule said he thought the com... mittee should hold refresher courses in central points and not dare periodically to acquaint people with all the functions in a control room.

Amelia Swift was patient in St. Mary's Hospital.

Mr. and Mrs. F. Gotheridge were Sunday visitors with Mr. Rooney and Mackenzie in Ed... monton to help Margarete cele... brate her birthday.

The Pee Wee softball team, coached by Mr. Dejar was de... feated twice by Camrose last month. The team played against Wetaskiwin Monday afternoon in Kinsmen Park and with a score of 20-2.

Meeting of Community League deals mainly with sports day

(Peter Nickel)

With the July celebration drawing nearer, the last meet... ing of the Tofield Community League took up most of the time during the meeting in mak... ing final preparations for the big day.

Topics under heavy discussion included repairs to the old ball diamond, which was in very poor shape, and it was reported to be needed for future use. Hans Christensen gave prices, etc., on the proposed backstop for the main diamond, and it was moved that figures were to be submitted to the town coun... cil for immediate action, as they have allowed a grant for this purpose. The meeting also approved the buying of a new body protector for umpires, who will umpire free of charge.

ROOF REPAIRS

In correspondence received from the roofing company pre... taining to the roof of the hall, which is still leaking, it was felt the company seems to be avoiding its responsibility in the repairing Ed Watson offered to look into the matter once again and call for some action.

Still on the correspondence, a letter of appreciation was re... ceived from the Tofield His... torical Society for being per... mitted to have their display on July 1st

At this time M. Pihe report... ed the school exhibits have been looked after.

Jack White reporting for the Theatre committee, said there was a loss of $177.73 up to the end of May. It was then sug... gested to close off the shows for the summer months and re... open once more on September 15th, when the dividends will be up to the exercise.

Ken Jamieson, reporting for the swimming lessons, stat... ed the registration was not yet complete due to some hold-up on the medicals.

JULY 1st

All committees reported get... ting matters well under way for the July celebration. Earl Rose who is in charge of the pony show asked for prizes in money for the kiddies bringing in their ponies. The meeting at large felt that the ponies should be brought in at the children's own interest in the community.

Prize list for July 1st parade

Entries for the July First parade are now being accepted at the Red & White store, courtesy of Graham Allan. This year with the transportation theme, car and implement dealers are encour... aged to turn out with the old and the new. Country groups must have many models of transportation stored in their barns or machine sheds. Let's make this the biggest parade in 63 years and compete for the following prizes.

Ryley 4-H Club plans trip

The fourth regular meeting of the Ryley 4-H Beef Club was held in the community hall at 8 p.m. on May 27th. The meeting was called to order with Linda Hutchings present. Then Pat Hutchings led the 4-H Pledge. The secretary's report was read and all present gave a farm demonstration. The 4-H Mr. Ramblers stated a trip will be taken to the golf links in the County of Beaver possibly to Chief Lake.

An interior decorator is being planned with the other 4-H clubs in Ryley. The committee which consists of Bill Kirkland, James Paisley and Lawrence Chrypka was appointed to gather information from the other clubs.

An interesting report was given by Irene Maureen, assisted by Elwin Knudsen in the absence of Ray Olson.

Sever Maureen and Roy Olsen were in charge of the recreational part of the meeting and organized a number of games.

Miss Gail Allan of Edmonton, is the new permanent nurse over the week-end with Miss Jackson of Edmonton and Miss Thomasdesir of Camrose, were also Holden visitors.

Mr. and Mrs. Igor Lozynski of Red Deer visited their parents over the weekend.

VISITORS FROM B.C.

Mrs. S. Silver and Mrs. Green, from Abbotsford, B.C., visited Holden last week with relatives and friends. The ladies were sisters to Tom Phillips, and Mrs. Green is a neighbor of Mr. and Mrs. Harold Story.

Art Jones of Prince George, B.C., is visiting his mother, Mrs Mary James, over the weekend. He has been transferred to Edmonton and will start work there this coming Monday. His wife and family will move in the city when school recesses at the end of the month.

Mr. and Mrs. Freddie Skalnun of Johnstown, former residents of Holden were in town last weekend renewing friendships

ACCIDENT AT BANFF

Mrs. A. P. Barlow, who was holidaying with her husband at Banff, had the misfortune to have an accident there. While she was getting out of the car, driven by her husband, the vehicle started up, and Mrs. Barlow was thrown to the ground, the wheels passing over her. She is at present in the Banff Hospital, with possibly a broken leg.

Harold Gieselman was taken to Tofield Hospital on Friday afternoon by ambulance, with a nurse in attendance for the trip.

Mr. Liden motored to Edmonton Friday evening, to meet Mrs. Liden who was called home from Calgary when her son-in-law, Harold Gieselman, had been taken to hospital.

Train hits car this afternoon

—One man killed

A CNR passenger train speeding westward through Tofield this afternoon just before 3:00 o'clock, struck a car on a level crossing, killing the lone occupant of the vehicle. The man's name has not been released, pending notification of next-of-kin, but it is believed he is a resident of Lindbrook, a small community a few miles west of Tofield.

The car had approached the crossing from the south. The accident occurred at the level crossing on the west end of town.

Parts of the car, believed to have been a late model Comet, were scattered along the track for about 150 feet.

One eyewitness who saw the mishap said that pieces from the car "flew about a hundred feet into the air. . . It looked like it just exploded."

News of the mishap was received just at press time. A more complete story, with pictures, will be carried in next week's edition.

League arranging final details for July 1st Sports' Day

(Grace Phillips)

Just a bit over a week till Tofield's 1963 Dominion Day celebration will be revealed as one of a long series of successful events. The president executive and committees of the Tofield Chamber of Commerce are arranging the final details of the day so that it may be told some special attraction has been arranged for everyone from toddlers to old timers.

PARADE

The parade, always one of the greatest attractions of the day will get underway under the experienced guidance of Art Francis, who is again parade marshall. The parade will be in two sections, the "Pee-wee" parade will be led by Mr. Lashbrook and the Village band, and will start at 2 p.m. and will be for the children only. The second parade will be for the adults, and will start at 3 p.m. and will be open to everyone. Those wishing to enter floats in the parade are requested to have them assembled at the Tofield Hockey Rink by 1:30 p.m. and 2:30 p.m. respectively. Prizes will be awarded in the following classes: Best Commercial float, best Decorated float, best Comic float, best Antique car, best Horse drawn vehicle, best Unusual entry, best Clown, best Creditis due

It is very seldom in this busy world that credit is given where and when it is due and we feel that credit has long been due Alberta Government Telephones and the local operators.

We have, in the past, at all times received very good cooperation from the operators and it is very much noticed in our business as the phones are generally used very much, especially when nearing the deadline of publication. We have always received very fast and courteous service and quite often reach the party on the other end even quicker than by the dial system.

The linemen, too, gave very quick service. An example was the request by the local editor this week to have his phone transferred into his new residence. Within three hours of the notice, the telephone was installed and ready for use. This, in our view, is service at its best. —P.N.

Grass needs mowing

Mr. Gordey, our MLA, in his campaign speech in Tofield last week remarked that he had noticed the fine museum next to the Legion Hall which he thought was very nice, but we wonder if he also noticed the tall grass around it which has not as yet been mowed this year. The museum is indeed a fine attraction and a great achievement for a small town.

Possibly this matter has been overlooked by the Lions, but we do hope to see some action before the grass gets to the stage where lawnmowers will not cut it. —P.N.

Leading with his chin

Minister of Finance Walter Gordon really struck out into new territory with his budget last week, and stirred up a mass of protest at the same time. Some of the protest comes over his importing a number of non-parliamentary experts in its preparation, while much of it comes over the departure from past procedures.

We're with Gordon . . . all the way. If he couldn't find the advice he needed in the Civil Service, and under the reasonable protection of the oath of secrecy, taking expert advice was astute . . . it should be done by more politicians.

And insofar as he is doing something . . . more than any of his predecessors . . . to keep or regain control of Canadian industry within Canada . . . hair on him! This is the sort of legislation Canada has needed for years. And we still need much more of it . . . slowly, perhaps, but still much more of it. There is no reason to suppose investment money will be driven out of Canada if the returns continue to be of a fairly high order, and the capital is safe. But there is equally no reason why taxation laws should be so designed as to actually favor foreign ownership rather than domestic ownership.

The former Liberal government at had the courage to impose a tax on foreign produced magazines coming into this country, only to see it repealed by the Conservative administration, which developed a much better piece of legislation for safeguarding Canadian publications based on the O'Leary Commission reports, and then looked before making it law. Let us hope the Pearson and Gordan combination will strengthen the Canadian magazine industry and at the same time strengthen the Canadian image by closing the gate and repairing the fence. It's one more means of fighting unemployment.

THE TOURNAMENT TRAIL

Mr. and Mrs. C. Coombes pioneers of Tofield

Part 2 of a series of four articles on the pioneers of Tofield and district to Mrs. Vincent Phillips, Mrs. Lund and Mrs. Chester Coombes.

Mr. Coombes was remembers clearly the early farming days of Tofield. He remembers starting farming with a team of oxen. Wild hay was powerful. [illegible] breaks for work breaks in the prairie sod with oxen. He remembers [illegible] as a child in sod houses. [illegible] Mr. Coombes remembers [illegible] Mr. Harry Mayo [illegible] Tofield was a [illegible] Mr. Wilson and other everyone far and wide in this pioneer era.

Some of the pioneers of the Tofield district were made a pleasant memory of their own. Some of the pioneer men even [illegible] Mr. Haigert Mr. Johnson Mr. High Mitchell and Mr. Lethbridge.

This machine was man-powered Mr. Coombes recalls. Binders were required to turn the crank three or four each side. The feeder was fast wide enough to [illegible] unbundled bundles [illegible] it was a very [illegible] and [illegible] [illegible] days. [illegible] Chief in the [illegible] Tofield District [illegible] [illegible] community and district [illegible]

they were rounded up and driven to Wetaskiwin by the buyer and his helpers.

Hogs were reared, too, but for use locally.

When Lugar was required, a long trip to the flour mill at Fort Saskatchewan was in order. Each householder kept a large supply of flour and the store-keepers kept only a small supply in stock. But in prairie districts that once when their supply of flour ran low, they went to the store operated by Mr. LaFond to get an emergency supply and all that could be secured was a 50-lb sack. This would have been Lye except that a can of coal oil had been spilled on it. Since a choice between hunger and coal-oil flavored flour had to be made the Coombes family ate bread that had a distinctive flavor as long as the fifty pounds of flour lasted.

Transportation was the trading centre for this area when Mr. Coombes was a boy. The long trip took a full week to complete and was accomplished twice a year. In summer, the route lay through Fort Saskatchewan, as there was no road through the Beaver Hills.

One of the most dreaded hazards of pioneer life was the incidence of prairie fires. The winter grass grew high and luxuriant and provided excellent fuel for wind-swept flames. Mr. Coombes recalls setting up most of the night to watch the lurid flames of a prairie fire reddening the eastern sky. The neighbors took all available ploughs to plough firebreaks and this, except for rain or a change in the wind was the only defence against the terror of a prairie fire. The worst fire Mr. Coombes recalls was one that came in from the Beaver Hills. The flames were coming straight for the Coombes house, he remembers, when the Mitchell family came to offer sanctuary of their home, which was to be still the only one of the backwoods. Fortunately, the wind changed and the Coombes' home was saved.

Death of G. Roth

mars Bardo Sports

(Mrs. C. M. Rude)

BARDO, June 19—The sudden death of George Roth last Friday at the Bardo sports cast deep gloom over an otherwise beautiful day as a very large crowd were gathered to enjoy Parents' Day.

The tragedy occurred after the first innings of the ball game between the Bardo and Tofield had been played. The game was discontinued. Tofield was graciously the game as they lead by a 3-0 score when the game was called off.

Games were resumed later with Ryley defeating Round Hill 9-6; Tofield Juniors over Bardo Juniors 8-7, and in the final game Ryley defeated Tofield to take the prize money.

The day wound up with a rifle shoot. In one competition Jack Lebedeew carried away the prize, and in the other, Lars and Merlin Rude shot six times before Lars finally broke the tie to emerge the winner.

In the first seven months of 1963 paid workers in Canada received $13,180,000,000 in wages and salaries, an increase of 6.6 per cent over the corresponding period of 1962.

A CONFERENCE

A doctor received a telephone call from a colleague asking him to pop over and have a game of bridge—making a foursome.

"Have you got to go out, dear?" asked his wife sympathetically.

"Frald so", he replied "An important case. Three doctors there already".

WEATHER CHANGE

Angry father: "What's the idea, young man, loitering in my daughter at 2.00 o'clock in the morning?"

Suitor: "It started to rain".

GEORGE

I haven't talked to too many people who had said they were not surprised if the outcome of Monday's provincial election. It was generally believed that the Social Credit government would be re-elected but those who expected another one-sided house were few and far between.

The Alberta opposition now has one less seat than in the last assembly and, as a matter of fact, so has the Social government. The reduction in the number of seats from four rural ridings and one more city seat in both Edmonton and Calgary. Considering the fact that the population of the province is growing at the rate of [illegible] per year, it wonders why Alberta should be fewer representatives in the provincial assembly. Provinces such as British Columbia and Ontario should have had additional seats added to their [illegible] Of course comes from the cities having the greatest increase in population.

But getting back to the election, at least the opposition will not have the problem it faced following the 1959 provincial election, when there was one Liberal one Conservative, one coalition member and one independent elected member. The three parties had to decide how they were to pay allegiance to the leader of the opposition. With two Liberals and one independent coalitionist member on the opposition side of the house this time, the argument will be between Mike Maccagno and Bill Dickey, and, no doubt, the former, being the member with most seniority will be Liberal leader in the house.

I can't help but feel that Alberta elections are becoming increasingly unpredictable. What is, with regard to the Premier Manning and his Social Credit party? What a shame that more opposition members were not elected! What next!

Lorraine Kropielnicki weds Eugene Mishio

(M. Harris)

A lovely wedding was performed at St. Josaphat's Church, Edmonton, on June 8th at one o'clock in the afternoon when Lorraine Marian Kropielnicki daughter of Mr. and Mrs. Frank Kropielnicki of Ryley was united in marriage to Mr. Eugene Ted Mishio, son of Mr. and Mrs. Harry Mishio of Leduc. The double-ring ceremony was performed by the Rev. Fr. Pilla Lisowiak.

The bride who was given in marriage by her father wore a fashion model bridal-length gown of silk organza taffeta elaborately trimmed with satin embroidery and crystal beads. She wore a tiara headpiece with its rhinestone simulated crystal beads which held her fingertip length veil.

Her bridal jewelry was a two-strand cut crystal necklet, gift of the groom and she carried a cascade bouquet of red roses.

Her matron of honor was her sister, Mrs. Raymond Rokus of Ryley, who wore a yellow sheath dress with matching picture hat and white accessories and carried a white prayer book with a red rose. Her bridesmaids Elizabeth Kropielnicki of Edmonton, Rosa Mishio of Edmonton and Gloria Lesky of Calgary were identical dresses of yellow crystal organza with full skirts and matching wide headpieces, white accessories and carried bouquets of Grand Prizes. Little Marcia Rokus of Ryley, who was flower girl was dressed identically to the bridesmaids. She carried a miniature bouquet of mixed flowers. Larry Mishio brother of the groom was ring bearer.

Attending the groom were Tommy Wojtiw of Edmonton, Raymond Kropielnicki of Ryley, Lorenzo Lesyk of Leduc and Victor Kurova of Innisfree. Ushers were Allan Kropielnicki and Ryan Rokus of Ryley.

For the reception the bride's mother wore a beige two-piece suit with blue accessories with red roses on corsage. The groom's mother wore a blue two-piece dress with white accessories and red roses on corsage. Following the ceremony a reception was held for approximately 300 guests at Veg-Ville Memorial Hall.

The bride's table was laid in white damask, covered with a three-tiered wedding cake, crowned with a miniature bride and groom, flanked on either side with white candles.

Master of ceremonies was Dr. Sharpa of Vegreville. Toast to the bride was given by Mr. Nick Tilusik of Edmonton. Misses Marlene Mishio and Eileen Kropielnicki were in charge of the guest book.

For going away the bride chose a light blue dress with white accessories and red roses on corsage.

After a brief honeymoon in the USA the bride and groom will reside in Regina Sask.

Alice Traub laid to rest

Funeral services for Mrs. Alice Mae Traub of Tofield were held at 2:00 p.m. on Tuesday, June 11th at the Tofield Municipal Hospital at the age of 75 years. They were held Thursday June 13th at 1:15 p.m. at the Tofield Mennonite Funeral Chapel. Rev. W. H. McDonnold officiated and interment took place in the Edmonton cemetery.

Born in Woolwich County, Ontario in 1887, Alice Mae Schaefer moved with her family to Innisfail Alberta in 1893. In 1908 she married the late Harry Traub and then resided in Edmonton. In following years, she also lived in Florida and Lewiston USA, then made her home in Edmonton until she moved to Tofield last year to reside at the farm home of Mr. and Mrs. Tom Reinhardt. Mrs. Berrelon being her daughter.

Mrs. Traub was a real servant for the federal government for over 20 years until she retired to be the housewife she was first by profession. She was a member of the Mennonite Church. Survivors are one daughter, Mrs. Tom (Violette) Reinhardt, Tofield; four grandchildren, Larry Mishio, brother of the groom was ring bearer.

CARD OF THANKS

We wish to thank our many friends and neighbors for kindness and sympathy extended to us during our recent bereavement. Also for the many donations, beautiful floral tributes and kind expressions of sympathy. We especially wish to thank Rev. F. H. MacDonald, Dr. W. H. Freeburg, the nurses and staff of the Tofield Municipal Hospital and the pallbearers.

Going-Up ceremony at Cub-Scout picnic

(M. Morris)

The Ryley Cubs and Scouts and their families held their annual picnic out at the Bugge farm on Sunday, June 9th. The Cubs and Scouts gave demonstrations on rope tying, camp fire building and fire making.

A "going-up" ceremony was held where five Cubs were promoted with proficiency badges and promises to the Scout group. They were Darrel Pratt, Glen Magnus, Barry Stanton, Bobby Cross and Darrel Lyons. Mr. Pratt welcomed the boys to the Scout troop and assigned them to different packs. The Cubs give their grand howl.

Leaders of the Scouts and Cubs were pleased with the help and sympathy extended to us during our recent bereavement. Also for the many donations, beautiful floral tributes and kind expressions of sympathy. We especially wish to thank Rev. F. H. MacDonald, Dr. W. H. Freeburg, the nurses and staff of the Tofield Municipal Hospital and the pallbearers.

Showers honor June bride-elect

(Mary Michelle)

A PURIMOOT June 19th Wednesday Miss Donna Carlisle was honored on Thursday June 13th at a miscellaneous shower held at the home of Mrs. Peter Brown. Miss Carlisle will become the bride of Mr. Nelly Watson on Friday June 21st.

Two contests were conducted by Yvonne Brown which were thoroughly enjoyed by all. Kay Davidson presented Donna with many lovely gifts, and Miss Doris Boyd assisted her in opening same. After Donna had thanked everyone a tasty lunch was served by the hostess, Yvonne Brown, assisted by Jessie McGinnis, Mildred Lee and Kay Coombes.

A surprise shower in Donna's honor by former classmates and school friends was held Sunday at the Don Carlisle home.

Peter's patter

I have always thought that I was the busiest man in Tofield, but I found out just the other day that I will be more so sooner or later - another gentleman in our family will be requiring some coaching. On our way out to the country last week, we were suddenly surprised when our little son came over all today! pulled up a copy of the Mercury and started to look over it - a story which was laying beside us friends he had been reading for years. Of course the first place he looked was over Peter Potter. Just what he was looking for we do not know but we have a faint idea he was very much interested in the pictures and as though he were deciding how to vote! It often makes a parent curious as the children grow older, just what they do have a will be. At present it looks like my daughter could make a photographer as she seems to take much interest in photos and anything to do with photography. Encouragement and a perfect outline at any time to sum up a pose in modelling for me. My son also puts on a smile from ear to ear whenever he sees the camera in my hand but he could be thinking of being prepared for posing for his photo when it runs for president of Alberta. I am curious indeed but as the saying goes curiosity killed the cat - so we will just have to wait and see.

Passing of Mrs. Murray mourned in the district

(Mrs. Ellen Eaton)

Lakeshore-McKenzie, June 20. —Deepest sympathy of the district goes out to Mr. T. R. Murray, of Tofield, and members of his family in the sudden death on Friday of his wife and their mother and grandmother.

Mr. and Mrs. Murray and family were former long - time residents of the Lakeshore district, where Mrs. Murray was a life member of the Lakeshore Ladies' Aid and member of the United Church. She will be sadly missed by her many friends and neighbors as well as the family. Her death was a shock to all.

Ceased by a sudden heart attack or stroke shortly after midnight Thursday, Mrs. Murray never regained consciousness, and passed away about 1.30 o'clock Friday evening.

Leslie Appleby wins sportsmanship award

By ELAINE SORELL

This year the Melnyk Memorial Plaque was awarded to Leslie Appleby, a grade nine student at Tofield High School. This award is given to the student in junior high who is considered the best all-round sportsman of the year. It is presented as a memorial to Mike Melnyk, who was a teacher at the Tofield Junior High School and was killed in a car accident in 1961.

The student, upon winning this award has his name engraved on a large plaque which is placed in the Tofield School Library and he receives a small individual plaque of his own.

Mr. Annis presented the plaque to Leslie on Friday, June 21.

Wilson wins shooting match

Arnie Klassen, 1811 Friesen and Larry Wilson, members of the local Gun Club, attended the Black Powder Shoot sponsored by Alberta and Northern Collectors Association in Horse Hills last Sunday.

Competing against upwards of 20 sharpshooters, Larry Wilson and a Mr. MacIntyre finished in a tie for first place, both shooting perfect targets.

In the tie-breaker, one shot each was fired at the target, in which Larry scored five and his opponent four, making Larry Wilson of Tofield the winner. Larry won the 100-yard trophy for all positions, using a 45-90 Winchester rifle. The other contestant from Tofield, Arnie Klassen, used a .41 Mauser.

A half-hour TV program will be featured soon on "Canada Outdoors" concerning the shoot.

Monday, July 1, is the big day!

60th annual sports day will be gala affair

The sports day schedule for next Monday, July 1st, will be the 60th such event scheduled to mark Dominion Day in Tofield, but it will only be the 59th anniversary of the first sports day which was held in the community in 1904. Monday's celebration promises to be one of the best, for the events will be as varied as one day will permit. Since the event has been rained out for the past two years in a row, Tofielders are literally starved for some good old July 1st celebrating, and a record crowd is expected to participate.

HORSES

Several of the events scheduled for last year will be on the program this year, including the much looked - forward - to horse jumping competitions. In co-operation with the Westerner Canada Hunter and Jumper Association, Prizes amount to $250 with trophies for the winner.

Another contest will be that for cutting horses, with a purse of $250 and a trophy. There will be two go-rounds in the both the cutting and jumping contests, one at 2:00 and the other at 5:00.

To complete the horse show, the Tofield Gymkhana Club will be staging a stick ride and pony show.

BASEBALL

A senior baseball tournament is scheduled to start at 10:00 o'clock in the morning. The senior competition will be sports days' over the first game to start at 1:00 p.m., but this has been changed, since there will be four games in all. There will be prizes of $75, $45 and $20.

In the first game, Tofield will meet Holden. The second game is scheduled for 1:30 p.m., will see the Hards row row take on Ryley, and the winner of the contest will meet Round Hill at 3:00 o'clock. Then at 4:30 p.m. the winner of the first game will meet the winner of the third for the finals.

There will also be some Pony League games.

For kiddies, the committee has arranged for rides and children's races, while adults can entertain themselves any time during the day at carnival booths operated by several of the shoe tournament.

There will be refreshment booths on the grounds, and if parents find they are still hungry at about 5:00 p.m., a big, delicious barbecue supper will be available.

DISPLAYS

There will be several display tents on the grounds, including that of the Tofield Historical Society, a school display, and others.

As in the past, former residents of Tofield who plan to visit the town during the sports day will be able to renew acquaintances at the Tofield and District Oldtimers' reception tent which will also be located on the sports grounds.

For those who would just like to relax and enjoy a music, there will be two showings one at 3:00 and one at 7:00 of the movie, "Mr. Hobbs Takes a Vacation", a delightful comedy which the whole family will enjoy.

GRAND BALL

The day's activities will wind up with a grand ball in the Community Centre starting at 10:00 p.m. Music will be supplied by the Cowboys.

Sometime will be covering a fine souvenir of the sports day this year as the Tofield Lions are holding a draw for a new refrigerator, donated to the club by one of its members. Charlie Kendall

Modelling their work

These were just a few of the students who took part in modelling clothes which they made in various sewing classes. The culmination activity took place in Ryley on June 18, and featured girls from Holden, Ryley and Tofield.

District couple mark silver anniversary

(Mrs. C. M. Rude)

Mr and Mrs. Glen Stokton were honored on Sunday afternoon, June 9 when many friends and relatives gathered at the church parlors to celebrate their 25th wedding anniversary.

Mr. and Mrs. Stokton were married at a beautiful decorated table which was centred by a three-tiered cake, baked by their two daughters. With them were their son-in-law, and daughter, Mr. and Mrs. Bob Hunter and Mr and Mrs Dale Stokton and three grandchildren and Pastor S. Rue.

New uniforms for July 1st

According to reports from the local baseball team, the new uniforms will arrive in time for July 1st, but unfortunately there's a catch to it. Some business names have been held up in customs and therefore will not be available for the opening game.

There will be refreshments

Chance of a lifetime for local beauties

It might seem highly impossible but there is an excellent opportunity for one of the girls in our territory to win supreme honors in the contest for the world's most glamorous girl.

Any lassie girl 18 years or over, and a resident of northern Alberta or the Peace River block of Hamlets Columbia, is eligible. The title "Miss Universe" nonetheless is the ultimate goal of more than 100 pretty young lassies expected to compete for the honor of representing our Edmonton's world long Klondike Days July 15th to 20th. She will, in addition be awarded a complete summer wardrobe by Zeniers of gala resorting ceremonies during the Klondike Ball Saturday night July 13th

"Klondike Kate" will be selected by a panel of seven judges on the basis of beauty, charm and personality. Preliminary screening will reduce the number of competitors to 100, each of whom will receive a ticket to our Zeniers main store. The final selection will take place at the studios of CFRN-TV.

The winner's name will be submitted to a contest for the title "Miss Country Fair" to be held next year at the New York World's Fair, the winner of which will advance to the "Miss Universe" competition.

Runners-up in the Edmonton contest will participate in spectacular downtown beauty pageants during Klondike Days. Others will form the court for "Klondike Kate", and accompany her on many appearances throughout the week.

Many of our young girls and boys from the county have been chosen for the role of Prince Toronto for years and in some instances have we have the breathtaking girls right here in

New officers elected by ladies plan picnic

(Mrs. Radolph)

MINUTES of the June meeting of the United Church ladies was held in the church. Roll call was the birthstone and flower for the month in which each lady was born.

Mrs Frank Beasley, convener of the picnic, has all plans completed for the day, June 29 at Beasley's Beach.

It was also decided the ladies will varnish the kitchen in the hall as soon as arrangements can be made.

Entertainment was provided by Mrs Pat Patterson with several readings.

A delicious lunch was served by Mrs Frank Beasley, Mrs. Harold Beasley and Mrs. Lee Whitford.

The next meeting will be held at the local camp site.

Joseph MePham killed in crossing accident

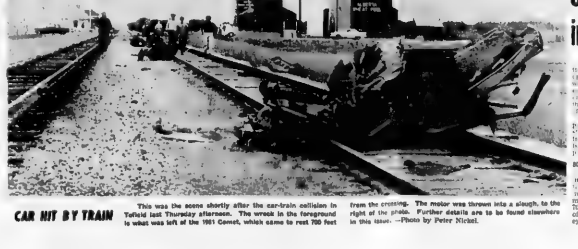
Residents of Tofield and district are all deeply sorry badly shaken up last Thursday afternoon when a meeting of the car-train collision of Mr. Joseph MePham of Tofield, which took place at the Tofield railway crossing.

Mr. MePham was entering Tofield from the south and, as eye-witness reported, then proceeded at a fair speed as he saw the box cars which struck him coming.

This is believed to be the ninth fatality on the four years at the two crossings entering Tofield.

In September of last year, Mr. MePham family originally from Church Alberta, purchased the Lindbrook concession Highway 14 seven miles west of Tofield. Since then they have made many friends in the district. He is survived by his loving wife Mamie one daughter, Mrs. Irene, 15, and one son, Roger, 16.

Funeral services and burial took place in Chauvin.



CAR HIT BY TRAIN

This was the scene shortly after the car-train collision in Tofield last Thursday afternoon. The wreck in the foreground is what was left of the 1961 Comet, which came to rest 700 feet from the crossing. The motor was thrown into a slough, to the right of the photo. Further details are to be found elsewhere in this issue. —Photo by Peter Nichol.

Another safety me asure

During the past year or two, most of the larger trucking firms in Canada as well as the bus companies have asked their drivers to keep headlights of their vehicles on any time they are on the highway, day or night, as a measure to avoid head-on collisions.

One may wonder at the merits of such orders, and yet we doubt anyone can say that they have failed to notice that those vehicles are keeping their lights turned on during the daylight hours. They do seem to compel attention, but again, perhaps they would not be so conspicuous if all vehicles did the same thing.

The Alberta Optometric Association is of the opinion that there are advantages in keeping all headlights on during the daytime. The association points out that the "main cause of highway accidents is the head-on collision. This could be drastically reduced if cars travelled with 'lights on'. It has been proven that the visibility of a car is twice as great when the headlights are on." The optometrists say that the fact the car lights are on would be an indication as to whether the vehicle is approaching or traveling away from you (especially important when one wishes to pass a slower-moving vehicle). It also would help to dispel the hypnotic effect that straight, smooth highways tend to have on car drivers, since cars approaching with lights on would bring the dazed driver back to reality.

While it may be true that "head-ons" may not be notably reduced, due to the fact there are many other causes of collisions such as a driver going to sleep, distractions inside or outside of the car, and misjudgments of distances in passing, any suggestion for cutting down accidents should not be overlooked or ignored, for, as the Alberta Safety Council has said so many times, "the life you save may be your own."

Life - giving rain

The rain last week-end was a real life-saver alright.

It was general over the entire area, and came just at the crucial moment, and in quantities sufficient to be really worthwhile. In some areas, indeed, such as southeastern Alberta, where one farmer lost several hundred sheep, it was too much. They drifted before the storm till they fell into a lake and drowned. In other areas, crops had just started to burn.

For the most part, however, no damage had actually occurred, apart from a few nail-biters, and farmers, gardeners, businessmen and everyone were overjoyed to watch it pouring down.

It's at times like these that the magic of Nature seems so shockingly miraculous, and the magic of man seems so utterly frail. In this day of cosmonauts and technologies, we need to be reminded more often.

When will they learn?

In a recent report in The Edmonton Journal concerning Tofield, a statement was made referring to Tofield as a village. It is a big blow to all of us living in Tofield, as it was declared a Town in October of 1908. Degrading statements such as these are certainly unwarranted. Surely there is no excuse for The Journal's error since the Town of Tofield is only a short distance from Edmonton and the Journal now has had 54 years in which to get the facts correct.

Just imagine the reactions if Edmonton were to be reported in a leading newspaper as a "town"? We take much pride in our attractive town, and wish it to remain a town. —P.N.

MacDuff Ottawa report . . . Split-level taxation

OTTAWA — The two most powerful Provincial Premiers in Canada are now standing side by side to try to work a minor revolution in Government financial affairs.

Premier Roberts of Ontario has associated himself with Premier Lesage of Quebec in demands for a greater proportion of the tax dollar than other premiers may soon join them.

This is not a harmless bedspread. But it's not, and does have considerable influence on the kind and quality of services we receive from all levels of government. Some new in effect for what the tax dollar between the Federal and Provincial Governments.

At present the new Liberal government has been taking too much of Ottawa's share.

The Provinces have been urging federal-provincial conferences to discuss certain services for which many of the people they serve may be addicted as the Federal pressures to pay.

This revolutionary battle that the Provincial Premiers are preparing may not sound very exciting to most Canadians. They pay their taxes to the boards of Government. If they think about it at all, they consider Provincial and Federal taxes the same robbery and indistinguishable from each other.

But the issue which will preoccupy both levels of Governments for the next year or more. It is a battle whose results may have important bearings on the political institutions enjoyed by all Canadians.

For the ordinary Canadian it will be of little practical importance who pays the bill for the kind and quality of services he receives from his government. Some new in future form his personal attitude to the Federal system.

The position taken by the Premiers is that they have reached the limit of their ability to raise revenues, while the Federal government has been taking too much.

But many now feel that in the 1960's the needs of Canadians in the fields of education, health and welfare, and urban services are of a first development importance.

These are national matters, and the Provinces and their municipalities are expected to provide whole new standards in hospitals, roads, schools, sewage systems and housing.

The Provinces to have any priority over those of the Federal Government or that he is proposed to oversee the sort of basic provisions of tax structures which the Provinces are anxious to obtain.

Mr. Gordon gave no important indication that he recognized the serious imbalance between the revenues available to the Provincial and the services they are expected to provide.

He emphasized the national financial control seemed partly based on the 1930's when a terrible depression impelled national action and national taxation to forge a fighting machine.

But many now feel that in the 1960's the needs of Canadians in the fields of education, health and welfare, and urban services are of a first development importance.

These are national matters, and the Provinces and their municipalities are expected to provide whole new standards in hospitals, roads, schools, sewage systems and housing.

Yet they do not have the financial resources to do this on their own. The Federal Government meets this problem now by handouts and joint programs. This is exactly what the Provinces do not want. There are too many strings attached, too many conditions.

A recent report by the Canadian Tax Foundation showed the deep and dangerous gap between the revenues and expenditures of provincial and municipal governments.

Federal Government revenues were 17.1 per cent of the gross national product in 1962. While its expenditures were only 15.4 per cent of the GNP. Provincial revenues were 8.1 per cent of the GNP while expenditures were 8 per cent; municipal governments the same percentage of 4.5 per cent.

In the past 12 years the Federal Government has vastly increased its share of revenue against (politics' share has actually declined.

It appears that many people in Canada do not want this highly-centralized, all - powerful type of Government. Yet this has been the trend, a trend that Mr. Gordon and his Government have yet to show they view with any concern.

What the Provincial Premiers want is to reverse that trend, quickly and emphatically, revise the entire tax structure and let the tax money be collected by the Government that spends it. The Government that increases or should know, what people need.

This will take some imaginative thinking, some generous concessions, some break with the past. These are exactly its qualities, however, that the Liberals promised to display when they were seeking election. So where are these qualities now? I suggest that the sharing of the tax dollar among all three levels of Government. And, this problem is clearly urgent if the League Government is to be given the tools to finish its job of creating a new Quebec that is interested in making Confederation work

Ryley Home Ec. class 'culmination' activity

(Doris Upton)

On June 18th the Junior High girls of the Ryley Home Economics classes held their culmination activity in the Community Hall, Ryley The girls invited parents interested spectators and classmates to an unrehearsed display of clothes and a refreshing lunch they had prepared.

The clothes were shown as going to school, sports activities, church, afternoon functions, a bridal party, and a shower party. The girls are to be commended on their ingenuity in making each outfit seem the right one for her, and in showing it with pride. The commentators brought attention to fine details with knowledge and expert

Midway during the warm evening, many of the girls, displaying their clothes sewing and culinary achievements, served lunch and cookies.

Informed for all by the impressive models, namely Mr. and Mrs. Manderson and Garry, Cheryll Lyons, Marshall Karpenko, Larry Fayzas, Gerry Hrabec and Doug Grover. Impressions were filled with instrumental solos and songs by girls from Holden, Ryley and Tofield who attend Home Economics classes at one centre.

Minutes of school committee meeting

Business arising from the minutes

In connection with the proposed closing of the Bruce high school for the coming year, the superintendent reported on the meeting held at Bruce on June 3rd to acquaint the parents of the children concerned with the situation Mr. Pike stated that the meeting had been quite well attended, some 60 persons being in attendance. The chairman, Cy. Roddick, had, at the outset of the meeting, stated that it was the decision of the school committee to close the high school at Bruce and that the meeting was called for the purpose of acquainting the people in attendance of the situation. With one or two exceptions the decision of the school committee was accepted by the persons in attendance.

Moved that an application to drive school bus in the Bruce district submitted by Lloyd Barker be accepted for one year to obtain the required licence. Carried.

Moved that the request submitted by Arthur H. Horn of Bruce for leave of absence from his duties as bus driver for three months as from Mr., be accepted as Carried.

A letter from the Town of — field requesting that the school drivers be instructed that no school buses enter or leave Tofield at any CNR crossing. Queen Street, was referred to the committee. The letter indicated that in the opinion of the council, the school buses Lack wet weather equipped to avoid excessive damage to the roads of the town and avoid complaints of the loss. Moved that the town council be advised that, as only the Queen Street crossing is to be used by the school buses this will cause a hardship to a number of children living picked up within the town limits.

The superintendent referred to the committee the purchasing of Main Street from the medical clinic north to the C.N.R. tracks. The committee was of the opinion that the Town of Tofield with the request that if at all possible the street be improved so as not to cause excessive damage to the school buses.

A letter from the town of Tofield advising that the town was amending its Bus Licence Bylaw Board for an examination of the explosives of the school committee for the current year and that the next meeting of the town council would be held on June 3 was referred to the committee. The secretary-treasurer reported that he and the assistant secretary-treasurer had attended the council meeting and had endeavored to explain the situation to the town council. Very few questions had been asked, the council apparently realizing that the increased provision was necessary and that any appeal or complaint should be directed towards the Foundation Program which did not allow sufficient large payments to offset the increased costs due to consolidation of the schools. Moved that the letter be received and filed and that the secretary-treasurer's report be accepted. Carried.

A letter from the Town of Viking advising that the town was appointing the 1963 school auditors and that the Local Authorities Board was to examine the committee. The letter advised that the next meeting of the council would be held on Friday, July 5, at which time any of the school committee members could attend and discuss the requisition with the town council. Moved that the letter be received and filed and that the secretary-treasurer's report be accepted. Carried.

Moved that the letter be received and filed and that the secretary-treasurer's report be accepted. Carried.

The salary negotiating committee held a short meeting and the chairman, Councillor Roddick, reported to the school committee that the committee recommended that a new offer be submitted to the teachers allowing for an increase of $50 in the maximum in the fourth year on the offer previously made by the committee After some considerable discussion it was moved that the recommendations of the salary negotiating committee be accepted and the new proposal forwarded to the teachers' bargaining committee.

An inspection report under the electrical protection act in regards to the teacherage located on Lots 3 & 4, Block 11, Plan 3080 AC, Tofield was received by the committee. The report indicated that the work, which will necessitate a possible rewiring of the whole building. Moved that necessary action be taken on the inspection report.

The matter of summer holidays for school janitors and the purchase of a bus was again brought to the attention of the committee. Also of that the janitors and bus mechanics take their holidays in two-weeks beginning July 15. Carried.

Moved that, as in previous years, the county supply the coaches for the personnel attending the janitor's annual, bus drivers' schools and the teachers institutes on August 30th and September 3rd, and that the feasibility of using the home economics room and the shop for this purpose be investigated by the superintendent and the secretary-treasurer. Carried.

The committee was informed that Farmers' Day would be observed on June 14 and it was moved that Friday, June 21, 1963 be observed as Farmers' Day in the county schools and that a school holiday be declared on that day. Carried.

Moved that the resignations of the following teachers be accepted: Harriet Hvidd, Helen Tiedemann, Doris Upton Joe Lewis, Joan Lewis and Lorraine Zwierchke. Carried.

The superintendent referred to the committee the matter of the old home economics and the old industrial arts buildings at Bruce stating that they could be disposed of as they were of no use at the school He further mentioned, and this was confirmed by Councillor Davis, that the Bruce Blazing Club would like to obtain one of the buildings as well as new old gas heater. It was stated that the skating club was prepared to make a bid for one of the buildings if and when they were advertised for sale However, the committee felt that one building could be donated to the skating club as this procedure had been used with two other old schools at Tofield and it moved that the old home economics building at Bruce school, and the old heater, presently located in the industrial arts building at Bruce, be given to the Bruce Skating Club for $1, and that the industrial arts building be advertised for sale. Carried.

Moved that the high school inspector's report in regards to the high school at Bruce, and the recommendations contained therein be accepted. Carried.

The superintendent informed the committee that Eleanor Whyte of Tofield, had been appointed by the Local United Nations Society of Edmonton to attend a school in Alberta to be held from Sunday, August 18 to Saturday, August 24th, 1963. The invitation on this seminar had been received too late for the end of the school's but acain, as usual, only a limited sufficient to teachers could be obtained by the beginning of the new school year.

Councillor Weatherill requested permission to put six to eight loads of gravel at the Tofield teacherage to help fill in a hollow and also some road gravelling in the vicinity of Tofield. Moved that the proposed work be authorized. Carried.

Reference was made to the work on the Ryley school yard, the large area east of the school having been levelled and a considerable amount of earth hauled in. Councillor Magnuson was of the opinion that this work should only have been authorized before it was done. It was pointed out that the cost of road building equipment was waiting for roads to dry out and they could start working on the road construction program and that it had appeared advisable to have the work done in the school yard in the meantime. It was moved that the work done in the Ryley school yard be approved. Carried.

In regards to pupils leaving school at Bruce, the superintendent wanted the committee to realize that under no circumstances have these pupils been kicked out of school, but the proper investigation had been made and that in some cases a student had been asked to leave and in other cases they had left on their own accord.

In regards to the repair and painting survey of the school buildings, the superintendent stated that it appeared that not too much work would have to be done this year, that the foreman was only taking an additional day to complete the work was being carried out on a regular basis and he felt sure that they would give everything attention to the county.

The superintendent also reported on the teacher supply situation. He stated that it did not appear overcrowded and he felt that sufficient teachers would be obtainable by the beginning of the new school year.

Local members review Tofield 4-H history

(Peter Nicholl)

The 4-H achievement day banquet was held in the Clarkson Hall in the city of Tofield. The banquet was sponsored by the Tofield 4-H Beef Club. The guest speaker for the evening was Mr. Walter Mc[illegible] and he spoke on the topic "Opportunity".

Following is a resume of the Tofield 4-H Beef Club as reported during the evening.

(By Harold Schultz)

The first junior term clubs in the Tofield district were organized in the years 1950-51. They were sponsored by F. H. Newcombe district agriculturist from Vegreville. The first club in my memory was a grain club with Mr. F. Beal, Art Harrison (now Wainwright), Bud Moore, Vivian Moore, Walter Mori and Melvin Wynne Hughes as members. Harold Lloyd was the club leader. Each member purchased registered seed and grew a plot of it on his own acres. The plot had to be at least an acre in size. Records were kept and the yields were judged on the field and how it was kept.

The following year, a sewing club was organized with 8 members purchased a purebred gilt and fed and looked after her which she showed. The members were Jacqueline Hughes, George Black, Marjorie Lloyd and Rose Ann Hughes. Mrs. Sid Shepard, the present leader, was the sewing club leader. Family pictures in the club were in the style class. Sharon Morrison and Graham Some of the boys under the Wolves Bros. Ian Haynes, Roy Schultz and Anderson. If you will remember, J. F. Kallal represented this club in judging competitions. John in 1951 when he was in second in the Grand Championship.

About 1952 the 4-H club was formed. This is the year I intend to open to start if the years same. J. F. Kallal and Herbert Moon were the first Tofield boys to win a judging competition at the Toronto Winter Fair.

Fifty years ago there existed in the Tofield district a 4-H club. The boys were interested in the raising of pure bred livestock. The club was known as the Tofield Calf Club. The past few years we could see the members to continue this. Many local farmers, as many of ceremonies introduced there weekly meetings. Tofield 4-H history. Harold Schultz spoke on the early thirties. Jack Fraser on the early forties. Guest speaker for the evening was Gordon Wright. Mr. Wright spoke on 4-H work and he also showed some movies.

(By Jack Francis)

You have heard from Harold a history of what was going on the first 4-H activity in this area. Following this 4-H Grain Club was active in the Tofield area from about 1935 to 1942. It was under the supervision of District Agriculturist J. L. Keens and W. J. Moore who operated out of the Department of Agriculture office in Camrose.

The 4-H Beef Club in Tofield was organized in 1950 with Mr. Walter Mc[illegible] as the leader. Mr. Mc[illegible] taught junior calf classes in the district formed a 4-H Beef Club which has continued to the present time in the Tofield district.

The 4-H Sewing Club was organized in 1951 with Mrs. Mc[illegible] as the leader. Mrs. Mc[illegible] taught junior calf classes in the district formed a 4-H Beef Club which has continued to the present time in the Tofield district.

"FAREWELL" REV. KOLBER

The family get-together in farewell to the Rev. and Mrs. Kolber after church services was most successful with an abundance of food served at the dinner. The president of the UCW presented them with a bedspread. Ray Reinhardt gave a message from the Ross Creek community expressing the sentiments of all, as to how much we will be missed. Rev. Kolber did much for the teen-agers of the Ross Creek here.

Your correspondent would like a correction on the account of Chipman 50th anniversary parade. Lasting Bastard drove a 1922 tractor pulling the float on Wagonwheels of the Ross Creek store helped to make. Gals-misers of the district riding on it were Mr. and Mrs. Frank Wilmes, Mr. Yarmish, Mr. Martin Kuysen. Mrs. Rustand was spinning wool on her old spinning wheel on the float. Another Ross Creeker in the parade was Roy Reinhardt driving a team of beautiful horses at the head of a small section of the Chipman Whoa Paul.

Mr. and Mrs. Leo Sweet of Morningside were Saturday guests at the Howard Malcolm home.

HATS OFF TO THE LADIES

These ladies are very charming, indeed, but look at those hats! The lovely models, left to right—Mrs. S. Farm, Mrs. H. Powers and Mrs. F. Manderson—were only a small part of the many women (30 in all) from Ryley, who got tired of begging their husbands for hat money, and decided to make their own. The ladies modelled their creations at Ryley's first Fashion Hat Show, June 24. —Photo by Peter Nickel.

Ernest Kennedy ordained Baptist Church minister

An ordination service was conducted in the Tofield Baptist Church on Tuesday, June 25, at which Ernest Kennedy was ordained as minister of the church after having pastored the church for the past three years. Ernest has been very active in church and community work while pastor here. Mr. Wickens, head of the Board of Elders, represented the Central Baptist Church in Edmonton, took over the service as master of ceremonies.

Rev. Francisco of Fundamental Baptist Church, gave the message in which he particularly gave the one to be ordained his charge as a minister of the church, after which Rev. Lang of Bethel Baptist Church in Calgary gave the charge to the church.

Mr. Ernest C. Manning officiated the ordination and Rev. Kennedy closed the service with a short message and prayer. Following this, a time of fellowship was enjoyed, and refreshments were served in the church basement.

Around the town

Last month's hundred-a-month draw was won by Darleen Dunlop.

The Cliff Patterson family, former publisher of The Tofield Mercury, were holiday visitors in the district last week, renewing acquaintances with many old friends and relatives.

The PWUA will meet with Mrs. Wood Sears on Thursday, July 11, for their regular meeting.

The George Heldebrecht family, of Calgary, were Tofield visitors over the holiday week-end.

Accident Peterson dies in road accident

(Mrs. B. Gladue)

HASTINGS LAKE: The district was saddened at the tragic death of Arnold Peterson, who was killed in a road accident on June 21st. The deceased was the second son of Mrs. E. Peterson.

He is survived by his wife, Mary, and four small children, his Edmonton; his mother Mrs E. Peterson of Hastings Lake; four sisters, Dorothy (Mrs. Kelly) of Chinook, Vera (Mrs. Croucher) of Edmonton, Louise (Mrs. Nielsen) of Edmonton, Norma (Mrs. Anderson) of Vancouver; and three brothers, Ray of Hastings Lake, Ernie and Floyd of Edmonton.

The funeral took place at the Andrews - McLaughlin Funeral Chapel in Edmonton on Wednesday, June 26th.

Witness meeting at Vermilion

"Neither the East nor the West will be successful," so stated C. T. Stanton, district supervisor for Jehovah's Witnesses, to an attentive audience of 265 in the Elks' Hall at Vermilion last Sunday afternoon.

Mr. Stanton was speaking on the subject, "Who will win the struggle for world supremacy?" which climaxed the three-day assembly of Jehovah's Witnesses. Throughout the discourse the pointed out how the real struggle of the nations for world domination is now being overpowered by a divinely backed government which will succeed.

According to Bert Cornelius, spokesman for the local congregation, this was a most enlightening and upbuilding assembly, centering around the theme, "Right kind of ministers".

"This convention helped all of us as attendants to improve the quality of our ministry and gave us a greater appreciation of our commission as ministers," he stated.

From this assembly many delegates will continue their travels on to Milwaukee, Wisc., to attend the first of 24 conventions of Jehovah's Witnesses to be held around the world this summer, ending in Pasadena, Calif., Sept. 1 to 8.

Around the town

Herman Wiebe and daughter and son-in-law, from Coaldale, were Tofield visitors over the long weekend. Mr. Wiebe is a land owner in the Sherard district.

Bill Finn was a brief visitor at his home over the week-end, returning Monday morning to his new residence in Penticton B.C. where he was transferred recently. His family is planning to join him in a few weeks.

VOL. 11—NO. 44 and Western Weekly Supplements Thursday, July 4th., 1963

July 1st celebration huge success

A very co-operative weather man helped make this year's July 1st celebration a wonderful and memorable day for all who attended.

To start the big day off, a group of clowns, including a Royal Austrian Mounted Police look over the town, mounted on two old model cars and a shotgun which blasted out several occasions bringing back the wild western days. The clowns entertained the audience while waiting for the parade to begin.

PARADE WINNERS

The parade, led by the Tofield Band, was quite successful, although not as many floats took part as were entered. Judging on the parade grounds, the ribbons were judged by Bob Cross and Carl Nerd of Ryley. Prizes were awarded as follows:

Best Town Float—St. Lions Club; 2nd, Tofield Library.

Best Commercial Float—Co-op.

Best Decorated Bicycle — Janet Shaw, Dixie Girl; Harry Gerrie

Best Children's Costume — Colin Bostick.

Best Decorated Car — R. A. Swift Tofield Service Garage.

Best Horse and Rider, Best dressed and rudest—Mrs. Ed Begg Herdman and Marg Lloyd, Ryegrass and Sunbonnet, not in the above categories.

Judges were Bill Mumgerter Wilmc, Hallcrest Farms; Harold Hinchliffe, Tofield Hospital Society.

BALL TOURNAMENT—

At the sports grounds there was entertainment for all. Many were gathered at the baseball diamond where there was a good sense features were in play. The senior games started at 10:30 a.m. in a battle between Holden and Tofield, which was won by the Holden team marching the first defeat to the local boys this season. The second game was a win for Lions over Ryley Hardo also won in third game in an encounter with Round Hill. In the 4 yard Hardo went full tilt for a goal and edged out Holden to capture the top spot for the day, ending to some 7 points. It has been a good many years since Hardo captured the Tofield Sports Day tournament, but if their play on Monday is any indication of future prowess, it won't be the last.

While the ball games were going on at the diamonds, a large part of the crowd took in the cutting and jumping horse show, while it is by energy one unfeered three. In the Hu-

Oldtimers honored by Historical Society

Grace Phillips

Over 120 old timers of the Tofield area were registered with the Tofield Historical Society on July 1st. Most of these were in 1900 or sooner, Mrs. Bennett and Mrs Phillips were kept busy registering from 11:30 to 5:30.

The oldest person to register was Mr. J. J. Carter who is "Shorty" or "Dad" to Tofielders of 50 years or old and was proudly showing a picture of himself as a member of a curling team in the Veterans home in Edmonton. Also present was Stanley Davison. Mrs. H. Schultz and Mrs. George Heldebrecht.

Mrs. Mary Tiedemann and Mrs. Edna Dunn of Deville had contributed quite a bit to the display of historic articles. These contributions surrounded those of the Tofield Historical Society with greatly enlarged by the many specimens. The display here are also a lot of special interest and touched many emotions among the senior citizens.

The ladies of the Ketchamore district served coffee all day to the oldtimers. Rev. W. Hammett was present with the Kennedy president Harold Schultz.

Hazel and Conrad Patterson had the museum entries most attractively arranged and labelled. They were assisted by Jim Francis, Bill Lancaster and Willard McKelvey. This is an enormous job but well worthwhile for the pleasure it gives.

The picture of James Pruden was on display by courtesy of Mrs Lily Tredemann, his granddaughter. A personal letter from the Historical Society will be sent to Pruden in the Mercury, concerning the Pruden family. A recent reference to this family in The Mercury said that Mrs. Tredemann was related to the Legates and MacKenzies. Mrs Tredemann says that, although all three families were friends they were not related.

The confusion regarding the name of the cemetery recently under discussion might be cleared up simply by attention to the name of the church. It was "St. James the Apostle Newton Legate" on the original document proclaiming the diocese. This document was on display on July 1 1955, when Rev. V. Cobb succeeded in the occasion. Canon Newton was the chief officer of the Anglican church in this area and "Legate" referred to the post office and trading post operated by Robert Legate. These facts have been lost from the time in that area. The graves recently "discovered" were well known by early residents and the Tredemart family, who once occupied the land now owned by Joe Larchuk. Knowledge of the existence of these graves as did, of course, the relatives of the people buried there.

The Tofield Historical Society won third prize in the parade for its horse-hild pairy of an early-era reaper driven by Clifford Appleby, a story beef in pioneer days and driven by Herman Tiedemann and a democrat driven by Jason Henderson.

As far as any member of the Historical Society can remember no Ascotman, Dominion Day celebrations have been held since 1900 officially and probably much earlier unofficially. Jim Francis remembers the celebration of 1904, but is quite sure others were held sooner. This information was relayed to the Community League when the advertising posters were being designed. As far as the Historical Society knows, the league were correct—it was the 63rd annual sports day. If any old timer can remember or has records of earlier ones, the Historical Society would be glad to have that information as we are vitally interested in having accurate records.

Miss Edith Davison was the resignation of the pioneer woman as she illustrated the dying art of spinning. She had an audience of wide-eyed children watching her most of the day.

It was a grand Dominion Day! The president and executive of the Tofield Historical Society wish to thank all those who helped in any contribution to the Community League's Dominion Day celebration.

Don was president of the Holden branch several years ago, and has always been an active member helping in all its activities. Mrs. Stambaugh has been a most active member of the Auxiliary, and has served in various offices, being installed as president this year, from which office she has recently had to resign.

It is with regret we see them leave our community, and wish them every success in their new home.

Mrs. Stambaugh was presented with a corsage and mum from the Ladies' Auxiliary, and a purse of money was presented to the couple from the Legion.

Friends to help them celebrate their silver wedding anniversary.

Ingvald Ness was emcee, introducing a program of several songs by Mrs. Ness and brothers and sisters-in-law, a solo by Mrs. Lyle Christenson, reading by Lyle Engt, duet by Dianna Rue and Randy and Audrey Anderson.

Mrs. Flint Ness spoke on behalf of the LCW and Bill Stromberg on behalf of the congregation. Mrs. Vera Hansen presented a beautiful chest of silverware to the couple from the family; Norman Hagen presented a large silver tray on behalf of the Hagen family and Glen Ikawwa presented Mr. and Mrs. Ikawwa with 25 silver dollars in a picture frame from the Ingvald Ness families. Ingvald Ness presented a purse of money from the Community and a lovely pole floor lamp was received from the Lerbekmoe families. A wedding cake made by Miss Mabel Rimerson and Mrs. Ingvald Ness and beautifully decorated by Mrs. Evelyn Hiash, centred the table at which the honored couple were seated.

Lunch was served by the LCW.

Many happy returns

We slipped up last week in drawing attention to the 96th birthday of our Dominion . . . not that it passed unnoticed, of course. Nearly every-one took the day off to celebrate.

But so far as our own observations were concerned, that's about all that most people in these parts did to observe the occasion. We didn't see any flags out, we didn't hear of any sports days locally, we didn't hear anything going to be much to be interested in come our Centennial in 1967.

There are a few features of the American way with which we do not sympathize, as many of our readers know, but one of them is not their almost coast-to-coast celebration of the Glorious Fourth of July. Give the American a flag to wave, and he'll organize a band and launch a parade. Would we were more like them in this respect.

All the same, we do feel that if more flag-waving (and we DO mean the Red Ensign) isn't promoted, if more sports days aren't promoted, if some place, sometime, more of us don't get together and sing The Maple Leaf Forever, and other strictly Canadian songs, if we don't actively get out and build up more interest in our birthday, every year, then there isn't really going to be much to be interested in come our Centennial in 1967.

Tempered in the fire

Finance Minister Walter Gordon is certainly finding his mettle tempered in the fire these days, with fuel being fed on the flames both from within and without the House of Parliament.

As of Tuesday night, he had managed to survive the third confidence motion made by the Opposition, but the fires are burning bright all around him, and may yet unite to engulf him in a conflagration.

On the face of it, even though Mr. Gordon was born with the fabled silver spoon in his mouth, it seems incredible that he should be so wanting in political astuteness as to leave himself open on so many counts, or to leave the party or what is much worse, the country, vulnerable on so many fronts.

As the MacDuff Report on this page points out, the 11 per cent sales tax was something which the previous administration intended to repeal also, though it cannot now be known whether that administration would have been quite so sudden, quite so broad, or quite so blunt in the application.

Certainly, as Mr. Gordon told Parliament only yesterday, he was faced with the tremendous need for recovering higher tax revenue, and it was a case of removing the tax exemptions, or increasing either the personal income tax or the corporation tax, both of which he feels are already high, too high to be increased. And the only sensible thing we can do is face the fact that if we keep calling for more federal assistance on every conceivable occasion, we are going to have to keep axle-ing up ever-increasing taxes to pay for them.

On the other hand, it seems almost beyond belief that a government trying to increase the operating level of Canadian business would not have eased in the increased operating costs on a graduated scale, so that the business circle would have had time to adjust to the program without crippling dislocations. There should have been no sudden lowering of the boom, any more than a weather engineer would suddenly snap shut the spillway gates.

However, the damage is done. And the clamor that arose from the financial circles over the take-over tax of 30% is nothing to the din that is being raised by the construction industry, and the manufacturing industry, including the major periodical presses. Ever at a disadvantage as compared with their American giant counterparts, they are now going to be faced with advertisements prepared tax-free for publication in the edition printed for Canadian circulation, while the Canadian operator pays tax on everything.

As we said earlier, we are sympathetic to the aims Gordon had in mind in framing the budget. We are sympathetic to the pincers he intended to apply to foreign ownership . . . to perhaps the gradual tightening of the withholding tax level proved inefficient without the 30% levy he had to back down on.

What happens to this area of the economy, however, is not nearly so important as what happens within the country, on which day-to-day operations depend. And for good or for ill, this must be straightened out in the very near future, whether it comes up in the normal course of debate on the budget, or is singled out.

. . . Trial by fire

MacDuff Ottawa report

OTTAWA.—A few years ago a history of one of the major Canadian railway unions was published under the title "I Was Never Easy". Up to a few weeks ago Walter Lockhart Gordon, Minister of Finance, might have written an autobiography entitled, "I Was Always Easy".

Mr. Gordon was a man born to surprise. He came from a well-to-do family stepped into a prosperous family-connected chartered accountancy firm as a young man and went on to become the head of a number of other thriving companies. His pleasant, easy-going manner only partly covered a self-confidence and inner toughness that rubbed more than a few people the wrong way.

Over the years, he established a reputation as an eminent Canadian, an outstanding adviser to both business and governments. He became prominent in the public eye in the mid-fifties, when he served as chairman of the Royal Commission on Canada's Economic Prospects.

Long a close friend of Lester Pearson's he quickly became one of his closest advisers after the latter took over the leadership of the Liberal Party in 1958 and began the difficult job of re-building after the disastrous election in March of that year. Mr. Gordon played a prominent role in the formation of Party economic policy, acted as a chairman of the national campaign committee in 1962 and 1963 and was a natural choice under all circumstances for the portfolio of Minister of Finance.

When the Liberal Government took office on April 22nd, Mr. Gordon began as one of the brightest stars in an unusually bright galaxy. Before the end of the famous 60 days of delay promised by Prime Minister Pearson, Mr. Gordon's shine was badly tarnished. He was probably the worst difficulty of his life, fighting to prevent a short-lived political crisis from suddenly being cut short. At the time of writing this political future was still cloudy, even though the outlook was brighter.

Part of Mr. Gordon's troubles stemmed from his attempt to act too much like a businessman in dealing with political problems, while the other part stemmed from his failure to be businesslike enough.

Possessing the dilution of some businessmen hold sacrosanct views, Mr. Gordon decided to bring his own board of experts from Toronto to help draft the budget which he planned to put before Parliament within the first sixty days. He either failed to consult the permanent senior officials of the Department for their advice or rejected it while at the same time he relied on the advice of men supposedly in the investment field who had little serious and inexcusable error — men who by no stretch of the imagination could be said to have achieved a station in their private business comparable to that of Senior Finance Department Officials in Government.

NOT LONG TO WAIT

Mr. Gordon found himself in deep trouble the day after he had brought down his stridently nationalistic budget. Across the country he was severely criticized for having removed the exemption from the 11 per cent sales tax on the machinery, equipment and building materials on the charge being levied on the ground that these items were essential to the flow of foreign capital into the country. Grave concern was also expressed over the measures aimed at discouraging the big flow of foreign capital into the Canadian economy to foreigners. But at the outset Mr. Gordon's trouble in the House of Commons turned around the disclosure that two out of four private experts retained by the Minister to participate in the preparation of the budget were still on salary with Toronto investment houses.

The following week Mr. Gordon was forced to face a new humiliation with his almost unprecedented withdrawal of the budget resolutions, because it proved to be administratively undesirable. Opposition members' glee at his discomfort quickly turned to mock anger when they suddenly recalled the Minister had also broken with precedent by making the announcement while stock exchanges were still open, presenting an opportunity for market professionals to make a possible killing.

The budget presented by Mr. Gordon appeared to have two main objectives: to move toward a balanced budget after 6 years of easy and continuous budget deficits and to move toward the end of the trend of the growing ownership of Canadian resources by foreign capital. The objective of decreased foreign ownership laid down by the Minister would be readily acceptable to the bulk of Parliament. Considering that its effect is thus diverted and led to the foreign exchange crisis, it is hard to understand how Mr. Gordon would not move to this objective more quickly. How he put himself in the position of having to explain that this was apparently a new objective is not yet to be explained. Also unexplained is why he decided to provide stronger new incentives for Canadian capital to flow into the ownership of domestic assets by 1971 gap that presumably would be filled by this encouragement of foreign capital.

As a result of his baptism under fire, Mr. Gordon's political astuteness may have developed a finer temper. It may be he is likely to be mortally harmed the next time he is subjected to flame. And this could be soon. It is clear that the Liberal Government will want to make its peace with the business house in order. The question is whether Mr. Gordon's political heart can be in it. Is something which ne'er he can abide. Most people who know him have formed avoid that it will be. He remains a considerable man—and he has not been overlooked that many great political leaders have been badly burned. The test of the largest men is not whether they fall but whether they can pick themselves up again. We shall soon know.

As the bride and groom were being driven away from their church wedding, the bride burst into tears. The groom wanted to know what was wrong. She wailed, "Cherishing's over, showers are over, wedding's over— I could go on!"

BY GEORGE!

FROM HERE TO PATERNITY

I have lost all faith in the stork!

He was due to visit our house last Saturday, and at the time of writing, he had not yet made his appearance. I had fully planned to use this space this week to announce the arrival of a son and heir . . . and now that I have used it to make my complaint known, he probably will double-cross me again by arriving before the issue of The Canadian is out on the press. Mind you, Mr. Stork with a Monday holiday, you will have only one day in which to do it.!

The next time I pay a visit to the zoo I plan to go straight to the stork's cage and register a complaint . . . I'm not much more punctual.—I'll tell him.

I shall drop next time with a pelican or a penguin.

Still, instances of late arriving family increase is the subject of much conversation around. I'm almost afraid to walk down the street for every second person I meet says "Where's my diaper?" or "Have you people call at our home?" or a look of surprise at their faces when they see me, and then they exclaim something like: "What are you doing here?"

Well, maybe next week . . .

MANY ATTEND CHURCH SERVICE

The Sunday School picnic was enjoyed by a large crowd on Sunday at Hastings Lake Bible Camp. Pastor Anderson read from scripture and led in prayer, and everyone joined in singing the table prayer before the pot luck dinner. In the afternoon a game of softball was played, after which ice cream and cake were served.

Mr. and Mrs. Sam Chasenon have returned from their holiday, spent with relatives in Ontario.

Visitors at the Lester Severtson on Thursday evening, in honor of Mrs. Don Lewis's birthday were Mr. and Mrs. Ralph Dahl of Camrose, Lawrence and Merlin Rode, and Mr. and Mrs. Glenn Reil and Brenton.

Birthday surprise for Chris Hovland

PALMER-EARLING, June 28—Chris Hovland was pleasantly surprised last Friday when friends drove in to mark his birthday. He was busy looking over the spraying operations and checking on his feeder calves when the self-invited guests arrived.

Present were Mr. and Mrs. Harry Sherbinski, Mr. and Mrs. Martin Mendahl and Leon Johnson of Camrose, the John Bruce, Fertile and Lewis Pierce and Joe Knudsen. Lunch was served with a pretty pink and red birthday cake made by his niece, Mrs. Bruce. On behalf of those present, Mrs. Lewis Pierce presented Chris with a purse of money and the good wishes of all.

Joseph Mayhem laid to rest

Funeral services were held at Sacred Heart Church, Chauvin on June 26th at 10:00 a.m., for Joseph Leonard Mayhem, who passed away at Tofield at the age of 68 years. Rev. Fr. Theroux conducted the service.

Mr. Mayhem was born at Regina. At the age of 8 he moved with his family to Kenora where the family farmed until 1939 when Mr. Mayhem moved to Chauvin with some of his sisters and brothers. He continued farming until 1942, when he married Minnie Furbate. In 1962 he moved to Lindbrook, where he purchased a store last September operating it until his death. He was killed when his car was struck by a west-bound train at Tofield.

He leaves to mourn his passing, his wife; one son and two daughters Irene 14 and Roger 16, sisters and four brothers, Irene (Mrs. Sanderson) in California; Mrs. Van Hoorn in Nova Scotia, Alice (Mrs. Montgomery) in Fort William, Flora (Mrs. Jalbert) and Mary (Mrs. Meehan) both of Medicine Hat. Edith (Mrs. Hall) in the district of Hawk Hills of many kindnesses shown to us by friends and neighbors during our sad loss of husband and father. We deeply appreciate the expressions of sympathy. Special thanks to Mr. and Mrs. Armand Gerard and Clifford Mayhem of Chauvin and Mr. C. Beamford of Lindbrook.

Peter's potter

The life of a newspaper photographer can sometimes be most interesting, and one of the first reasons one learns is to expect anything. But who would ever expect to be the only man in a group of 10 women 20 of them, gorgeous models. It sounds very interesting and was very intriguing. After seeing 20 different women's hats which each model made herself I can now combine all their ideas and make a hat for my self. But I seriously doubt that I would be successful. This would be an interesting as I could probably write a book on all the comments I would hear, together with the comments I drew when my hair was recently by onlookers for grass and some one ran over it with a lawnmower As a result, one passer-by on the street asked "What's your number, Buddy?" Now I wonder what he meant by that!

Jobs needed

An exchange this week criticized the government for major make-work projects aimed at reducing unemployment with the comment that frequently the reduction lasted only for so long as the project took to complete . . . with no after benefits. The criticism was offered that more effort should be directed toward encouraging industry to establish new fields of enterprise which would provide new jobs on a continuing basis, using tax incentives, write-offs, subsidies, short term loans, or whatever other means were needed.

This is all very well, but can new industry alone provide the answer in this day of increasing automation coupled with increasing work forces? We doubt it. Our own belief is that more workers will have to be educated, encouraged, and assisted, if need be, in setting themselves up in service businesses. As industry becomes more and more automated, freeing more and more workers, it is the service business, calling for individual skills, individual preferences, and individual tastes, where the hope of thousands of workers must lie

End (?) of the budget

The House of Commons isn't necessarily through with Walter Gordon's budget, yet, but for all practical purposes the matter is wound up for this year. With Mr. Gordon's pronouncement on Monday evening, the matter can be presumed fairly well to be settled. We think he exercised the better part of statesmanship in reducing the sales tax on hitherto exempted fields from 11% to 8%, at the same time serving notice that it would rise to the higher figure in months ahead. Indeed, the 11% did not immediately apply to all those presently collecting it. Only a few years ago it stood at 10%, having risen to that level after years at 8%, and so on. On this basis, then, as we pointed out last week, it was most unreasonable to drop 11% to hitherto untaxed areas.

On the other hand, we agree with Mr. Gordon that the budget should be balanced, and if this is agreed, then more taxes must be raised. No matter where the increase fell, it would have proved unpopular.

We heard the suggestion advocated the other day that additional taxes be imposed on liquors, tobaccos, and other luxuries, before the needs of everyday concerns be taxed. However, it would appear the government has already given some thought to the matter of equality, that liquor and tobacco already bear very high taxes, and that no one section of the community should be called on to bear disportionate taxes. If this be true, then the exceptionally high tax on corporations may have to be reconsidered. It has grown in only a few short years from a modest tax of about one-sixth, to over a half. And while every corporation wants to make a profit, there comes rolling across the years the story about killing the goose with the golden eggs. We don't know that the goose was named "Industry", but if it weren't, we'll bet that was the gander's name.

Child exploitation

We thought the principle of using children to gain an end had been discarded years ago, so we were surprised and disgusted this weekend to learn of a United Church cleric in Edmonton urging children in his flock to achieve the end which adults could not gain by reason, that is, by persuasion and appeal to eliminate smoking among their parents.

The appeal, of course, was partly based on recently gained knowledge that smoking tends to increase cancers, and partly, we surmise, on a long-standing prejudice against smoking as habit-forming.

It occurs to us that many of these prohibitionists are overlooking the fact that the great majority of these smokers are not sufficiently heavy users to be seriously endangered. Certainly it can be argued that it's only a matter of degree, and they're trying to save lives. If this is the case, why not tell the kids to urge their parents to stay off the highway . . . over a hundred killed last week-end alone. Why not tell the kids to have their parents stop drinking water . . . it's chlorinated, and that's poison. Of course, it's only a very minor amount of chlorine, but we've already established the fact that it's only a matter of degree, and we're trying to save lives. What about the poison that's used in the preparation of candy, and strychnine has been used for years in coloring candy.

Sure this is nonsense, but only to a degree, such as setting youngsters on their parents is.

Ghosts . . .

MacDuff Ottawa report

OTTAWA. — Are the ghosts of 1935 back in the House of Commons to haunt a Liberal Government and its programme of decisions?

In top place on that programme has been the Government's decision to create a Department of Industry under the new Minister of Defence Production, Hon. C. M. Drury.

Mr. Drury can be pleased with the brain trust of the Pearson Government.

He was more one of the young-ed Deputy Ministers in the Government service and in the Department of National Defence. Long before that he had been the youngest brigadier in the Canadian Army in World War II.

This is the target toward which the former Prime Minister, John Diefenbaker, has pointed his long finger in recent days charging that he is being given absolute powers of an economic czar or, in other words, the C. D. Howe of 1963.

REACHING BACK INTO HISTORY

Just eight years ago the same charge was levelled at Mr. Howe himself as he sat behind his newspaper, making sure that everyone knew he was not listening and couldn't care less.

It was levelled by Mr. Diefenbaker, Howe's predecessor as chieftain of the Conservative Party, the late Hon. George Drew, also heading a determined filibuster to block extension of the Defence Production Act of 1955.

The Act was to give Mr. Howe very sweeping powers to regulate and control industrial production. Even the Tories admitted that these powers had been necessary to meet the job of defence production under way. They even admitted that they might be necessary for a year or so longer. What they would not stand for was their incorporation in a permanent statute. Through an unseeing July heat wave they talked to prevent passage of the bill until the members of air conditioning had received their quota in Commons chamber. They succeeded in talking it to death at 56 degrees in the shade when someone turned on the steam heat in the Parliament buildings. There are Tories still who remember that day and who never did quite live down the ridicule by an exasperated Government.

Then Mr. Howe himself arrived on the whole thing. In the middle of it all he went off to bring to the fore his new-born Prime Minister St. Laurent had gone more than half way to meet Conservative demands. Many of Howe's wings had been clipped.

SEES IMPLICATIONS

The Defence Production Act remains now only the customary peacetime powers to the Minister. Another who stood to gain, is defined for the role of dictator. But Mr. Diefenbaker sees their restatement of the new Department of Industry. If the bill was before the House it would mean the abolition of Parliament.

That action is no echo of 1955 and sometime about which Canada of the time became weary and more dominated until they finally turned out the St. Laurent regime.

Mr. Diefenbaker and Defence Minister Pearkes, V.C., have called through a day of 90

CANADIANS EARN APPRECIATION OF INDIAN FARMERS

Albert Booth resident of Sutton Junction, Quebec, receives from Mr. B. P. Bhatt, director-general of All-India Radio, a hand-carved statuette of a Hindu farming goddess presented to the Sutton Junction Farm Forum as a mark of appreciation from the citizens of India. The Sutton Junction group was the first of many Canadian Farm Forums to provide radio sets to their counterparts in India under a "Radios for India" plan. On the left is Alphonse Quimet, president of the Canadian Broadcasting Corporation, whose radio in turn carries the Farm Forum broadcasts in Canada. Mr. Bhatt was in Canada to attend the recent Commonwealth Broadcasting Conference.

From out of the past.

Another link with the early days was finally snapped this week with the death in Victoria of Mrs. Patrick James Nolan, at 93. She was the widow of the famed Paddy Nolan, one of the most capable and colorful lawyers in Alberta's pioneer days, who passed on at the age of 40 in 1913. In spite of his youth, he had a colorful career, and served on the first senate of the University of Alberta. Indeed, we are told, he even figured in a lawsuit in Camrose at one time His fame was considerably increased by many items written about him by the late Bob Edwards with the favor being repaid when Nolan was asked by Lord Mount Stephen of CPR fame to prosecute a libel suite against Edwards. Nolan declined with the comment that even if Stephen did win, which was doubtful, Edwards had no assets to seize. His son, an Alberta Rhodes scholar, who was chief prosecutor at war crimes trials, died in 1948

Wiltzen-Carlisle wed at Tofield

Vows were enjoyed in the Tofield United Church on Friday, June 21, at 7:00 p.m. The setting for a lovely wedding in which Donna Lee, eldest daughter of Mr and Mrs Donald Carlisle, became the bride of Kah-in Royce, youngest son of Mr and Mrs Frank Wiltzen. Rev. McDonald performed the ceremony.

The bride, given in marriage by her father, looked radiant in a full floor-length gown of white organza with neckline and front trimmed with sequins and pearls and full-length sleeves. The chapel-length veil was held by a crown of sequins and pearls, and she carried a cascade bouquet of red roses.

Attending the bride as matron of honor was her sister, Elvera Carlisle, who wore a pink nylon dress with full skirt topped with lace bodice, matching headpiece, white shoes and gloves. She carried a heart-shaped bouquet of pink roses. The bridesmaid, Miss Betty Floyd, wore an identical dress in yellow, with matching headpiece, white shoes and gloves, and carried a heart-shaped bouquet of yellow roses.

The groom's attendants were two friends Ed Newbihie and Don McKenzie. The ushers were Wayne Carlisle, brother of the bride, and Janet Wiltzen, sister of the groom.

During the signing of the register, Mrs Dorothy Williams and Mrs Kay Cossette sang "O Perfect Love", accompanied by Mrs. E. Stinson. During the ceremony they sang "I Love You Truly".

Following the ceremony, the reception to 85 guests was held in the church basement. Mrs. McDonald proposed the toast to the bride, to which the groom ably responded. A telegram was read by Ed Newbihie from the bride's aunts, uncles and cousins in Vancouver.

The bride's table was centred by a three-tiered cake baked by the bride's aunt, Mrs. R. Bernyckh, and decorated by Mrs. N. Stauffer.

For her daughter's wedding Mrs. Carlisle wore a yellow and green dress, with pink corsage on corsage. The groom's mother was in blue and white with yellow rosebud corsage.

In the evening, a wedding dance was enjoyed in the Tofield Legion Hall.

For going away, the bride chose a beige two-piece linen suit with white accessories and a corsage of red roses.

Following a honeymoon in Banff, Jasper and Golden, B.C., the happy couple will make their home on the farm at Rose Creek.

On Sunday, June 30th, a supper and bridal shower was held at the home of the groom's parents, Mr. and Mrs. Frank Wiltzen, with a number of relatives and friends in attendance.

Ross Creek news

(Mrs. Bessie Pedersen)

ROSS CREEK, July 17th — Sympathy of the district is extended to Mrs. Ray Reinhardt and all the families on the recent passing of their mother and grandmother, Mrs. Ida Wickett. Mrs. Ida was the little old school lady who used to play the organ when used in a church. Funeral services were held July 16th in Edmonton.

Wyman Osborne is a patient in the Tofield hospital.

The weather was very fine for the lawn party held on the farm of the elderly folk Sunday. Quite a number were able to attend.

Alex Duncan from Wetaskiwin spent the weekend with relatives, attending the lawn party on Sunday.

Mrs. Ortelia Bisay returned with her sister and brother-in-law from the States to have a holiday with them.

Orville and Margaret Hopf accompanied George and Wm. McLachlan on a trip recently.

Howard Malcolm and wife spent three days fishing at Moon Lake. Ernie Ferrels' family went there for the weekend.

Ray Cossey celebrated his eighth birthday last week with a party for his little friends at his home.

The district welcomed Bill and Belle Lauzon of Keephills back to Ross Creek. They spent the weekend with Art and Mary Ferrel and attended the lawn party on Sunday.

Archie and Bertha Malcolm and Mildred McMillar of Edmonton were coffee guests at the Howard Malcolm home on Wednesday and supper guests at the Brian Malcolm home.

Neil and Howard Malcolm were visitors with Bessie Pedersen Monday evening.

Solar eclipse

The picture at the side taken by Ken Pairige shows the eclipse as it appeared in Camrose, while the picture above, which was made available by Langholt Studios, was taken from the DC-8 aircraft which made a flight right down the path of the total eclipse. Flying at 525 miles per hour, while the sun moved across from Canada at the rate of 1,700 miles an hour. Use of the aircraft to pursue the shadow increased total visibility time from an estimated 100 seconds to 142 and four-tenths seconds. A total of 144 seconds would have been possible.

Sixty scientists crowded aboard the DC-8 to take scientific observations and measurements, including the observation purposes United States astronaut Scott Carpenter.

Pre-nuptial shower honors bride-elect

RYLEY, July 22 — A miscellaneous shower was held on Saturday evening in the Lutheran Church dining hall for bride-elect Miss Rosalie Hellesøe, whose marriage takes place to Mr. C. Perkins early in August.

After a few games conducted by Mrs. T. Anweiss and Mrs. Neil Orr, Mrs. J. D. McDonald presented Rosalie with a nice kitchen shower gift, wishing her much happiness in the future, to which Rosalie ably replied.

A very tasty lunch was served and enj oyedby all.

Egg in the basket

A very rare and uncommon phenomenon took place on the farm of Mr. and Mrs. Gordon Blanchard the other day. Mrs. Blanchard reports that one of their Black Minorca pullets laid her first egg at the early age of five months. Usually the pullets begin laying at about five and a half to six months.

Robinson, Little & Company

of Winnipeg is the representative organization and offers the local store the benefit of a central buying organization backed by experts in all phases of merchandising and service.

The new store will be another clear indication that Tofield is a town with a growing future and is rapidly becoming a centre of considerable importance in the development of the province.

New Robinson Store to open soon

In a short time, Tofield and district shoppers will be able to avail themselves of the complete and unrivelled merchandising services of a Robinson Store.

There are more than two hundred Robinson stores located in cities and towns throughout Western Canada. The smart new Robinson Store planned for Tofield will be located in the new masonry and glass building next to the Post Office on Main Street, which is presently being completed.

The latest Tofield retail outlet will offer an exclusive line of wearing apparel and confections for the whole family. Folks are urged to watch for further announcements and the official opening date in the near future. A gala opening is planned, with outstanding "specials for school" specials that will be unbeatable anywhere. Tofield's new Robinson Store will offer tremendous savings and experience in its sparkling new premises. The building is one of the latest commercial design and merits. Fixtures are planned for customer comfort and attractive display.

Around the town

Dr. and Mrs. W. James Brickman were accompanied by Mrs. J. L. Smith and daughter Edith Mary, as far as Calgary on their homeward journey to Philadelphia.

* * *

Mrs. C. S. Packham of Vancouver is presently visiting with her sister, Mrs. J. E. Stinson at the Stinson home.

* * *

In a note to J. E. Stinson, Bill Finn says he's getting settled in his new home and likes it fine. He enjoyed the meal he had at the cherry and apricot fruit growers' picnic quite a few places, due to heavy rainfall. He also mentioned reading the news of the Tofield sports on July 1st and as an ex-resident, was happy to see it had been such a success.

Mrs. J. A. L. Smith and Edith Mary are visiting at the parents-in-law home of Mr. and Mrs. J. W. Robinson.

Instant protein-potato mixes are the latest research breakthrough

A new family of instant food mixes which combine potatoes with such foods as ham, chicken, cheese, egg, and codfish have been developed at the Canada Department of Agriculture's Food Research Institute in Ottawa.

These drum-dried mixes (as well as instant-dehydrated ones) have been developed to the point where their small bulk and weight reduction can begin to test for commercial soundness and consumer acceptance of the products.

Arrangements for co-operative pilot-plant tests have been made with the Consumers' Co-operative Ltd. Cod - potato and instant shrimp are to be tested first.

Development of potato-protein products involved processing them in crystalline or granular form, then packaging them in polyethylene and aluminum foil laminated bags. Sealing was done in nitrogen gas and under ordinary atmospheric conditions. The packed foods were stored at 0, 45 and 99 degrees Fahrenheit.

The stored food was subjected to taste panels at intervals for commercial acceptability, flavor, and general acceptability.

All the products packed under atmospheric conditions and in nitrogen were satisfactory after they had been stored at 0° and 45°F. for at least six months. Those stored at 99°F., the powdered cod-potato had browned a little and was slightly off-flavor

Vocational school official opening Sept. 6

Official opening of the new composite High School in Camrose will be at 2:30 September 6th, the School Board was informed Monday evening. At the previous meeting the chairman was instructed to find a date suitable to the Minister of Education, and he chose him to be on hand.

With the date established, it was agreed to proceed with other arrangements, and several suggestions were made as to the opening program. In view of the fact that the school is a joint federal and provincial unit, invitations will be sent to Prime Minister Pearson and Premier Manning to attend.

Considerable discussion also took over the formation of an advisory council, which has been suggested in an earlier meeting, and invitations to other councils are already being sent out.

Lightning strikes district farm homes

(Mrs. J. Knudson)

PALMER-EARLING, July 19

An electric storm occurred in this district Thursday night when it struck Walter Siemaszko's house, burning a hole the size of a fifty-cent piece above the lower window in the living room, and another hole the same size in the kitchen wall near the ceiling.

On Monday, at 7:00 a.m., lightning hit the pole next to the transformer just at Daniel Resm's, splintering it, and a window pane in their house

The power was off from 7:00 a.m. to 4:00 p.m.

Visitors from Denmark

Mr. and Mrs. Eric Norgaard of Edmonton, and Mr. Norgaard's mother, Mrs. Norgaard Sr., of Denmark, accompanied by Hans and Madita Jacobsen of Edmonton on Sunday, and were afternoon visitors and coffee guests at the home of Hans and Martha's son and daughter-in-law, Carl and Mavis Jacobsen. Then later were supper guests and evening visitors at the home of their other son and daughter-in-law, Morley and Marjorie Jacobsen.

Peter's Patter

I guess an explanation is due for missing the last two issues. The last column was pulled off the press due to a last minute change in plans as I had intended to be miles away from here indulging in a week of fishing, hunting and just relaxing. However, I was informed at the last minute that the man who was to take my place was hospitalized. Little did I know then that I also would end up in the hospital next day. Big day Sunday from Thursday night to Sunday afternoon which left little time to meet this week's deadline.

Nearly every day I get some sort of mail in which there are reports from surveys in reference to the connection of smoking and diseases and lung cancer. In these conducted surveys most non-smokers are familiar with the connection, but for some strange reason keep on smoking. My idea is that every one is getting "quit smoking" but no one tells us how to go about stopping the habit. Sure, all the free advice says "one will-power". What happens to those of us with no will-power? According to my observations there seems to be very few smokers today with enough willpower to stop the smoking habit. Most of them began at an early age and, after smoking for a number of years, feel absolutely lost without a cigarette.

I have tried chewing gum, eating candy, smoking a pipe or cigars, just to keep my mind off cigarettes, but soon find myself stuffed with candy, fed up with chewing gum, and automatically reach in the pocket for another cigarette. Most complaints from smokers are that when trying to break the habit, they find their hands unoccupied looking for something to do, and to turn they dig out another fag and accept their fingers in shaking of the ashes.

Non-smokers might call us a sour lot for the prohibited but this is not correct as we are in good mental condition, but with a problem of stopping a habit we had for many years.

From the scrap book

As I walk down memory lane out of the dim and misty past come these words from my mother:

"Never wish anybody any harm, because it may re-bound and come to rest on your own shoulders, and if you cannot speak good of anyone, speak no evil".—J.N.R.

County council meets July 11

The regular meeting of the council of the County of Beaver No. 9 was held on Thursday, July 11th, 1963.

In connection with the sale of NW 11-49-12 W 4th, dealt with by resolution 347 and 383, the secretary-treasurer reported that the assistant director of tax recovery Mr. J. H. Sloane, had settled him in regards to the Crop Share deal that had been entered into with the purchaser after the sale had been rejected in the first instance. Mr. Sloane in the course of his duties, the said purchaser would have to be subject to the lease, i.e., Mr. Helmer would have to deliver one-third of all crops grown during the 1963 crop year, besides paying the $4,500 for the land. The taxes for 1963 would then come out of the sale. It was realized that Mr. Helmer would not be too happy with this situation, but that it was also realized that, in view of the fact that a number of creditors were involved in the case of the sale, the said purchaser would have to be subject to the lease and other recreational purposes and that the matter had been referred to one of the department solicitors for their opinion. In the opinion of the county office would be considered in the event that the information be received and filed. Cd.

A letter from the Tofield Gun Club requesting that the County cease to use chemical treatment for weed control and investigate the use of some other method of control was read. Mr. Ross of the Tofield Gun Club, the use of chemicals were detrimental to the welfare of the game bird population, was referred to the Council. After some considerable discussion, it was moved that the Tofield Gun Club be advised that, in the opinion of the council, very few game birds are actually destroyed by the brush spray and that, very likely, in a few years' time the County will be able to curtail the spraying substantially, that the spraying is the most economical way of controlling the brush and that it will be continued for the time being. Cd.

An invitation from the Viking and District Co-op Association for the crews to attend the official opening of the Co-op Service Centre on July 5th, 1963 at 2:00 p.m. was referred to the council. The council was informed that the crews had been unable to attend and that the secretary-treasurer had arranged for Cr. W. D. Johnson to attend the official opening Cr. Johnson reported that he had attended and had brought greetings from the county council.

Moved that the letter be received and filed Cd.

A letter from the Municipal Districts Association of Canada requesting a grant was referred to the Council. The secretary-treasurer stated that the letter might be tabled for further consideration later in the year, as other requests for grants very likely would be received from other districts throughout the year and no by-law could be passed at the end of the year.

RE-UNION

Gathered at the old homestead for a family re-union after a good many years, were Pete Lorbeshke of South Cooking Lake: Marie, Mrs. Bonoss of Vancouver; Jennie, Mrs. Hasstead of Camrose; Gertie, Mrs. John Yoder of Kitchener, Ont.; Julius Lorbeshke of Edmonton; Petra, Mrs. Stauffer of Tofield; and Robert Berreslohh, a foster brother, also of Tofield.

The old log house was built in 1904 by their pioneer father, John Lorbshkma. The home is located in the Bardo district.

Cancer campaign nets $851.14

The local Cancer Campaign chairman, Mrs. C. Pattison, recently reported that this year's local campaign was one of the best held in Tofield, with $851.14 collected. The success was due in no small part to the wonderful efforts of the canvassers who volunteered to canvass the area for much-needed funds.

A vote of appreciation is extended to the canvassers, as well as to all the contributors who help make it possible to carry on research in the cause of cancer, as well as the care of cancer patients.

The local campaign is sponsored annually by the Tofield W.A.T.C.L.

Jail sentence for car theft

(Mrs. G. H. Taylor)

HOLDEN, July 20. — It was learned Thursday that the RCMP had picked up the person who stole Chris Christianson's car last week, after having into the post hall. The culprit was a 19-year-old youth who was caught near Nisku by the police. He pleaded guilty to two charges and was fined and given a two-year jail sentence.

Mr. Christiansen's car was badly damaged, the front and rear fender being hooked as the car rolled over into the ditch before it was stopped.

7 hospitalized after 'head-on'

Seven people were taken to St. Mary's Hospital in Camrose Sunday following a two-car, head-on collision on a winding county road near Mispelon Lake. None of the injured is believed to be in serious condition.

One of the cars involved was driven by Robert Petersen, 22, Kinsman, and the other by Phillip F. Cabeaux, 27, of Edmonton.

Passengers in the Petersen vehicle were Vernon and Ray Petersen, 14 and 18 respectively, and Ted Kozak, 21. Riding in the Cabeaux car were James Cabeaux 14 and Pearl Hyatt, 18. Cabeaux detachment, RCMP, is investigating.

Vacational school official opening Sept. 6

Official opening of the new composite High School in Camrose will be at 2:30 September 6th, the School Board was informed Monday evening. At the previous meeting the chairman was instructed to find a date suitable to the Minister of Education, and he chose him to be on hand.

With the date established, it was agreed to proceed with other arrangements, and several suggestions were made as to the opening program. In view of the fact that the school is a joint federal and provincial unit, invitations will be sent to Prime Minister Pearson and Premier Manning to attend.

Considerable discussion also took over the formation of an advisory council, which has been suggested in an earlier meeting, and invitations to other councils are already being sent out.

Give Canadians a chance

Coming on the heels of the Gordon budget, which stated as one of its main objectives the regaining of Canadian sovereignty for Canadian business firms, the tax proposals made by United States President Kennedy caused far more of a stir in Ottawa than we thought they would, particularly with the Prime Minister making a personal and dramatic appeal to the president for relief.

In spite of American difficulties, it seemed like a golden opportunity, and perhaps there is still enough austerity promised in Mr. Kennedy's modified proposals to help Canada. We cannot understand why more of a concerted effort has not been made to mobilize Canadian finances.

The dominion government in recent years has issued several loans . . . admittedly on excellent terms . . . and has had every one oversubscribed. The Alberta government has gone to its citizens for money twice, and so much money was forthcoming as to be almost embarrassing.

In spite of these few evidences that the public wants to invest, and that it has untapped resources, far too few calls have been made upon them, and far too many trips to New York bankers have been made.

Admittedly, it is easier to make one trip, get all the money you need, and make one payment each year. On the other hand, when we talk about the need to encourage Canadian investment in Canada, when we want Canadians to learn firsthand about the money markets, it would seem that of all groups, the governments should be first in the field. And properly wooed, there would be thousands of our citizens who would not only help out with the secure, government-backed bonds, but also with the more speculative common stocks and debentures needed to finance industry and commerce.

There is no question of our being able to pick up all the slack all at one time, but with more encouragement and more pride in Canadian ownership, Canadians would accomplish wonders . . . just as they did in wartime development.

Obstructive tactics

A lawyer would make an historic reputation for himself if he could find a law which would make illegal strike tactics which obstruct some other section of the economy, or deprive them of income. At the moment we're thinking of the projected strike of grain handlers at the West Coast shipping ports, which could seriously injure chances of the prairie farmers to sell their grain. If reports from the Coast are correct, no problem of working conditions, pay or hours is involved . . . simply a matter of jurisdiction.

This is the irresponsible type of action which is fast losing favor for unionism, hurting as it does, innocent parties who have no interest or voice in the discussions. Under certain circumstances, obstruction can be a serious charge . . . surely the courts should find it just as odious when innocent parties are injured by obstruction through strike.

BY GEORGE!

I've been practising what The Canadian preached recently in an editorial driving with my headlights on during the daytime while on a busy highway.

No one can tell me that a car is not more noticeable when the lights are on. It has another advantage to the fellow whose lights are on in that there is no doubt left to oncoming motorists as to which way the car is travelling. In a way the oncoming motorist should never mistakenly think that a car coming towards him is a car pulling into the left lane to pass. It also helps to curb what is commonly known as "highway hypnosis".

I notice that many highway drivers are now leaving their lights on in the daytime, but they are still a minority.

About half the cars one meets without headlights on obviously have not heard of the safety factor involved, for they will blink their headlights at you, to let you know your lights are on. I always welcome this, for I know that the other driver is awake, and that he has seen me. I flick my lights from dim to bright to acknowledge his courtesy.

o—o—o o—o—o

I heard a "comeback" over the weekend for the fellow who has trouble keeping his food on his fork: tot limits, as the case may be).

At a recent wedding reception, one of the ladies turned to her husband and exclaimed, "Oh, Charlie, you've spilled something on your tie."

"Now don't you worry," calmed Charlie. "I look good in anything I eat!"

Dinant news

(Bernz Wannstedt)

DINANT, July 22. — Mr. and Mrs. Francis Wallis and Dan Weiden, of Grande Prairie were weekend visitors at the Walter Adamson and Gerhard Rosland.

Brian Lindstrand, of Ponoka, is spending the week at the Martin Lindstrand home.

— — —

Saturday evening guests at the Clarence Skaife home, to celebrate the birthday of Shirley, were Mr and Mrs. Art Skaife of Camrose, Mr. and Mrs. Martin Lindstrand and girls, the Walter Adamsons and Gerhard Rosland.

Mr. and Mrs. Malcolm Ferrie and Mrs. John Rode and friends motored to Sedalia to spend the weekend with relatives. The crops in that area are very good, as there has been abundant rainfall for the first time in many years, and farmers are looking forward to full granaries once more.

Gerry Harrison, of Edmonton, is spending the summer holidays at the home of Dr. and Mrs. Isaac.

Mr. and Mrs. Ananar Swanlund and Keith, and Miss Libby Elliott, all of Edmonton, spent the weekend at their Sylvan Lake cottage. Mr. Swanlund also visiting there on Saturday.

Mr. and Mrs. Carl Rosland and sons, of Camrose East, were Sunday visitors at the Torger Rosland home.

HOME FROM HOSPITAL

Harold Scott-old returned to his home on Saturday, after being a patient in St. Mary's Hospital for nearly a month. He is feeling much improved.

Mrs. Helen Jensen, who is visiting relatives and friends in the district, and her brother, Myron Bjornson, of Kingman, were last Tuesday supper guests at the Clarence Rosland home.

Mrs. Lawrence Hendrickson returned home on Sunday from a week at Hastings Lake Bible Camp. On Sunday evening the Hendricksons visited the George Hendrickson's at Armena.

Mrs. Bob Harrison, of Edmonton and Richard Blatchford were Sunday evening visitors at the G. Rosland home.

County Council briefs

(Continued from Page One)

This was agreed to and it was moved that the letter be tabled for consideration later in the year. Ot.

The secretary-treasurer informed the council that he had renewed for another year the petroleum products agreement with Imperial Oil Ltd. in regards to oils and greases, the agreement being for a period of 12 months to April 30, 1964.

Moved that the secretary-treasurer's action be concurred in. Ot

A report from the land supervisor in regards to spray damage to crops and gardens of C. B. Klazinger on the SE. 28 and NE. 21-50-13 W 4th was referred to the end. The report indicated that investigation showed that some of the damage had been caused by power line spraying and that the opening of the land supervisor, no damage had been caused by the land spraying equipment. The report stated that it was impossible to assess damage. This acceptance was been agreeable to Mr. Klazinger. Moved that the report be received and filed. Ot.

The resignation of the public works shop, Stan Towns, was accepted that the letter of appointment until complete with grid guard, and attachments for mounting on D 73 T series Caterpillar could be advertised for sale as it did not fit any of the county's equipment; this unit would also fit DE 70 series; also that a grid guard or DE 92 series practically new could be advertised for sale as it was of no use to the county

Moved that the items referred to be advertised for sale. Ot.

The secretary-treasurer reported that Mr. J. McArthur of Viking had contacted him in regards to placing a small cottage on skids on the county's park grounds at Camp Lake and to construct a dock on the lake. The secretary-treasurer stated that, in his opinion, this would set a precedent in that other people might want to take the same action and it could have some influence in regards to the petrolevical grant. Cr. Johnston felt that neither he nor any of the other councillors were capable of making proper arrangements for the municipal parks and it was moved that Mr. McArthur be advised that he may not place a cottage in the park at the present time and that the secretary-treasurer request the provincial parks commissioner for assistance in planning the municipal parks at Camp Lake and at Dahle.

The public works mechanic Stan Towns, attended the meeting at this time in regards to three Adams graders purchased in the spring of 1963. He stated that he had had difficulty in getting Construction Equipment Ltd. to make the necessary repairs on these machines and that the cutting edge of poor construction. Moved that the secretary-treasurer refer the complaints to Construction Equipment Ltd with request that the complaints be properly looked after. Ot.

The secretary-treasurer reported that he had on June 20 received a report that the bridge on SW. 25-48-15 W 4th had been washed out and that the bridge on NW. 25-48-15 W 4th had also washed out and that the bridge on NE. 25-48-15 W 4th had been washed out and that the bridge on NW. 25-48-15 W 4th had been

Highway accidents in June up 27 per cent from total last year

A block June on Alberta highways—injury cases reported by the RCMP more than doubled over the province's traffic death toll creeping 27 per cent above a year ago.

In reporting this Tuesday, the Alberta Safety Council put the half year death toll at 112 is higher than in the first half of 1962. In June alone 36 died, 12 more than a year ago.

The Council also said the six-month accident total, which totaled at 14,018, is five per cent higher than last year's. And the injury total—at 3,344—is 15 per cent.

"Obviously," said Council Manager Paul Lawrence, "a trend toward reading accidents is being established. And it's chiefly on the open highways."

In June, for example, he said, the RCMP reported 21 traffic deaths, 10 more than a year ago. And the injury toll more than doubled from 231 a year ago to 476 last month. At the same time, the number of accidents reported by the RCMP climbed to 783 from 669.

DEATHS

The month's toll was the equivalent of one death in every 64.4 accidents. The prevailing factor among persons in their teens and twenties: 10 in the 15-19 years age group; 18 in the 20-24; and 11 in the 25-29. And a new trend, a high incidence is appearing in the 60-64 years age group—14 deaths in the first half of the year.

M. Wood succumbs to heart attack

(Mrs. Ellen Eaton)

It is with deep sorrow and regret we report the passing of a good neighbor and friend to all around, Mel Wood, who passed away Sunday evening of a sudden heart attack while out riding around the stock in the pasture. Mel is well known to all, having been born and raised in the district. He was also a very well known Hereford breeder and stockman. Deepest sympathy goes to his wife, Ethel, son Donald and daughter Margaret also to his brother, John, two sisters Magdalene Abernethy and Esther Inkley, as well as other members of the Wood family.

Oldtimers challenge Tofield Lions Club

Last Sunday a very interesting baseball game was played in Tofield when some of the oldtimers took on the Tofield Lions girls. The oldtimers really let loose and showed the crowd they could still play ball.

Fans were very pleased to see Ilen Calvad back in the pitcher's box and were thrilled to see how he can't lose his skill, pitching curved balls. It was a real baseball that was played with Tom Taylor batting like Mickey Mantle and Jen Jones almost equal to Yogi then as well as all the other boys not to old leavers. The game lasted to five innings to be an 8-6 win.

In another game of the series day, Cal's Drugstore from Edmonton challenged the local Lions Club in a very good game. The Lions being the Dodgers flew in the last inning when the game ended in a 7-3 score in favor of the city team.

Heart attacks claim two district men

Tofield and district residents were very grieved last Sunday when reports of the deaths of two well known men from the district that same day.

Both men, Mel Wood a farmer in the Lakeshore district and Leslie McGruder from the Ketchamoot district succumbed to heart attacks. Funeral services for each were held on Wednesday.

Drug danger discussed at WCTU July meet

(Mrs. C. M. Rude)

HARDO, July 23 — Mrs. Pauline Rude was hostess for the meeting of the WCTU on Wednesday July 10. Mary Flewwelling presided in the absence of the president. Mrs. Baurer led in devotion and read an article from the "Prairie Overcomer" that expressed the opinion that God has lost authority in the church and man has taken over.

It was decided to send $10.00 for bursaries for the Western Canada School of Alcoholism. Mrs. Borgdal Rude volunteered to act as superintendent for the Sunday school temperance instruction. It was decided to send a description of the White Ribbon Tidings to a lady who is ill in the hospital.

The clips sheet on "A Dangerous Drug" was given by four members. So serious is the drug problem that it was necessary for the Federal Government to pass stiff control laws governing their distribution. In the last six months many doctors, policemen and politicians have claimed that some drugs encourage juvenile delinquency, hoodlumism and even mental insanity, destroy all moral values and may in the long run be more deadly than other narcotics. The meeting closed with the motto and prayer and the next meeting to be held at Mrs. Anne Anderson's on Wednesday afternoon, August 7th. The hostess served a tasty lunch to 13 members and 2 visitors.

Q When you have been asked to pass a certain dish at the table, and you were just about to partake of that dish yourself, is it all right to go ahead and help yourself first?

A No, this would be very rude and ill-bred, unless of course the other person insists that you do so.

A PORTABLE HAIRDO. The capricorn (left) is a new idea for putting instant glamor back into your hair after a swim. The capricorn is an eight-inch fall of hair attached to a comb, which you can quickly fit to give your hair a neat look, as shown right.—TNS Photo

Seed-cleaning plant has year-end meeting

The County of Beaver Seed Cleaning Co-op held its year end Board meeting on July 2. Reports showed a good year with an increase of 7,000 bushels over last year's figures. During the business year the plant handled 271,000 bushels of grain. A slight increase in treating also was noticed. Among the matters discussed was the purchase of a new cleaning machine as well as a grader overhaul of the present machines. All board members were in favor of this.

Representatives of the various chemical companies were interviewed regarding chemical purchases for the coming year. No decision was reached as to which company would deal with.

The manager of the plant, the board and the field supervisor unanimously agreed that there should be a terrific free weed, when no grain carrying variety has been planted.

Falso alarm!

What might have been a serious incident on Wednesday of last week luckily turned out to be only a false alarm.

At about 11:45 a.m. that morning three young boys came running to the reporter's home their hearts pounding and animated hopes flowing. Both of the harsher alarm at the local bells had been rung, and after a quick phone call to the town constable the reporter equipped with camera, and the second but courageous boys took a quick trip to see the proceedings. Finding everything quiet and in good order, it was later learned that the alarm had accidentally gone off but was soon shut off by the janitor manager. The three boys, Kevin and Brendan Roberts and Alan McGerman, were sleeping in their tent when the alarm sounded and immediately mobilized to see what was up. They weren't just "hearing things" although maybe they were a little still had the courage of good scouts in reporting the incident.

Last Sunday a very interesting baseball game was played in Tofield when some of the oldtimers took on the Tofield Lions girls. The oldtimers really let loose and showed the crowd they could still play ball.

THAT OLD SWIMMING HOLE. There are few communities in Canada that don't have a modern swimming pool or a well supervised lake or river to attract the young people, but for some mysterious reason, there are invariably a few who prefer splashing about in that old muddy swimming hole, an oily sin-ker to the new above. Perhaps it's the privacy they prefer—or maybe it's just that they like to play Huckleberry Finn.—TNS Photo

On July 22, Trans-Canada Air Lines celebrates 20 years of air service across the North Atlantic between Canada and Europe. TCA began flying between Montreal and Prestwick, Scotland, on July 22, 1943, using converted Lancaster bombers, renamed Lancastrians, and carrying armed services mail and priority passengers. The Canadian carrier was one of the earliest scheduled operators in trans-Atlantic service and made more than 1,000 crossings with the Lancastrians between 1943 and 1947. The converted bombers made the 2,000-mile journey in 12-and-a-half hours. Today, TCA's DC-8 jets make the crossing in just five hours. The airline now serves Prestwick, Scotland; Shannon, Ireland; London, England, Paris, France; Dusseldorf, Germany; Vienna, Austria, and Zurich, Switzerland, in Europe.

A matter of policy

If all those licenced operators of motor vehicles in the ten provinces of Canada who operate their vehicles without adequate insurance coverage against contingencies arising in the legal course of such operation, were laid head to foot along the Trans-Canada Highway they would, it is believed, look very foolish. But not half as foolish as they would look—and feel—as they struggled over the years to make good, out of their personal resources, the damage they might do in one of those split seconds of bad luck, or bad judgment, from which no one can promise himself immunity.

So great, indeed, is the likelihood under present conditions that every driver will be involved in some kind of an accident sooner or later, that insurance has become almost as much a necessity as gas and oil; and it may be seriously questioned whether those who really can't afford it have any right to be driving.

It may, of course, be argued that an established habit of careful driving is the best insurance; and there is a measure of truth in this. But it overlooks one salient factor in the case—the Other Fellow. No matter how careful your own driving, his doings are beyond predicting, and it can easily ruin your most calculated tactics—and yourself with them, financially, physically, and socially. And suppose he isn't insured, either?

Which being so, and as a better thing than presence of mind in an accident is absence of body, why not get away from him for a while? Why not stop at the next roadside store and treat the family to a bottle of pop—a bottle each, that this? It will serve you to cope with the Other Fellow and his unpredictable ways when you meet him again around the next bend—as you surely will. —Frank Haworth.

Alberta still booming

The population of Canada is expected to pass the nineteen million mark later this year. During the past year the number of noses in this country showed an increase of 326,000 or 1.8 per cent. This is not a marked population increase by any means, but news which indicates the prosperity of our wonderful province is that the rate of increase in Alberta during the same period was 2.6 per cent, the highest of any province in Canada. Oddly enough, it is our neighboring province to the east which shows the slowest rate of growth—0.3 per cent.

The current year is shaping up as another prosperous one for the province both for industry and farmers, with the possible exception of those living in the usually bountiful Peace River country. But even in that area prospects are somewhat brighter as recent rains have raised the hopes for a better-than-average crop of feeds. In the southern part of the province heavy rain showers have almost guaranteed an exceptionally good crop after two dry seasons.

But of all agricultural districts in Alberta, the one which includes Tofield and the area east to the Saskatchewan border is the only district in which prospects are for an excellent crop, according to the most recent weekly report from the United Grain Growers.

It should give a person a certain feeling of contentment to know he is living in the fastest-growing province in Canada, and certainly it must make farmers and businessmen in the Tofield area are happy to know they are situated in the area with the best crop prospects . . . at least for this year . . . in this fine province.

All reactions and no reason

In the hullabaloo over the recent Gordon budget, according to The Financial Post, a lot of sweeping exaggerations have been made about the damage to Canada's reputation abroad resulting from Ottawa's announced intention to slow down the trend to still greater foreign control of Canadian industry. Why should Canada, whose proposals for encouraging broader ownership of Canadian enterprises by Canadians are in general so modest, be the object of such dire alarm? Why are some large blocks of foreign holdings (as the financial community reports) overhanging the Canadian stock market, wanting to be sold at an opportune moment?

One reason is that most investors—particularly individual investors—act more from emotion than reason. In 1956 and 1957, for instance, British and European financial people were gobbling up Canadian oil and pipeline stocks at higher and higher prices. In 1960 and 1961, when these stocks had much greater real value in terms of assets, earnings, and prospects, these same foreigners wouldn't buy these same stocks even though they were available at half the 1956-57 price. These financial centres were sour on Canada, and that was that.

What other part of the world offers more opportunity and greater security? Africa? Latin America? Does Europe look as good as it did for stock buyers a couple of years ago? Or the United States with its race revolution? Or Britain with its likelihood of another dose of socialist government? The leading financial journal in Britain made the pertinent point about Canada's budget moves. It said: "The local participation requirement through which foreign owners are given an opportunity to escape the worst rigors of the penalty system must be considered a pretty mild affair." Canada's streets are not paved with gold, but the opportunities for foreign investment here are still relatively very attractive.

FOR GRAIN . . . HAY . . . ALL GRASSLAND HARVESTING . . .

One of the most versatile machines in modern farming, the COCKSHUTT 102 S.P. SWATHER is unmatched in the grain field, swathing the crop and laying it in single or double w-rows according to crop density . . . in hay and grassland cropping, it replaces the mower, conditioner and rake . . . cuts field tread over 80", and does a better job. And now the COCKSHUTT 102 is quickly converted to a multi-purpose sprayer with 250 pound pressure over a 54-ft. boom spread.

BIGEORGE!

Thermometers read more books and give away more cancers than Canadians in other cities Edmontonians, through very lavish in their expenditures on theirselves, are slightest about charity.

Eric Hulme, writing in the current Maclean's compares the spending habits of people with incomes of $2,050 to $7,000 in Toronto, Edmonton, Winnipeg, Vancouver and Montreal. His figures indicate that:

Montreal families spend the most on liquor, wine, eating, drinking, smoking, clothes and jewelry, and the least on cars and travel by bus and cab!;

Edmonton families spend the least on drinking tobacco and electricity, and the most on recreation and home furnishings;

Toronto families spend the least on home-cooked meals (-$2.25 for a dinner, compared to $2.70 in Montreal; $2.42 in Edmonton, $2.45 in Vancouver, and $2.48 in Winnipeg); and the most on reading material and charity.

Winnipeggers spend the most on insurance policies and program plans, and Vancouverites on cars.

—o—o—

Some people just can't afford to pass up a bargain. I know of families who have a basement full of stuff they will never use just because they were able to pick up these items at reduced prices. I am reminded of the story of Pat and Mike who came across somebody's power bill lying on a sidewalk.

"I'm going to go pay this," declared Mike.

"What on earth for?" asked Pat. "It isn't your bill."

"I know," replied Mike, "but if it's paid by today, there's a 10% discount on it, and I might just as well have it as anyone else."

Peter's Patter

For the past few months I have been receiving the most excellent service we have been getting in the district picked up in town. I noticed this in particular since I can plainly remember the very poor garbage pickup in Calgary. Many times the garbage was stacked up so high that it was entirely impossible for it and invariably some dog would come along and rip it open and scatter it around. Since the month of July I cannot remember any such incident ever taking place. Not only one instance where a town is an improvement over a city. I have on many occasions, noticed the pleasant manner in which the garbage both in the city and locally and when serving our maintenance man hit the heavy garbage barrels onto the truck by himself, empty them and bring them back. I shudder at the very though of ever putting myself in his place.

The pickups are made every two weeks and I estimate approximately 60 barrels or more each time, each barrel weighing anywhere from 60 to 150 pounds. This means that during the pickup, the maintenance man has handled from 3600 to 9000 pounds in the loading process only. Then he has to unload over 30 pounds was not picked up by any men and what they did do was to lift one end of the barrel to the height of the level, I sincerely think this matter could be much improved if the local citizens would put themselves in the shoes of the man who has to do all the lifting. If they did, they would feel guilty like I did and buy smaller garbage barrels which would cut the weight down to at least half. I have heard no complaints from the maintenance man which I think is quite surprising as I don't know very many men who would do this work every week without complaining. Sooner or later, as the town grows larger, there is bound to be a bylaw passed and the heavy barrels anyway, so why not begin now? —P.N.

Merle Lund Bride of Robert Taylor

The Bruce United Church was the scene of a lovely wedding on Saturday, June 15th when Merle Lund, daughter of Mr. and Mrs. Chester Lund of Bruce became the bride of Mr. Robert Taylor, youngest son of Mr. and Mrs. George H. Taylor of Holden.

The ceremony uniting couple was conducted by Rev. Hesseltine at 11 a.m. Given in marriage by her father, the bride wore a cocktail-length gown of nylon net and lace over taffeta, with lily-point sleeves and fisherman neckline. The headdress was a small pillbox covered with sequins and pearls and button earrings, the gift of the groom, and carried a bouquet of deep red roses.

The bride was attended by her sisters, Mrs. Karen Davies as matron of honor, and Miss Linda Lund. They were identically attired in pale yellow lace over flowered taffeta, with matching jacket and white accessories and corsage of orange rosebuds. The groom's mother wore a silk shantung beige sheath dress with pale beige accessories and corsage of orange rosebuds.

The flowers at the altar rail were seen in the bride and groom from the groom's brother and sister-in-law Mr. and Mrs. George B. Taylor now in Holland, and a telegram of congratulations was also received from them. Messages of congratulations were also received from relatives in the U.S.

After the ceremony, open house was held at the home of Mr. and Mrs. Lund for their many friends and relatives, with a dance in the evening in the Bruce Community Hall.

For their honeymoon the bride changed to a two-piece suit of white linen patterned with red roses, and white accessories. The happy couple will reside on a farm in the Viking district.

Bennett short-circuited

Premier Cec Bennett of British Columbia was handed a double short-circuit last week when a provincial supreme court judge ruled he had not only expropriated the B.C. Electric illegally, but he had also paid too low a price, even if the deal were legal.

The announcement highlights the skill with which Quebec's John Lesage announced he was interested in taking over power concerns, and by comparison Mr. Bennett has been made to appear rather gauche.

There is no question but that many shareholders of the giant utility were highly incensed at the expropriation, but there is also not too much question that much of the furore would have died away but the like-it-or-lump-it price been closer to what was considered fair. In the final event, many large firms and many market "gamblers" bought up the stock after the expropriation was announced, in the certain knowledge that the price could not go down, and might very probably go up . . . which is exactly what has happened.

Had Mr. Bennet eliminated this problem from the outset, the lawsuit might never have been enjoined. We haven't yet heard on what legal ninety no way be under-estimated.

Now I would like to put in a word for the students who did their best but failed to attain their hoped-for goals. I feel that I can speak on this subject since I had no relative writing these exams.

I feel that, as their elders, we do our young people an injustice by our inclination to make so much of passing or not passing, that exam time becomes a nightmare for the less brilliant student. The same is true from Grade 1 to 12. A child is said has to repeat a grade, and we feel that he has failed. I am sure that those of us who finished school successful in their chosen fields, and are leading happy and useful lives. The ability to rise above the disappointments in life and to go on to greater endeavour, is what counts and not the success or failure of any one phase.

When I was in my early teens some 45 years ago, entrance to high school depended on passing Grade 8. In a daily newspaper I read of a student who worried so much that "passing" meant more to him than life itself. After his death that summer, the results showed that he had passed!

Young as I was, I wondered what pressure must have been brought to bear by well meaning parents and relatives, to make a one then that if I ever had a family, honest endeavour is all I would expect.

Salary increases at our expense

Members of Parliament raised their salaries; a few people complained, some politicians are trying to make political hay out of the act, but the serious situation is the fact that most people could not care less. There are, roughly, 20 million people in Canada; a minimum figure for the pay raise is five million dollars. What does this mean? It means that each year the government of Canada is going to ask every man, woman and child in Canada for another extra 25 cent piece, in addition to what they are now paying, to cover this salary boost. The amount is very small and if it was all that had to be paid could be forgotten easily. Should money be spent this way before there is enough funds to properly take care of the aged, the ill, the blind, the unemployed, and the services that improve our standard of living?

The act of raising their own remuneration of one kind or the other is not limited to Parliament. It has and does take place in our local bodies such as City Council, School Boards, Chambers of Commerce and other organizations.

Getting back to Parliament, some of the excuses offered in defence are rather questionable. The one that it will attract better men to that field is an example. If the truth was known, people go into politics for some personal reason. It might be a desire to serve their country, and we hope this is true. Prestige, power, authority, and financial gain are more likely reasons for people entering into politics. If the desire to serve were the reason there would be a dedication, and where there is dedication, monetary return is of little importance.

The annual remuneration in the form of tax concessions and other benefits to members of parliament now plus the pension available makes the job a rather attractive one. The member need not contribute anything to his country . . . all that is required is that he or she must be elected a few times. Capable people who are not interested in a political career are not likely to be any more interested now than they were before. The increased pay to members of parliament is more likely to attract people who see it as a lucrative position.

As stated, it is not likely very many will give the situation much thought. The voters could turn every cowardly-elected member out of office at the next election by supporting those who had nerve enough to stand for a reduced sessional indemnity.

HONEST ENDEAVOR IS ALL THAT IS NEEDED

EDITOR, THE MERCURY:

I feel that great credit is due the Grade 12 students who pass their final exams with high average, and that this should in no way be under-estimated.

Now I would like to put in a word for the students who did their best but failed to attain their hoped-for goals. I feel that I can speak on this subject since I had no relative writing these exams.

I feel that, as their elders, we do our young people an injustice by our inclination to make so much of passing or not passing, that exam time becomes a nightmare for the less brilliant student. The same is true from Grade 1 to 12. A child is said has to repeat a grade, and we feel that he has failed. I am sure that those of us who finished school successful in their chosen fields, and are leading happy and useful lives. The ability to rise above the disappointments in life and to go on to greater endeavour, is what counts and not the success or failure of any one phase.

When I was in my early teens some 45 years ago, entrance to high school depended on passing Grade 8. In a daily newspaper I read of a student who worried so much that "passing" meant more to him than life itself. After his death that summer, the results showed that he had passed!

Young as I was, I wondered what pressure must have been brought to bear by well meaning parents and relatives, to make a one then that if I ever had a family, honest endeavour is all I would expect.

PUBLICITY APPRECIATED

EDITOR, THE MERCURY:

At the annual meetings of the Alberta Council for Crippled Children and Adults, the Easter Seal Section drew attention to the excellent promotional support it had received for the 1963 Easter Seal Fund Appeal from the newspaper industry of our province. Without this influential impact upon public understanding, the success of the campaign could not have been achieved; and hundreds of handicapped sufferers in Alberta would have sought assistance in vain.

To your paper the Council extends this expression of sincere appreciation for its valuable contribution of effort and space coverage. Every service now being provided and every family now being assisted owes a debt of gratitude to you. It is our privilege and pleasure to act on behalf of all in tendering this thankful acknowledgement.

Each year's campaign assumes more and more families with Easter Seal services, thereby increasing the work load. To prove equal to the expanding challenge we shall need your help in the years to come. From the experience of the past we know that this cooperative support may be confidently anticipated.

Reiterating our gratitude most sincerely,

E. Donovan Jones,
Executive director.

BIG GEORGE!

Modern automobiles are now equipped with devices by which the driver may signal his turns but sign arm are useless unless they are properly operated. It shows no good for a motorist to perform on his car's turn signal after he has started to turn, claims the Canadian Highway Safety Council. It gives the impression the driver believes the turn signal is there to help his car get around that corner, or that the last-minute signal covers the letter of the law. It is no help to traffic in front or behind. Failure to signal in time could easily create an accident. For example, an approaching motorist, seeing no turn signal ahead, would believe no other driver intended to turn, then make the turn himself to find another vehicle in front of him too late.

Another peril occurs when the motorist fails to turn off the signal. A driver waiting for a gap in passing traffic to permit him to enter an intersection sees a car approaching from his left, signalling a right-hand turn. He is well within his rights to proceed, as long as no other obstacle is in the way. But the signalling car fails to make the turn which the driver is expecting and a serious accident results.

A motorist who stubbornly declines to accommodate other drivers by using them know has sometimes cut plans himself in the worst situations. Traffic is moving every moment well in advance is a protection to the motorist. Without a signal, other drivers have no way of knowing his intentions and failure to signal, or signalling too late, can be disastrous.

CRUEL ADVICE

Bob: "What's the best way to teach a girl to swim?"

Joe: "First, you put your left arm around her waist, then cruelly take her left hand and . . ."

Bob: "Aw, gee, she's my sister."

Joe: "Well, then, just push her off the dock".

The moon shone silver on the waters of the lake, and on the shore several couples were necking. One ardent couple got so hot they had to go in for the young man to whisper, "Darling, am I the first man to make love to you?"

"Not long, when she answered, was irritable with you, you are", she said. "I don't know why you men always insist on asking the same ridiculous question".

CARDS OF THANKS

We wish to express our sincere thanks for the kindness, the many floral tributes and the messages of sympathy received during our recent bereavement. Especially do we thank those who sent the flowers sent to the home and the memorial messages of sympathy received during our recent bereavement.
Of One Who Lived Valiantly
He who lived valiantly has passed
Who should we grieve?
Why should it break our hearts to see
If we believe?
Death is no more valiantly than ever before
Than it is to be so many with us
The weights he bore;
Proved for the sweet adventure
Of heavenly days.
Lightened, to go exploring down the glory-ways
What must these first hours be as to him
Who loved earth so?
How much, how very earth and life
He knows that family has passed
Who should grieve?
Why should it break our hearts to see
If we believe?

NYO furthers interest in symphonic music

Mrs J. A. L. Smith and Edith-Mary and Mrs. J. W. Robinson attended the National Youth Orchestra of Canada which was held in the Jubilee Auditorium, Edmonton, on Friday evening starting at 8:30 p.m.

The Orchestra was founded in 1960 after Walter Susskind, Internationally famous conductor, brought the success story of the National Youth Orchestra to Canada. A group of interested men and women got the idea and the National Youth Orchestra Association was formed and chartered by the federal government. The aim of the Association is to teach talented young people and to train them to become only under professional conditions to assure a continuing supply of first-class musicians and to contribute to their enjoyment.

Fourteen members of the N.Y.O are already playing with the Edmonton Symphony, but the N.Y.O players will become members of the orchestra which ultimately make significant contributions to the orchestra's growth as a result of the experience gained while playing in this group. Those chosen as members for the 1963 session were auditioned regionally.

The N.Y.O. Association provides room, board, tuition and transportation, including round trip from home to training site for members of the Orchestra. Each student must pay a $35 registration fee. There are no other fees.

During the five-week training period at the University of Toronto, members studied diversified repertoire of music, orchestral and full orchestra rehearsals and ensemble and chamber music literature. They also received exam and private instruction with the Orchestra's faculty from the youthful, talented artists range in age from 16-24 years.

Before starting the Western Canadian tour, the Orchestra will present a preview performance at Massey Hall Toronto, at the Stratford Festival each summer since 1961; in Ottawa Dec. 31, 1961 - Montreal New Year's Eve 1962; St. Catherines Oct. 1962; Buffalo, New York, November 1962, and at O'Keefe Centre, Toronto, July 1962.

After last Friday evening's performance in Edmonton, they left for Calgary and Banff where similar performances will be held.

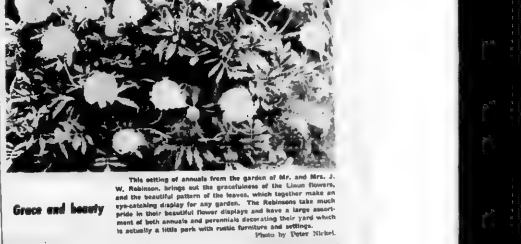
Mennonites to dedicate new church on Sunday, Aug. 18th

Voluntary work on new building started in Dec.

In February 1923, a group of Mennonites settled northeast of Tofield, a group who were made homeless by the 1917 revolution in Russia. The following month, on March 4th, 14 members of the group joined together to form the Mennonite Brethren Church. This Sunday



This setting of annuals from the garden of Mr. and Mrs. J. W. Robinson, brings out the gracefulness of the Linum flowers, and the beautiful pattern of the leaves, which together make an attractive display for any garden. The Robinsons take much pride in their beautiful flower displays and have a large assortment of both annuals and perennials decorating their yard which is actually a little park with rustic furniture and settings.

congregation will move into a new church building.

LAY IN HOMES

At first the consecration held its services in homes, moving into the next home as the floor in each became too crowded. Woodlawn and Tofield were the first districts where services were settled. From there they called themselves the Mennonite Brethren Church of Tofield.

In 1949 the Brethren built their first church here under the work of Lindbrook which was destroyed by fire in 1951. Again, however, the congregation families moved into the district from Southern Alberta. The church was found necessary to put a full basement under the church.

It was found necessary once more to make more room for the increasing congregation and last year land was purchased a half mile east of Hotel Lambert in Tofield, on which the new church was erected.

This coming Sunday, Aug. 18, the first leading sermon will be given by Rev. Abram Penner, followed by Rev. Erwin Warkentin who served as leader for 36 years. The present leader is P. J. Dueck who is also serving as minister. Rev. P. J. Warkentin and and his son Rev. P. B. Warkentin are the ordained ministers for the church, of which there are 65 members, with a total congregation numbering 200.

BEGAN LAST YEAR

Construction on the new church began in the first part of December and with the help of all the members, the building proceeded very rapidly. Many of the members being handymen, they split all the work amongst the groups, each group taking turns doing their part of the work each week day except for a few days when they were waiting for the trusses and lumber to arrive. Saturdays were also worked on by the group excepting the installation of the heating and front door, the stucco, sleeping and the cement construction and digging of the basement, which was done by contract. The building manager was P. J. Dueck and the construction foreman was A. Wiens.

BEAUTIFUL STRUCTURE

Inside the beautiful, well-built church is a nursery near the front containing a large glass window so that mothers attending the services have a full view of the choir, pulpit, etc. Seating capacity includes the large balcony is 500. The church has a full basement equipped with kitchen and 12 Sunday school classrooms. During the rest of the space free for lunch tables and any other use that may arise.

The interior of the main part of the building is finished with Masonite on the walls with bottom portion painted in a lovely shade of blue and the ceiling is finished with white Spruce and the floor is tiled in a matching shade of beige. Work on the church and basement were started, From then on, the congregation moved into a new church building.

Mr. and Mrs. Ernest Belcourt wish to announce the engagement of their only daughter, Jeanne Kathryn Sylvia, to Mr. Robert Edward Clay, son of Mr. and Mrs. York Clay of Edmonton. The wedding will take place at 2:00 o'clock Saturday, Sept. 14, 1963, at Tofield United Church.

Gail was awarded alternate winner for the Montana Cup.

Ryley Co-op Store to be rebuilt

Work on changing the power line north of town over to twenty-four volts is expected to start next Monday and take about eight days to complete.

The move is necessary to meet the growing need for power, not only by the addition of new overhead equipment but by the increased demand in general as well.

To the casual observer it will mean the addition of a cross arm to each pole and the swinging of the conductors to the new cat heads, strategically placed. There will be no interruption in service to customers, it is said, as the job will be done by the hot line method.

The change-over will be done in sections and the time for the main power interruptions, is anticipated to be from 8:30 to 12:00 and 1:00 to 5:00 o'clock.

Well-known Hereford breeder passes

People of the Tofield district and Hereford breeders across Alberta were shocked to hear of the sudden death of Melville C. Wood on July 26. Mr. Wood succumbed to a heart attack, suffered while riding one of the farm's favorite Palomino horses.

Mel had been taken by aeroplane over the farm that same afternoon, and had expressed his happiness over the acquisition of viewing it all from the air. He will be sorely missed by his many friends as well as the Hereford Association in which he has been a member since 1948. The genes of Melwood Farm herds have shown quality and a warm friendly spirit came to call. He will be remembered as a hard worker, a devoted husband and father and a member of the synagogue congregation.

He leaves to mourn his death his wife, Ethel, son Donald of Calgary, daughter, Margaret — Mrs. Peter Wood of Tofield, and two sisters, Mrs. Gertrude Dibbs of Abbotsford of Tofield and Mrs. Jessie Hamilton of Edmonton, as well as many nieces and nephews.

Funeral services were held in the Tofield United Church on July 31st at 2:30 p.m. Rev. Layton officiating and Dr. Laycox assisting. Mrs. Ann Wild sang "Green Pastures."

Burial was in Tofield Cemetery.

Top crop here

We have followed with keen interest for the past three weeks the report of one of the major grain companies surveying crop potentials throughout the province, and during each of the past three weeks we have found this general area to be the only one which has rated "excellent" each time . . . or any time, for that matter. Crop district Number 4 in the province extends somewhat roughly from a few miles south of Stettler to a few miles north of Lamont, and from about Gwynne east to the border.

On this basis, the territory tributary to Camrose comprises almost the greater part of it, and certainly the central portion. If the hail holds off, and other conditions work out, it should appear in a month or six weeks that this district will harvest one of its best crops in years

Not all areas in the province are so fortunate, and in general, the poorest conditions are in the north, with improvement in prospects the further south you look. The Grande Prairie-Peace River-Hines Creek territory is stated for only 35% of last year's crop, according to the informed guesses.

ROCKING THE BOAT SOMEWHAT

Those "revenooers" again

For generations we've been familiar with the taxpayers who are "agin the government", but it's not often we hear publicly from the government representative who is "agin" the taxpayer. What seems to us a ridiculous decision was made this week by W. S. Fisher, a member of the tax appeal board of Canada, who said in a judgment that assessors should stick strictly to the letter of the law and let the chips fall where they may. He was publicly rebuking the director of taxation at St. Catharine's, who had made a tax calculation under a section of the Act more beneficial to the taxpayer than that which the taxpayer had chosen.

Mr. Fisher made the incredible statement that it would not be proper to have assessors in one taxation district adhering strictly to the law, while assessors elsewhere invoked provisions of the Act more beneficial to the taxpayer. . . . when the taxpayer himself had not specifically employed this provision.

This is reminiscent of the "work-by-the-book" strike proposed last year by the postal workers, who knew that no set of rules could possibly cover all circumstances, and that effective distribution of the mails would be intolerably slowed if each employee did precisely what he was required to do . . . and not a solitary thing more.

Surely Mr. Fisher, if he were thinking of the country or the taxpayer first and the government as an entity only second, would have praised the official who did more than he was absolutely called to do, and criticized those who in no imagination in the performance of their job. After all, tax law is so complex these days that it is virtually fell no one man can possibly know it all. It seems entirely logical, therefore, to turn to someone who works with it every day, such as the district director, for a little more information than is possessed by the taxpayer.

After all, this is still a public service operation, and the guiding rule of thought and action must never be to get every cent possible for the government, but only what is properly coming to it . . . and no more. If it is wrong for the citizen to evade payment of proper taxes, it is more wrong for the government, because of the government's might, and its need for fair and honest dealing, to collect more than the minimum obligation from the taxpayer.

Flag flying in Quebec

This is one of those times of year when we most decry the flying of the Stars and Stripes in this country "as a friendly gesture to our American visitors". The idea is marvellous, but why not try some other idea as a friendly gesture . . . like a little service in that province. He reports the number is in the quantity usually reserved for the observance of Victoria Day in Ontario.

Most American visitors want to see a Canadian flag flying here. They want to get a kick out of knowing they're in foreign country, and it is just as possible to enjoy seeing the Red Ensign flying as it is to enjoy the premium on their money. How many Red Ensigns did you ever see displayed "as a gesture" by American stores, for instance?

Just as a side commentary on the flag-flying, the I.O.D.E., the Canadian Legion, and many other citizens should enjoy the following little item reported by The Sudbury Star.

A Toronto newspaper man traveling in the province of Quebec reports he has never before seen so many Union Jacks and Red Ensigns flying in that province. He reports the number is in the quantity usually reserved for the observance of Victoria Day in Ontario.

This will be most disturbing to those nationalists and separatists who are constantly advocating a "distinctive" Canadian flag. These people invariably turn to Quebec's opposition to the Jack and Ensign as a reason for a "distinctive" Canadian flag to bring about national unity. The observations of the travelling newspaper man make these arguments look mighty weak.

[illegible] The Mercury,
Dear Sir,

As you may be aware, Alberta Emergency Health Services will be making a tour of cities and [illegible] staff of the Tofield Municipal Hospital on Tuesday, Aug. 27th. A [illegible] disaster exercise on Monday, Aug. 26th.

Basically, the exercise is designed to test our ability to [illegible] a sudden mass casualty. Each member would be cast in the hospital's Emergency Disaster Plan and, as a result, [illegible] be taken to various hospitals in the area.

Looking forward to your co-operation in giving maximum publicity to this important event,

Yours truly,
J. Day,
for Arnold J. Levoie,
Co-ordinator.

Not actually a sovereign country . . .

SOVEREIGNTY is the question. If the Norris report on the disruption of Canadian shipping in the Great Lakes comes to naught, it will likely be because of the overwhelming influence of labor unions that are run from headquarters in the United States.

Let there be talk of Canadian autonomy of most of the so-called unions with largest memberships and the ability to call strikes. The list of unions controlled from another country is not by any means complete when one notes that Mr. Hal Banks, head of the Seafarers' Union has the outspoken support of the Maritime Trades Division of the AFL-CIO. Mr. Claude Jodoin, head of the Canadian Labor Congress, can do no more than plaintively remind George Meany of the AFL-CIO that Mr. Meany gave lip service to the autonomous nature of the Canadian unions.

Canadian unions have no autonomy worth speaking of. Mr. Hal Banks, aggressive and, to quote the Norris report, lawless, comes under the jurisdiction of the AFL-CIO. A grocery strike in Regina involves the meat-cutters' union, the headquarters of which is in Chicago. A longshoreman's strike in a Canadian port was settled in a day or two, after, according to the newspapers, there were frequent telephone calls to New York and a report that the boss man in the union in New York would come up to Canada shortly to settle the matter. The chemical workers' union has its headquarters in Ohio. The newspaper writers' union has its headquarters in New York. The typographical union has its headquarters in Indianapolis. The Brotherhood of Railway Trainmen has its headquarters in Cleveland. The two unions in the newspaper-making industry have their headquarters in northeast United States. The musicians, including military bandsmen, have a union that is run from New York. The teamsters' union is in Washington. The automobile workers' union is in Detroit. The steelworkers' union is in Pittsburgh. These are not all, but the list is illustrative of the fact that the Canadian working man who belongs to a union does what he is told by someone in another country. And in the case of Canadian-like shipping the companies, many of them, do what they are told by someone working out of another country.

Canada cannot claim actually to be a sovereign country so long as so much of its life is dictated from outside.

—The Letter Review.

County school committee meet

(Continued from Page One)

17 and the County of Beaver No. [illegible]

Six applications for the position of [illegible] at the Viking school building were received and these were now placed before the committee. The applications were scrutinized thoroughly and Gertie had attended the meeting. Eleven visitors were considered as one of further investigation and it was moved that Mrs. Haddock and Johnston, Mr. Gerke with the superintendent and the principal of the Viking school be appointed a committee to consider the applications. Moved by [illegible] seconded by [illegible] that the four applicants be made for Mr. Gregory, August 19, at 12 p.m. at the Viking school Carried.

Moved that the report from the field supervisor concerning [illegible] and sterilizer application around county buildings in 1963 be accepted and that it be recommended that the soil sterilizer be applied earlier in the season. Carried.

The committee was informed at a meeting of representatives from the following school boards and organizations that the I.C. Separate School Board, Camrose Lutheran Children's Board, County of Camrose, Kitscoty School Division, County of Beaver, Camrose City Council, Wetaskiwin Public School Board and Camrose Co-operative Association.

The meeting was called by the superintendent of the Camrose Public school board for the purpose of organizing a Camrose Composite High School Educational Advisory Council. Councillors Haddock, Kruppenbach and Magneson together with the supervisor of instruction, Ralph Gertie had attended the meeting and they reported that some 12 persons had been present and that after an inspection of part of the building some enjoyable discussion took place. Agreement could not be reached on [illegible] had been the opinion [illegible] that the new [illegible] Composite High School, was to complement the high school in the surrounding areas but that the present system did not appear to accomplish that task. The program as outlined prior to [illegible] for an almost a full academic course for Grades 10 11 and 12, with some provision for carpentry, motor mechanics, [illegible] and that it would not be possible for anyone to take a straight vocational training. It was also found that there would be very little room for accommodation in the City of Camrose. A committee of the city had been set up under the circumstances, two members from the public school board, one of which should be the superintendent of schools should be appointed by the school committee. Moved that the report be accepted and that Councillor Rasmussen with the superintendent, [illegible] A. Pike, be appointed to the Camrose Composite High School Educational Advisory Council

The Superintendent reported that Dave Bell had resigned from the county's teaching staff to take over duties as guidance consultant for the Bashaw Vocational High School. He stated that the Bashaw School District was providing Mr. Bell with a leave of absence for the university this coming year.

Moved by Councillor Magneson that David Bell's resignation be accepted

Moved that Mrs. Agnes Hoey, Mrs. Hazel Stewart, Miss Joyce Stauffer and Miss Joanne Krysanowski be appointed to the county's teaching staff.

The superintendent stated that Miss Carolyne Amundson had requested a leave of absence for one year stating that she very likely would be returning to live back to teach in the county after the one year's absence. The committee was not agreeable to this and it was moved that Miss Carolyne Amundson's request for one year leave of absence be refused and that she be asked to repay 50% of the salary that she had received from the county.

Due to the fact of Mr. Bell's resignation, the superintendent stated that some re-organization at Kinsella and Byrne might be necessary. It was realized that the high school at Kinsella would have to be closed down. Moved that the high school at Kinsella be closed down as of June 30, 1963.

The superintendent referred to the necessity of improving the [illegible] facilities at Ryley and stating the proposed method of obtaining this extra room. Moved that the proposed enlargement of the laboratory at Ryley school be approved.

Some discussion took place in regards to the bus driver school, junior school and teachers' institute on August 30 and September 3.

Moved that authorization be given for the purchase of the required awards; one to the outstanding teacher for the 1962-63 school year and one for the outstanding first year teachers.

In regards to the dog bylaw at Tofield dealt with by resolution 251, the superintendent stated that he had gathered some information for the secretary-treasurer of the Town of Tofield but he did not know whether any action had as yet been taken on this matter.

The superintendent stated that Dennis Christensen who had received a bursary for one year and had attended one year at the university had stated that he would like to obtain his degree before fulfilling his teaching requirements in the county and that if this could not be allowed he was prepared to repay the $400 that he had received as far.

Moved that Dennis Christensen be requested to repay the $400 bursary.

Moved that the following seven grant applications be approved: Barsbara Rabby and Sharon Ingram.

Moved that the application of Lyn Burke for a bursary to attend the second year at the university be approved.

The committee was reminded of the graduation exercises to be held at Kinsella September 4th at 8:00 p.m. and that they would be also course receive their invitations.

Ross Creek news

(Mrs. Bessie Pedersen)

With this sunny Alberta weather prevalent these past few weeks, harvesting has started in the district earlier than some years in the past.

The Sports Day on Aug 10th was not too successful, due to the busy season.

Mr. and Mrs. Somsires had a get-together on Sunday, Aug. 11th, the George and Jessie McLachlan families attending from Rosa Creek.

The Ladies' Charity Women will meet at Mrs. Albert Hall on Wednesday, Sept. 4th, at 8:00 p.m. Lunch will be served by Lil Van Dusen and Violet Bailey.

Mrs. Isabel McLachlan was delegated at the August meeting of the Ladies' Auxiliary to Legion to give his first service at the Creek United Church on Sept. 1st. Please keep this date in mind. After a few months holiday, we are looking for a large attendance to welcome our new minister.

Mrs. Ludwig Rustand has been hospitalized at the Archer Memorial Hospital for the past week. Best wishes are extended to Ruth for a speedy

Newlyweds honored at district shower

(Mrs. J. A. Anderson)

KINGMAN, Aug 18 — A miscellaneous shower was held on Saturday evening at the Lutheran Church basement for Mr. and Mrs. Frederick Majocha of Calgary. Mrs. Majocha is the former Marie Evenson, daughter of Mrs. Helga Evenson of Kingman.

Mrs M. Bressman was emcee for the program, which consisted of a reading by Mrs. Hoke, a number of songs sung by Eloise and Jane Bjergum accompanied by Grandma McLachlan, and two readings by Mrs. Bill Simonsen led in a few quizzes. Eloise and Jane Bjergum sang

Family gathering

(Mrs. Ellen Eaton)

Lakeshore-Sanatorium, Aug 19 — A family gathering and picnic supper was held in the home of Emil and Martha Tiedemann on Sunday to honor the birthdays of Martha's brother, Armand Gosbnell and John Wood.

Among those present were Mr. and Mrs. Steve Bagley and their families, Mrs. Lorene Bagley and Mrs. Steve Bagley and Debbie and Robert Goubnell and Cindy Lou and Judy; Fred and Vic Hiba and children, all of Edmonton; Mrs. Ruby Kelly and John of Viking; Mr. and Mrs. Johnny Wood; Martha's parents, Henry Sonnenberg and Mrs. Emil Goubnell and three sons, Darrell, Vernon Armand and Adelle and Cliff Gosnell and son Bobby, all of Edmonton; Mrs. Bill and Mary Tiedemann and daughter Sharron, as well as Emil and Martha Tiedemann and family. Mrs. Ruby Kelly left on Monday during the afternoon and evening.

New meaning to Labor Day

Next week many of us will sit down next Monday and ponder the meaning of Labor Day — and the reasons for marking it as a holiday. That's not what holidays are for, most of us feel. We seem to have developed the idea that we must get away from it all!

Yet large numbers of us must very soon give thoughtful consideration to the implications of automation, and the problems for labor — and for all of us — that automation builds up. We must think along many lines which have been suggested by unions for some time, and we must think up new lines also. For automation is changing the outlook for our sons and daughters even faster than it is for those of us now employed; and workers who have seen their jobs obsoleted by an automatic machine realize just how quickly the technological revolution is moving in these days.

Answers must be found to all sorts of questions which would have brought the brand "socialist" down on our heads even a decade ago. Answers, for instance, to earning without working, sharing the jobs and the production, or the wealth shorter work weeks, longer holidays earlier retirement more retraining programs, leisure time activities — these are only a few of the myriads of questions that come up. Many are particularly hard to answer in a community that is geared to milking cows or feeding hogs seven days a week, seeding and harvesting not just around the clock but right from one dawn to the next on set years.

In spite of local difficulties in adjustment, however, the broad picture is one that strikes dismays in any heart whatsoever it. Not least among the gains assigned a capable and experienced reporter to do a story on the unions and the strikes upsetting the United States. He became intrigued and instead wrote a highly interesting article on the problems of automation, why it is scaring unions and workers how some of their suggestions

Labor Day was instituted many years ago to honor the labor leader for their contribution to our society. One of the finest ways of marking it this year would be to devote some really serious thought to the contributions it can make in the future.

Wrong priority

Ex-prime minister John Diefenbaker is quoted as saying last week he felt the most important thing facing the new government when it resumes sitting next month is the pension increase which has been talked about and promised.

In this, we think Mr. Diefenbaker has missed priorities. Important as the discussion on pensions undoubtedly is, we think the most pressing business facing the government must be the bubbling of Hal Banks as the big chief of the Seafarers International Union in Canada.

Even in the face of Mr. Justice Norris's impassioned urging that a commission be set up immediately to take over control of the major maritime unions, Mr. Pearson adjourned for the summer recess without having accomplished anything. Encouraged by this apparent timidity, Mr. Banks acted in characteristic fashion, and figuratively thumbed his nose at the power of the Canadian government as he removed from union control funds specifically mentioned in the Norris report.

As we said at the outset, top priority must go to Mr. Norris's report. For make no mistake about it, nothing less than the sovereignty of the Canadian government in Canada is involved. Describing Banks as a "power hungry ruthless thug", Mr. Norris declares that his dream of a continual alliance with U.S. gangster unions is not only terrifying but a "threat to our democracy of the gravest kind".

These are not the words of some irresponsible rabble rouser, they are not the words of an opposition union leader ... they are not even the words of a politician striving for position. They were written by a Supreme Court Judge of the British Columbia Court of the Yukon Territory, Judge of the Court Martial Appeal Court of Canada.

News from the Ministik district

(Mrs. Jon Reddick)

A large number were out Sunday to enjoy services conducted by Roger York at the United Church.

Mrs Helen Hennessy has had several visitors recently. The first being a niece, Mrs Gordon Chan, and three children from Calgary. Then her sister Mrs M J Lakness of Winter Sask and Constable and Mrs Robert Wilson and Colleen, of Regina, were visitors at the Hennessy home.

Mrs. Alex Hamsworth is a patient in the Tofield Hospital, after a nasty fall. Friends join in wishing her a speedy recovery.

Mrs. S George was an afternoon and supper guest of Mr. and Mrs. Alex McSporran on Wednesday. She saw their lovely Hereford herd, and was also driven to see the crew of men putting up hay.

Les Whitford accompanied Gordon Bell, of South Cooking Lake, to Vancouver to move the household effects of a family there They planned to be gone a week.

Word received from Mrs. Ed Stevens of Edmonton tells the location and success of her two daughters. Louise, who had been nursing at Nanaimo, B.C., has come home to Lodue and is nursing at Leduc. Rosaline has graduated, and after Sept. 1st will be on the staff of the children's ward at the University Hospital.

Mr. and Mrs. Mel. Leach attended races on Monday after a honeymoon of two weeks to the mountains and at Thorsby. Al lasts, they have been.

Mr. and Mrs. Russel Brassard and Joan were Wednesday morning coffee guests with Dolly and Jim Reddick.

BACK TO SCHOOL

It won't be long now, until school bells will be ringing, buses will be running and pupils, teachers, bus drivers and janitors will be back to the routine of school. Principal for Ministik School this year will be Mrs. John Dunn of Deville.

Farmers have been very busy harvesting their grain this last while and the rains over the weekend halted operations

Mrs. Robert Barker and girls of Edmonton, were Thursday guests with Mr. and Mrs. Alex Prescott.

Miss Teresa Bisset and Mrs. Maxine Kaiser (stained lost) a very enjoyable bridge to Redcliff 10-4 Sunday and other mountain points

Patrige named by editors

Ken Patrige of The Camrose Canadian was named first vice-president of the Canadian Weekly Newspapers Association on the day at the annual meeting held in Murray Bay, Quebec. Mr. and Mrs. Patrige and daughter, Barbara have been attending sessions there since Monday of this week.

Mr Patrige has served on the executive of the association for the past ten years representing the province of Alberta, where he was secretary of the Provincial association for 12 years

Heading the Association is Charles Nolan of Picton, Ontario.

The Patriges left a week ago to drive east for the convention and will return September 30th, stopping in Regina to register their daughter at St. Chad's, Regina where she will be attending school next year.

Peter's Patter . . .

Purely for a matter of interest, did you ever sit down and figure out approximately how many tin cans your household goes through each day? In all, North Americans today open 80 million cans of food every 24 hours and on a yearly basis the canning industry in Canada and the U.S. is producing at a rate of 80 billion cans annually, equal to 800 for each and every home in the countries

Last year the average person in North America consumed 150 cans of food products and 60 cans of beverages, and next 30 cans of oil 12 cans of jel and 20 cans of other products this

Have you ever wondered how the tin can came to be used? According to James A. Campbell, then manager of advertising and sales promotion for General Foods Company of Canada Ltd. the tin can was born during the Napoleonic Wars when soldiers dined on the Kaiser. Its ancestor was born from necessity basket. The French Em-

Imperial lawlessness

by C. J. Harris

The shocking story of labor union lawlessness and corruption revealed by the McClellan Senate committee's investigation of the Teamsters' union has been a running theme for Jimmy Hoffa, the union's president. Hoffa's name has been linked with labor racketeers, shady deals and underworld characters.

Now, the Canadian Labour Congress, which represents the majority of organized labor in Canada, has expelled Hoffa's union from membership in the CLC. The CLC executive council has also ordered the Teamsters' union to withdraw from the Canadian Labour Congress.

Ruthless U.S. labor union chiefs really pulling strings in Canada

TORONTO — An Irishman saw two men fighting. Taking off his coat he politely enquired if this was a private fight or could anyone get in on it?

With or without permission everybody is now in on the Canada-U.S. Disneybrook.

The burning point seems to be sovereignty. Canadian sovereignty. So let's take a look at Canadian sovereignty.

Up to and after the First World War we were a protectorate of Great Britain. We dealt with foreigners through British Ambassadors. We had very little to say about our boundaries in the early days. The decisions about Maine, Vermont, Michigan, Oregon and Washington were made elsewhere.

In the interval between two world wars we elected to go somewhat on our own but in company with others and with "Mother's" navy not too far away. In the Second World War we again fought under British command, and the Queen is still our Queen. So really we haven't had too much "sovereignty" up to date.

Since 1812 we have been at peace with the U.S. across the well publicized thousands of miles of undefended border. During two world wars many thousands of Canadians died or were mutilated for the sole purpose of preventing Canada from falling into the hands of foreigners. This prodigious sacrifice has been largely in vain.

Our politicians who authorized us to risk our lives in battle have quietly and spuriously sold us out. They have sold us to that unlovely collection of U.S. labour unions.

These labour unions have flooded across that undefended border to engulf whole communities with a grip that is relentless, ruthless and permanent.

A Canadian soprano can't warble a note without permission from Chicago. Thousands of Canadians can't get a job without paying tribute to a U.S. union.

When they have done that they can still be taxed fined bludgeoned or discharged by a foreign agent over whom our government has absolutely no control.

Where then is the "sovereignty" over which our politicians have made such ado these last weeks? These same politicians cannot, or "do-not-ch-wan-na," protect their own tax-paying citizens from foreign domination.

Mr Meany, president of A. F. of L., was reported as saying his organization made no distinction between US and Canadian locals.

Mr Hoffa of Teamsters was quoted as saying he was going to organize everything in Canada. And he's doing it. Why should we give him a foothold in Canada when even the U.S. government can't control him? I will say this of Mr Hoffa. It was real gentlemanly of him to allow the Queen to enjoy the free use of his highways when she was here.

The Denver outfit with large holdings of dues paying "subjects" in Canada operates with the same objective, control of Canadians. Other, perhaps smaller, U.S. unions have also planted foreign feet on Canadian soil.

The one thing common to them all is their unbridled ambition to stake out a dues pay "empire" in Canada. With our present labour laws and union tactics it's the easiest thing in the world to do. Remember the insurrection at Windsor where the streets were barricaded?

So for only one politician has had the courage to throw out a trespassing U.S. union. That was Mr. Smallwood of Newfoundland. May there be many more like him, but I'm not optimistic and I'm not a Liberal. I've lived too long to be either.

One thing is definite. It should not be left to a few Canadian companies and a handful of Canadian doctors to fight the battle for control of Canada by Canadians. We will never have sovereignty until the last U.S. union is retired across the "undefended" border. —J. B. Symington.

Good for the party

The complete break-up of the alliance between Robert Thompson and his deputy, Real Caouette, is probably the best thing that could have happened to the national Social Credit party. Thompson has tried hard to live with his fiery and irresponsible associate, and many a time he must have found it difficult to hold his temper and his tongue. Repeated assertions from the party leader that all was well and that he had confidence in Mr. Caouette's judgment didn't even sound convincing to the electorate generally. Still, in the face of Mr. Thompson's calm manner and forthright assertion, it was hard to be sure there was anything but smooth sailing, no matter how troubled the waters looked.

Finally, Mr. Thompson has triumphed. He has been able to live with the situation longer than could Caouette, and has gained stature from it. There can now be no doubt as to the interests of Mr. Caouette. He has declined for any national party, only for a group that will advance the interests of Quebec. He has no appreciation for statesmanship, apart from the bullying, plaid-at-head variety. He is apparently not interested even, in the Dominion of Canada as a whole.

Premier Manning and Socred league president Orvis Kennedy have both written off Caouette, and the final touch must come soon when a leadership convention comes. Thompson has openly laid the leadership on the line . . . he deserves to retain it

BIG GEORGE!

Local truck drivers may be interested to know that the 13th annual Truck Rodeo in Alberta is to be held this year in Edmonton this coming Saturday. The event will take place at the Horse Dean Shopping Centre on 82nd Avenue in the southeast part of the Capital.

Truck roadeos have one purpose: to promote driving safety and courtesy. Besides this they foster efficiency among drivers. It has become a great medium through which the trucking industry publicly pays tribute to the skill, knowledge and personality of the men who drive the nation's trucks.

The roadeo winners are awarded a large and impressive trophy to retain as long as he defends his title successfully, and another smaller one to keep. Each champion also receives substantial cash and other awards.

Any truck driver who has not been employed by more than two employers for the one-year period prior to the date of entry and who during that year has had a perfect safety record is eligible to compete in the roadeo. Owner-operators also are eligible but no owner may enter more than two drivers in each of four classes of competition. The classes are straight truck, tractor-semi-trailer combination, truck and trailer, and tandem-tandem.

In the roadeo course, drivers who are timed to the second, try to negotiate a series of tests in the least possible time. Included on the test is backing in and among a line of barrels, and then driving forward through them; driving through a narrow offset alley; parking between two trailers in a confined space; parking at a dock at the end of a narrow alley and stopping within inches of a set line, among other tests.

A roadeo banquet will follow the tests at which the Hon. Gordon Taylor, minister of highways, will speak.

THEIR MEAN, TOO

The agriculture official told the old farmer to collect his stock of every description and have them branded.

"I suppose that's all right," the farmer said, scratching his head "but I'm gonna have a devil of a time with them hens."

NOT ANY MORE

Two men were seated on the lobby of a blood donor station. One was an Eastern tourist, the other an Apache Indian. After waiting a few minutes the tourist asked, "Are you a full-blooded Indian?"

"Well no," replied the Apache thoughtfully, "I'm a part short."

Was picket line legal?

Squabble over the moving of an Ontario plant a few months ago came through an apparent or possible attempt of the United Electrical Workers, which was disunited by one of the worst of the troublemakers among the Reds.

Mr. Justice of the peace employed by the Ontario Hydro-Electric Commission were taken to court by Hydro after the expulsion of the union when he refused to cross a picket line. There is no indication as to whether the picket lines were legal. The Letter Review

Modern etiquette

By Roberta Lee

Q. Should anything be served on the food accompanying flowers sent to a lady patient?

A. Since the flowers are an expression of sympathy, and containing only the names of the senders is all that is necessary. Always the full name—Mr and Mrs Robert Anderson—Mary and Jack. It is not wrong to include "With deepest sympathy" on the card if you wish to do so.

Q. Is it necessary to write a "thank you" note to a hostess who has entertained you informally at dinner in her home?

A. No; when leaving be sure to tell her how much you enjoyed your visit, and then sometime in the near future invite her to your home.

Q. Should a woman walk on a short distance, or should she wait with her escort while he pays the taxi fare?

A. She should wait with her escort.

Q. What are your obligations as an overnight guest in a friend's home?

A. When extending the invitation, be definite as to the date, time of arrival and tactfully tell him just how long you expect him to stay. Misunderstandings may develop if you don't. The man who came to dinner and stayed a year may be an exaggeration but not by a joke. It could happen to you!

Q. There's to be a shower given soon for my fiancee. Am I supposed to give her a present to wear on that occasion?

A. In some communities this is customary, but in most it isn't. Personally, I don't think it's necessary.

Q. When dining in a club where there is dancing, what does one do with one's napkin when rising to dance?

A. It is permissible to tip the water glass against the corner of the napkin and then wipe the fingers on this damp corner.

A. Lay it unfolded on the table beside the plate

Q. When you think two persons already know each other, is it all right to word the introduction as, "Mrs Smith, you have met Mrs. Jones, haven't you?"

A. Definitely not. Maybe they have met, and one has forgotten. Introduce them in the usual way. If they HAVE met before, let them say so

Q. Just how can I, without appearing rude or abrupt, break off a telephone conversation with someone who keeps talking on and on?

A. You can resort to such old standbys as "I hear the doorbell ringing", or, "I'm sorry, but I must rush now. I have an important date".

Q. Is there any way that one can possibly rinse one's fingers at the table if no finger bowl has been provided?

A. It is permissable to tip the water glass against the corner of the napkin and then wipe the fingers on this damp corner.

Dorothy Jacobsen weds Joe Dominiuk

[illegible] Lutheran Church was the [illegible] ceremony performed [illegible] afternoon, Mrs. [illegible] 21, when Miss Dorothy Irene Solberg Jacobsen, daughter of Mr. and Mrs. Gerhard S. Jacobsen became the bride of Mr. Joe Dominiuk [illegible] son of Mrs. M. Wolonyk [illegible] Alta. The ceremony was performed by the Rev. L. T. Nelson.

Given in marriage by her father, the bride was attended as maid of honor by bridesmaid Miss [illegible] Jacobsen. She was gowned in princess style with short sleeves and V-shaped neckline trimmed with applique and beaded lace. The floor length veil misted from a crown headpiece decorated with a cluster of myrtle. Spray of myrtle dotted the veil to outline its crescent shape and held it for the bride and groom. This is an old Danish tradition.

Maron of honor Mrs. Orbin Cebulski of Wetaskiwin, aunt of the bride, wore a French navy peau-de-soie princess-style dress with matching flower and tulle headpiece. She carried a nosegay of white and pink carnations.

Bridesmaids Miss Yvonne Jacobsen, Miss Pat Rimmer and Miss Dorothy Osler, were attired in floor length dresses style with princess lines and carried bouquets of red carnations and white chrysanthemums.

Flower girl, Cindy Cebulski, cousin of the bride, was charming in a French rose peau-de-soie princess-style frock with facial trim headpiece. She carried a basket of pink and white carnations.

Best men were Mr. Tom Dominiuk, brother of the groom, and Mr. Donald Mendel and Mr. Carlton Jorgensen, cousin of the bride.

Ring-bearer was Marty Jacobsen, nephew of the bride.

Ushers were Mr. Merle Jacobsen and Mr. Duane Spooner.

Solve - a - crime—

YOU ARE THE DETECTIVE

You are listening to the story told by young Dick Reeves the [illegible] in the building and [illegible] office from which $7,300 in cash has been stolen.

"I was working late here in the office tonight", says Reeves. "Trying to catch up on some paperwork since the first of my book work. I guess I should have been more careful about checking the lock on the front door, considering the fact that I was in the rear office and the safe is in the outer office — and with all that cash in it.

Anyway, I was hard at work on the accounts when I thought I heard the door in the outer office open. I sat there quietly for several minutes, not knowing just what to do. I was sure it couldn't have been any of our employees coming in. Finally I had an idea. I reached up quietly and unscrewed the big electric bulb in the lamp that hangs over my desk and then, holding this in my hand, I crept to the door of my office, opened it quietly, and peered out. Sure enough, there was a man [illegible] up from the safe and starting for the outer door. I threw the light bulb hard down on the floor . . . and it exploded loudly. Just as I figured out, he must have thought it was a gun firing . . . and he dived down on the floor behind the table. I yelled at him to stay there . . . that I had a gun trained on him . . . but I guess he was too desperate to listen. Anyway, he suddenly made a dash for the door . . . and, of course, I was helpless to stop him. So then I phoned you".

You look at the safe. Its door still standing open, some papers littering the floor in front of it. Then you walk past the [illegible] ments of glass on the floor and into Reeves' office where you see his desk piled with [illegible] books and papers. You notice the low-hanging lamp fixture [illegible] over his desk with the missing electric bulb.

"Hey . . . his back was toward me most of the time . . . and part of the time he was behind the table, so what I didn't have enough wits about me to . . .

"And undoubtedly you didn't have enough to see about you to make a better story", you break in

Why do you doubt Dick Reeves' story?

SOLUTION

What has aroused your suspicions is the part of his story in which Reeves says he unscrewed the big electric bulb. An electric bulb that has burned for some time is much too hot to handle!

Until the middle of the last century windows were a taxable luxury. Even in England. Early American colonists also were subject to the tax collector for their windows.

Better English...

What is wrong with each of these sentences?

1. I will try and persuade him to come and visit with me.
2. As far as I'm concerned, it don't make no difference.
3. We need to have no fear of the result if we should opt for possible error.
4. He succeeded in avoiding arrest by amoebic, the police.
5. Also a work still remains to be done in the back-ups of the file.
6. He came home around ten o'clock minus his money.

What are the correct pronunciations of these words:

1. Granary.
2. Blatant.
3. Putative
4. Via
5. Probity
6. Ukraine

Which six words in the following group are misspelled?

13. Obediatry, asterge, oscillate, ostensible, interception, tax, arrangement, inability, regal, unlawful, required, appertain, spectator, spoke, pulley, applesy, opposite, moves, alignment, alternator, alimentary, disposal, adjustment, switch, end, dog, screwdriver, generator, arc, lunch, automobile, ruminant, radiancent, razzleberries, rubbernet, ramshackle.

ANSWERS

1. Omit "come" and "with", and say, "I SHALL try TO persuade him to VISIT me".
2. Say, "SO far as I'm concerned, it DOESN'T make any difference". 3. Omit the words, "we", "need", "have", and "no". 4. Say, "He succeeded in AVOIDING arrest by EVADING the police". 5. Omit "also" and "of his life". Say, "Much work remains to be done on his biography." 6. "A biography is a story of one's LIFE". 6. Say, "He came home MIGHT [illegible] o'clock WITHOUT his money.

7. Pronounce first syllable as "grain", and not as "groin". 8. Pronounce blag-stad, accent first syllable. 9. Pronounce pyu-ta-tiv, accent first syllable. 10. Pronounce as vive, and not as "veeay". 11. Pronounce ah-see-ann-ick, and not "obeah-ism".

13. Oscillase, rendilly, aperture, adjurgement, aslanche, rudiment.

To encourage colonization, settlers in Canada and in some of the American colonies were given their government, large small lights of glass to make a single window in a big cabin.

Huebert-Lehman vows exchanged July 12th

(Mrs. O. Lehman)

DOUGLASDALE, July 31st — A lovely summer wedding took place on Friday, July 12th, at 2.30 p.m. at the Salem Mennonite church near Delia when Marilyn Louise daughter of Mrs. Verna Lehman of Tofield and the late Ira at Lehman, became the bride of Rudy C. Huebert, son of Mr. and Mrs. Henry Huebert of Tofield. Rev. Harold Buttiger officiated and Miss Suzanne Naught the soloist.

Given in marriage by her uncle Leslie Yoder, the bride looked lovely in her wedding gown styled exquisitely from white satin with full-length lily-point sleeves. She carried a lovely bouquet of red roses.

Attending the bride as bridesmaids were Gloria Boettger, a friend of the bride, and Judith Lehman, cousin of the bride. They were bedecked in[illegible] dresses, in shades of green and yellow, styled with full skirts, and carried bouquet of chrysanthemums and roses.

Attending the groom were best man Larry Lehman, and Larry Yoder, cousins of the bride. Ushers were Eugene Yoder and Douglas Lehman, also cousins of the bride.

During the ceremony a group of girls sang.

Following the ceremony, a reception was held at the church parlors, where Paul Yoder gave a reading. The wedding cake was baked and decorated by Mrs. Evelyn Stauffer.

The bride's mother wore a dress of brown and white embroidery, and yellow roses. Mother of the groom wore a dress of deep rose lace taffeta.

For the honeymoon trip, the bride chose a blue linene suit.

The couple plan to make their home in Tofield.

Wilde-Roth vows exchanged at Ryley

The Ryley United Church fragrant with mixed fresh flowers, was the scene of a pretty summer candlelight ceremony on Friday, June 28th when Miss Yvonne Leola Roth became the bride of Mr. David A. Wilde. The bride is a daughter of Mrs. Mary Roth and the late Mr. Roy Roth of Ryley, and the groom is the son of Mr. and Mrs. Wilde of Edmonton.

The double-ring ceremony was performed by Rev. C. Hooper. Wedding music was played by Mrs. Robert Cross, and the soloist, Mr. Lloyd Watson sang "The Lord's Prayer".

The bride, given in marriage by her brother, Mr. Vernon Roth, Ryley, chose a street-length dress of embroidered silk, white organza over a passion pink taffeta dress. The bodice featured a portrait neckline. Her exquisite lace-trimmed wedding veil misted from a lily of the valley headdress and a dainty design. She carried a beautiful bouquet of red roses over a white Bible.

Maid-of-honor Miss Verna Wellwood of Ryley was charming in a pink organza over taffeta dress. Her pink rose headpiece matched her shoes and gloves, and her bouquet was pink and white carnations.

Best man was Mr. Edward Barrett of Fort Saskatchewan, and ushers were Dianalee Lehrman and Mr. Lloyd Roth, also of Fort Saskatchewan.

To receive her guests, Mrs. Roth chose a two-piece shantung dress in soft grey dress with white accessories, and a red rose corsage. Miss Dianalee Lehrman, cousin of the bride assisted a pretty pink dress with a corsage of the guest book.

A reception to approximately 85 guests was held at the Legion Hall. Cutting the cake, the bride and groom were given a beautiful two-tiered wedding cake baked and decorated by Miss Beverly Kendall and Mrs. Master of ceremonies was Mr. Leonard Hoge of Edmonton, uncle of the bride. Mr. Alvin Lehrman proposed the toast to the bride and Mr. Percy Prince proposed the toast to the groom.

Mr. and Mrs. David Wilde will make their home in Fort Saskatchewan.

Killam Hospital complex completed in November

The new Killam Hospital Complex comprising a 30-bed General Hospital and a 20-bed Auxiliary with a common service wing is now nearing completion. The general contractors has indicated that the Nov. 1st completion date will be met. This complex is the first in Alberta wherein a private General Hospital and a District Auxiliary have been constructed adjacent to each other with a common wing for shared services. The Sisters of St Joseph will operate the Auxiliary under contract to the board of the Flagstaff-Beaver Auxiliary District. For maximum efficiency and economy of operation the heads of certain departments will share their services between the two hospitals. Otherwise each hospital will have its own staff of nurses, aides, housekeepers, etc. Sister Lourdes, present Administrator of the Killam General, has been appointed Administrator of the new Complex.

The Medical Staff for the Auxiliary Hospital has been formed by the doctors in all districts presently practicing within the bounds of Flagstaff Municipality and Beaver County invited to join. Members of the medical staff have already been held at which various committees were formed and preliminary plans had to receive patients into the hospital upon completion of construction and arrival of equipment.

To clarify certain points regarding the operation of Auxiliary Hospitals, the board of the Flagstaff-Beaver District in the following synopsis briefly outlines some of the important features of the Alberta Auxiliary Hospital program. In addition, members of the board would be happy to meet with interested groups desiring more detailed information.

The primary objective of the Auxiliary Hospital program is to provide hospital care thru an Auxiliary Hospital in a rare environment and diserkary centre. The aim is to provide service to the maximum number of patients in the province requiring auxiliary hospital care and to prevent the institution from becoming a custodial care and nursing home. They are hospitals like any other hospital only "in slow motion", offering medical care and treatment to those who need it, for as long as they need it, whether it be for rehabilitation, resettlement or terminal professional medical care.

Under the Hospital plan, residents of the province have free choice of hospitals. A hospital in any area admission priority to residents of its own district only when it has a waiting list and there are insufficient beds to admit all persons seeking admission.

From the experience of Auxiliary hospitals in the development of medical assessment committees the Hospitals Division of the Department of Public Health has revised the procedures and report forms for the admission of patients to Auxiliary hospitals throughout the province. Briefly, to be eligible for admittance a patient must be one who requires and will benefit from professional medical and nursing care as a result of chronic illness, disease or infirmity. Those requiring only custodial nursing care will be referred to a nursing home, as they would not be eligible for auxiliary hospital care under the Alberta Hospitals Insured Plan. Eligible patients receive standard ward care for $4.50 per day. Those with private accommodation available upon request at a slightly higher rate. Non-eligible patients in auxiliary hospitals are liable for a charge of $15 per day.

Application for admittance under the plan will be made by a physician on behalf of the patient. The completed application should be sent to the hospital administrator for presentation to the hospital's Medical Assessment Committee. This committee reviews and determines to ensure they come under the auxiliary patient category as stated by the Department of Health and then indicates on the form either that the application is approved or not approved. All admissions are subject to review after three months to ensure the need for continued hospitalization. Copies of all admission and assessment forms are sent to the Hospitals Division of the Health Department.

All nurses in the Flagstaff-Beaver District will shortly be invited with the applications forms for their patients who may be eligible for admission.

THROUGH STRANGE DOORS. It was a big step for this young fellow—the step that took him for the first time through those big school doors and into his first day in kindergarten. But before entering, Gordie Goodboy, 5, turned to the threshold to wave a tender goodby to his delightful neighborhood playmate, who was yet too young to go to school. And after a last look at his faithful pup, he gulped, then marched bravely to face his first day in school.—TNS Photo

Vandalism a hazard

It was recently discovered that vandals broke into the old Mercury building, ripping and ripping entry by prying open the side doors. In investigation, contents were found to have been scattered around throughout the building. Judging by the [illegible] and [illegible] of some of the children, who found it an excellent place to smoke a smoke. The building was locked once more, but the vandals were not deterred, and this time broke the door to gain entry.

Although damage has not been too extensive yet, it is of some amount to the loss of life as there found to have been several fires started within the old building, any one of which would not need much encouragement to rage through the building uncontrolled.

Parents should warn their children of this danger before it is too late.

Pre-nuptial shower honors bride-elect

(M. Harris)

RYLEY — A miscellaneous shower was held in the Community Hall on Wednesday evening for Miss Helen Mary Sadlik, daughter of Mr. and Mrs. Raymond Knuth of Ryley. After a few games were played, Miss Sharon Davies presented the bride-elect with an assortment of very nice gifts. Miss Shirley Knuth and Miss Marilyn Kushner helped Helen to open her gifts, following which a delicious lunch was enjoyed.

Tofield Lions' Club donates $500 for Community League projects

A letter from the Lions Club of Tofield informed the Tofield Community League of a $500 donation at the first of this season's League meetings held Tuesday, Sept. 3rd. Part of the donation included proceeds from the dunk tank and playhouse raffle, July 1st, and the remaining amount was a donation to help the league meet its forthcoming payments.

President Wm. Christenson thanked Lions' president Bob Nebesbenski, and stated, "It is really great that these clubs can help each other in such ways".

Jack Whyte, reporting for the theatre committee informed the meeting that new shows have been booked for the next few months. Of these, eight are family entertainment. He also reported that the Theatre Committee has changed the show dates back to Friday and Saturday nights of each week, with times to remain at o'clock. A change of price is also being applied for students, which has been raised from 30 to 35 cents. Hour entertainment added to the report is maintenance, to hire someone to rented more from the theatre, as shown. The committee also felt that the next two months would decide as to whether the shows would continue or not, although they felt that under new prices it has a good chance. Further discussion on the theatre problems and ball rentals were also discussed, and are published in more detail elsewhere in this issue.

For many years it has been a tradition of the Community League to sponsor a Thanksgiving Dinner, and the meeting decided to keep up the tradition making the date for this year's lunch October 9th, which falls on a Wednesday. Jack Mirkin and Norm Glover have always made a good lunch committee they were voted in once more, with the addition of Bob Nebesbenski.

Jackie Freebury suggested that as many new residents have moved into the area in the past few years, the history of the league should be published in the Mercury, explaining its aims, objects, etc. The reporter agreed to this and will start reviewing the past, and the article will be published in the last issue of September.

Dr. Freebury also suggested that something be done for a Hallowe'en party this year, on which a lengthy discussion followed. It was finally decided that the secretary get in touch with other local and church organizations, asking that repps committees attend a meeting at which all organizations will plan a Hallowe'en party, the T.C.L. being the co-ordinating group. Meeting date was set for Wednesday, Sept. 18th.

Next meeting will be held on Tuesday, Oct. 1st. Members are asked to please attend, and new members are invited.

Trial period will decide if theatre remains open

Many problems faced the local theatre committee as well as the Community League, last year resulting in a new closing of the theatre. The most serious problem was that operations simply did not show up in their positions and their show times and dates were altered just to mention a few.

Feeling much disturbed about the whole house the league discussed the matter at length at the regular meetings tabling it several days of the time, but to no avail as solutions were extremely difficult to find. Show times were often changed in order to accommodate movies available in rent the hall, for two distances, etc. This was found to be very discouraging to those attending shows, and yet the league was in need of the money made from the dances and rentals to meet financial obligations. The answer, then, seemed to be, need Friday shows. Instead Fridays open for ball rentals, and chance to Saturdays afternoon matinee and Saturday evening shows. This was thought to be a solution to the problem. Instead during evening shows as the majority of children would attend the afternoon shows. Although against the will of the theatre committee, the change at large thought all problems would be solved.

The idea worked for about two weeks. However, attendance dropped sharply, and the shows were eliminated for the summer months intending to reopen in the fall.

The theatre committee once more look hold recently, and came up with a few definite improvements.

To begin with the committee has closed duties, and times back to Fridays and Saturday evenings at 8:00 o'clock. A supervisor has been hired to keep control and put a end to mess by the children on floor

Tofield Cafe has new look

The public has been agreeably surprised during the renovations of Tofield Cafe last weekend. Some customers even thought they were in the wrong building until they took a second look.

Instead of the single row of small booths, there is now two rows of booths which are larger in size and more comfortable. The booths are padded. The old counter has also been removed and replaced with one of stainless steel. A new cooler and display cases have also been added as well as a kitchen range, deep fry, and a soft ice cream machine.

The big changes have brought many complimentary remarks from customers, and the renovations are indeed another step towards brightening up the town.

Former Tofield resident passes

Mrs. A. M. Nesbitt, formerly of Tofield passed away in Chinook on September 9th at the age of 84 years. Her husband, William Nesbitt, predeceased her in 1941. She is survived by three daughters: Mrs. Lillian Bayley and Mrs. Ida Whitbread, both of Chinook, B.C., and Mrs. Art Gay of Edson, Alta.; also two grandchildren and one great-grandchild.

Funeral services were held in the Edmonton Cemetery.

CD unit asks that first aid course be held in Ryley next November 25

At the County of Beaver Civil Defence Unit Control Committee meeting held in the council chambers, Ryley, on August 26. The secretary advised that, as instructed by the meeting of May 7th, he had contacted Northern Zone Headquarters regarding a first aid course for Ryley commencing June 7th. He had been advised that it would be impossible to hold a course on such short notice and was told to reapply in the fall. It was moved and carried that application be made for a first aid course in Ryley to commence on November 7th.

Joe Chumalke reported that the control room procedure course held in Holden on June 11th and 12th was very successful with the 4th relative of about 15 candidates. Mr. Thompson of Northern Zone Headquarters attended during the last evening. Mr. Chumalke felt that there are enough trained instructors to hold control room procedure refresher courses and these should be held fairly frequently.

Mrs. Boyles advised that the hospital evacuation exercise at Tofield had gone off quite smoothly as far as the Tofield Civil Defence Unit was concerned. Mr. Taylor said he had contacted Northern Zone Headquarters regarding "Exercise Tortin 1963" to be held some time in October. He said we would be briefed by an officer to advised in advance.

Mr. Taylor asked for a progress report for the Town of Viking.

Mr. Retamacher said he had not been able to do much during the summer due to holidays but hopes to start organizing as soon as possible.

The unit committee felt that it would help to get an organization going in Viking if a course was held.

George Taylor said he would get together with Mr. Radamacher to see what could be done in Viking.

The secretary advised that the basis of sharing in financial assistance for 1963-64 was: Federal 50%; Provincial 12½%; Municipal 12½%.

The Secretary read a letter from Alberta Emergency Measures Organization recommending that the title "director" be changed to "co-ordinator". It was moved by Cr. Johnson and carried that the Control Committee accepts the recommendation of Alberta Emergency Measures Organization to change the title "director" to "co-ordinator".

There was some discussion regarding changing the name of "Civil Defence" to "Emergency Measures". The committee felt that the name "Civil Defence" is a misnomer as it does not cover the functions of the organization which includes a variety of emergencies which could arise, of which Civil Defence is one. It was moved by Joe Chumalke and carried that the name of Civil Defence Unit be changed to Emergency Measures Unit.

Mr. Westmacoott noted that it is some time since any first aid courses have been held.

Mrs. Boyles said she intended to have a first aid course sometime after Christmas.

Mr. Westmacoott suggested that a rescue course could be held in Holden or Viking after harvest.

Time to slow down

Prime Minister Pearson's government seems to be slowing down a bit on Judy LaMarsh's program for a nation-wide contributory pension, and well it might. There is no desperate haste to get this legislation on the books unless it is feared there may not be another chance and there is every good reason for taking a long, deliberate look at the implications.

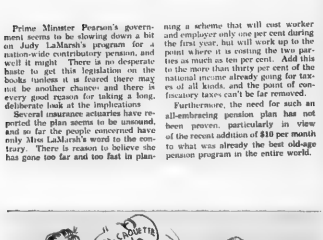
Several insurance actuaries have reported the plan seems to be unsound, and so far the people concerned have only Miss LaMarsh's word to the contrary. There is reason to believe she has gone too far and too fast in planning a scheme that will cost worker and employer only one per cent during the first year, but will work up to the point where it is costing the two parties as much as ten per cent. Add this to the more than thirty per cent of the national income already going for taxes of all kinds, and the point of confiscatory taxes can't be far removed.

Furthermore, the need for such an all-embracing pension plan has not been proven, particularly in view of the recent addition of $10 per month to what was already the best old-age pension program in the entire world.

That time of year has rolled around again. It's convention time for weekly newspapermen, and the powers-that-be have decided that this year's convention will be held the week of the Provincial Exhibition, and a number of us have decided to take in the fair while in town. That person "Yours Truly, Yes sir, I have appointed chairman for this convention a year ago, and I don't think I've written so many letters or made so many phone calls in my life, including the first time I went away from home for a week's camping.

There's a lot of organizing to a convention. . . . I can only appreciate the work executives in these conventions that last a week or more, and are attended by several hundred delegates. I can then recall convention at once his despair at having so much to do, that I feel like a failure. I feel sure that I'll be better prepared next year in a short holiday.

The Camrose Businessmen's started their weekly meetings a year earlier this year to get themselves a chipped into top spot for the Western Chuckwagon Competitions to be held in Spruce Meadows on Oct. 2nd. Director Arne Dahl has selected the two members to be used in competition, and considerable time will be spent in perfecting them in the next month and a half.



YOU ARE THE DETECTIVE

For more than two months, a series of vicious hoodlums has been terrorizing a certain district robbing, and wantonly beating up some of their victims. And just a few days ago, your good friend, Detective Jim Perry, has been ruthlessly shot to death by one of the gang.

The vast network in the police force has been working day and night and up and bringing in the four hoodlums, and although at this time it has been to break through the solid defence of the four hardened criminals, you have been able to obtain the following information:

Their names are Charley Aiken, Wordy Briggs, Pat Callahan and Hank Dunn. One of the four is a great man with a switch-blade knife and has never been known to use any other weapon. Briggs' name is well-known professional gambler and he married to the sister of Detective Pierce's killer. Briggs and the switch-blade man and both redheads. Charley Aiken and the switch-blade carrier recently prevailed upon Hank Dunn to decide himself exclusively to the driving of the gang's getaway car despite a few mild objections from the latter.

The killer and the switch-blade specialist have been close friends for several years. A week ago, Hank Dunn and the killer collaborated on a robbery of their own, unknown to and against the rules of the gang of course, during these two hours you have gathered, can you determine which one of these men killed Detective Jim Pierce?

SOLUTION

The knife-carrier is not the killer, since Detective Pierce's killer Briggs is not the knife-carrier nor the killer. Aiken is not the knife-carrier. Dunn is not the knife-carrier nor killer. The knife-carrier and the killer are good friends. Then, since Dunn and Briggs are neither knife-carrier nor killer, Aiken and Aiken is not the knife-carrier, Charley Aiken must be the killer

Q. What wines are served with which foods?

A. Sherry, at room temperature, is served from a decanter and is the only chilled wine served with the fish course. A red wine at room temperature is served with the meat, or burgundy at room temperature with red meat as well as with duck and game. Champagne, chilled, can be served with the fruit, cheese, and dessert.

Q. Is it proper to mail printed or engraved engagement announcements?

A. Never. A personal note to relatives and good friends may be written before the formal announcement in the newspapers, but never engraved or printed notifications.

Q. What do you do when you know you will have to leave church before the services are over?

A. Sit near the back of the church, and preferably make your departure during the singing of a hymn.

Q. I'm soon to take my first plane trip. I've been told there is no tipping of employees while you're in the country.

A. Correct. You do, however, tip the porters who carry baggage to and from the plane. And be sure, when you are in Asia, to acknowledge any special service or courtesy extended to you with a gracious "thank you".

Q. I've been criticized for leaving the house, parlour, or waiting room that is placed around certain items as flowers or garnish. Am I really being "a pain in the neck"?

A. Certainly not! Since the garnish is an intrinsic part of a dish it is your privilege to eat it.

Q. Is it correct for relatives and close friends of newlyweds to call on them in their new home without waiting to be invited?

A. Yes, this is customary and quite all right.

Q. When we arrive early for church services or for a wedding and find desirable seats on the aisle, are we required to move over and relinquish these seats when latecomers enter the pew?

A. Not at all. Since you were first, you are entitled to the seats. You merely rise and give the latecomers room to pass by you.

Q. I have been invited to a bridal shower, but a previous commitment will prevent my attending. Should I send a gift or the shower?

A. Since as an invited guest you must be a very good friend of the bride-elect, you most certainly should send a gift to the shower.

"We needed it *now*, the bank said yes, so..."

Many a household purchase like this starts with a bank loan. People find that the simple, natural thing to do is to borrow where they save—at the local bank. In fact the chartered banks are the largest single source of consumer credit loans, both in number and value.

Through the years the chartered banks have made it increasingly easy for people to borrow, at reasonable rates, for almost any worthwhile purpose: the purchase of a car...a new home heating system...a son's or daughter's education...a family vacation...

Three out of four bank loans are to individuals for their personal credit needs. And the total amount of such loans has almost doubled in the past five years...further evidence of the way bank customers are relying more and more on their local branches for borrowing as well as for all other financial services.

through full-range banking responsive to growing, changing needs

schools can also relax and hear the show better. For everyone's convenience, a theatre calendar will now be published giving a list of all shows for a full month, and if it is necessary to change a date or time, that change will also appear on the calendar, thus keeping the public fully informed. In order to do this it was necessary to make a new rule, that all such bookings involving a change of show time or date must be made at least one month before such date, and decision left to theatre committee for final approval.

At the same time, please note that hall rental rates for Friday and Saturday nights are $60 for individuals and $40 for local organizations. Bookings are to be brought to Frank Leuchner, who will then forward them to the theatre committee for consideration.

It is hoped that the new arrangements will be the answer to most of the problems, and will be fair to the theatre and the general public alike. However, the next two months will decide whether the theatre will continue operations or not. According to the theatre committee "there is a good chance it will", but this depends on the showgoing public and their attendance.

In the past few months of operation, the theatre has either lost money or broke even, but with eight of the next nine shows being family entertainment one having played last week, there should be good turn-outs. If we lose the shows, we lose our main source of entertainment—so why not turn off the TV and relax, while enjoying a movie.

Peter's Patter

Nervous people generally have some embarrassing habit which just goes along with nervousness. When talking to anyone, some blink their eyes, some wiggle their ears, some stutter, while other like to run their hands through their hair. It's not the habit that embarrasses me, but the dandruff which jumps around from my hair when I touch it.

It seems then, that I must get rid of the dandruff. So I spend my mom's wages on various solutions guaranteed to remove that objectionable white flaky stuff that seems to come from nowhere. I try my brand, following directions. No results. Try a double dose—still no results. So I try another brand . . . no results. Try yet another brand—till I finally get to the bottom of the bin, expecting that by now I should see some results . . . but taking in the mirror I discover my head as full of dandruff. I can't see my hair. Now what?

Well, after considerable thinking, I take out the shampoo and read directions very carefully. With all the dandruff now in my hair, I decided to use a triple dose of shampoo. While pouring it on good and heavy, I finally smell a very peculiar odor from the shampoo. However, not thinking any more about it, I apply the tips of my fingers to my head and rub very vigorously, repeating the process several times. By this time my head feels like a fire mooe. Suspecting something is wrong, my suspicions were later confirmed when the "better half" explained that the shampoo container being empty, she filled it with Mr. Clean. Well, I can now report to the manufacturers that Mr. Clean was not made for removing dandruff, even though it may be good for a hundred and one other uses.

Continuing the battle, I finally get my hands on a new one. During my head under water I don't seem to be bothered by this dandruff, but my problem now is, how to keep my head under water and still carry on with my duties. Of course, if I had to, I could learn to stand on my head in the bathtub and put wheels on it, making it mobile, but it seems rather awkward.

I'll keep working on the problem!

Estimate 30% increase in fall duck flight

Aerial surveys of southern concentration areas by Ducks Unlimited during the first week of September reveal a significant increase in duck over last year. Flooded conditions in Saskatchewan's Qu'Appelle and eastern Alberta have receded after many years of high water and ducks are concentrated on the newly exposed shorelines and mud flats. Mallard, gadwall, baldpate and blue-winged teal show the greatest increase, while canvasback and redhead populations have also improved.

A summation of all reports across the prairies, when combined with the data from the northern aerial survey, indicates an increase in the fall duck flight of at least 30% over last year.

ALBERTA:

W. G. Campbell reports from Brooks:

"Heavy concentrations of waterfowl on all water areas."

George Freeman, from Strathmore, reports excellent brood production from his irrigation area. R. C. Cardy, from Hanna, records excellent production from the area northeast of Hanna and also from the southwest wherever there is water. Some of the best news comes from Keith Williams at the Manyberries Ministik Project near Edmonton. Keith says, "Brood success has been exceptionally good with all species having a good year. The greatest recovery is by mallards."

Beaver statistics show drop of 180 farms, 800 people

Statistics normally are dull and uninteresting to the average person, however when statistical figures are compiled and compared to those of past years they do bring out some interesting and valuable information.

The census figures for 1961 were recently published and they provide some very interesting information on farming trends. In 1941 the total population of Alberta was 796,000 and the farm population 384,000 or some nearly 50% of the total population. In that 20 year period almost 100,000 persons left the farm. This change is also noted in the number of farms in Alberta. In 1941 there were 160,000 farmers while in 1961 the number dropped to 73,000, a decrease of some 87,000 farms.

The provincial trends are reflected in the County of Beaver where changes are closely related to provincial averages. In the five year period from 1956 to 1961, the farm population decreased by some 625 persons and the number of farms fell from 1,666 to 1,363, for a loss of 303 farms. Land holdings reported the average of improved farms had increased by some 30,000 acres and the cattle population increased by nearly 5,000 head.

The trend in the number and size of farms is another interesting feature. The reduction in the number of farms came largely from amongst those who farmed less than 240 acres, which accounted for 180 of the 136 farmers who left the farm during that 5 year period. The remaining loss in numbers can be accounted for by increases largely from amongst those who farmed in the ½ section range.

It can be estimated that there are approximately 180 farmers who now farm two sections or more, an increase of some 24 farmers who added to their holdings to that extent since 1956. The net change in number of farmers who farm more than a half section and less than two sections is very small. From this it would appear that size of farms is being slowly stabilized at three-quarter to one section level with approximately 600 half section farmers still operating.

The statistical data given below for the County of Beaver may be of interest and given some indication as to the purpose of the nearly 300 questions contained in the census forms. Figures in the census taking in 1961.

'Mercury' wins editorial award

Third place in the editorial page competition for papers with circulation between 2,000 and 2,999 copies each week was won by The Tofield Mercury in a contest sponsored this year by the Alberta Weekly Newspapers Association. The winners were announced last week at the annual convention held in Banff.

Two other competitions were run by the association, under convenorship of Lou Drexin, of St. Paul. These were for the best front page and best all-round paper. While The Mercury did not place in either of these competitions, it nevertheless scored fifth place in the front page, with only two full percentage points between the winner and the fifth paper.

Two papers, The Camrose Canadian and The Nanton News, won first place in all three competitions in their particular class.

The convention was chaired by Ken Fairgrieve of The Camrose Canadian, who retired as provincial president and turned the gavel over to Dick Hawk of Nanton at the end of the convention.

All arrangements for the convention were handled by George Meyer, editor-in-chief of The Tofield Mercury, who was re-elected to the executive for another term as director.

European visitors see coronation of the Pope

Mrs. G. H. Taylor

HOLDEN — Mr. and Mrs. John Thiemle of Edmonton, formerly residents for many years in Holden and district, who have spent the last two and one half months holidaying abroad returned home September 10. Mrs. N. L. Carroll had word from them that they had a pleasant time, especially part of the time visiting relatives in England, then visiting several countries on the continent. While visiting in Rome Italy, the coronation of Pope Paul took place, and they were present when he gave his blessing to the vast crowd congregated in the square in front of the Vatican, Mrs. Thiemle said although they had such an enjoyable holiday they only had two full weeks of warm sunny weather.

Drizzling rain stalls harvesting

Harvest operations were suddenly halted last Tuesday when clouds dumped .17 inches of rain in the area. Drybay by Friday, farmers were able to get a bit more harvesting done but were again halted by three days of continuous drizzling rain beginning altogether, .73 inches of moisture on the unharvested crop. Cool unsettled weather still stays with risk of frost prevailing.

To date, harvesting is about half done in this district, although some farmers have all their crops off.

Girls give program at WA meeting

Mrs. Bessie Pederson

ROSS CREEK — The high school girls did their part very well at the women's meeting held at the church September 4. The topic was "Declaring the Good News." Betsy Eglinski read a story "From the Jaws of a Tiger."

A turkey supper was discussed and all agreed in having turkeys this year. Eighteen members were present. Lil Van Dusklit and Violet Bailey were red a delicious luncheon. Isabel Ramberg serving the coffee. The October meeting will be held at Mrs. Alvin Hauer's home. Mrs. Jewell Bevker and Mrs. Gertie Perred are on the lunch committee. Members are urged to attend this meeting.

Around the town

Mr. and Mrs. Henry Dyer and sons, Ryan and Ricky, and Mrs. Bessie Cressey of Edmonton were guests of the Sears families on Sunday.

A recent guest at the home of Mr. and Mrs. Joe Brown was Mrs. Joe Brown's mother, Mrs. Cassidy, of Manchester, England. She also visited other relatives in the district and on her return trip stopped off at Montreal to visit more relatives.

All residents of Ryley and district will be hearing much about the Lions in the future

To the Gourmet

Fried tomatoes are a quickly made vegetable to serve either as part of the main course or with toast for breakfast. For 6 servings, cut six medium tomatoes in half-inch slices. Beat one egg slightly with a fork and season with a half-teaspoon of salt, and a pinch each of rosemary and pepper. Dip the tomato slices in half a cup of fine bread crumbs, then in the egg and again in the crumbs. Fry in a small amount of fat in a skillet until lightly browned on each side.

* * *

It's easier to make double quantities of your favorite stew or pot roast than it can be served with fluffy dumplings, and the next day or a pie with a biscuit dough or herb biscuits on the side.

When making soft crumbs from a loaf of crusty bread, it's handy to remember that a one-pound loaf yields three-quarters of a pound of crumbs after the crusts have been trimmed off

The Tofield Community League got a big assist from the Lions Club recently, when the latter group presented a cheque for $500 to help the Community League meet some of the obligations it has taken over in its program. League president Wm. Christenson is seen above receiving the cheque from Bob Nabrebaski, president of the Tofield Lions Club.

BIG ASSIST

Ryley Lions prepare for action

Lion President Gordon Fish laid out an action packed program to the Ryley Lions Club at their first meeting following the summer recess.

President Fish expressed satisfaction with the progress made during the first year of supervision under the guidance of Charter President Chef Monsour and lauded him for the excellent work he had done in launching the club. With the club off to an excellent start he exhorted all members to follow through and to make the coming year an action packed one and to make their presence felt in the community. To ensure this would be done he laid out a comprehensive program which he hoped would be completed during the ensuing year. A number of committees were appointed to carry out the various projects and programs with all members receiving two or more assignments.

The first project to be undertaken is a White Elephant Sale which will take place at 2:00 p.m. Saturday, Oct. 5th. All local residents are being requested to go through their attics and farms to locate all useable and useful articles for this sale and have no further need and to contribute them to the Lions Club. These articles can be obtained abroad returned home September 10. Mrs. N. L. Servold says Banff okay

All ski runners in the Banff-Lake Louise area have been given technical approval by the International Ski Federation, says Clarence Servold, who is a member of the committee.

For many years a Clarence resident, Clarence is presently an inspector with the Calgary Public Works engineering department. He recently had his mother as a guest, for two weeks, and the above information was sent to The Canadian at that time. Mrs. Servold spent three weeks in the Banff-Jasper springs hospital, followed by visits with sons, Jens, Harold and Irvin, who is teaching Grades 11 and 12 at Peveen this year.

Holden Friendship Group "adopts" Chinese boy

Mrs. G. H. Taylor

HOLDEN - The ladies of the Holden Friendship Group have adopted a little Chinese boy in Hong Kong and have sent money towards his education and support. His mother is a widow and has one other child, a girl. She works in a Chinese tea house to support her two children, they have to live with a relative in one of the re-settlement buildings, being too poor to pay room rent alone.

The boy's name is Mak Fuk Ming and he is seven years old. He attends the Ka Ming rural school and hears the gospel every day, and it is the hope that he will bring his mother to the knowledge of the love and the word of God. Miss McLeod, who works in the Mission there with these people is known in Holden having visited here when her sister, Mrs. Beckstead lived here.

This group with members from the United, Lutheran and German Lutheran Churches, while small in number, do the Lord's work with good will. Their funds are raised from their monthly collections and mite boxes

Beaver statistics show drop of 180 farms, 800 people
Statistics normally are dull and uninteresting to the average person, however when statistical figures are compiled and compared to those of past years they do bring out some interesting and valuable information.
The census figures for 1961 were recently published and they provide some very interesting information on farming trends. In 1941 the total population of Alberta was 796,000 and the farm population 384,000 or some nearly 50% of the total population. In that 20 year period almost 100,000 persons left the farm. This change is also noted in the number of farms in Alberta. In 1941 there were 160,000 farmers while in 1961 the number dropped to 73,000, a decrease of some 87,000 farms.
The provincial trends are reflected in the County of Beaver where changes are closely related to provincial averages. In the five year period from 1956 to 1961, the farm population decreased by some 625 persons and the number of farms fell from 1,666 to 1,363, for a loss of 303 farms. Land holdings reported the average of improved farms had increased by some 30,000 acres and the cattle population increased by nearly 5,000 head.
The trend in the number and size of farms is another interesting feature. The reduction in the number of farms came largely from amongst those who farmed less than 240 acres, which accounted for 180 of the 136 farmers who left the farm during that 5 year period. The remaining loss in numbers can be accounted for by increases largely from amongst those who farmed in the ½ section range.
It can be estimated that there are approximately 180 farmers who now farm two sections or more, an increase of some 24 farmers who added to their holdings to that extent since 1956. The net change in number of farmers who farm more than a half section and less than two sections is very small. From this it would appear that size of farms is being slowly stabilized at three-quarter to one section level with approximately 600 half section farmers still operating.
The statistical data given below for the County of Beaver may be of interest and given some indication as to the purpose of the nearly 300 questions contained in the census forms. Figures are the census taking in 1961.

Heartbreaker

A confessed lapse of judgment on the part of the architects resulted in a distressing situation for officials of Camrose Lutheran College last Thursday, when they opened tenders for their new convocation centre with high hopes. Tenders, however, were so far from estimated costs as to give rise to the question if they were talking about the same building.

The situation is particularly hard for the College officials, since all their building programs have been built around the absurd guesses of the architects.

It had to come

Despite the fears of farmers everywhere that the crop situation was just too good to be true, and that something had to happen, despite this, the general feeling was that the harvest was going along swimmingly, and with only a few more days, everything might be in the bin.

Rains and cold, damp weather, however, of the past week, have disastrously delayed the entire situation, so that farmers are now starting to bite their nails, if they're inclined to be nail-biters. There isn't much doubt that we'll have several weeks of good warm weather ahead, but it will take a lot of warmth and drying winds to make it possible to get back in the fields. With days getting shorter all the time, the situation gets more troubling.

Yields reported so far, however, have been really excellent, with grades reaching better than average levels, and with the present rain, things could be a lot worse.

Sorry day for Indians

The piercing gaze of Blackfoot Chief Crowfoot graces the September issue of the ATA, official magazine of the Alberta Teachers' Association, and introduces a series of several handsome paintings of Indians done by Harry Pollard which will feature the front of the ATA in months to come.

Besides introducing the future, it serves as a jarring reminder of the low estate in which Crowfoot's tribesmen have fallen recently, and just might focus a little attention from the responsible government area. Where Crowfoot was so highly respected as to be given a life pass on the Canadian Pacific Railway for his influence in maintaining peace among his tribesmen when other Indians were rising against the building of the railway in 1885, and where a quarter of a century ago Chief Teddy Yellow Fly was one of the responsible voices in the national councils of the Indian nations, conditions of morality and equality have reached new lows. The startling depravity is a feature, too, of only the past decade.

Maybe the ATA, and Harry Pollard, may focus attention on the plight of the red man, and help to correct conditions which are largely the responsibility of the white man. Who said we have no Little Rock or Birmingham in Canada?

Stop vandalism

Tofield residents have long been in an uproar over banning the dogs. What about the children who have been carrying on the vandalism? They say, "Shoot the Dogs" . . . would you also shoot the children?

It is time residents in Tofield should forget about the dogs for the time being and look after their children. This is a rash statement but it must be heeded if we are to stop this thing called "vandalism" which has been on the increase for the past week. Not only has it been on the increase, but it has been getting more damaging.

Several properties in town have been damaged and defaced recently, one of the worst being what was shot at with .22 rifles. Are parents going to keep their children home and put a stop to this vandalism, or are they going to face court and keep paying damages? There is no better time than right now, to set down the rules to your children. Give them a hobby or something to do and keep them out of mischief.

Quarter century

Twenty-five years isn't always a major milestone, yet we were interested this week in reading a bit of history about the Treasury Branches in Alberta. This organization which is unique in the country is this month marking its twenty-fifth anniversary.

Interestingly enough, there were only six branches to open with, and one of these was at Killam.

Since that time, the number of branches, sub-branches and offices has grown more than twenty-five fold, and the Treasury Branches boast they are providing services comparable to those of the chartered banks to 100,000 Albertans. One of the most damning charges which has been hurled by its critics at the treasury branch system was that it is politically controlled by the Alberta Government and that it has never published figures which tell how much it is making or losing, or what evils are being charged to other government departments.

Recent indications are that the quarter century of growth have provided a secure foundation for the organization, and it seems increasingly likely there will be a disclosure of facts and figures in the not-too-distant future. The charge it is controlled politically has some substance, of course, and no political organization likes to release figures until they show a rosy picture.

Despite some drawbacks to the system, an Alberta-based banking system has been appreciated by many firms and organizations in the West. Certainly there are charges the treasury branch does business on terms which cannot be met by the chartered banks, but then the banks enjoy some other privileges not shared by the treasury branch, and maybe the situation evens out.

On the whole, we can't help but wonder how much, if any, of Alberta's prosperity and progress would have to be due . . . not just to the treasury branches . . . but to the fact they were here. We can't help but wonder if Albertans may not have been treated a bit more gently during the difficult "tight money" days of four or five years ago than were, say, the residents of Saskatchewan and British Columbia where the banks were not confronted with this form of competition

Cold shoulder

Since making the heated remarks about Ontario's Premier Robarts discussed on this page in the MacDuff Report, Judy LaMarsh reported she cannot dispute further with him because of a cold in her throat. THE CANADIAN BIBLE SOCIETY
Toronto

Editor, The Mercury:
Dear Sir:

The annual local canvass in the interests of the Canadian Bible Society will soon be under way. We are hoping to make a good collection as in former years and are always happy to obtain new subscriptions.

Bible work of the Bible Society should be well known by now.

The Bible Society has undertaken eight responsibilities, translating, publishing, distributing, providing the Scriptures at a price people can afford; Scriptures for the blind; new Canadian citizens at many citizenship courts in Canada the Bible Society presents a Bible to new Canadian citizens as a reminder that the Canadian way of life was founded on Christian principles and that the Bible is the book which is the foundation of our law, our justice and our relief in the impatience of the individual and of our morals, the armed forces since the beginning of World War I, over 1,450,000 New Testaments (Jews and Old Testaments have been presented to Canadian service men and women. A service agency of the churches the Bible is the best-seller book of the Christian faith. The churches and missionaries depend upon the Bible Society to supervise the translation of the Scriptures as well as the publishing. The overall weapon the forces of righteousness engaged in a gigantic struggle with the powers of darkness at home and abroad is the Word of God which is the "Sword of the Spirit" and it is this weapon which will enable the forces of Christ to carry on the battle until the enemy is conquered and Christ shall reign in the hearts of men and in the kingdoms of the world in the kingdoms of this world. Why support the Bible Society?

Jesus said, "Go ye into all the world, preach the gospel to every creature". You cannot go to the Bible con. Jesus said "Feed my sheep". By supporting the Bible Society you feed a knowledge of the Risen Christ and the true way of life to millions of people speaking over 1000 languages. They came to bring "the recovery of sight to the blind". The Bible Society makes the Scriptures available to the blind, in raised type and through talking book records, in a format of their own. This important work is done in addition to helping give sight to the spiritually blind.

"Inasmuch as ye have done it unto one of the least of these, my brethren, ye have done it unto me".

In furthering the translation, printing, distribution and reading of the Bible you will be doing a basic work. The brotherly love so greatly needed, overseas and at home, stems from the revelation of God's love revealed in the Holy Scriptures.

Mrs. J. W. Robinson.

Free Tuberculin x-ray survey coming

Sponsored locally by the Tofield Chapter No. 73 O.E.S., the Medley-Tri Chest X-ray Unit will visit Tofield in the near future.

This survey, sponsored jointly by the Department of Public Health and the Alberta Tuberculosis Association Christmas Seal Fund, is a source of early discovery not only of unsuspected tuberculosis but many other abnormalities including: heart irregularities, tumors, etc. — which is especially valuable in view of the alarming increase in the incidence of lung cancer which the chest X-ray will reveal considerably in advance of symptoms becoming obvious.

Mr. C. B. Pugh, Director of X-ray Services, Alberta Tuberculosis Association is in the district making arrangements for the Tuberculin Testing and Chest X-ray Survey. A house-to-house canvass will be conducted to register every family in Tofield and community. All persons over school age will be included in this registration. School children have been Tuberculin tested at school through the services provided by your local Health Unit, and will not be required to attend this clinic.

In charge of the program are: Mrs. J. Moore, General Chairman; Mrs. D. Hardy, Advance Registration Chairman; Mrs. E. Reeve, Clinic Appointments Chairman; Mrs. W. Christenson Publicity Chairman; Mrs. A. Swift, Volunteer Help Chairman. 900 area to be covered in the survey will be Town of Tofield and all the area covered by Tofield school buses. You can safeguard yourself and your family by participating in the Community Survey.

To aid location of the Tuberculin and X-ray Clinic in your Community will be announced as soon as the pre-registration of each family is completed.

ODDS AND ENDS

Have you heard of how much it costs now to watch television? It runs up an average Canadian family $139 per year, if watching you'll pay $28.25 per annum. The amortization and depreciation on your receiver is $20.50 per year, $28.25 per annum while repairs and maintenance comes to $23.00. Other costs include electricity and insurance for a total of $75.00.

All of which is small potatoes when you consider what television advertisers spend to reach you.

For example: when you talk about the money paid for the 1963 World Series it works out to just a little over $7.00 per inch.

Letters to the Editor

Guest Editorial— Half a victory for the citizen

What may yet prove to have the most important and lasting effect of the recent court decision in the British Columbia Electric Co. expropriation, is what the judgment says about the rights of the individual to contest moves by governments to take over private property.

B. C. Premier Bennett's roughshod treatment of B. C. Electric shareholders gave his province and all Canada a black eye in international money markets. Now it looks as though some of the damage may be repaired. It also looks as though better laws are still needed.

Until the B. C. Electric case, most foreign investors and indeed most Canadians considered that Canada's laws gave reasonably good protection against arbitrary seizure. But first Mr Bennett used an outdated B. C law—designed originally to allow citizens to sue the Crown if they wanted to—as a means of denying a traditional privilege. This was the custom that the right of appeal against government fiat all but the most frivolous lawsuits, is automatic.

When this manoeuvre didn't seem to work, the B. C premier followed up with legislation to make B. C. Electric an entity against which court action could not be taken.

Now, if B. C. Chief Justice Lett's judgment is not upset in an appeal, it is established that Mr. Bennett's blockading tactics were not within his powers. Furthermore, the judgment asserts the right of court action against the Crown where more than one government authority is involved.

What it does not make clear, however, is the position of the citizen if no outside jurisdiction had been involved. Apparently an arbitrary expropriation would still be possible if the assets involved were entirely within B. C.

If this is in fact the case, it's high time B. C.'s anachronistic laws governing actions against the Crown should be changed. It looks as though there is more protection than Mr. Bennett thought, but less than British Columbians and other Canadians have a right to expect.

Two-way street

INDUSTRY, the monthly magazine of the Canadian Manufacturers' Association, makes an excellent argument in this month's issue for the purchasing of Canadian goods. Under the heading "Business Restless", it develops quite a good case, even citing the number of Canadian-based subsidiaries of foreign-owned firms, who have found it very good business to switch over from their traditionally foreign suppliers, and to "buy Canadian".

The Camrose Canadian has never advocated any policy which would develop trade practices that weren't completely and thoroughly beneficial to Canadian business, but we have also pointed out this has to be a two-way street. It is the responsibility of Canadian business to see that Canadian customers cannot buy better elsewhere.

With this in mind, it came as a distinct shock to realize the government isn't always too concerned over the situation, when combines are operating. This story goes back to the last year of Mr. Diefenbaker's regime, when he personally arranged a meeting between a number of wholesale customers for fine papers, and the combines department at Ottawa. In spite of the proven operation of a combine in the instance, the departmental attitude boiled down to an unbeliever but obvious feeling of "so what, they are at least buying Canadian".

However, when the delegation pointed out they could import equal products from the United States at lower prices, and furthermore would do so unless some break was made in the combine, when they did get very good action.

This sort of protection for me but not for the other fellow policy simply won't stand up. We thoroughly approve the principle of "Buy Canadian" but only when all the cards are face up on the table

Even unions can't agree

The explosive situation among maritime unions on the Great Lakes likely will be brought to a head next week in one of two ways.

While the Canadian government readies itself for consideration next Monday of legislation which will place a government trusteeship over the five maritime unions, Claude Jodoin, president of the Canadian Labor Congress is in Ottawa for what is termed as a last-ditch round of talks aimed at restoring law and order on the Great Lakes through the labor unions. Mr. Jodoin, it is reported, hopes to establish a trusteeship from the Canadian and American trade unions to prevent the an unprecedented public trusteeship.

But even other labor unions are not in favor of the idea of trustees coming from the unions. Outright opposition to such a move was announced Sunday by the Canadian Brotherhood of Railway, Transport and General Workers

When the maritime unions cannot now agree on the operation of the Great Lakes vessels, it is highly unlikely that a satisfactory union trusteeship can be established. Public trusteeship appears to be the only solution.

All Canadians, and more especially the farmers of the Prairies, will no doubt be following with great interest and developments of the next few days.

There was a spring in every step as members left the House for the lunch hour. Even the normally dour Opposition leader, Mr. Diefenbaker, was seen to smile as he left the House.

Why all the happiness? Well, it's not that the Liberals are overjoyed at the prospect of returning to power. They know that they have a minority government and that they will be subject to defeat on any vote of confidence. They know that they will be in office only so long as the Opposition parties allow them to be in office. They know that they will have to face another election before very long.

A letter from the Alberta Tuberculosis Association requesting permission to use, if necessary, the schools in the various centres in the County for chest Xray and Tuberculin Testing clinics was referred to the School Committee. The Secretary-Treasurer reported that he had, after consultion with the Superintendent of Schools informed the Director of Xray surveys, Mr. C. B. Pugh, that the schools in the County would be available if they were needed.

Moved and carried that the letter be received and filed, and action concurred in.

A request from Trev Owen's Reuben Minchau and Fred Dorrick of Bruce to have their children attend school at Viking rather than Holden was referred to the Committee, and a letter in reply stating that this request had to be denied for the present year.

Moved and carried that the information be received and such action in denying the request be concurred in.

A letter of resignation as bus driver at Bruce from Arthur H. Hann and as substitute driver from Larry J. Broadhead of Viking were referred to the Committee.

It was moved and carried that the following bus driver amendments be ewellmed: Harley Stauffer as driver out of Tofield; Mel Henderson, driver out of Tofield provided he performs satisfactory service; Leroy Acton, as spare driver at Holden; Jacob Lobanch, as spare driver at Kinsella without retainer.

The Superintendent referred to the Committee survey sheets and verbal discussion that he had with with the Dept. of Highways concerning a school bus Stop Sign that was received on Highway No. 14 west of Tofield. He reported considerable difficulty in this matter, and that he had on Sept. 8th, by letter, requested Mr. McPeridge, the District Engineer, to arrange for the Dept. of Highways Safety Engineer to meet with Cpl. Green of the RCMP and himself to look over this situation and arrive at a satisfactory solution.

Moved and carried that the report be accepted.

The Superintendent referred to the Committee the following applications for bursaries Harold W. Ferguson, 1st year standard E; Orval Johnson 1st year, standard E; David F. Penner, 1st year standard E; Avril Norris, 1st year standard E; Eugene Nesbitt, 1st year standard E; Joseph A. Furnal, 2nd year standard E; Anne Appleby, 1st year standard E; Marie Kalina, 1st year standard E; Norma E. Beiserschie 1st year standard E.

It was moved and carried that, providing the Committee that will be interviewing these applicants are satisfied, the applications be approved.

The Superintendent stated that interviews with the applicants for bursaries would be held at Ryley on Monday, Sept. 16th, beginning at 9:30 a.m., and at Holden on Tuesday, Sept. 17th, beginning at 9:30 a.m., and he requested that a one of the School Committee members attend these interviews.

It was moved and carried that letter of appreciation from Tofield be sent to the retiring trustee.

The Superintendent referred to the Committee survey sheets and verbal discussion that he had with with the Dept. of Highways concerning a school bus Stop Sign that was received on Highway No. 14 west of Tofield. He reported considerable difficulty in this matter, and that he had on Sept. 8th, by letter, requested Mr. McPeridge, the District Engineer, to arrange for the Dept. of Highways Safety Engineer to meet with Cpl. Peter's Patter

Art Lindsaker has for years proved people are funny, but I did also learn that many businesses that people are funny. I'm my opinion as a newspaper reporter I run across people nearly every day who make such remarks as "When are you going to put my name in the paper? The only way anyone makes the headlines is by having an accident or killing themselves." Although that remark is generally not true, there are times when this very same person or persons forget that I am a reporter and begin talking about a past experience which would make a very interesting article and in addition even would make the person famous. In the middle of the story they suddenly realize it isn't even a reporter and class their mouth up tight, and refuse to say another word. Some cases call for a photo during a local event, banquet, etc., and the minute I appear for it I suddenly find the main subjects have run off to hide behind the doors or some other safe place. Unless they are ashamed of what they are doing, I don't know what they are hiding from.

I ran into a case not so long ago, when an oldtimer began telling me about some of Tofield's history but was very shortly stopped by his wife who reminded him I was a reporter. That was that. Although I had no intentions of printing it I many cases myself or my wife have walked into public places where a few people are gathered in conversation. From this first sight of us everyone suddenly becomes silent and evidently they feel that everything they say is going to be printed.

Should the matter be important then it should be printed. Why is everything so hushhush? I also suppose that when some thing newsworthy has happened I'm the last one to hear about it, then, trying to follow up on the story in order to know the facts yet everyone else knows as if they were the only one in the light cone. Until now I have never experienced this, but what I am requested not to, but I have find these same lovely people asking why there is no write up in the paper, so assume my will I are no other way than to take a detective novel and slip around unnoticed by and dig out the stories which should be printed for the interest of the general public for are not, simply because "People are Funny".

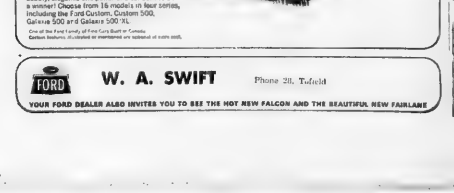
Here is the solid, silent SuperTorque Ford for 1964

The most beautiful Ford ever—hundreds of pounds stronger, smoother and steadier than any other car in its field. Open competition has bred into the '64 Fords the kind of total performance you just can't create on the test track alone. They're hard muscled, fast moving sure-footed . . . with more steel in their frames, huskier bodies, more solid road-hugging strength than anything else in their field. A remarkable new suspension system gives them a ride as smooth as cars costing thousands more — and the '64 Fords offer you substantially more car than anything at their price. Don't take our word for it—take the wheel and see. Test drive the total performance of the '64 Fords . . . at your Ford Dealer!



The 1964 SuperTorque Ford has the beauty, elegance and power of a car born to be a winner! Choose from 16 models in four series, including the Ford Custom, Custom 500, Galaxie 500 and Galaxie 500 XL

Patricia Nikolaus weds Harlan Sand

A wedding of interest to the Amisk Creek district took place July 27th at 2:30 p.m. in Trinity Lutheran Church, Grande Prairie. Pastor D. Berglund officiated at the double ring ceremony which united Patricia Dorothy daughter of Mr. and Mrs. Vern Nickolaus of Crooked Creek and Harlan Floyd son of Mr. and Mrs. Irving Sand of the Amisk Creek district.

Given in marriage by her stepfather, the bride looked lovely in a floor-length gown of white satin with nylon overlay. Her shoulder-length veil and a bouquet of red roses completed her attire.

Bridesmaids were Miss Marilyn Lessen, cousin of the bride and Miss Dee Lee Sand, sister of the groom. They wore dresses of blue nylon chiffon over nylon taffeta and carried bouquets of pink carnations.

Janice Sandstrom of Camrose was the flower girl and Fred Sand of Amisk Creek was groomsman.

The couple stood on a white carpet in the Crooked Creek Hall. The altar was decorated with white candelabra and a basket of pink roses. The groom's mother wore a beige printed nylon dress with yellow accessories and corsage of yellow roses.

Out-of-town guests were from Victoria and Chetwynd, B.C., Edmonton, Bewberry, Paradise Valley Camrose, Ryley Beaverhills, Valleyview and Beaverlodge.

The happy couple will make their home in Edmonton.

Bardo WCTU discuss "Crime & Alcohol"

Mrs. C. M. Rude

BARDO, Sept 16 The regular meeting of the WCTU was held at the home of Mrs. Alex. Tarkenton in Tofield on Wednesday afternoon Mrs. Alex Neil was in charge of the meeting. July and August meetings cluded the meeting.

Mrs Norma Anderson, who is to devotions read from Luke 9:1-12.

"Crime and Alcohol." was the clip sheet given by several members. A conversation with the RCMP is speaking to a club described the condition of crime and alcoholism as a result of broken homes and irresponsible parents. He thinks the trouble is due to the home and other training in the early years. Mrs. Alex Neil read a letter from Miss Mary Booth and Sister Mabel Johnson will teach in national leadership school courses in the Peace which she has chosen service.

It was decided to send a subscription of the White Ribbon Tidings to two ladies in other districts, hoping to interest and perhaps get some subscribed.

The next meeting will be held at the home of Mrs. Nora Anderson on Wednesday afternoon, October 3.

Worth keeping an eye on one's rights

(The Sudbury Star)

The civil liberties section of the Canadian Bar Association has brought forward resolutions designed to prevent prisoners from being held incommunicado by police for several days at a time. Police chiefs across Canada have been quick to deny that such a situation exists or that prisoners are subjected to any form of "third degree" in order to obtain confessions.

Where there is smoke there is fire. Lawyers and prisoners have complained of being refused the right to see a lawyer, phone and, occasionally, of ill-treatment.

The legal profession lives up to the code and ethics of the profession in speaking out boldly, and advocating reforms in the name of justice. There are no reforms in the administration of justice that call for correction to make sure that "equal justice" is more than a theory. Only the rights and civil liberties of the individual are protected.

TRICK OF THE TRADE

Some of the local residents seemed quite interested in watching the construction of the new telephone building last week. Some of the equipment being used as seen above is very much used in a small town. In the top picture the cement bucket is being filled with cement. Centre, the bucket is hoisted to the top of the building and guided into position by the men, and once into position (lower picture) a lever is pulled, dumping the cement into the forms. Workmen are shown busily finishing cement beams. The building is being constructed by Watson (Tofield) Ltd. and will be completed by October 11.

Dental service added to Vegreville Health Unit

Two recent additions to the Vegreville Health Unit are the services of a part-time dental and a full-time dental hygienist. Dental officer Dr. J. P. Lakeshak, a practising dentist at Two Hills, will be with the Health Unit in Vegreville every Wednesday, presently. The dental addition is dental hygienist Miss Rachel Wynyck. Addition of the two new personnel now makes it possible to offer preventive dentistry to the public.

Parents are very often confused in the meanings of preventive dentistry, and dental treatment, and to correct the misunderstandings, preventive dentistry is concerned with methods of preventing the onset of dental diseases such as decay, gum diseases and crooked teeth. Dental treatment, on the other hand, refers to filling teeth, treating gum diseases or correcting crooked teeth.

Recently a program has been under way in which dentists have been arranged with all mothers of three-year-old children, and some of the children have already had their teeth cleaned and painted with a solution of stannous fluoride to prevent the onset of decay. It is hoped that this operation, together with the practising of good dental habits, will almost completely eliminate dental problems of this group of children before their permanent teeth appear. The services are free of charge.

Mothers of the Tofield children met in Tofield this week discussing the program, which presently is for all children born in 1960. Anyone who has not yet taken advantage of this service should get in touch with the health unit office in Holden immediately, as Miss Wynyck will be in the Tofield Legion Hall until October 11th, instructing in good dental hygiene and the many aluminum fluoride applications.

As to the child's discomfort, there is none except a slight pin-prick taste from the fluoride, which disappears in a short time after application.

Mothers are urged to bring their three-year-olds to the clinic, or if more information is required, get in touch with the Health Unit immediately for dental appointments. Preventive decays now will save much pain and discomfort in later years.

PLENTY TO SELL. Farmers in the prairie provinces have reaped a rich harvest of wheat, and it looks as though every golden bushel will be sold. The Canadian Government and the USSR have signed the biggest wheat deal in Canada's history. The sale will bring in $500,000,000 for 237,500,000 bushels of wheat and flour to be shipped to the USSR in the next 10½ months.—TNS Photo

Tips to help cut out smoking

For those wishing to cut out smoking, here are a few tips or "do's" rules:

"Do not buy your favourite brand of cigarettes; choose the brand you like least.

"Not, the times when the desire to smoke is strongest, and delay smoking as long as possible.

"Never smoke before breakfast.

"Postpone smoking after meals as long as you can.

"Break the habit of always having cigarettes within each reach.

"Never permit hunger.

"If possible, try and get together with others also wishing to stop smoking, and face the battle together. When you see that other people can stop smoking, it in turn spurs you on, and gives you that extra will or backbone."

These rules were taken from an article in the Readers Digest, written by a young woman who formerly smoked 50 cigarettes a day and now smokes nil.

New man on town council

There will be a new face at the next town council meeting, following the recent nominations in which Ralph A. Gerrie was elected to the council by acclamation. He takes the place of Charles Kallal who, after serving on the council since 1954, decided not to run this year.

George McFadzean was elected to represent the Town on the Hospital Board, replacing Bill Flint, who was recently transferred to Penticton, B.C.

George Arnett was again elected to the school committee, representing the town for the County of Beaver No. 9.

The other councillor up for election was Gordon Hill, who was again re-elected by acclamation.

Ryley barber retires at 79 years

Another mark in history went down last Saturday evening, Sept. 28, 1963, when the last snip of the scissors was administered by Edward P. Mehus of Ryley.

Better known as "Ed", Mr. Mehus has barbered for a total of 62 years, the past 43 years and 38 days in Ryley. Ed began barbering in Norway at the age of 15 years, and in those days it was necessary to learn the trade for a period of three years before receiving a barber's license. But as he recalls, "the first year you didn't do much more than clean floors".

In the year 1921, at the age of 19, young Ed became a full-fledged barber. Coming to Canada in 1906 he settled in Estevan, Sask., and later moved to Wetaskiwin, and from there to Edmonton. In Edmonton, he cut hair in the Capitol Barber Shop for a period of nine years before coming to Ryley on September 1, 1920. He has carried on operations in the Pool Hall and Barber Shop until Saturday, when after many moons, George Chee, took over operations.

When asked about his plans for the future, Mr. Mehus replied, "I'll jist travel around in the garden, and I also have three Shetlow hos which will give me lots to do". When asked if he intended to spend his retiring days in Ryley, the reply was, "I've been here so long, I wouldn't know where else to go".

Now retired at the age of 79, he is still quite active, and no doubt will probably be found quite frequently, just hanging around the shop.

Twins honored on birthday

Friends and relatives honored 81-year-old twin sisters on their birthday last August 29th at the daughter of Mrs. James Oliver, shown on the left. Mrs. Oliver resides at 208 Connaught Ave., Fairfield Post, and on the left is Miss Agnes Ryley of the Ryley district, 634 Hoffman Rd., in Elmira.

Mrs. Cook held a family dinner in honor of the twins, born in Ladhertie, Scotland, August 29, 1882, the children of the late William and Elizabeth Milligan Currie.

The twins are sisters of Mrs. Jim Campbell of Tofield and were planning to visit her in Tofield this summer. However, owing to the illness of Mrs. J. Oliver, they were unable to make the trip. They were in Tofield five years ago, and Mrs. Campbell is hoping they can come next summer.

The twins and Mrs. Campbell are the only members of the family left out of a family of eight.

Fred Loades declares war on local magpies

Fred Loades, local business man and ardent sportsman, has taken it upon himself to wage a one-man war on magpies. He recently built a trap which has accounted for almost two hundred magpies in the Ryley district. It is merely a clothes wire container the size of a 200-gal. rain barrel with a funnel entering at the bottom. With the bait inside, magpies enter the funnel quite readily to feed, and then cannot find their way out of the small opening. There is quite a large population of magpies and Fred has caught a week of them with the aid of a short stick.

He had a sizeable audience one morning last week when he was boasting a catch of eight birds with the trap set right beside his store. This, however, was not by any means his best catch, as some time before he accounted for twenty-five birds in one catch.

A strong demand has developed for use of this trap, and many local sportsmen are using it to diminish the magpie population on their farms.

Moody science film at Brethren Church

A 45-minute, full color Moody Science film titled "Time and Eternity" will be featured this Sunday in the new Tofield Assembly of God Church at 8:00 p.m.

The film is both beautiful and terrifying. For example: a trip to the Sun Series at nearly the speed of light would take only 12 hours space time, but when you returned everyone else on earth would be 18 years older. The reality of Eternity is seen as scientific fact.

The evening is sponsored by the Young People, and will include a program of singing and special music. A cordial invitation is extended to everyone to come and enjoy the fellowship.

Lassie Come Home' at Tofield theatre

Here is the show you've all been waiting for, and this is none other than "Lassie Come Home". Showing at the Tofield Community Theatre next week, Friday and Saturday, Oct. 11th and 12th. Of course, everyone knows "Lassie", the famous Collie dog, and nobody will want to miss seeing the heart-tickling adventure of this valiant animal, and you surely must see the beautiful scenery.

This Friday and Saturday, Oct. 4th and 5th, however, there is another interesting show on at the Tofield Theatre. Starring in "Four Voyage" is a Walt Disney production of "Ten Who Dared" by Jim McKinney and Ted Sweetland. See what can happen when Fred McMurray and Jane Wyman, along with their family, take a trip to "Gay Paree".

Indications are that there will be everything from children's bicycles to billy goats for sale come Saturday after-

All residents are requested to bring in any useful item they no longer need as their contribution. Persons who do not have transportation for any items they wish to donate should call Fred Loades or Garnet Barnstead, and pick-up will be arranged.

With Garnet Burnstead crying the sale, it should prove to be not only a good time to buy used articles, but it should also be an interesting and entertaining afternoon.

Sale time is 2:00 p.m. on Saturday. Don't miss it!

Lions' white elephant auction on Saturday

The Ryley Lions are looking forward to a successful auction sale on Saturday. Many local residents have already begun to bring items to Fred Loades, and it is expected that by Saturday morning the auction lot between Loades Hardware and the Town Office will be loaded with a variety of articles and produce for sale.

PATCHES ON HIS KNEES. Men the world over seem to have a reluctance to throw away old clothes—and Britain's Prime Minister Harold Macmillan is no exception. He went golfing at Nairn, Scotland, wearing herringbone trousers with a patch over the right knee, and a well-darned jacket.—TNS Photo

Ex - Tofield mayor dies

George Brace of 10312 130th St., a former mayor of Tofield, died in an Edmonton hospital on the weekend.

He was born in Summerside, P.E.I., and came west in 1912. He operated a hardware store in Tofield, 40 miles southeast of Edmonton, for many years.

While in Tofield he served on the town council and was mayor for several terms.

Mr. Brace came to Edmonton in 1946. He was a member of First Presbyterian Church and of Pyramid Lodge No. 46 AF and AM.

Surviving him are his widow, Mabel, a son, James, and a grandson all of Edmonton, and four nieces in Eastern Canada.

The funeral service was held Tuesday at 2:00 p.m. from the Anderson-McLauchlin chapel, with Dr. J. J. White officiating.

Burial was in the family plot at Woodlawn Memorial Park.

County of Beaver meets

Regular meeting of the Council of the County of Beaver No. 9 held Thursday, Sept. 12th. Present were councillors W. A. Davis, A. L. Gibson, W. D. Johnson, W. Krupski, C. Mc-Magneson, J. H. Roddick and Kostyshyn.

The minutes of the Agricultural Service Board meeting on August 14th were referred to at the Council and received. Total of 30 were noted. From these reports it was resolved that the Service Board intended that the County's spray equipment be used for spraying cattle, and reference was made to the Council's decision as per Resolution 205-63 that the spray equipment should be used for this purpose only and the County would not run the risk of being liable for any damage suit in connection with the spraying of cattle.

Moved and carried that the Agriculture Service Board Minutes be accepted as information.

It was then moved and carried that Cr. Gibson discuss the matter of the use of the County's spray equipment with the Field Supervisor.

The question as to whether or not the County's Road machinery and equipment would be able to complete all the proposed construction before freeze up was discussed at this time, and it was considered that unless the weather conditions stayed very favourable, it would be very difficult for the County's equipment to complete the road construction program.

Moved and carried that Cr. Mach be authorized to hire C. Peake to construct two miles of road in Division No. 3.

BUSINESS ARISING FROM THE MINUTES

In connection with the service road in the Lindbrook Subdivision, last dealt with by resolution 139 / 63, the secretary-treasurer informed the Council that he had contacted the Trade Safety Engineer of the Department of Highways as well as the Director of Town and Rural Planning in the matter of the service road. Replies from the Traffic Safety Engineer and the Provincial Planning Director referred to a standard that the County had no responsibility in regards to construction of this service road. The letter from the Provincial Planning Director indicated that the original owner of the Subdivision could be held responsible for the construction of the road and that this would be a matter for the owners of the various lots within the Subdivision.

Moved and carried that the information be accepted and the correspondence be received and filed.

In regards to the flooding on NW 20-49-13-W4th, dealt with by resolution 439 / 63, the secretary-treasurer informed the Council that he had written the Director of the Department of Water Resources requesting further information on this complaint but that, to date, no reply had been received.

It was moved and carried that the matter of flooding in NW 20-49-13-W4th be tabled to the next meeting of the Council

In reference to Mr. M. N. Zoznik's complaint re flooding of Pt. of Section 25-49-16-W4th, dealt with by resolution 447/63 and 450/63, a report from the Committee was referred to the Council and the situation fully discussed.

It was moved and carried that the

Facing the facts

Prime Minister Pearson must have enhanced his stature among the voters of Canada on Sunday night, as he informally chatted with them from the fireplace in his home. Mr. Pearson was sage enough to realize that realistically facing up to some of the problems was better than trying to "soft-soap" his way out of them, and so faced squarely up to a number of difficulties confronting Parliament in the weeks ahead.

He didn't try to evade the problems created by his government's attempts to provide universal contributory old-age pension, admitted the increase to $75 in old-age pensions would cost more in taxes, and tried to put the Canadian-Canadien problem in its proper perspective.

The speech left no doubt as to why he is leader of the party, rather than Miss LaMarsh, who has helped put the government in a needlessly embarrassing and untenable situation.

It's tough to eat humble pie, but sometimes it's the start of the road upward.

Wool in the mutton

Canadians eat only 3.8 pounds of lamb per capita each year, points out G. L. Iveson of Edmonton, in October's Imperial Oil Review, while they gobble up 70 pounds of beef and 70 pounds of pork. The article goes on to point out that even with such low figures, the industry is still very important to Alberta, with one-third of all the sheep in Canada, (at 300,000), and more than any other province has.

To the sheep breeder, of course, this figure of less than four pounds per person per year means serious problems. But oddly, the housewife who tries to find a little variety in switching to lamb or mutton really has her work cut out for her. As many devotees of lamb know, it's a major success to find the variety stocked at the meat counters.

Perhaps the lamb breeders need to work together to improve public receptivity, and the butcher's stock on the shelves in order to even out the score.

Bennett too shrewd

Premier Bennett of British Columbia proved on Monday his tactics in calling for an election just before Davie Fulton was ready for it were more than justified. Not only was Fulton himself wiped out, but his P.C party couldn't gain one seat and Bennett saw his own majority increased by a comfortable three seats.

Highly gratifying for Bennett and his Socreds, of course, the victory must be considered as unfortunate in the overall picture of democracy and Canada. Not only Canada, but B.C too, needs men of Fulton's stature experience and proven ability. For Fulton, politics is not simply a diversion, but an absorbing interest, and it is greatly to be hoped he will not follow the lead of so many other defeated candidates and leaders who retire into oblivion. Rather, let us hope he will lick his sores, heal his battle wounds, and start training for the next round.

Cause to pause . . .

A well-adjusted person is one who can play golf and bridge as though they were games!

A man returned home from a session at the golf links and his young son wanted to know, "Well, did you win, dad?"

"Let me put it this way," was the reply. "Your father got to hit the ball more times than anyone else".

A swanky chap applied at the recruiting office to enlist. "I suppose you want a commission", said the officer. "No thanks", was the reply. "I'm such a poor soldier that I'd rather work on a straight salary".

A deaf woman entered a church with an ear trumpet. Soon after she had seated herself, an usher tiptoed over and whispered, "One loud, and out you go".

Quite often on the golf course one is able to spot a person who is new at the game simply because the novice does not know the "golf lingo". Oh, yes! The former knows all about tees, clubs, the rough, the fairway, and maybe even the nineteenth hole, but it is the things he says during the round that may show him up as a neo-comer.

In case you, dear reader, are planning to take up the game of golf, I feel it is my duty as a two-year veterans of the game, to acquaint you with some of these cute expressions that will set you apart as "one who has been around" the course, that is.

Now, first of all, if you catch yourself talking when your mate is about to tee off on one and the latter says his usual "Fore" and straightens up, don't say "I'm sorry" or "Excuse me" or even "Pardon". Instead you apologize profusely for being so all-considerate and then make sure you don't laugh when he finally does clobber one that winds up in the rough.

If your partner's ball has a slice or hook on it, and you're not sure which is which, don't explain yourself by trying to coin it in proper title. Just say "Which one are you a got a tail on it?"

If your partner's drive happens to go just off the fairway a ways, you don't sympathize. You merely say, "That'll play at No trouble.

If you get a good drive yourself, never jump up and down showing pleasure with it. The proper comment, spoken quietly is "I'll take that one." Also accept it as "I don't want that one back."

When you are chipping onto the green, and you find your chip has flubbed his shot, you can always rub a little salt into his wounded pride—especially if he is one of the better golfers — by saying "I guess it's still your shot."

Another way to draw his attention to the fact that you are closer to the cup than he is, and that it is still his shot, is to ask, "Are you going to make any?" This one is particularly effective when your ball is nowhere near your opponent's line of fire.

On the other hand, if you want to get on the good side of your golfing partner, this is easily accomplished by asking him for some advice.

And don't forget once the round is over no matter how well you might have done complain about the bad shots, and never mention any good ones you might have made.

PREVENT LOSS OF GRAIN FROM TRUCKS

It pays real dividends to protect your load of grain when hauling to the elevator.

Ask our agent to show you a model of the specially designed *wind baffle* which is very effective in preventing the loss of grain and the spread of weeds from trucks. Detailed plans available or orders taken.

A matter of form

A true story currently going the rounds tells of a government department clerk who in the course of his job receives dozens of papers every day which he is supposed to read and study.

One day recently, it appears a form from another department found its way into his pile. He read it, initialled it and placed it in his "out" basket.

Two days later the paper came back with the note attached: "No document was ever designed for you to handle. Kindly erase your initials and initial the erasure."

Even my ire is itself a source of great revenue. —Seneca.

MacDuff Ottawa report— . . . Stormy session ahead

OTTAWA — With the summer a comfy memory, the nation's capital settled down to the serious work of the fall session. Parliament was recalled from its summer recess on September 30th, and the House of Commons got down to business on October 1st.

What lies in the list in the question period, and the defense with important questions being answered and asked by the Canada for years to come. Defense Minister Paul Hellyer is currently wrestling with the problem of what to spend on defense and how to spend it. There is a defense policy that has never received the Cabinet's approval. It must also determine what kind of equipment is to be purchased, how it is to be financed, and how much of it is to be produced in Canada. Canadian Navy wants a new aircraft carrier to replace the Bonaventure. It must also determine what kind of equipment is to be purchased, how it is to be financed, and how much of it is to be produced in Canada. Canadian industry is pressing for intensive consideration in certain sectors.

Then the Liberal party's Policy Committee has to decide whether or not to proceed with the program in the face of the Kennedy Administration during the course of the Joint Canadian-U.S. Committee on Trade and Economic Affairs.

The negotiations schedule is to take place next year on the reduction in world trade barriers proposed by the United States require a number of important decisions to be made by the federal government. It must decide what Canadian tariffs it is prepared to cut and how in the forthcoming round of negotiations with domestic industry. It must also determine what kind of assistance is to be forthcoming for it, to help Canadian industry adjust to more intensive competition in certain sectors.

Ross Creek news

(Mrs. Bessie Pedersen)

Joe McLachlan left on Wednesday evening for Grande Prairie to be with his sister, Mrs. Jim Garrett, whose husband passed away on Tuesday. Sincere sympathy is extended to Mrs. Susan McLachlan and Mrs. Leslie Lessery on the death of their brother.

Howard and Neil Malcolm spent the weekend at Red River with Neil's sister, Maxie and Jay Henry.

Wade and Florence Malcolm and family, Jack and Gertie Fiorel were Sunday dinner guests with the Bob Ferrel family at Sherwood Park.

Martin Kopsies is spending a few days as the guest of his daughter, Mrs. Howard Malcolm after returning home from Manitoba.

Mr. and Mrs. John Plaiser had Mrs. Becker's parents, Mr. and Mrs. Kempenaar, and Mr. and Mrs. Charlie Paapenhuizer of Edmonton as Friday evening visitors. Mrs. Plaiser's grandparents, who have been visiting relatives the past six months, left the end of September to rejoin their home in Holland.

The Air Cadets in Lamont have begun meetings this fall. Ronald Hilan, Scott Malcolm and Stuart Snider have again joined the group, and several new boys are considering joining.

Arnold Seider of Edmonton was a Saturday dinner guest with Mr. Graham Seider.

Graham and Elma Seider and family were Sunday visitors with Elma's parents, Mr. and Mrs. John Hemmaway.

Mrs. Annie Kolman of Edmonton was a Thursday afternoon guest at the Joe McLachlan home.

Mrs. Paul Rustand is staying with her daughter, Anne Klashuk for a few days. Mrs. Rustand was helping out with the work while Anne was hospitalized at the Archer Memorial Hospital.

Mrs. Mabel Hauer spent five days at the Archer Memorial Hospital.

Wayne Mallwetch had an autumn party at his home on Friday evening with several young folks attending.

Miss Beverly Klatchuk had a party on Sunday at her home to celebrate her 12th birthday. Guests were Ricky Zalodun, Bill and Olga Eglinski were Saturday evening visitors at the Raymond McLachlan home.

Mrs. Raymond McLachlan has been teaching at Chipman for the last two weeks. Little Randy has been staying during that time with his Aunt Winnie.

The Raymond McLachlan family motored to Wellington on Sunday to visit relatives. Frances also enjoyed a fine day on her birthday.

FORMER RESIDENT VISITS

Hadley Petterson of North Battleford, B.C., a former resident of Ross Creek, is visiting with old friends, Joe and Isabel McLachlan. Mrs. Petterson passed away in July. Hadley is on his way to Cold Lake to visit his son, Harold, and family.

CEMENTING 'BEE'

The men of the district had a "bee" Friday and Saturday, working on the laying of the cement for the foundations of the new church.

Rev. Rowe would like to meet with the building committee after church services on Sunday.

Orville and Margaret Hoef of Edmonton visited with George and Ann on Sunday.

Mrs. Wilfred Schaecher was a visitor at the Alvin Hauer home on Sunday.

Ross Creek young folk were among graduates at the Friday evening exercises at the Lamont high school, receiving certificates.

Mr. and Mrs. Bill Yaruskevich will celebrate their 60th wedding anniversary on October 3rd.

Oldtime enterprise

They say that the reduction in the amount of goods imported free of duty from the United States has lowered the revenue of the Prairie Provinces from Canadian passenger automobiles.

This is further evidence of a welcome decline in individual enterprise. After all the $100 exemption for tourists did not exist until a few years ago. The stores on the U.S. side of the border even then got a goodly amount of sales from Canadians with special reference to Good Friday and Thanksgiving Day. Customs officers weren't likely to know that the lady was wearing two dresses or that the fellow walking stiff-legged had a hunting-rifle stuffed in his pant leg. These, and many other, smuggling tricks may have passed away when a former Liberal government made the violation of a sumptuary law less tempting.

Tofield Farmers' Union begins fall activities

By Reg Crispin

The time has rolled around for the Tofield Farmers' Union to begin regular monthly meetings which are held on the second Tuesday of the month at 8:30 p.m. in the Legion Hall. The first such meeting will be Tuesday, October 8th, 8:30 p.m., when several items of interest will be brought up. A good attendance is expected.

There were several thought-provoking articles written by FUA president and others that should cause quite a bit of study and interesting debate for the coming months. Also, the author of some of these articles is not known, it quite likely was Mr. Leanders the editor and office manager, who, and to say, passed away a few weeks ago.

Although some may not agree with all that was said, it certainly showed that a lot of study and thought was put into trying to solve the farmer's problems.

It is rather unfortunate that our farm papers and rural weekly publications do not see the value of these articles and copy them in their papers. It would give a lot of urban readers a clearer view of things such as what the farmer gets and the consumer pays for many of our products.

The idea of a province-wide bowling tournament for FUA members will have to be decided as entries have to be made in October.

Now that the Government Medical Plan is coming into effect, the question of forming a group medical services plan could be brought up, which would mean a further saving to anyone thinking of taking advantage of the government plan.

Round-up day is to be held on November 12th this year, the goal being a 100 per cent sign-up. Membership affords farmers in particular of FUA car, truck and fire insurance.

The jackpot is still not won and now has approximately $16 to $15. Attendance at the meeting is required to win the draw.

Amisk Creek

(Mrs. Erling Sand)

Mr. and Mrs. Steve Woodward from Vancouver, B.C., were Friday night supper guests at the N. Cran Patterson home.

Harlan Sand and Harvey Ridley of Edmonton called at the Erling Sand home Saturday morning, after last month.

Mr. and Mrs. Norman Patterson and boys attended a family gathering at the Conrad Patterson home in Tofield on Sunday afternoon in honor of Mr. and Mrs. Steve Woodward.

Sunday dinner guests at the Cliff Rude home were Mr. and Mrs. Dale Rude and Mr. and Mrs. Olaf Sorkkan. Afternoon visitors were Mr. and Mrs. Charles Rude. Mr. and Mrs. Mikel Erickson, Mr. and Mrs. Edwin Kilen of Viking and Mrs. Petra Stauffer.

Visiting at the Erling Sand home on Sunday afternoon were Mr. and Mrs. Ted Gjerde, Grant and Ethel. Mrs. Nettie Moen, Mr. and Mrs. Marvin Moen and Errol of Camrose, Mrs. Harold Lee of Calgary and Lloyd Berg of Edmonton.

Ulrich Gardner of Viking is spending a few days at the Erling Sand home.

Donald Lee visited at the Glenn Hillevad home on Sunday.

Peter's Patter

Quote. "If you're looking for a place to retire, then do so in Tofield. How many times have we heard this in the past."

I gather from this plus the activities around town, that Tofield will undoubtedly somday become an old folks' home. Don't misunderstand me, I do welcome the older folks and I am sure everyone is in favour of having them retire in Tofield but at the same time by advertising in this manner it may be doing more harm than good.

I have heard a good many respectable people from other cities and towns tell of Tofield being ten years behind times. If this is so, then should we not be advertising Tofield as an excellent spot for industry (which it is), or an ideal location for starting new business, etc.? This, in my opinion, would attract a lot more attention and more prospects of the type needed to build up our town and put it on the map. At the same time we could set up a welcome house for all aged help to retire in Tofield, which, if done right, could be a far more effective way of advertising for the retired.

I do not know who is responsible for setting the advertising for the retired, but possibly the responsible party or parties have not recognized their error. Please, let's change our objectives and bring in some new and young blood with a greater variety of services. Also, the more industry and services which we can gain will create more employment, which is the only way to keep the younger generation in town. As it is now, when the younger set have completed schooling, there is no employment to offer them unless they wish to retire, they will then be welcome

However, if my opinion is wrong and Tofield is to be set aside for an old folks' town, then those of us younger ones will eventually have to take the hint (of not being wanted) and find a progressive town in which we are welcome. Having stated my opinion, I will stress that I am not alone, as I have heard many opinions related to mine voiced in the past.

County of Beaver meets

(Continued from Page One)

...days before this meeting and that ... had instructed his ... to proceed with the ... and that ... was to be ... by Sept. 30 1963.

In reference to the appointment of Mr. Donald Lewis as a ... Mr. Verne Hall requested the County on the Surface Division of Council. The secretary-treasurer ... the Council that no progress had been made for payment to Mr. Gerbasius when he was acting on the Reclamation Council on behalf of the County and further reminded the Council that any out involved would be reimbursed at the end of the year by the Provincial Government.

Moved and carried that Mr. Gerbasius be paid at the rate of $15 per day plus 12 cents a mile for use of his car when acting on the surface Reclamation Council.

The Committee appointed by resolution 86-251-63 to review H. Angus Ltd. re refunds to the repairs to the transmission on the caterpillar patrol 11H reported that they had interviewed H. Angus Ltd. and had been able to obtain a rebate of $... on the damaged parts for rebate amounting to $387.75. They had also been assured that the Company would stand behind any repairs to the transmission beyond the warranty period. The Committee had also interviewed Construction Equipment Ltd in regards to the 3 Adams 736 grader and had been assured that the complete world service behind their warranty beyond the warranty period prevailing on the original contract was ... and before expiration of the warranty period.

Moved and carried that the report be accepted and arrangements concurred in.

CORRESPONDENCE

A letter from Mrs. G. Muir of R.R. No. 2 Tofield, complaining of the road to her buildings on N ¼ 31-52-20-W4th, was referred to the Council. The letter indicated that the road past this land had been changed twice and Mrs. Muir complained of the difficulty in getting farm her buildings to the road constructed in 1962. Her letter indicated that, in her opinion, the County should supply her with a good all-weather road. Cr. Westbrook stated that it would be difficult to construct such a road but that, possibly, the road used prior to the road constructed in 1962 could be kept as an approach road to this farm. He further mentioned that the County had moved the fence at no charge to Mrs. Muir. The Council felt that, due to the fact that Mrs. Muir would have two old roads to contend with in getting a proper road to her buildings, the County might have some responsibility in this matter.

It was moved and carried that Cr. Westbrook investigate this complaint and endeavor to make some arrangement acceptable to Mrs. Muir.

A letter from Wilson and Lesser Nevels of Viking complaining of the poor condition of roads between their various farms was referred to the Council. The letter had been received on August 20th and on August 22nd copies had been mailed to Crs. Roddick and Davis who were concerned with these roads. Cr. Roddick reported that that portion of the road located in Division No. 3 had been graded the

...of it was cold outside.

Cr. Roddick stated that the Viking Hospital had a very bad dust problem from the municipal road in front of the hospital and the Hospital Administrator, as well as other officials, had requested that something should be done in this matter. Cr. Roddick suggested that some immediate consideration could be made as to the cost of oiling this piece of road, since part of the road coming south into the Town of Viking is ... Cr. Roddick suggested that a witness be called.

Moved and carried that the secretary-treasurer obtain the necessary information and if the cost is within reason the Council members on the Hospital Board be given power to act in this matter.

It was moved and carried at 5.15 p.m. that this meeting now adjourn to the call of the Chair or to the next regular meeting.

Former Holdenite returns for visit

(Mrs. G. Taylor)

HOLDEN, Oct. 1 — Mrs. Brian Sharman and Mrs. Sharman, Edmonton, spent Friday afternoon visiting with Mrs. N. Campbell and other relatives. Dr. Sharman's father was CNR station agent in Holden for some years before his death. Mrs. Campbell was born here and attended school in Holden before moving to the States after the death of her father. Dr. Sharman was in Alberta for a doctor's convention, and met with Dr. Ray and Fleming of Banff, also a former Holden boy with whom he went to school.

We understand that Dr. Fleming gathered many many ... in washing machine, as big ... tendons of her fingers. ... She has had to have a cast on, to correct the damage.

Holden girl wed in home church

Miss Gloria Komarnisky became the bride of Francis Menger in a recent double-ring ceremony performed at St. Gregory's Roman Catholic Church in Holden. The bride is the eldest daughter of Mr. and Mrs. Steve P. Komarnisky of Holden, and the groom is the eldest son of Mr. and Mrs. Arthur Menger of North Hollywood, California.

Basket of pink and white gladioli graced the altar of the church for the ceremony performed by Rev. Father A. Prystanish. The wedding music was played by Mr. Gordon Halse and Mrs. Anita Halse was soloist.

The bride, given in marriage by her father, wore an original lace gown fashioned with long sleeves de nuit, princess styled, with pointed draped collar accented with crystal and pearls, with detachable watteau train. Her matching headdress bow-caught with orange blossoms, held a full bouffant veil of illusion.

The bride's only jewellery a string of cultured pearls, a gift of the groom, accented her attire. She carried red sweetheart roses and stephanotis in a cascadal bouquet.

Attending the bride as matron of honor was her sister, Miss Sylvia Luzynsky. Bridesmaids were Miss Gilda Valli, Miss Vyphanda Komarnisky and Miss Janice Komarnisky. The matron of honor wore a street length dress of sky blue velvet with fitted bodice and "A" line skirt

The bridesmaids were similarly styled dresses fashioned in pink velvet gowns de nuit, and wore matching wedding ring headpieces of blue velvet and carried colonial bouquets of pink gardenias.

The flower girl, Deborah Rodgers, niece of the bride, wore a frock of sky blue velvet accented up a pink band. She carried a miniature colonial bouquet of pink carnations.

Larry Maurer, attended the groom as best man and groomsmen were Harry Caryalun, Jerry Cuhir and Ron Zalusky. Peter Calo acted as ring bearer.

The bride's mother wore a headpiece while browned double-net suit, complimented by a model paisley coatie hat, and a corsage of red roses and blue cache lathers. The mother of the groom chose a turquoise light green raw silk dress with [illegible] ensemble was complimented by green accessories and white gardinia corsage.

Following the ceremony, a reception and dance were held at the Holden Community Hall. The bride's table was centred with a three-tiered wedding cake, topped with a spray of red sweetheart roses.

The toast of the bride was proposed by Mr. Wm. Ogrodnick. Toasts to the bride and groom were also proposed by the bride's father and the groom's father. Messages of congratulations were given by Rev. A. Prystanish and Father B. Lazynsky. Congratulatory telegrams were received from Seattle, N. New Jersey and Seattle, Wash.

For travelling, the bride chose a white shantung silk sheath dress with matching sleeveless tunic. A deep pink velvet model hat with white accessories and pink orchid corsage completed her ensemble.

Following a honeymoon the couple will return to California to make their home in Los Angeles.

Altogether, there will be 22 carloads of all classes of Beef cattle shipped to the Royal from Alberta

Newspaper ruled "owner" of news

(The Sudbury Star)

The seven justice of Pennsylvania's Supreme Court have agreed unanimously that local newspapers gathered by a newspaper's reporters are the property of the paper and cannot be used by authorized use by a radio station or other competitor in similar competition and a violation of a property right based up down their division the supreme court justices upheld the decision of a lower court.

The action arose when a Williamsport, Pa., newspaper sued the local radio station for what it called "appropriation of local news without the permission or authorization". The radio station got word of several of the action on the grounds the newspaper should have acted in the federal courts under the copyright laws. The Pennsylvania Supreme Court ruled it was not a question of a copyright but that of property rights

The court in Justice Bideich'ue in the court's finding that "the protection which the law affords to competition does not and cannot go to the extent of the usurpation of a competitor's literary property and news".

Rural fire unit saves home on Highway 16

The Tofield Rural Fire Unit were responsible to a large extent for saving the residence of Gustav Jahns on Highway 16. All reports indicated that the unit did a good job, especially as some time elapsed before it was called to Edmonton, Vegreville and Sherwood Park found to be regulations being met to leave town.

The only trouble encountered by the firefighters, as recorded by Fire Chief Petersen, was the crowd with their cars parked at the scene of the fire.

This bears out the fact that members must make change in their districts when a fire occurs, to control the crowd and locate suitable water supply.

The garage and contents which was attached to the Silneta house were a complete loss but the house itself received only smoke and water damage. This was a new house and had only been occupied for some three months. Mr. Silneta is a non-member and now five to six hours were spent in lighting the blaze.

At this time, some 15 members had called to pay their $2.00 1963 dues, and are reminded of by-law No. 16, which reads as follows:

"Shareholders in arrears of yearly dues shall have proxies non-suspended until said arrears are paid."

In plain language, in case of a fire, members who have not paid their dues, would be liable for payment at a non-member, $20 for first hour and $10 for each additional hour. So payment of 1963 dues is urged, all men.

Seed Plant shareholders to meet October 16th

Mr. Lyle Crosland, Chairman of the Board of Directors of the County of Beaver Seed Cleaning Co.-operative Association, has called a meeting of the shareholders of the organization for Wednesday, October 16th, at 8:00 p.m. in the Holden Community Hall. The audited financial statement will be presented and discussed. Shareholders will be given an opportunity to discuss and present their views on the operation of the Seed Plant and to make suggestions regarding its future operation.

The financial statement indicates that the plant had a successful year and showed a profit on operations. It is likely that a share dividend can be paid to shareholders for the first time.

The Manager, Mr. Ed. Knudsen, reports that an increase of some 20,000 bushels in seed received over the previous year indicates that more farmers are using the plant facilities. However, he stated the plant could handle a further 100,000 bushels if farmers would begin cleaning earlier in the season. The plant cannot possibly clean all the seed required in the district during the spring months, and he urges farmers to begin cleaning as soon after harvest as possible.

New contracts for Watson's

Watson (Tofield) Ltd. was recently awarded the sub-contracts for construction of water and sewer lines at the Provincial Welfare Centre at Gann. Alberta. Work involved is mechanical, electrical and structural repairs of a grain house, house foundation and sewage lift station. The tender price was $24,947. Expert Ditching Co. Ltd. of Edmonton are the general contractors, and the total price of the general contract is $54,448.

Another sub-contract was also awarded Watson's recently in the amount of $13,600, which is in connection with the town water supply project at Fairview. Including the construction supply and installation of equipment of the well pump and pump-house, as well as the water treatment plant, connection control system and miscellaneous water line equipment. The total contract price is $156,600. G. C. Macleod & Co. Ltd. of Edmonton are the general contractors, and Lamb & Nelson Ltd. (mechanical engineers) of Edmonton are the consultants.

LADY IN ARMOR. In days of old the knights were bold—but they were also shorter and smaller than the men of today. To prove the point, pretty Helga Line borrowed a suit of armour from a Spanish museum, and found that the outfit was a tight fit for even a modern woman. Former Holden man dies in Vancouver

(Mrs. G. H. Taylor)

Holden and district residents were saddened to hear the news that Mr. Lewis Hilliard Boyd passed away Thursday, Oct. 3rd in Vancouver after a long illness. Lewis and his parents and family were some of the original Holden pioneers. He farmed for many years south of Holden before retiring to live in Holden then moving to Vernon and Calgary and later to Vancouver. The funeral will be held in Holden.

Car mishap claims Wainwright man

(Mrs. G. H. Taylor)

HOLDEN, Oct 8th — William Hindlin was killed in a car accident on September 15th on Highway 14, two miles east of Jarrow. Mr. Hindlin was a resident of the district and Holden for many years before leaving with his family to live in Wainwright where he was employed with the Corps. of Commissioners at the army camp. He leaves to mourn his loss, his wife, Allen, two sons, Ron and Larry, and one daughter, Carol, and eight brothers and sisters. The funeral was held in Holden Friday from the Roman Catholic Church and the interment was in the Holden cemetery.

Ross Creek UCW meets to plan fall activities

(Mrs. S. Pederson)

The meeting of the United Church Women was held at the home of Betty Pederson, with 19 members and two visitors present. Visitors were Mrs. Gary Garrett and Mrs. Glen Bailey.

An opening prayer, "God be in our hood and in our understanding". A very fine devotional was planned for Thanksgiving by Wendy McLachlan and Neil Malcolm, with members participating. Hymns were sung: "Stand up for Jesus" and "Let the Lower lights be burning".

It was decided to hold a turkey supper and bazaar on Saturday, Oct. 26th from 5:30 to 8:00 p.m.

A farewell party will be held Wednesday at the home of Mary Forrest for Ortelia Hisey and Andy Kohlman who are both working in Edmonton. Mrs. Hisey has sold her farm and plans to reside in the city.

The luncheon was served by Gert Ferrel and Jewell Becker.

Tofield youth receives degree

ITHACA, N. Y. — Lorne M. Kendall of Tofield, Alberta, received the Ph.D. degree at Cornell University on Sept. 24, 1963.

Mr. Kendall previously received the degree of Bachelor of Science from the University of Alberta in 1958, and the Master of Arts from Cornell University in 1961.

Special honour and recognition for activities at Cornell included election to Sigma Xi, an honorary scientific society.

Flagman suggested for town railway crossing

The School Committee of the County of Beaver after investigation by the RCMP and the County of Beaver, of the centre line painting on Tofield Town Council will continue to press for a set of flashing lights at this crossing to protect school buses and public vehicles.

Mr. Simson felt this statement was unfair, as reports have been coming in from time to time thereof, through the Chamber of Commerce, arrangements were finally made to have the RCMP make their rendquarters in Tofield and the move was to be effective October 1st.

Present at the meeting was Jim Brown of CFCW Radio station, who presented the new radio contract and brought prepared tape recordings along as samples of the proposed spot announcements. He also mentioned that CFCW would broadcast live and direct from Tofield on the afternoon of Saturday, Oct. 19th, with the accompaniment of a "Hootenanny" orchestra.

Considerable discussion followed, especially when it was discovered that some of the merchants were "raving on the band wagon" by having their announcements over the radio but had not lived up to the contract. However, when the discussion cleared, it was moved that the Chamber would endorse the promotion again this year.

Further discussion involved the harvest festival, which this year is being sponsored by the Chamber for three days, Oct. 17, 18 and 19. A committee was then set up to make further plans.

Double birthday

(Mrs G. H. Taylor)

A birthday party was held recently at the home of Ole Hovland in honor of the birthday of his sons Raymond and Reuben. It was a most enjoyable occasion and good wishes were also given to Mr. Hovland who is leaving October 7th with Leonard Johnson of Camrose for a extended trip to the U.S.A. They intend to visit relatives in Nebraska and then motor to California.

Vetoes Hallowe'en entertainment

Members of the Tofield Community League held their regular meeting on October 1st, and were much disappointed to learn that it was decided at a special meeting regarding Hallowe'en entertainment for kiddies, that this was vetoed. There will be no entertainment for the kiddies on Hallowe'en this year.

A plaque reading "In Memoriam, Robert McGee, May 1963", was shown at the League meeting, who in turn gave their approval and noted that it would be installed in the new hall at the new backstop on the sports grounds.

Date for the annual Friendship Night at the Lark Country Fair, which the community welcomes all newcomers to the district, was set for November 8th. As this was not held last year, it would now take in the 1963 and 1964 newcomers. At last two years' newcomers. A committee was set up to solicit names.

THEATRE IMPROVES

The theatre reports showed quite favourable improvement since the last one, recording a profit of $120 for the month of September. It was also reported that the shows are now much quieter and there is no supervision. Some difficulties were experienced at the recent adult shows and, as a result, it was noted that the Council has the responsibility of the Community League members, who must operate under regulations, to enforce the laws concerning adult shows. All children must be accompanied by their parents or bona fide guardians to an adult show, and the parents or guardian must buy tickets and accompany the children in to see the show. However, the future line-up of shows are most family entertainment.

The question of providing entertainment for any youth was again brought up and almost as quickly eliminated by the executive, but discussed again by other members of the meeting. Badminton was suggested, as well as the use of the hall for dance in the school auditorium. Among those suggested were Ella Hardy, Mrs. Ollie Mase, Mrs. Evelyn Moser, W.M. of Izzie. They were accompanied by Mrs. Vivian Murray of Douglas Haig Chapter, Edson.

OES Grand Matron at district chapters

Izzie Chapter No. 72 O.E.S. was represented at Vegreville on Saturday evening by Mr. and Mrs. Oliphant and Izzie and Mrs. Neil Phillips when Joan of Arc Chapter was hostess to Mrs. Vera Oliphant WGM of Grand Chapter O.E.S. Dr. E. H. Hardin, Grand Master of the Masonic Order in Alberta, was present in his capacity as Past Patron of Joan of Arc.

On Monday evening, Nina Chapter, Viking, was visited by Mrs. Oliphant and Izzie was represented by Mrs. Joyce Hall, Mrs. Mrs. Margaret Jewell, Mrs. Daisy Young, Mrs. Evelyn Nolan, Mrs. Mary Whyte, Mrs. Ella Hardy, Mrs. Ollie Mase, Mrs. Evelyn Moser, W.M. of Izzie. They were accompanied by Mrs. Vivian Murray of Douglas Haig Chapter, Edson.

Lamont High School graduation, Sept. 27

(Bessie Pederson)

(Received too late for last week's issue)

ROSS CREEK, Oct 4th—On Friday, Sept. 27th, the Lamont High School held the Commencement Exercises and dance in the school auditorium. Among those attending from Ross Creek were Terry Mrs. Evelyn Moser, W.M. of Mrs. Jaffa Gaudet, Lorna Ann McLachlan, also two former Ross Creek students, Linda Strand and Ellen Lauder.

Chamber is seeking uniform store-closing

At the Chamber of Commerce meeting held Sept. 30th, a discussion took place regarding the lack of interest on the part of the retail trade in staying industry to the town through the Edmonton and District Planning Board.

Mr. Simson felt this statement was unfair, as reports have been coming in from time to time thereof, through the Chamber of Commerce, arrangements were finally made to have the RCMP make their rendquarters in Tofield and the move was to be effective October 1st.

Present at the meeting was Jim Brown of CFCW Radio station, who presented the new radio contract and brought prepared tape recordings along as samples of the proposed spot announcements. He also mentioned that CFCW would broadcast live and direct from Tofield on the afternoon of Saturday, Oct. 19th, with the accompaniment of a "Hootenanny" orchestra.

Further discussion involved the harvest festival, which this year is being sponsored by the Chamber for three days, Oct. 17, 18 and 19. A committee was then set up to make further plans.

Fall season ideal for applying fertilizers

The fall is a very good time to fertilize stubble, hay and pasture fields. Fertilizers can be broadcast even when a few inches of snow are on the ground.

A. W. Goettel, assistant supervisor of Soils and Feeds, District with the Alberta Department of Agriculture, recommends fall fertilizing for several reasons. Fertilizers applied in the fall have the benefit of moisture from the winter snow. There is little danger of plant food loss by run-off or leaching except perhaps on steeply sloping land which is sandy and low in organic matter.

Another point in favor of fall fertilizer applications is that most fields are too wet in the spring to support the necessary equipment. Low areas either have to be left unfertilized or the fields are left in a badly rutted condition from the equipment.

Still another point for fall fertilizing is the fact that the spring drill type which are on many farms have to be done in a very short time. When fertilizing is done now it spreads the workload more evenly between the seasons.

According to Mr. Goettel hay and pasture land as well as land covered with heavy stands can be successfully fertilized in the fall by broadcasting (a recent or newer phosphate or fertilizer is applied.

Between 30 and 50 pounds of nitrogen per acre (equivalent to between 150 pounds of 23.5-0-0 is the suggested application rate, depending upon the amount of straw cover. The additional nitrogen is required to offset a temporary nitrogen deficiency caused by a large amount of organic matter or straw being incorporated into the soil at one time. Also the grass crop will have depleted available nitrogen supplies.

Fertilizer recommendations for hay and pasture land depend upon the soil zone and forage mixture. Information on this subject can be obtained from district agriculturists and from the publication entitled, "Fertilizer Recommendations for Alberta", available from the Extension Service of the Alberta Department of Agriculture, Edmonton.

Mr. Goettel says there are several types of equipment for broadcasting fertilizers. Among these are spreaders of the seed-drill type which give an accurate and even application. Old grain drills can be converted to broadcast fertilizers but they must be thoroughly cleaned and oiled after they have been used for this purpose because they are not made of corrosive resistant metals. Other broadcasting equipment include machines which use a cyclone spreading principle. These do a good job providing care is taken to overlap sufficiently to make an even job.

History of Tofield community league

At the last meeting of the Tofield Community League, it was suggested by Dr. Freebury, that a history of the league be re-published in order to bring the residents of Tofield and district might become acquainted with the aims and objectives of this valuable organization. To that end, the articles on the Tofield Community League which were written by Mrs. Grace Phillips and published in The Mercury in commemoration of the field's golden jubilee in 1958, will be republished on further articles will bring the history of the league up to date.

The Tofield Community League in conjunction with the Women's Auxiliary, is an extremely important organization in Tofield. It has an enviable record of supporting worthy causes, sponsoring cultural activities and encouraging any project of value to either town or country. The Community League is much too important to log to blow its own horn and it is often felt that the community is not made fully aware of the work done in its behalf by the League.

The material for this and the following articles is taken from the minute books of the YCL. It is hoped that this resume will serve to recall to our attention the debt our community owes to the Tofield Community League.

A meeting was held in the Town Hall on January 29, 1944, for the purpose of forming an organization to take care of Red Cross activities in Tofield and district. After a lengthy discussion, it was moved and seconded by A. B. Chittenham and Mrs. Sears, respectively, that the name of the organization be "The Tofield Community League." Carried.

Mr. H. Chandler was elected as chairman. Father Schemerer as vice-president; Mr. G. McFarlane as secretary; Reed Barchard, B. Chittenham, F. Imler, St. MacDonnell and S. Sears as directors.

It was agreed that membership should be open to anyone who wanted to belong, provided they pay the membership fee of $1.00 for the year 1944.

Moved by B. Everitt, seconded by Mrs. Curtis that the League have two meetings a month, the first business meeting and one a dinner meeting. Carried.

Mr. A. Ryland was appointed to draw up a draft of constitution for the Tofield Community League. W. Bellamy and G. Haines were elected as membership committee

On motion of G. Allan and R. Curtis the League was to sponsor a minstrel show.

At the end of this first meeting there were 85 paid-up members.

The next meeting of the Tofield Community League was held on February 21st, 1944, in the dining room of the Royal Alexandra Hotel. After the supper and a sing-song led by A. B. Chittenham an address on "The Future of Youth in Our Community" was given by Mr. Chittenham. On suggestion by chairman Chandler, the secretary was instructed to write to the Students' Union of both high and public schools inviting each to select a member who would represent them on the executive of the League.

A committee was appointed to investigate the possibility of lady honorary members of the League, or asking if they would

the latter. The League was to follow over the years. From its inception the TCL has been unique in its aim setting the pace for the south in leisure activities. The League has passed on many of the activities which were also to many rural communities years.

The TCL has always endeavoured to serve the youth of our community. To this end it has paid half of the cost of running the skating rink each year, with the Town of Tofield supplying the remainder. This helps to enable the children and young people of our town to have free skating. Not every town can say this and it should be the pride of all citizens of Tofield.

At one of the early meetings the League made provision for a representative from the High School or for an executive letter of these representatives in the early years of the League were Ralph Harrower, Dick Lovell and David Yakabuski.

The school Christmas Concerts were held in the Memorial Hall as were the educational films held on alternate Friday nights and attended by every pupil in the school.

The meetings of the Home and School Association were held in the League Hall, a part of the Memorial Hall, and the affairs of this organization were held in the Memorial Hall frequently without charge.

The Seventh Art Talent Shows by the ACT were sponsored here by the Community League. The first outstanding winner, Alfred Blyher, "young violinist extraordinaire", later went on to win second prize in a Calgary Talent Festival. A welcome was extended to him by the League when he returned.

The Scouts were given the Memorial Hall rent-free and also had some necessary equipment and furniture. The Hall was also deemed equipment and the League had a committee of its members to run the hockey.

The weekly dance has been put off yearly so that the High School Graduation Dance in May could be held on a Friday night.

In the realm of sponsoring sports, the League has had a very active time. The Memorial Hall has been used for square dancing, for basketball, as well as for the youth activities. The League paid expenses for Lloyd Rohloff and Muriel Bailey to take leadership courses in physical training at Red Deer. These two people then conducted classes in physical training in the Memorial Hall under the sponsorship of the League. After the Red Deer courses, no longer sponsored the July 1st Sports Day, the TCL took it over and sponsored the sports on that day.

The TCL is interested in the problems of its former members too. Agricultural short courses have been sponsored on many occasions. Mechanics' schools and welders' schools have been started. The Golf Club Achievement Day has been assisted by the donation of a cup by donations towards equipping the sale of the calf auction and by paying for the meals of the buyers.

When the Kalal family won the Master Farmer Award a banquet was tendered in their honor by the League.

In the cultural field, the Community League has on several occasions sponsored the appearance in Tofield of the University Mixed Chorus. The University players have also presented evenings of drama under the League's sponsorship. In 1961 and 1962, exhibitors of local handicraft were held in the Memorial Hall with the League's cooperation. Each year for many years the League has arranged for a Christmas Carol Festival with all the local choirs participating. This is one of the highlights of the Christmas season.

The Tofield Library, when revived in recent times, had its home in the League Hall. Now the Community Centre was formed in 1964 the meeting room has housed the library, rent-free.

The TCL also makes available rent-free the hall for band practice.

The TCL has contributed to the social life of the town with the weekly movies, the fall turkey suppers, the card parties it has held.

One of the League's really big affairs was the welcoming home banquet for the veterans. It was held at the curling rink where the space for two sheets of ice was panelled in and beautifully decorated tables set up.

To celebrate the Coronation of Queen Elizabeth II a suitable program was sponsored.

The League has given leadership to many worthwhile projects.

Our hospital was sponsored by the League which undertook the necessary publicity, etc. Elmer Fee sometime ago left a donation in his will there had been no permanent resident doctor. The League undertook to procure a doctor to take up residence. It was a difficult job but finished it again for use as temporary office. This was later the kitchen of the Memorial Hall.

Blood donor clinics were sponsored by the League and the Women's Auxiliary for years.

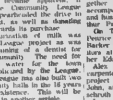
When the need for an ambulance became apparent, it was the Community League which spearheaded the drive to obtain it, as well as donating $500 towards its purchase.

Pasteurization of milk was also a League project as was the obtaining of a dentist for the community. The need for running water for the town was publicized by the League.

The League has also built two community halls in the 16 years of its existence. This will be covered in another article.

More next week!

Peter's Patter



If you have already looked through the paper on Thursday, you will be in Saturday, Friday and Saturday. Next week we will have Three days of Whoopee in Tofield.

Yes sirree, it's the time when all farmers in the surrounding districts from miles around can get together and discuss their harvest operations, etc. It has been a long time since most of the farmers have been able to get out due to the very busy harvest season but they can all make up for it during the Harvest Festival. And while they are gathered around discussing their crops or other topics, they can take in the many specials that local merchants have decided, such as mufflers installed free with purchase of a Lumber at a Tofield Service Garage. Or can you yourself on how to do it that cheap at home. Slipping over to Premier Motors you can get your gas fill-up for 9 cents less, and maybe a puff from Ed's cigar, too.

Tofield Lumber will be delighted at all the beautiful table lamps at Mac Hardware, and to think for 25% off the reg'lar price you can get your cheque from a big variety. Oh yes Gartlen's Ladies' Wear is selling bath towels for only 69c (that's one of the items on my list!) and another real deal at Garland's material at half price. But these are only a few of the items on my list!

Yes, for three full days the town will abound with many specials. Businessmen have cooperated with great interest this year and I can assure you that these savings 'really are savings to you', and not just complete chants money out of their pockets. It was agreed among themselves that they would do this for three days mentioned, in order to keep in line with the rulings of Premier Manning as to for more cooperation this year. But the Chamber of Commerce is behind the whole celebration.

On Saturday, as far as I know at time of writing this article, there will be a wind-up of some description. Please refer elsewhere in this issue for where this will be broadcasting live and direct from Tofield.

Oh, by the way, if you need your brake drums turned bring them along for a 50% reduction in price; or if you prefer, you may bring your auto to a local garage to remove them, and by bringing them to Johnny Widynowski at Tofield Farm Equipment yourself, you are entitled to the big reduction.

I overheard Art Stiller, the local photographer, saying that he plans to get free cameras to those having their pictures taken. So if you please check the ads to be sure that he is going to see you all, and can assure you that you will not be turned out, especially the big ones.

Ministik news

(Mrs. J. Reddick)

Alex. Pearce was pleasantly surprised Thursday when his niece, Mrs. L. L. Smith of Hamilton, Ont., came to visit him. The last time any had been together is 28 years. She was accompanied by her daughter and husband, Mr. and Mrs. Archer Parker of Toronto.

On Thursday evening Mr. Pearce's daughter, Mrs. Robert Swalwell entertained for the visitors at a family gathering in her Edmonton home.

Mrs. Kleinschmidt is doing carpenter work on a housing project in Edmonton. The son, Joseph, and nephew, Fred Kleinschmidt are with him.

Lawrence Swabey is enrolled in vocational school in Edmonton, and is enjoying his new course. Ernie Lodi is attending university, taking his third year in commerce.

Max Mayberry spent the week-end at his home with his wife and young son. Mr. Mayberry has a very interesting job, as he is a lumber dealer from Lisdale, B.C., to Kamloops, so the Rogers Pass and all its beauty is quite familiar to him.

JUNIOR CITIZEN AWARD WINNER

RONNIE LEIREN
BAWLF, ALBERTA

It was the Easter holidays, and Ronnie and his brother and sister were visiting their cousin from the city into the mysteries of farm life.

It was a week though, that turned out to be almost tragic!

The afternoon was lovely, just meant for exploring - and when they found some logs in the drainage ditch, the temptation to use them to cross proved too great.

Returning back across the drainage ditch three of the children crossed safely, but Ronnie's six year old sister slipped and fell into the water. Ronnie jumped into the water and grabbed for the parka his sister was wearing. The parka had come off over her head and the girl was floating downstream. Ronnie swam after her and pulled her to safety. But for his quick action his sister would have drowned.

Not only did he save her life, but also showed the presence of mind to remove her wet clothes and wrap his dry jacket around her before carrying her home.

The editors of Alberta's weekly newspapers join with us in congratulating Ronnie - a member of the Bawlf Scout Troop.

This is one of six announcements about the 1962-63 Junior Citizen Award winners. Calgary Power Ltd. gratefully acknowledge the active participation of Alberta's weekly newspaper editors, whose enthusiasm has done so much to make the Alberta Junior Citizen program possible. For this winner our special thanks go to Mr. and Mrs. James Thirsk of Kelsey, Alberta and to the Editor of the Camrose Canadian who nominated Ronnie for the award.

(Received too late for last week's issue)

Leslie and Dorothy McLeod and family of Fort Saskatchewan were Sunday afternoon visitors at the Mr. and Mrs. MacLellan home.

Allen Duncan of Wetaskiwin was a weekend visitor with Mabel and Joe McLachlan and family, and attended the graduation of his granddaughter, Joanne.

MARRIED SATURDAY
Mr. and Mrs. Ralph Warwa were married Saturday in Edmonton. They are the son and daughter of Mr and Mrs. John Warwa and Mr. and Mrs. Nick Hamernak, respectively.

The wedding reception was held at Hilliard with a large representation from the Ross Creek district.

Although the date of the blood donor clinic was wrongly reported, several folks at the district took time to donate their much needed blood on Tuesday, Sept 24th.

Due to the illness of Mrs. Mabel Hauer, Mrs. Betty Pedersen was asked to take her meeting on Wednesday, Oct. 2.

The district extends best wishes for a speedy recovery to Johnny Bailey who is very ill at the Tofield Hospital.

BIRTHS

Harrold and Esther Bailey have announced the birth of a daughter, and Roy and Nancy Bojko, the arrival of their third son at the Royal Alexandra Hospital in Edmonton.

The Arthur McLachlan family, Mrs. Ella Rogers, Mrs. Leslie Lesany and Mrs. Ted Garrett visited Mrs. Susan McLachlan at Fort Saskatchewan on Sunday, having tea with Bessie Pederson Sunday afternoon. Mrs. Garrett of Grande Prairie is also visiting the McLachlan families.

Nelson-Heather vows exchanged

On Saturday, July 27th, a lovely wedding ceremony was performed by Rev. MacPhee in the Camrose United Church, uniting in marriage Sylvia Heather, youngest daughter of Mr. and Mrs. S. V. Heather of Camrose, and Lorne Allan, eldest son of the late Mr. and Mrs. Herman Nelson of Kinsman.

Given in marriage by her father, the bride chose a floor-length gown of silk organza. It featured a round neckline and bell-point sleeves. The skirt and bodice were trimmed with white embroidered flowers. Her chapel length veil billowed from a headpiece of white organza and pearls. She carried a cascade of red roses on a white satin covered bible.

Attending the bride as matron of honor was Mrs. Gloria Jaycock sister of the bride, who wore a strapless, slightly flared dress of pink linen with a white lace bodice. The bridesmaid, Mrs. Maureen Ralston, sister of the groom, wore a similar dress in blue. Both wore white headpieces and pink and carried bouquets of white mums.

The groom's aid, Miss Jean Hosker, wore a white satin dress while the ushers, Ridge Madison and Larry Nelson, brother of the groom, wore white jackets and black trousers.

For her daughter's wedding, Mrs. Heather chose a beige and white suit with long green and white accessories. She wore a corsage of coral carnations.

Following the ceremony, a reception was held at the Camrose Moose Hall for 70 guests.

The bride's table was centred with Push Button or console floor shift, or Fury "four-on-the-floor" stick. Then settle back in Plymouth's sport-slanted comfort—turn the key—and tame a tiger!

The bride's table was centred with a three-tiered wedding cake, baked by the bride's mother and decorated by Mrs. Steele of Glaston.

Emcee for the occasion was Mr. Alan Knudson, while Mr. Ernest Heather proposed the toast to the bride.

A wedding dance was held in the hall that evening for guests and friends.

For their honeymoon, the bride chose a brown and white two-piece sheer wool suit with a white blouse and lime green and white accessories and yellow corsage.

Modern etiquette

By Roberta Lee

Q. So many times at the dinner table I've found myself in the embarrassing situation of having a question directed at me by someone just as I am steering a bite of food toward my mouth. What should I do at this case?

A. Don't put the food into your mouth and then attempt to answer the question. It is much better to return your fork to your plate, answer the question, and then resume eating.

Q. If I have received an invitation that has been written on "informal" note paper, and a reply is requested, is it all right to make this reply over the telephone?

A. It is perfectly all right to acknowledge any informal invitation by phone.

Q. My girl friend, for whom I had been planning a bridal shower, eloped. Would it still be proper for me to give the shower after she's married?

A. Yes; a shower may be given before or after a marriage.

Q. We're planning a buffet dinner for our friends, and I intend to set up card tables about the living room to which our guests will take their food after getting it from the buffet table. Should the silverware be set on the card tables, or on the buffet table?

A. Although it is better to place the silverware on the buffet table.

Q. When I have borrowed a needle and thread from the aforesaid in a powder room, is it quite unseemly to return the repair to the owner, am I supposed to do the attending?

A. Yes, this is expected— and the tip is usually a quarter.

Q. I am having a very small, informal wedding, only about 12 guests. Do I send out engraved invitations to these people?

A. This isn't necessary. You can extend your invitations either by telephone or short written note.

Q. Is a bride expected to pay for her attendants' outfits?

A. No. It is more appropriate to SUGGEST them, but the attendants pay them. GENTLE HINT: The thoughtful bride will buy their bridesmaid gifts under consideration, and make her choice a reasonable one.

Fluoridation effective, so dental clinic closes

A striking example of fluoridation's effectiveness has been given by Hartford, Conn., where the city's dental clinic has closed because of a general decline in the children's caries prevalence.

The Hartford Dental Society announced that the water supply of Hartford was fluoridated in 1952 and the first real effects of this health measure are now being felt, Dr. Leonard F. Menner, director of dental services for Hartford, says the clinic's waiting list, which regularly numbered 300 to 400 before school children, began dropping off last year and is now completely exhausted.

The children's caries prevalence rate previous to the fluoridation of the city's water supply was 2.5 decayed, missing or filled teeth per child. Now it is 0.5 decayed, missing or filled teeth per child.

HOUSING SHORTAGE . . .

BUILDING OPPORTUNITIES

A shortage of living accommodation in Tofield has been a problem for some time and still exists. Tofield is referred to as a good place to live or retire in. It would be rather discouraging to anyone who might be interested in living in Tofield to find there are no suitable houses for sale or to rent. There exists a challenge to the businessmen of Tofield to find a solution to this acute housing shortage. True, Tofield would not support a continued skyscraper building program. However, there is immediate need of half a dozen good homes plus a four-suite apartment.

Within a radius of 100 to 150 miles of Tofield there is a tremendous demand for all types of ready-built homes. There is every reason to believe this demand will exist for a good number of years to come.

To meet the local and outside demand, I find it necessary to increase the production of "Readi Built Homes". To meet this demand requires more help, both laborers and finances.

Readi Built Homes Limited (a division of Kallal Lumber) is the new company set up to take care of the building of new homes. The name readily explains the function of the company. Objective for the new company for the ensuing year will be thirty new houses with an estimated sale value of $240,000.00.

In order to carry out the above project, a good deal of responsible help is required, as well as capital. Parties interested in a good job, a good return on money invested, good wages or contracts and who want to share in a bonus-sharing plan of the net profit are advised to contact Charlie Kallal Lumber. As well, we are open to any suggestions regarding any phase of the building business from any party who might be interested in getting into the building business.

The following help will be required: Carpenters and laborers; Tradesmen, plumber and electrician; Lumber yard and building materials manager, with some book-keeping experience.

INVESTMENT OPPORTUNITY: From time to time we have first mortgages or agreements for sale from reliable parties, bearing 7% interest. These agreements are repayable on monthly payment basis and offer better-than-average return to the investor. We would appreciate hearing from parties who are interested in good investments.

Council deals with varied agenda

The Women's Auxiliary to the Tofield Community League met in the home of the Tofield Community Centre with president Mrs. Mabel Peden in the chair and 11 members present.

Mrs. Mildred Watson treasurer, reported that the balance on hand was $97. The group was realized through the sale of plaques at the show and from the WATCL activities on July 1st.

The annual scholarship of $50 to the Tofield student obtaining the highest marks in the June grade 12 exams will be presented later to Miss Elaine Hall who is the winner of the Governor-General's award, by Mrs. Hazel Patterson on behalf of the WATCL. Miss Mona Landa

Schaefer and Miss Sonja Chris-tensen, are not out until their exams are over. Small prizes will be made to them also in recognition of the fact Tofield had the three top grade IX students in the County of Beaver.

The welcome supper for the new students of the Tofield high school attending their first year will be held on November 20th, and members of the WATCL would like to remind the ladies who attend that, since the guests of honor are not asked to bring food, special consideration should be given to the quantities of food that others bring.

Ryley 4-H clubs re-organize

(Ardis Sand, reporter)

The re-organization meeting of the Ryley 4-H Dairy Club was held on October 10th at 8:00 p.m. in the Ryley High School at the school grounds. The new officers elected for the coming year are as follows:

Pres., Gary Hunter; vice-pres., Roland Owen; sec.-treas., Garry Manderson; press reporter, Gail Kirkeland; club reporter, Ardis Sand; project leaders, Dale Wimmers, Gordon Kirkeland, Gail Kirkeland and Ardis Sand; adult council, Mr. Westmanoral, Mr. Manderland, Mr. Sevelheim, Mr. R. Bosch, Mr. Minderson.

The regular meetings of the club will be held on the second Thursday of each month and anyone wishing to join is invited to come to the next meeting.

(Sharon Mizera, reporter)

The Ryley 4-H Clothing Club met Monday, Sept. 30th at the home economics room in the centre. Mrs. Robert Reed accepted the position of leader and Mrs. Dante Pinto as assistant leader.

It was decided that the meetings be in the home economics room and that they start at 8:00 p.m.

The following officers were appointed: Pres., Judy Pinto; sec., Muriel Pratt; treas., Ella Teigland, and reporter, Vivian Owen.

Tofield council meet

The regular meeting of the of a bylaw and contract. Resulting discussion following the reading of the bylaw was that some other means be looked into to try and beat this matter of dogs running loose and barking. The cost of handling through the company would be $50 per month, with 50¢ per all licenses and penalty fees collected, which was thought too high.

CNR CROSSING

Board of Transport Commissioners, Ottawa, replying to Council's letter of Sept. 12th, said they were asking the CNR to have the crossing at Main Street and buses crossing Queen Street.

Cpl. Green of the RCMP, Mercoal, Pete and Frank Coutts of County of Beaver No. 9 were present also to ask for Queen Street crossing, producing photographs and figures as to traffic counts and bus times for crossing. They were satisfied with Council in the County of Beaver getting the matter to the Board of Transport Commissioners, asking for some protection at the crossing, same to be fully covered by the Town of Tofield.

The matter of putting curb and gutter on 3rd Avenue was discussed and is over until another meeting.

Thos. W. Acorn was present, representing himself and Mrs. A. Kryzanski, in regard to a proposed new location for the museum grounds on the corner of the Krystal farm. His main objection was that the site was on the bank of the creek which runs through both his and Mrs. Krystal's properties.

Re-lettering of the minimum ground continued to be discussed and the committee will confer with the Health Unit. John Dalgleish is to be asked to do some work on the present grounds.

WATER METERS

Discussion on installing water meters received considerable discussion as to rates and over-under water works. Others who have water meters were asked recently are to be contacted for information and comments and approval for financing Tenders to be called for the installation.

History of Tofield community league

(Second of three articles)

Building events one remembers. The moving spirits on the evening before the building was George McFadzean. A carnival was held in the Tofield Theatre (now the Mercury office) and Bert Will and Jack Nolan. A return game will be held on Wednesday, Oct. 23rd, after school on the school grounds. Everyone welcome, no admission.

was the dream of the Community League. In the early days the moving spirits on the evening before the building was George McFadzean. A carnival was held in the Tofield Theatre (now the Mercury office) and Bert Will and Jack Nolan. A return game will be held on Wednesday, Oct. 23rd, after school on the school grounds. Everyone welcome, no admission.

The building committee was composed of A. C. Dodds, Bill Davison and Joe Kallal. The day the foundations were poured was cold and you. Bill Davison hauled water from Sheets for the cement. George McFadzean as compound him to help pitch the pump. When this supply ran out, Fred Imler emptied the Gas Co. wells to finish the job. Fred Barhard, Arnold Swift and Hans Christensen were also on the cement-pouring detail. Some of the workers recall that while one man and wife mightily, there were 18 solemn superintendents whose comments were "You'll never build it that way." How long they were proved to be.

When the foundations were ready, the construction of the frame building began. A. C. Dodds was the head carpenter and in charge of securing crews for the necessary volunteer labor. Bert Barchard, Arnold Swift and Hans Christensen were secured from a commercial farm but the rest of the building was to be credit of local volunteer labor.

Finally came the opening night. A show was planned by Sciuk; editor, Jaclyn Pressom; sergeant-at-arms, Mike Gallinger, social convener, Nevalin Pike.

Betsy-Ann Schultz named pres. Students' Union

During classes Friday morning, the high school students voted and their ballots for the new '63-'64 executive of the Students' Union. Ken Appleby, returning officer and Allan Gallinger, deputy returning officer, saw to it that the election went smoothly. The ballots were counted by the new head and the results posted on the bulletin board. With the exception of the offices for vice-president, press, Joyce Lampuit; sec., Darlene Sevenson; treas., Dave Hoover; boys' sports rep., Greg White; girls' sports rep., Bhu-

Frank Kowal passes

Mr. Frank Kowal of Tofield passed away on October 5th at the age of 73 years. Mr. Kowal operated the local shoe repair shop here for quite a number of years. He is survived by his wife, Katherine, one daughter, Bertha (Mrs. Paul Walsh) of Wonyare Man and three sons, Melvin, Raymond and John all of Edmonton and one grandchild.

Funeral services were held on Tuesday, Oct 10th, at 10:30 a.m. at Park Memorial Chapel. Rev. S. Wasylenky officiating, and interment in St. Michael's cemetery.

Elaine Sorrell wins Gov.-General's award

Miss Elaine Sorrell, daughter of Mr. and Mrs. Ken Sorrell of Tofield, has been awarded the Governor-General's award for the highest standing in grade XII in the province of Alberta.

Elaine was born on October 17th, 1946 in Tofield. She has an enviable school record of being an excellent student, a pleasant, co-operative member of the class and a real friend. She is an avid reader, with a wide variety of reading interests. She is also interested in sewing and enjoyed her Home Economics course. Elaine is interested in exercise and sports, the main achievements of the T.C.H.I. being in the County meet schedule.

Elaine's parents have a number of children. Three boys in the family have graduated from Tofield and have now either left home or are still attending school.

Elaine's proud parents were present in Edmonton when she received the award. It was no easy task for Elaine's parents when they had to choose between the Bush rides, golds and oranges of the autumn countryside will be replaced by the barren gray of winter.—TNS Photo

TSU nominees give campaign speeches

The Tofield Students' Union campaign speeches for the 1963-64 school term were held in the gymnasium. The students elected to represent Tofield I saw two one of two hopefuls and one of three years old and is the niece of Mrs. Ken Sorrell of Tofield.

Robert O'Brien, who is running for social convener, gave a humorous account of his plan for the term. Kathleen Joyce Lampuit and Ruth Ann Hoover, who are running for editor and David, who is running for secretary, came back with a snappy answer to Anne's question of "Should a male make a good secretary?"

Each nominee was introduced to the student body by acting chairman, Ken Appleby. The handling of the speeches was the good entrance of Miss Pat-ty' dog, King Tut. On his back he carried a sign reading, Vote BW.

CNIB canvass October 22nd

The Tofield Lions Club will once again undertake the collection of donations to the Canadian National Institute for the Blind, October 22nd, after the supper hour, has been chosen as the date on which this worthwhile project will be conducted. Residents of the town are asked to leave their donations at their lights on to afford better chance for the canvassers. Lions Club-ity people who wish to aid this worthy cause may make their donations at either Frenzier Motors or the Tofield Creamery.

Friends with everyone

It would seem the Farmer-Labour Alliance is trying to be friends with everybody. Last week, for instance, the organization met with Premier Lougheed and Attorney-General Harry Strom to discuss some of the farmers' problems. Then they met with Premier Ernest Manning and Agriculture Minister Dr. Horner to discuss the same problems. Both sessions were held behind closed doors, and all the pleasantries said. One cannot blame the Liberal premier for taking advantage of a situation to woo some Farmers and Labourers who have had to live a great deal of years in confidence with the socialists. The blame must be put on the heads of both the strike which in this technological and automation, which reduces the labour value of our work. The latter government can solve this problem. Technology is the kicker now, has created the problem and government must accept the challenge, put the people on relief and to work—but at the same time guarantee fixed wages to bargain, and possibility to strike.

How can a miner be guaranteed if the workers are forced back to their jobs in the continental. Why is only the provincial responsible for solving these problems when it was created by local people and human nature. Surely to God we can help solve the situation—we have had our share of strikes, we have helped as much obligation as any but to remain ill. Certainly Liberal governments have failed in the past, but they will have to play the game with the rules which would call a more practical thing to establish communication with it when you will.

This is certainly a new line coming

Chywl-Belcourt vows exchanged at Tofield United Church

Tofield United Church was the setting of a beautiful wedding on Saturday, Sept 17th, when Joanne Kathrin Sylvia, only daughter of Mr. and Mrs. Ernest Belcourt of Tofield became the bride of Robert Jack Ward Chwyl, youngest son of Mr. and Mrs. Mark Chwyl of Edmonton. Rev. W. McDonald performed the double ring ceremony.

The marriage is held at the bride's home, and was carried out in a floor length gown of white organza and carried a bouquet of white mums and pink carnations. She was attended by Bonnie Chwyl, sister-in-law of the groom.

The groom was attended by Warren Belcourt, brother of the bride. Nestor Chwyl, his brother, and Stephen Chwyl, a cousin, in Junior bridesmaids were Marshall and Steve Mosychuk, cousins of the bride.

Harry Chwyl brother of the groom and Harold Ray cousin of the bride, acted as ushers.

During the signing of the register, Mrs. Jean Bowen sang "A Wedding Prayer".

For her daughter's wedding, Mrs. Belcourt wore a shantung dress of blue brocade with a jacket of matching organza. She wore white accessories and pink roses on corsage. Mrs. Chywl mother of the groom, wore a green dress with pink roses on corsage.

Following the ceremony, a reception for 300 guests was held at the bride's home. Mr. Arnold Brouwer uncle of the bride, acted as emcee and prepared the toast to the bride to which the groom ably responded. Rev. McDonald then gave the happy couple his best wishes.

The bride's table was centered by a three-tiered wedding cake baked by the bride's mother and decorated by Mrs. Evelyn Stauffer. The guest book was attended by Mrs Barbara Hay.

A wedding dance followed the reception.

For her honeymoon to Banff and Jasper the bride donned a navy blue suit and red and white accessories. Her corsage was of pink roses.

Upon return the happy couple will be residing in Edmonton.

G.W.L. MEETS

The Tofield Catholic Women's League met on Tuesday, Oct. 8th, at the home of Mrs. Doug McGerman. Thirteen ladies and Father Adams were present. Main topic of discussion was the annual bazaar, which they decided to hold at the Tofield Community Library on Saturday, Nov. 9th. Please check the future dates column of next week's issue for more details.

BIRTHDAY "SURPRISE"

On Monday afternoon, Oct 21, a number of friends and relatives of Mrs. A. A. Lee helped her celebrate her birthday. A very pleasant time was spent visiting, and a tasty lunch was served with two lovely birthday cakes. A small gift was presented to Mrs. Lee by wishes of all for many more such happy occasions. Mrs. Lee surprises family and friends with the secret of her youth, at the age of "eighty - two years young".

Inadvertently omitted from last week's list of U. of A. students who were home over the Thanksgiving holiday, were Bob McFarlane, Jim Berreton and David Penner.

Mr. and Mrs Carl Blake went to Edmonton on Friday morning. From there, they and their daughter, Miss Enid Blake, accompanied their son-in-law and daughter, Mr. and Mrs. Orval Blakeman and their two children to Blue Ridge, where they visited Carl's brothers, Clint Blake and Mr. and Mrs. Jack Blake and family.

Mrs. Norman Armstrong passes in Edmonton

(Mrs. O. H. Taylor)

HOLDEN, Oct. 22nd—Friends of the Armstrong family were saddened to hear of the passing of Mrs. Norman Armstrong in the Edmonton hospital on Wednesday evening, October 16.

Mrs. Armstrong had been in poor health for some time and as her condition worsened she was taken to the University Hospital last week. Mr. and Mrs. Armstrong and their family lived for many years in Holden where Mr. Armstrong served as an electrician before leaving to reside in Sedgewick. Mrs. Armstrong was always very active in the United Church and was a member of the Ladies' Aid and WMS. She leaves to mourn her loss, her husband, Norman, one son, Edward, of Edmonton, three daughters, Mrs. Clive Good of Holden, Mrs. Gladys Clarke of Sedgewick and Mrs. Viola Charlton of Edmonton

Pre-nuptial shower for district couple

(Mrs. J. A. Anderson)

KINGMAN, Oct. 22nd — A miscellaneous shower for Miss Sandra Randall and Russ Travis was held at the home of Mr. and Mrs. Ken Pohlman Thursday evening when many friends and relatives gathered. Many lovely and useful gifts were received by the honored guests. Allen Anderson spoke on behalf of those present, and Dale and Timmy carried in the basket filled with gifts. Claire Randall and Beverley Tolleton assisted Sandra and Russ with the opening of the gifts, the couple expressing sincere thanks for same. A delicious lunch was served.

Baseball leagues have end-of-season banquet

(By Dennis Cooper)

The World Series has its champion Dodgers — and here, too, in Holden and Ryley, we have our champion ball teams as well.

On Thursday evening the final gathering of the winning teams of the Little League and Pony League assembled in the Holden sport room of the Holden hotel and were treated to a wonderful turkey dinner by Sam's Grill.

The banquet was convened in May of this year with four teams entered in the Little League and five teams in the Pony League—Tofield, Ryley and B. Ryley, Holden and Village. The games were extended throughout July and August, with the semi-finals and finals completed in September. The regular league games as well as exhibition games were played each Friday evening.

Toastmaster of "the evening was Mr. D. Dorsett and guests were Mrs. R. McKay of Ryley, Mrs. C. Gilmour, mayor of the Holden Recreation Board, as well as the coaches, Bill Young and Robert Venables of Tofield, Mike Scibilia and Bill Malick of Holden, Fred Lodoen and Tom Gerbe of Ryley, Wayne Charles Nolan, Jack Lamoitt and Pat Beck of Tofield. The coaches were introduced and each gave a brief address. Mr. Olson gave a brief address on the running of the Holden Recreation Board since its beginning; the financing and building of recreation facilities and the programming of same. Mr. Olson also pointed out the benefit to the community of what recreation can and has accomplished with the very able assistance of D. Cooper, who has directed meaningful activities for the past 12 years. It is hoped that what we have achieved so far will continue to prosper, along with many new ideas.

TROPHIES PRESENTED

Highlight of the evening was the presentation of two perpetual trophies to team captains for the winning teams. Mrs. Melotte was asked to present the Bob Melotte Memorial Trophy to Holden for winning the series in the Little League and the Hennessy #1 Insurance Trophy to Holden for winning the Pony League. This trophy is to be held by the school of the representing town until the following year.

The league operated quite well considering the inexperience which faced the coaches. First, the playing fields had to be standardized, the playing schedules completed, transportation arranged, umpires acquired and of course the players themselves had to be organized. Playing ball through the summer months was almost an insurmountable problem. If league games were to be completed on time. With one player away until another returning, using substitutes, nothing sure the team's wants would arrive, and occasionally a forfeit was given. It was a problem until the the last minute. To the coaches goes sincere thanks for a job well done, for in some men in our community who provide the leadership in sports and the sports themselves that keep our young people active. The public as a whole laments in particular the tremendous time and thought in the many ways in which they can assist (and many did), but more are needed to provide an even greater benefit to all. It is interesting to note that many of the coaches have children of their own in any of the teams that are playing ball. To the many parents who did help, our sincere, but inadequate thanks.

A good deal of time, energy and effort, as well as finances have gone into the organization of the league. It is difficult to say "thank-you" to each individual, as it would be impossible to list all of the individuals who made this type of league possible; but to list a few - the sponsoring organizations of each town, the coaches, the town councils or recreation boards, umpires, players, and last, but not least, the parents.

County school committee meets Oct. 8

Regular meeting of the County of Beaver No. 9 School Committee was held Tuesday, Oct. 8th.

BUSINESS ARISING FROM MINUTES

In regards to the Salary Negotiations, dealt with by resolution 340, the secretary-treasurer reported that Mr. Lars Olson had called at the office for some further information in regards to the brief submitted made by the School Committee, but that no reply in writing had been received to the last letter from the County.

It was moved and carried that the information be accepted.

In regards to the Railway Crossing at Queen Street in Tofield dealt with by resolution 341, Mr. Pike reported that he, together with Cy Weatherill and Cpl. C. Green of the RCMP, had met with the Town Council on October 7th and had discussed the situation with the Town Council. The Council had agreed to support any action or suggestion that the County might make in the matter of installing this crossing safer for the school buses. A number of photographs had been taken by Mr. Pike and Mr. Green and these were shown to the School Committee. It was realized that the only proper solution to the problem would be to have signal lights installed at this crossing and that the Board of Transport Commissioners would have to be approached in this regard. It was suggested that in the brief, to be submitted to the Board of Transport Commissioners, a request be made that the train speed be reduced to 50 miles per hour until signal lights can be installed. Mr. Pike also mentioned that, when the brief is prepared Cpl Green would prefer the matter to the Attorney General's Department.

After some considerable discussion, it was moved and carried that the report be accepted and that the suggested brief be prepared with request for a 50-mile speed limit through Tofield included in the brief.

Reference was made to an earlier request from the Farmers' Union of Alberta that a Flag-man be employed at this Railway Crossing to insure safe passage for the school buses and it was remarked that in view of the very poor visibility at this crossing the request should be acted upon until such time as signal lights can be installed if authorized by the Board of Transport Commissioners.

It was also decided that a sand - salt mixture should be placed at this crossing to be used during the winter time when the approach was in an icy condition Cy Weatherill was requested to contact Mr. T. Campbell in the Town of Tofield for the position of Flag-man.

It was moved and carried that a Flag-man be hired by the big stuff.

Moved and carried that the report be accepted.

CORRESPONDENCE

A letter from the Town of Tofield advising that Mr. G. H. Arnett had by acclamation been elected to the County of Beaver No. 9 School Committee for a period of two years was referred to the Committee

Moved and carried that the information be accepted and the letter referred to the County Council for formal appointment of Mr. Arnett to the School Committee

The 1963-64 Salary Agreement between Wainwright School Division No. 32 and its teachers was referred to the Committee and the variation between the Salary Schedule and that offered by the County of Beaver No. 9 to its teachers was discussed to some extent.

Popular district couple mark 25th anniversary

On Sunday afternoon, Mr. and Mrs. Ivan Mitchell of the Kerchamont district were pleasantly surprised by their family, relatives, friends and neighbours on the occasion of their silver wedding anniversary. Mr. and Mrs. Mitchell were married on October 20, 1938, in Edmonton, by the late Rev. Alex Stewart, Mayor of Boyle was Mrs. Myrtle Sutton and attending the groom was the late James Sutton.

Harold Schultz spoke on behalf of the community, extending congratulations and best wishes, and presented the couple with numerous gifts and a purse of money.

During the afternoon, 82 persons signed the guest book, which included people from Edmonton, Calmar, Tabbal Hill, Chauvin, Willingdon, Round Hill, Vegreville, Coste Bay, B.C., and the bride's mother and father, Mr. and Mrs. M. Boychuk from Vernon, B.C. Harold Welsh of Rabbit Hill rendered several solos, accompanying himself on the guitar.

A lovely three-tiered wedding cake, baked by Mrs. Fern Beckner and decorated by Mrs. Clarice Kyle, centred the table. A telephone roll of congratulations from Mrs. Frank Mosher of Grimsd, B.C., sister of Mrs. Mitchell, was received during the afternoon.

The couple have three children, Mrs. Charles (Mavis) Beard of Lindbrook and Orville and Judy Mitchell of Edmonton, also five grandchildren, all of whom were present for the happy occasion.

Chicken thieves active

It appears that some party or parties have a taste for chicken in the Tofield area.

Some time ago several of the birds including some turkeys, were stolen on two different occasions from the farm of A W. Gill.

Last week 180 young pullets were stolen from the acreage of Mr. and Mrs. Gordon Shandro on the outskirts of town.

Constable John Wall is investigating, and if anyone sees or hears of any clues that might put a stop to this thievery, their information would be much appreciated.

History of Tofield community league

(Third in a series)

A scholarship of $100 was given to Mrs George McFadzean by a local artist Joe Chubaty. Banff School of Fine Arts for a course in conducting choral singing. While attending the school of Fine Arts Joe Chubaty won another scholarship to be applied on a similar course another year.

The July 1st celebration this year was held in conjunction with the Ryley Jubilee Committee thus being the year of Alberta's Golden Jubilee. A public barbecue museum and Old Timers tour were features of the day. The dance at night had to be held in the Ryley Community Hall as the new Community Hall was under construction.

It was decided to allow the Tofield library the use of the meeting room at the centre rent free.

The proceeds from the sale of the booklet, "A Century Of Hadley of Tofield and District" written by Mrs. Lillian Hadley were used to buy a library table and chairs for the library. In the fall, the League again paid a supervisor for the skating rink.

The Basket. Freemark a n d Gaetz reunion was held in Camrose and Mary Schaefer at Mallon Park on Friday they visited with Lorne and Virgie Schaefer, Mr. and Mrs. Sebastian and Mrs. Lorne Schaefer were guests at the Rod Wood Jubilee on Thursday afternoon.

Mrs. Lorne retired to the extent of $7.50, so as an interest of $2.50. The Ryley Player's at theatre was 11.31. This latter is to come for some repairs, as it had dropped from $2.31 to 80 cents.

Mr. Pete Roe beautified the Community Hall grounds with the usual good names were supported. Ryley Player's also refurbished the New Year's dance not as well, due to the blizzard that ended 1958.

1959

Mr. H. A. Pike was the guest speaker at the TCL annual meeting in January, stressing the need of good relationship between school and community.

The 1959 executive were: Norman Glover, president; Bill Finn, sec.; Horne Seiler, treasurer. Mrs. J. E. Stinson gave the report which showed that the Tofield Library was now qualified for a $200 grant from the Dept. of Extension.

During the year, a series of card parties was held to raise money to repair rail pens on the exhibition grounds at the request of the Colt Clubs. A visit of the University Mixed Chorus was sponsored, a Hard Cider it was arranged by Harold Hurd under the leadership of Rex Hayden to entertain the Junior Year, the annual community carnival was held; Dudley Jones

YOU ARE THE DETECTIVE

You drive your car through the steady fall of rain that has been drenching the city for the past three hours, finally pulling up and parking on the street in front of your destination. The Center Theatre is only a few minutes ago you received a phone call from Larry Dennison, sought clerk in this drugstore, saying excitedly, reporting the shagging of the owner of the store, Wallace Jones, victim of robbery of the store.

You enter the store—your eyes travel quickly to the nearest counter, and hurried drugs on the floor. Apparently, as you walk across the spotlessly clean, 120; Pre-amor Cooker, $15, Set-up Heater, $10. Jack Plaitier, south of Hughes. R. Ross Creek 8-1-4c-1-182

You look over towards Dr. Harrison as he straightens up from his examination of Gardner and he shakes his head sadly. "He's dead . . . a real brutal murder."

You turn back to young Dennison. "How much money was taken?"

"Close to six hundred dollars, as near as I can guess".

You gaze ahead the store again, then ask the young man "Do you know if the safe was broken into?"

"No, it was left open, apparently by the murderer, and the money was stolen".

Dennison told you that he had arrived and reported the find prior to the entrance of the "Coroner". Yes, despite the lateness of the weather, when you entered the store the front was spotlessly clean and glistening. There should have been some wet tracks caused by the alleged robber.

MacDaff Ottawa report—

. . . The price is right

OTTAWA—In the future it may not be a question of federal spending, but rather of how much federal money is spent and where it is spent. These two issues were both easily forecast as the major political battlegrounds in the next federal election campaign.

The issue was born mostly by economic necessity—the need for more money to pay for the services demanded of government. But it was also born of a new and growing awareness that the federal government is the only body with the financial resources to provide

[illegible] trade itself with trade communications, health services, education and defence more than is going up. This has not been generally recognized yet, but it should become clear after the federal-provincial conference in Ottawa next month.

The conference will deal with how the tax dollar should be divided between the federal government and the provinces. On the surface this looks like an argument between the two levels of government. But the provincial premiers, particularly Premier Jean Lesage of Quebec, Roberts of Ontario, Bennett of British Columbia, want greater access to tax sources. And in this age of financial ascendancy, they're likely to get it.

The theory is that the federal government can vacate certain tax fields, leaving the provinces a larger share. It would be the same tax dollar, in other words, divided up in a different way.

WAR TO BE MORE TAXES

It would be nice if it were that simple. But it isn't. As one federal tax expert remarked, "somebody is going to have to raise taxes".

He pointed out, not only the federal government, but most of the provinces, have been operating at a deficit for several years. The plain fact is that its costing all governments a lot more to operate than they're taking in from taxation and other revenues.

The surge towards provincial autonomy has no relation to government economies, to cutting back in services or spending. On the contrary, the provinces want more revenue because they are hard pressed to build the roads, the schools and to provide the health and welfare services their populations are demanding.

That's how can the federal government, faced with another $700,000,000 deficit, contemplate the possibility of reducing its spending? After seven months the world in which rich nations and the poor nations can move together to ward off the specter of deflation"

Not so many years ago, the Financial Post was lamenting the fact that Canada had signed the International Wheat Agreement and that an attempt had been made to have the ceiling and floor prices raised every year in anticipation of wheat existing in the world.

It must be a source of satisfaction to farm leaders to see this change of attitude on the part of the influential Financial Post.

— The Wheat Pool Budget.

Duck supply still plentiful

Hunters report that ducks are plentiful in the Camrose area still are. Reports from the fall hunts have ranged from good to excellent.

A member of cars attacks have been noticed among the ducks which has not found hunters know, these birds are very wary.

Hunters were less numerous on that part of the province this week.

Speaking of education

(By Dr. J. R. Stan Hambly, Superintendent of Schools)

Night classes

The Camrose School Board has for a number of years encouraged adult supported night classes. Important factors involved are: (a) availability of staff, and the number of pupils. There are other factors naturally such as obtaining approval of the Department of Education, accommodation and financing; but ordinarily at the local level these are the factors present no problem the paramount factors usually being staff and difficulty.

In larger centers the number and variety of courses offered are great. In the City of Edmonton, for example, many courses are offered in each of the following categories: Academic Courses, Commercial Courses, Industrial Courses, Home Economics Courses, Basic English and Citizenship Courses and Special Interest Courses. In one school each school day there are classes in session. There are about 2,700 pupils enrolled and in attendance during the day and more than a half also in attendance at night also. This particular school operated on a 24-hour basis.

The Camrose School Board in its operation of night classes is of the view that the program is supporting. The Department of Education pays a sum not to exceed $2.50 per evening class. The maximum sum is supported by the Board, from fees from students. The student pays a fee of $5.00 per course. The Board has also set up a policy that if five classes or more are offered, the Board will pay half of the salary of the member of students fails to attend.

For the year the Camrose School Board is prepared to support a Night School to the extent of $2,500. The Board has also set up a policy that Night School classes will be held on Tuesday evenings, and Grade 12 subjects may be offered on any one of the evenings. The approval of the class and the teacher for the class is necessary before it is approved to offer the course. Night School classes for 1963-64 are: Typing, Shorthand, Bookkeeping, Income Tax, Law, Public Speaking, Business Machines, Office Practice, Accounting, Salesmanship, Real Estate, Insurance, Electricity, Welding, Auto Mechanics, Radio and T.V. A change of mind

The Financial Post has apparently had a change of mind. That lusty weekly financial news representative has been famous in its traditionally been opposed to interference with the free market. It has never been a supporter of the idea of a Wheat Board nor has it been a proponent of the International Wheat Agreements both intended to give a degree of price stability to the wheat market and security to the grain producer.

In a recent editorial, the Financial Post even ventured to say [illegible] International Coffee Agreement now being signed by a number of nations. It says that the objective of the pact is to provide price stability. This stability will mean prices somewhat above today's depressed levels for coffee growers, most of whom are in the "have not" nations. The cost to consumers, in the rich nations, says the Post, may be no more than a few cents a week and the advantages to the producer nations may be an extra $250 million a year in much needed foreign exchange.

The Post continues. "Critics of international commodity agreements label such schemes as interference in the economic process and dislike the price rigidities that they imply.

"But at a time when overcapacity is a major problem and are increasingly obvious, such criticisms may be out of date in the world in which rich nations and the poor nations can move together to ward off the specter of deflation"

Not so many years ago, the Financial Post was lamenting the fact that Canada had signed the International Wheat Agreement and that an attempt had been made to have the ceiling and floor prices raised every year in anticipation of wheat existing in the world.

It must be a source of satisfaction to farm leaders to see this change of attitude on the part of the influential Financial Post.

A member of cars attacks have been noticed among the ducks which has not found hunters know, these birds are very wary.

Hunters were less numerous on that part of the province this week.

Speaking of education

Night classes

The Camrose School Board has for a number of years encouraged adult supported night classes. Important factors involved are: (a) availability of staff, and the number of pupils. There are other factors naturally such as obtaining approval of the Department of Education, accommodation and financing; but ordinarily at the local level these are the factors present no problem the paramount factors usually being staff and difficulty.

In larger centers the number and variety of courses offered are great. In the City of Edmonton, for example, many courses are offered in each of the following categories: Academic Courses, Commercial Courses, Industrial Courses, Home Economics Courses, Basic English and Citizenship Courses and Special Interest Courses. In one school each school day there are classes in session. There are about 2,700 pupils enrolled and in attendance during the day and more than a half also in attendance at night also. This particular school operated on a 24-hour basis.

The Camrose School Board in its operation of night classes is of the view that the program is supporting. The Department of Education pays a sum not to exceed $2.50 per evening class. The maximum sum is supported by the Board, from fees from students. The student pays a fee of $5.00 per course. The Board has also set up a policy that if five classes or more are offered, the Board will pay half of the salary of the member of students fails to attend.

For the year the Camrose School Board is prepared to support a Night School to the extent of $2,500. The Board has also set up a policy that Night School classes will be held on Tuesday evenings, and Grade 12 subjects may be offered on any one of the evenings. The approval of the class and the teacher for the class is necessary before it is approved to offer the course. Night School classes for 1963-64 are: Typing, Shorthand, Bookkeeping, Income Tax, Law, Public Speaking, Business Machines, Office Practice, Accounting, Salesmanship, Real Estate, Insurance, Electricity, Welding, Auto Mechanics, Radio and T.V. Servicing, Sheet Metal, Arc Welding, Oxy-Acetylene Welding, Refrigeration, Air Conditioning, Diesel Mechanics, Motor Vehicle Operation, Motor Vehicle Repair, Motor Vehicle Electrical, Motor Vehicle Body Repair, Motor Vehicle Painting, Motor Vehicle Upholstering, Motor Vehicle Mechanics, Motor Vehicle Tune-up, Motor Vehicle Transmissions, Motor Vehicle Brakes, Motor Vehicle Steering and Suspension, Motor Vehicle Engines, Motor Vehicle Ignition, Motor Vehicle Carburetion, Motor Vehicle Cooling Systems, Motor Vehicle Lubrication, Motor Vehicle Fuel Systems, Motor Vehicle Exhaust Systems, Motor Vehicle Clutches, Motor Vehicle Differentials, Motor Vehicle Rear Axles, Motor Vehicle Front Axles, Motor Vehicle Wheels, Motor Vehicle Tires, Motor Vehicle Electrical Systems, Motor Vehicle Batteries, Motor Vehicle Starting Systems, Motor Vehicle Generating Systems, Motor Vehicle Lighting Systems, Motor Vehicle Instruments, Motor Vehicle Accessories, Motor Vehicle Air Conditioning, Motor Vehicle Heating Systems, Motor Vehicle Ventilating Systems, Motor Vehicle Windshield Wipers, Motor Vehicle Windshield Washers, Motor Vehicle Windshield Defrosters, Motor Vehicle Windshield Heaters, Motor Vehicle Windshield Fans, Motor Vehicle Windshield Blowers, Motor Vehicle Windshield Motors, Motor Vehicle Windshield Switches, Motor Vehicle Windshield Wiring, Motor Vehicle Windshield Fuses, Motor Vehicle Windshield Circuit Breakers, Motor Vehicle Windshield Relays, Motor Vehicle Windshield Solenoids, Motor Vehicle Windshield Resistors, Motor Vehicle Windshield Rheostats, Motor Vehicle Windshield Potentiometers, Motor Vehicle Windshield Transformers, Motor Vehicle Windshield Rectifiers, Motor Vehicle Windshield Transistors, Motor Vehicle Windshield Diodes, Motor Vehicle Windshield Capacitors, Motor Vehicle Windshield Inductors, Motor Vehicle Windshield Coils, Motor Vehicle Windshield Condensers.

DEDICATE NEW ELEVATOR

Ben S. Plumer, of Bassano, long-time director of the Alberta Wheat Pool and president for fourteen years, unveils a scroll dedicating the Alberta Wheat Pool's new 140,000-bushel composite elevator at Wetaskiwin to the pioneer members who founded the association. President C. L. Harrold (left), of Lacombe, looks on approvingly. This special opening was held as part of the celebration marking the 40th anniversary of the inauguration of Wheat Pool service in Alberta. This farmer-owned co-operative, which commenced operation on October 29, 1923, now possesses 545 country elevators and 3 hogs terminals and has a membership of over 50,000 Farmers.

Promoting radio in Brazil

Dr. Torrey Johnson, travelling [illegible] in the interests of the Christian radio station in Brazil and radio-air finances and promotion for its operation, met with the people in Tofield on Thursday afternoon and evening. An attractive and interesting account of this great need, as well as the wonderful opportunities for the gospel by the Brazilian people was given by Dr. Johnson.

Travelling with Dr. Johnson is a team composed of Jimmie McDonald, who conducts the meetings, accompanied by Cecil Wilkins, of Edmonton, the soloist. "His Eye Is On The Sparrow", was sung with such tremendous animation that many thought, "one could practically hear the sparrows chirp". Another of the team was Wayne Bowles, resident of Calgary, who is planning on representing children's programs over radio station 9B4 T. He showed slides of Brazil, the radio station and the musical directors. Author of praising of communities was Fred Peck of Calgary.

Mr. Johnson gave various attention statements, such as, "Brazil is the largest of the Latin American countries, more than any state or territory in North America." Stress is the only place that the gospel is preached in the Portuguese language. "Brazil is the radio of birth" and "God has made it possible for us to get our radio in a God-fearing country; it is therefore our responsibility to use that money God has given us, to give back to them the message of Christ in its transforming power. This can be done by radio"

Although through lack of [illegible] seven years ago about 175 people were present, just three still remain in the area. They declare that their hearts were deeply stirred by the ministry of this capable team.

Constance Swinton wins $2,000 scholarship

Miss Constance Swinton of Edmonton has been awarded a $2000 scholarship toward a master of public health at the University of Michigan. Miss Swinton is employed as director of Manitoba Saskatchewan and Alberta with the Victoria Order of Nurses. She is one of 11 nurses selected by the Canadian Nurses' Foundation to share a total of $27,800, awarded to Canadian nurses pursuing masters degrees in the academic years 1963-64 and is presently studying at Michigan. A graduate of the Royal Alexandra Hospital, Miss Swinton received a diploma in public health nursing at the University of Toronto and a bachelor of nursing degree at Columbia University.

TOTAL LOSS

This picture shows all that was left of a house trailer owned by Mr. and Mrs. Rudy Pollock one hour after it caught fire on the Tofield-Ryley road on Tuesday night. All Mr. and Mrs. Pollock's belongings were lost in the fire, as well.

Fire destroys house trailer Tuesday

Fire of unknown origin completely destroyed a house trailer and all its contents, the property of Mr. and Mrs. Rudy Pollock of Tofield Texaco Service. The fire was discovered by Mr. Pollock about 10:15 Tuesday night. He called the Tofield Fire Department, who arrived on the scene in a very short time, but the fire was so far advanced that the 500 gallons of water from the fire truck poured onto the blaze failed to bring it under control. Mrs. Christensen, driving the Calgary Power truck, was able to hook onto the Hamlet truck and pull it away from behind the service station, where it had been parked. This action saved the garage from catching fire.

The trailer, measuring eight feet by 32 feet, had been occupied by Mr. and Mrs. Pollock for only the past month. The trailer was covered by insurance, but Mr. Pollock was not sure about the contents.

"Everything we had was in that trailer", Mr. Pollock told the Mercury, Wednesday morning.

Killam hospital complex opens next Wednesday

Special opening services for the new Killam Hospital Complex will be held next Wednesday, Nov. 6th. The program starts at 2:30 with a tour of the school gymnasium, and will be followed by a tour of the new and some new structure. The tours will be conducted from 2:30 until 5:00 p.m., and again from 7:30 until 9:30 in the evening. The public is invited.

The entertainment is a 50-bed general hospital and a 50-bed auxiliary hospital, and is operated by the Sisters of St. Joseph, and the hospital board of the counties of Flagstaff and Beaver.

This is the first complex in Alberta where a private general hospital and a district auxiliary have been constructed adjacent to each other with a common wing for shared services. The maximum efficiency there is an arrangement for sharing some services, but otherwise each hospital will have its own

69th anniversary at Tofield United Church

The 69th anniversary of services in the United Church will be held on Sunday, Oct. 27th in the Tofield United Church with Rev. W. H. MacDonnold, host pastor, and Rev. Hart Cantelon anniversary preacher. Services were held both morning and evening with a song service by the senior choir under leadership of Mrs. Stinson in the morning and the junior choir under leadership of Mrs. Mc Faulkner in the evening.

Quite a number from other congregations were present to join in the worship service in the evening. Benediction was pronounced by Rev. Hammett, minister of Holy Trinity Anglican Church.

Former Tofield man passes away at 69 years

A former Tofield resident, Walter Hemsley, passed away Saturday, Oct. 19th in Edmonton. He was born May 16th, 1894, in the Ross Creek district. He served overseas in World War I, where his service sent spent two years in Siberia. Following his army service he homesteaded near St. Paul. On the death of his father in May, 1923, he returned to Ross Creek and took over his father's mail route. For three years he farmed the Dale Place, south of town, and lived in the John Moore house on the Sheets district. Later, he married the farm at that time owned by Mr. Hulver, now the Geo. Golden ranch. He went to Edmonton in 1936 where he resided for a number of years.

During World War II, he was employed as an airplane factory in Vancouver. In 1952 he returned to Edmonton where he resided until the time of his death.

Mr. Herndon is survived by two sons, Dave of Edmonton, four brothers, Ray of Edmonton, Leslie of Drayton Valley, Allan of Tofield, Ralph of Hinton, Alberta and one sister, Edith, of Edmonton.

Funeral services were held on Wednesday, Oct. 23rd, at 3:30 p.m. in the Anderson - Mc Laughlin Chapel. Rev. Ray Salmon officiated and interment was in the soldiers' plot at Beachmount Cemetery

Cousin passes in Saskatoon

Word was received by Mrs. Bertha Rowland that her cousin George Rowland, formerly of Tofield, of late of Prince Albert, Sask., passed away in a Saskatoon hospital. The funeral service was held in an old church in Prince Albert, of which his grandfather, The Rev. Cook, was the pioneer. It being an Anglican Church that is now not being used, burial took place in the cemetery adjoining the church property.

There are about 177,000 Canadians employed in the primary and secondary textile industries.

Too late, too late

Demonstrations which started with a number of university students protesting Mayor Hawrelak's continuing to office in Edmonton leave a bitter taste in the mouth. The students are too late by at least two weeks, in their protest. Where were they during the campaign? Where were they when partisan supporters of Mr. Hawrelak booed another candidate off the stage? Where were they at the time their protests might have counted for something?

Whether we like it or not Mr. Hawrelak's election is a fact. In a democracy we are under obligation to fight the election as hard as we can but afterwards to accept the majority decision. To us it appears a step backward that the electorate would not only condone but endorse a man who has admitted his out-of-court settlement behavior was in keeping with his office. But this is not the point now. The point, now, is that he has been elected, that he is the chief magistrate, and that he is entitled, in office, to the respect this office deserves.

Though their words may be in the right place the students demonstrate little judgment in their actions.

Rustling in the news again

Cattle rustling is making the news again, but this time the main trouble seems to be that the code of the Old West doesn't save the thieves. It almost appears, indeed, that instead they can live the life of respected citizens, instead of swinging from the nearest tree strong enough to hold a rope around their neck.

Many farmers are viewing with alarm the comparative lack of concern felt by the courts, and cite as more or less typical a recent case where a group of men, caught red-handed with stolen beef, were given suspended sentences when they appeared in magistrate's court

It may well be that times have changed since the early days in these parts, when "justice" was rough and ready and criminals were given no second chance. Probably times are different. But we doubt that the change has been quite so marked as to swing from what was undoubtedly an extreme in those days, to what must be just as unreasonable an extreme in these days. Surely the public and the breeders particularly, can expect more protection from the law than derives from suspended or even light sentences, especially when "caught with the goods"

Modern etiquette

By Roberta Lee

When unable to accept a bridal shower invitation, the prospective attendant should write a personal note to the bride-to-be explaining why she cannot be present.

Mr. and Mrs. N. C. H. request the extremely regret that they cannot accept the kind invitation of Mr. and Mrs. A. Howell's kind invitation to such-and-such on such-and-such a date.

Q. Is an engagement party always necessary?

A. No. It is entirely up to the individual. If a party is given however it should be before the formal announcement to the newspapers and is usually held a day or two ahead of this.

Q. I've just been told that a party is being given in my honor. Should I bring a present?

A. Yes. It is entirely up to the individual. If a party is given however it should be before the formal announcement to the newspapers and is usually held a day or two ahead of this.

Q. I've just been told that a party is being given in my honor. Should I bring a present?

A. There is no such rule. Good taste dictates that she acknowledge her gifts as soon as possible after she receives them. Six months is more than two months too long.

Q. If you are visiting in someone's home and you see no sign of an ash-tray anywhere, should you ask for one so that you may smoke?

A. Usually in that case the host or hostess does not approve of smoking or prefers not to have it done in the home. Take the hint. Don't even ask if you may. Just don't.

Dolores Buschert weds Donald Roth

ROTH - BUSCHERT

A very pretty afternoon wedding was solemnized at the Wesley United Church near Ryley on October 11 when Dolores Jean only daughter of Mrs. and Mrs. Gordon Buschert was united in marriage to Donald Lee Roth youngest son of Mrs. Mary Roth and the late Roy Roth, of Ryley. The wedding ceremony was performed by the bride's father. Following the ceremony Mrs. Paul Vergilio sang "The Lord's Prayer".

Given in marriage by her father the bride was lovely in a floor-length gown of pearl white faille. The fitted bodice was fashioned with lily-point sleeves and a high rounded neckline. The front of the gown featured lacey lace appliques with a small bow centering the waistline and the back was accentuated by a large bow from which the skirt cascaded. She carried a cascade bouquet of red sweetheart roses.

Attending the bride as brides maids were the Misses Florence Buschert and Eva Wideman sister of the bride, and Ivan Gauthman, friends of the bride. They were attired in identical green-length dresses of gold-coloured crystal charm, and carried cascade bouquets of bronze mums.

Best men were Douglas and Larry Lehman, cousins of the groom, and Edward Buschert, brother of the bride.

Ushers were Cecil Buschert and Murray Lehman, cousins of the bride and groom respectively.

A musical quartet from Edmonton consisting of Mr. and Mrs. Joseph Roth, Miss Gerry Roth and Marvin Lasiter sang "I Believe" and "The Wedding Prayer".

The bride's grandmother, Mrs. Mary Roth, chose a floor length sheath dress with a corsage of yellow sweetheart roses. The groom's mother chose a two-piece blue shantung dress with a corsage of pink sweetheart roses.

A reception for 190 guests followed at the Curators Hall School auditorium. The bride's table was centred with a three-tiered wedding cake, beautifully decorated by Mrs. Maynard Snyder of Curators. Mr. William Hartzler of Curators was master of ceremonies. The blessing was asked by Mr. Stanley Shantz of Edmonton. Mr. Neil Gould of Carbon proposed the toast to the bride, which the groom responded. Paul and Linda King of Edmonton played a piano and violin duet. Eric Lasiter and Helen Robinson of Tofield sang "A Wedding Prayer" and Mrs. Alvin Sickels of Curators gave a reading. The invited guests from Tofield, Ryley, Camrose, Edmonton, Wetaskiwin, Viking and Lloydminster.

For the groom's wedding trip to Penticton, Kelowna and Vancouver he chose a tweed dress with a coat of yellow sweetheart roses. The groom's mother chose a two-piece blue shantung dress with a corsage of pink sweetheart roses.

For travelling, the bride chose a turquoise knitted suit with black accessories.

Following a honeymoon trip to Vancouver and Seattle, the happy couple will make their home in Red Deer.

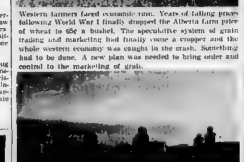
It Started Back in '23

Western farmers faced economic ruin. Years of falling prices following World War I finally dropped the Alberta farm price of wheat to 65¢ a bushel. The speculative system of grain trading and marketing had long created a crapper and the whole western economy was caught in the crash. Something had to be done. A new plan was needed to bring order and control to the marketing of grain.



Handling and storage of grain are vitally important to farmers. Since the first Pool elevator was opened at Lea in the fall of 1925, the Pool has exercised an increasing influence in maintaining handling costs at a reasonable level, to the benefit of all farmers. The Alberta Wheat Pool now operates 515 country elevators, 366 annexes and 3 large terminals.

Life Begins at 40

The 50,000 members of the Alberta Wheat Pool can take pride in the achievements, through many adversities, of the last forty years. The Pool has built a successful enterprise. It owns and operates a vast grain handling system. It has distributed earnings in substantial patronage dividends for 27 years, and it has built reserve savings for its members' retirement and their later years.

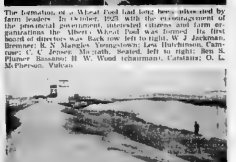
Its benefits have been spread beyond its membership. The whole farming community has enjoyed higher returns for production, better facilities, greater security and a higher standard of living generally as a result of the Pool's labours and leadership. And a healthy agricultural industry has contributed substantially to Canada's prosperity and progress.

Co-operation has been successful. But co-operation is only strong as long as its people **continue** to work together. The co-operative Wheat Pool needs the support and patronage of every farmer to build for the future. Life for the Pool begins at forty. Much has been achieved. There is more to be done to preserve and improve the status and standards of farmers, to contribute to the progress of the community and to maintain throughout Canada the prestige and influence that our great industry deserve, and needs.

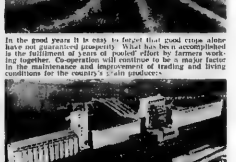
ALBERTA WHEAT POOL

Farmer-Owned Co-operative

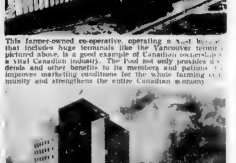
Centralized selling through the Wheat Pools gave the grain producer a new deal, in spite of wheat's greater security. The establishment of the Canadian Wheat Board in 1935 added stability to this vital Canadian industry. The wheat surpluses of the fifties, far exceeding available storage space, were a serious problem — but not the major disaster they would have been before the Pool and the Wheat Board.



In the good years it is easy to forget that good crops alone have not guaranteed prosperity. What has been accomplished is the fulfilment of years of pooled effort by farmers working together. Co-operation still continues to be a major factor in the maintenance and improvement of trading and living conditions for the country's Grain producers.



This farmer-owned co-operative, operating a fleet like that includes huge terminals like the Vancouver terminal pictured above, is a good example of Canadian co-operative, a vital Canadian industry. The Pool not only provides dividends and other benefits to its members and patrons, it improves marketing conditions for the whole farming community and strengthens the entire Canadian economy.



The Pool belongs to the cities, too. Its formation was encouraged and aided by citizens. Its success brought prosperity to the country and city alike. The modern office building, that is now Pool headquarters in Calgary is a symbol of the mutual dependence of city and country of farmer and city on the building of a good life for all.

AG. MINISTER SIGNS UP

Two Alberta Farmers, both from the Medicine Hat area, and now residing in Edmonton, are shown here taking part in an activity which is occurring again and again all over the province. The Hon. H. E. Strom, Alberta Minister of Agriculture, is renewing his F.U.A. membership. U-day membership drive co-ordinator, Gerald Schuler (left) smiles out Mr. Strom's receipt as the Minister reaches his cheque. Both men continue to serve agriculture though at present they are not living on their farms. However, they keep an active interest in their home places, where Mr. Strom's family farms 2130 acres, part dry land and part irrigated at Burdett, and the Schulers operate a large dry land farm near Hilda. The two men are next door neighbors in Edmonton.

LEVELLED

This is how the Boston Cafe and A. C. Francis properties looked Saturday afternoon, after fire had been brought under control. Wind which whipped the flames around when the fire was at its peak, died down later in the day. The Tofield Hotel is seen in the background. —Tofield Mercury Photo

Hardly realistic

Many of us are too quick to criticize the fire department for its every effort and failure. So it should be a matter of pride that the fire brigade which has never done a credible job in putting out a fire is also criticized when for once it does a good job.

Take the scene of confusion which went from many areas after the fire at the Royal Bank last Wednesday afternoon, and as is so often the case the carping is accompanied by misunderstandings of the most kind. There have been reports the firemen carved too many holes in the roof more than were needed, that one fireman actually seems to enjoy chopping holes in structures, that they even chopped a hole into the vault and flooded that.

Where such an insane rumor as the last could emanate from is beyond our imagination. Apart from the burglar alarms which would have been set off had the vault been attacked, the firemen would have needed all the rest of the week to chop their way into the vault, and without dynamite, probably wouldn't have made it yet.

The main point, however, is why people criticize the firemen for doing a hang-up job. Their concern is to arrest any possible spread of the blaze, so that it can where possible and to confine it where this cannot extinguish it. This done and safety once made times to limit the damage is thought by the chief as well as saving his men from unnecessary risks. Even little more than effort has led flames. Fairly recently, several fires days went flames shocked by the fire crew to break out again long after they to what they were certain was the end.

Even full fine staffs such as Fabridoni could do no more than control the fire once it struck the old Selkirk Hotel and when just as one example. It is an wonder items that the Camrose crew should hold every effort possible to limiting any possible spark and extinguish it particularly when dense smoke makes impossible pinpointing of the actual source.

There are openings in the fire crew at any time for the people with all the knowledge, and no doubt Chief Webb and his firefighters would appreciate this support, since they openly admit they don't have all the answers.

Instead of carping so much we ought really to be offering up thanks that we have such a splendidly organized and trained crew of men willing to face the unpleasant tasks . . . plus the actual hazards involved in fighting any fire

Misplaced humor

Not very many days ago we heard some "old-timers" remark that the kids don't seem to cut up on Hallowe'en as much as they used to many years ago. The implication is that said old-timers certainly got into more shenanigans and more degradations than today's generation. We've even heard dads remark they'd tan their sons' hides if they caused as much grief as their forebears.

But when we look at the list of some of the wanton waste of this year's nonsense, we're inclined to wonder if we're not sinking even lower. Almost nobody objects to reasonable tomfoolery, youthful pranks that burn up a lot of energy and sometimes ingenuity, but even the witches and goblins themselves must surely blanch at some of the senseless destruction inflicted in the name of Hallowe'en enjoyment, which causes considerable hardship to the tormented...but could bring enjoyment only to a sadist.

Lack of respect for the property of others is cited as one of today's major problems, and certainly this year's Hallowe'en points this up with a sharp edge.

JUNIOR CITIZEN AWARD WINNER

MARLENE HERNBERG
BRETON, ALBERTA

Imagine the terror of a twelve year old girl, awakened in the early morning by her mother's muffled cry for help. Imagine the presence of mind it took to see what she could do for her mother - to call the doctor, and make breakfast for the family - and to nurse her mother through the long weeks after she suffered a heart attack.

This is what Marlene Hernberg did!

Now, imagine yourself only twelve - with complete charge of a household - you're cooking, cleaning, washing and ironing. You're looking after your father, brother and blind grandmother - and nursing your mother back to health.

It was three months until Marlene's mother was able to resume any of her household responsibilities. During this time Marlene proved to be a most efficient nurse, housekeeper and cook.

With all this overpowering responsibility you'd think something would be neglected. But Marlene missed only one day of school (the day her mother suffered the heart attack) and mastered her grades just as though nothing were wrong at home.

We join with the editors of Alberta's weekly newspapers in congratulating Marlene Hernberg and her parents on her outstanding performance under adverse conditions. Truly a "Junior Citizen of the Year".

This is one of six announcements about the 1962-63 Junior Citizen Award winners. Calgary Power Ltd. gratefully acknowledge the active participation of Alberta's weekly newspaper editors, whose enthusiasm has done so much to make the Alberta Junior Citizen program possible. For this winner our special thanks go to the Editor of the Thorsby Western Messenger who nominated Marlene for the award.

(Mrs. C. M. Rude)

BARDO, Nov. 5th — Pastor Johan Hesje of Peace Lutheran, B.C., will have evangelistic services at Hardy Lutheran Church, starting Sunday morning, Nov. 17th through to Friday evening, Nov. 22nd. The Parish choir and other musical numbers will take part in the services. A special invitation is extended to all folks in the surrounding districts.

The WCTU will meet at the home of Mrs. Dagny on Tuesday afternoon, Nov. 12th.

Lt.-Col. G. Evans, son-in-law of Mrs. Inge Ness, who is stationed in Ottawa, was a recent visitor at the Ness and Severson homes. The Evans family have recently returned from Germany where they were stationed for four years. Mrs. Walter Scott of Edmonton was also a visitor at her mother-in-law's.

Mr. and Mrs. Clarence Rude called at the Lars Rude home on Thursday evening, helping to celebrate Lars' birthday.

Mrs. Glen Francis entered the hospital in Tofield on Monday evening and returned home Saturday feeling much improved.

Mr. and Mrs. Leif Fosbacka and family motored to Edmonton on Sunday evening where the Rudd families gathered to celebrate Mrs. Hans Keegan's birthday.

Mrs. S. Rude from Camrose, who came to be present at the Rude family gathering, was a guest at the Clarence Rude's home Saturday night.

Miss Amy Rudd is a house guest at the Olaf Anderson home and also visiting other relatives. On Sunday, the Rude families, numbering over 35, gathered at the Community Centre for a pot luck dinner and to meet Miss Rude. In the afternoon, the shower slides and costumes from the colonial days in Lima, Peru, when several of the families lived there were shown. Miss Rude is now in the mission field by the Wycliffe Bible Translators in California and is home on furlough, spending most of her time with her parents at Grand Forks, North Dakota.

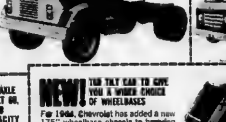
NOW! THE GREATEST LINE-UP IN CHEVROLET TRUCK HISTORY!

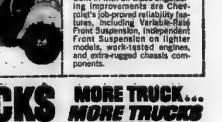
NEW! LOWER-PRICED MADE-IN-CANADA DIESEL TRUCKS
Chevrolet's space-saving E80 90" cab model and rugged U80 Tilt-Cab models are now made in Canada, with resultant savings for you. These new Chevrolet Diesels have a 14" heavy-duty clutch and a 6V-53 GM Diesel engine (195-gross hp) to give you full engine efficiency at all loads and speeds.



NEW! 3 INCH FORWARD CONTROL MODELS WITH MORE USABLE LOAD SPACE!!!!
Chevrolet has added 4 new Tilt-Cab Forward Control models to its Forward Control line to give you the widest choice ever. With new space-planned interiors, work-proved engines, transmissions and suspension, these new Chevies are outstanding for multi-stop operations!

NEW! WIDER CHOICE OF AXLE SIZES IN CHEVROLET 60, 70 AND 80 SERIES WITH INCREASED LOAD CAPACITY
The new 18,500 lb. and 23,000 lb. rear axles for the Series 60 and 80 respectively and the new 34,000 lb. Tandem Bogie for the Series M80 widen Chevrolet's range of extra-heavy-duty power train options.

NEW! TEN WAY CAB TO GIVE YOU 5 WIDER CHOICE OF WHEELBASES
For 1964, Chevrolet has added a new 175" wheelbase chassis to broaden its line of T60 Tilt Cab models. This modern cab design becomes more popular each year because of its special advantages: big CA dimensions on short wheelbases, outstanding engine accessibility and more efficient weight distribution.



PLUS! CHEVROLET'S PROVEN RELIABILITY FEATURES!
Built-in with all these engineering improvements are Chevrolet's job-proved reliability features, including Variable-Rate Front Suspension, Independent Front Suspension on lighter models, work-tested engines, and time-rugged chassis components.

ZONOLITE INSULATION

The insulation in your attic is your home's overcoat. Thin, poorly lifting insulation can no more keep your home warm in winter than a thin, poorly lifting overcoat can keep you warm.

You can easily build your attic insulation up to the 4" thick ness required for proper protection against cold weather and high fuel bills with Zonolite loosefill insulation.

You simply pour fireproof Zonolite over your present insulation and level it to the top of your ceiling joists. The job will be done forever. Zonolite will not settle, sag, nor deteriorate with time.

This is a job you shouldn't put off. Come in today and we'll show you how little it costs and how much you will save.

A. C. GORDON

YOU ARE THE DETECTIVE

You've been on the trail of a robbery suspect. Finally you find your self in a room with the suspect. He is standing on Black Street and you've been talking with the suspect's landlady, Ed Gilbert. He comes up and down that block and is to record here at least a week.

All right, you finally say. I'd like to take a look into his room.

"If you can get in. It's all yours," says Ed. "I gave each a fresh put a spare key on Black Street door . . . and I gave him a key to his room."

"Just show me the door," you say.

With a creak that of rickety stairs and find Ed Lilt puttering about in her kitchen. You have to remind her with watching her for a minute, then say, "I want to see Mr. Black's room."

"Oh, Mr. Black? Yes, sure you'll get to know him. I'm going to have to take you to the police headquarters with me to secure more extensive questioning."

I find you I don't notice Mabel Ferguson, Mrs. Hutchings, Graham and Ella; John and Alice Warner.

Modern etiquette
By Roberta Lee

Q. When a bride's own father is the host living, and he has a step-parent, how are her wedding invitations worded?

A. "Mr. and Mrs. Stanley P. Smith request the honor of your presence at the marriage of their daughter . . ." and if she has a step-father, you of course include her real father's surname.

Q. Should a dinner hostess leave on eating as long as her guests do?

A. Yes. A thoughtful and tactful hostess will notice which guests are a little slow, and will so manage to pace her eating so as to be her guests' guest.

Q. Is it obligatory that refreshments of some kind be served after a wedding reception?

A. While not exactly obligatory, this is customarily served. Refreshments are usually served after the rehearsal at the home of the bride or bridegroom or receives the little party of relatives to some other place.

A SHOW FROM TWO CITIES

Top stars from both English-speaking and French-speaking Canada will be seen this season in four bilingual one-hour variety programmes to be carried simultaneously on the English and French television networks of the CTC. On location in Montreal for a scene from the first Show from Two Cities (and French title is Deux villes se rencontrent) are Lise Lalande (left) of Montreal and Shirley Harmer of Toronto. This show will be seen on Sunday, Nov. 17. The production of the series is being shared by programs and technical staffs of both networks.

Agricultural Service Board takes annual tour

The field supervisor of the County of Beaver, Rex Bayley, reported at the October 22nd meeting that following the last meeting a one-day tour was taken by the Service Board. Starting at Ryley, they went north to the Carrington area and east via the Rose Garland road to Viking for dinner. From Viking, the tour proceeded to Innisfree and to the farm of Geo. Robinson. The tour was terminated after a route by Edgerton and Ryley. Time did not permit a visit of demonstration plots in the western part of the district, however, board members had an opportunity to check weed infestations, spraying results and road-side seeding and other work done.

Weed problems and noxious weeds were followed up since the last meeting. Problem farms have taken a great deal of time, and checks on neglected summerfallow are still a problem due to late tilling fronts.

A total of 820 pounds of sodium chlorate and seven gallons of 2-4-D were used on weed flats and leafy spurge patches. Farmers have been cooperative in requesting weeds. Five spots were sent to the Soil Field Crops Clinic.

The farming equipment was discussed, and Rex Bayley said that the addition of a new pressure lines would save time, as it would not be necessary to stop to shut off the sprayer when passing farmsteads.

Community League fetes new Tofield residents

The regular meeting of the Tofield Community League of November 5th made plans to repeat the friendship night with a pot-luck supper in honor of newcomers to this community, to be held Nov. 18th. Entertainment will be provided by Randy Ness and students of the junior school.

The League will assist sponsor the annual choral concert on Thursday, Dec. 19th, as well as a turkey bingo on the previous evening, Dec. 18th. A committee was set up to hire an orchestra to play for the New Year's Eve dance. This year the admission price will be $3 per couple.

Hazel Christensen reported the activities of the Tofield troop of scouts. Mr. Dyes served that the League should continue sponsorship of the troop, and to support this move they made a donation of $50.

The ladies group of the League in attendance at the meeting discussed disbanding and amalgamating with the regular League group. Members felt the ladies should reconsider but, in the event the move was inevitable, they would welcome the group in promoting the aims of Tofield. Mrs. Georgie Christensen and Mrs. Mildred Watson appeared for the ladies.

The rest of the meeting time was taken up with reports from the treasurer, Ralph Go ., the theatre report from Jack White, and other business.

Open house for Young Canada's Book Week

a national event will be observed in Tofield with open house at the Community Library Friday Nov. 15th, between 2 and 5 p.m. Library board will convene. The day will be held Saturday, Nov. 16, with the capable help of the Boy Scout leaders, Mr. Wm. Weins and Mr. Arnie Hansen, the Boy Scouts and the cooperation of the public on this section of the public library.

WHAT IS BOOK WEEK?

A community effort to bring better books to more children. To arouse interest in good books for boys and girls. To make adults aware of the fine books available today.

PURPOSE

To remind adults of the important place good books have in a child's life.

Good books can give children enjoyment and fun, knowledge, a true sense of values, understanding of themselves and others, a widening of experience.

Visit your school and public library . . . you will be helping to celebrate Young Canada's Book Week from . . . to . . .

Seed Cleaner has new owner

(Mrs. G. H. Taylor)

HOLDEN, Nov. 8. — Mike A. Komarnisky, who has sold his farm and is giving up farming, has bought the Seed Cleaning plant from Mr. and Mrs. Bye. Mike will be moving into Holden and will reside in the Cromdale house, which he purchased.

Mr. and Mrs. Bye will be leaving Holden in the near future to reside in Edmonton, where they will be near some of their family. Mrs. Bye has been carrying on the running of the mill for the past two or three years, as Mr. Bye has been in poor health.

The community wishes them well in their new home and hope they will have many years to enjoy their well-earned retirement.

Welding school registrations flood office

Contributed.

If the editors of this newspaper had any doubts about the need for the Tofield Agricultural Welding School, they were removed when they received their local newspaper before they got home from town.

The short item carried on the front page of this week's edition regarding the welding school to be held during the last week in November at Ryley was the result of phone calls to the District Agriculturalist's office from interested persons within hours of The Mercury hitting the streets.

For the benefit of those who planned to apply but have not as yet done so, the District Agricultural experts that there are several vacancies still open and any farmers wishing to obtain some welding training should write those or call at the District Agricultural's office and make application to attend. The school is restricted to 24 students and the vacancies will be filled on a first come first served basis. The cost of the school should not prevent anyone from attending as the fee for the entire course is only $5 and will be payable on the first day of the course.

DA speaks at Chamber meet

(Mrs. G. H. Taylor)

HOLDEN, Nov. 8 The Chamber of Commerce held their regular meeting on Tuesday, Nov. 5th, in the United Church parlors.

The D.A. of the County of Beaver was guest speaker, and a short talk on the Seagle Grain Co. was given by Ralph Mason.

Two interesting films were shown one on "up-to-date" farming methods and the other on the processes of a packing plant, from buying to retail sales, of all meats and by-products.

The afternoon group of the UCW catered to thirty members and guests, serving a chicken dinner which was enjoyed by all.

MAMA WAS A FRYING PAN. The only mother these ducklings have known is an electric frying pan. Graham O'Neill, of Australia, found six duck eggs after other boys threw stones and frightened the mother away. He took the eggs home, fashioned a nest of cotton wool and hatched the little quackers out.—TNS Photo

Legion observes Remembrance Day

(M. Harris)

RYLEY, Nov. 13th. The Ryley Branch 129 of Royal Canadian Legion held their Armistice Day service on Monday, Nov. 11th. The parade formed at the Legion Hall where the Rev. W. H. MacDonald, B.A., B.D., held a short service at the cenotaph where the two minutes silence was observed. Cornelius Elmer Anderson led a wreath in memory of the fallen comrades of the First World War, and Mrs. Kathleen Anderson laid a wreath for those who fell in the Second World War.

Johnnie Heath sounded the Last Post. Piper David Dagdad then led the parade to the Community Hall where the service was conducted by the Rev. MacDaonald. Lloyd Watterson sang a solo accompanied at the piano by Harold Parsons.

After the service, a turkey dinner was served in the Legion Hall. Legion president Elmer Barnes introduced the honored guests at the head table.

Joe Oxokho passes after long illness

(Mrs. G. H. Taylor)

HOLDEN, Nov. 9th. Joe Oxokho, who was taken to the Camrose Hospital a week ago, passed away last Monday evening in hospital. Mr. Oxokho had been in poor health for some time.

He is survived by his father, John, who is a patient in St. Joseph's Hospital, Edmonton, three brothers and five sisters.

Prayers were held Wednesday, Nov. 6th, at Park Memorial Chapel, Edmonton. Funeral services were held on Thursday, Nov. 7th, in the Ukrainian Church at Holden. Farms, with Father Lesynsky in charge.

Ryley couple honored on 25th anniversary

(M. Harris)

RYLEY Nov. 12th. Several friends gathered at the home of Mrs. Ole Stoerkson gathered at the Ryley Legion Hall on Sunday Nov. 3rd, to honor the couple on the occasion of their silver wedding anniversary.

Garnet Barnaard was the master for the afternoon and recalled many amusing incidents in the courtship days of Ole and Ann.

Miss Cheryl Thyssen accompanied by her mother on the piano, sang "The Best to You".

The guest table was laid with a hand made lace cloth, as befitted a $10 penalty for anyone who brought in grain by them with tertary in it

Dan Aberhart attended the meeting to discuss the regulations regarding Brucellosis control at stockyards. He said that he had brought cattle out from the Edmonton stockyards, that had been free from the regulations. According to the regulations these cattle were supposed to be redested at the end of 30 days. He said some were held after a route for over 90 days, and made as little as he was made as to why the retest was not done to be conducted until the 30 days had expired, but without results. He mentioned that the Edmonton Stockyards did not have proper facilities for Brucellosis testing. He questioned the cost of the Brucellosis control and regulations if cattle were to be confined at Edmonton Stockyards. The board agreed that the question of Brucellosis Control regulations be brought up at the next Agricultural Service Board Regional Conference.

The fall Bruand Rex Bayley said the fall Brucellosis campaign is being conducted in the same basis as last year, with Dr. Robertson and Dr. Tetlford doing the vaccinating between them.

The farming equipment was discussed, and Rex Bayley said that the addition of a new pressure lines would save time, as it would not be necessary to stop to shut off the sprayer when passing farmsteads.

Christmas Seal Sunday is set November 17th

Christmas Seal Sunday for the province of Alberta has been set for November 17th this year, and on this day the majority of churches in the province will be using bulletin forms drawing attention to tuberculosis and other respiratory diseases as major health problems on an international, national and provincial basis.

No country in the world is completely free of these diseases. In his address to the International Union Against Tuberculosis Conference, held in Rome in September of this year, Pope Paul VI called on the world to fight the "white death". There were more than 6,000 new cases of tuberculosis in Canada last year, and the Alberta figure was 862 new cases. In addition to this, lung cancer in Alberta has increased by 300% in the last ten years. This, together with the other chest irregularities—heart conditions, tumours, pleurisy, etc.—that we find, proves that much more research and study is required to bring about control of these diseases, and that early detection of diseases of the chest can be continued with every means at our disposal.

In Alberta, the Christmas Seal campaign of the Alberta Tuberculosis Association is sponsored and conducted by ten service clubs seven Kinsmen and three Rotary ably assisted by many thousands of voluntary workers. The monies thus raised are used to further research, assist in rehabilitation of ex-sanatorium patients and nursing services, and maintain mobile and stationary clinics.

Another week

Not just another of those National Something-or-other Weeks, but an observance of considerable merit is this week's attention being focused on National Book Week. High emphasis this year being placed on children's books, particularly, and the emphasis is well placed. Probably at no time have so many avenues for distraction been available to children growing up as fare today's young people. Probably, too, at no time have they had so many areas for building and extending their frontiers, their vision, their character as exist today . . . nor so many forces equally capable of destroying them.

The humans opened up with books therefore, deserve every commendation, and every support. Canadian young people face a thrilling situation when it is realized that they have access to a wider variety of titles than any other nation on earth, since both American and British publishers court markets in Canada, even as the Canadian publishing business slowly grows into a stronger situation than ever.

And it is a high compliment, indeed, to our young Canadian readers, that publishers find their greatest challenge at the level of non-fiction material for these searching young readers.

Remembrance Day is for remembering

Long-time member of the House of Parliament, H. W. Herridge, recently moved in the Commons a bill which would change, and improve, the standing of Remembrance Day as that it would become both a holiday, and a day for remembering. We say recently, for it is reported in Hansard of June 21, and the August issue of The Legionary devoted considerable space to its discussion.

We have purposely saved it for this week, when we think the suggestions fall more sharply into focus.

Presently, legislation does not make November 11th a statutory and general holiday, and Mr. Herridge (and the Canadian Legion) feel it should be. We agree with both of them. The custom in this area recently has been for stores to close, but other than government offices and banks, it is not obligatory. Further, Mr. Herridge (and the Legion) feel that provisions of the Lord's Day Act should be applied to the day, so that it would not degenerate into just another day off, with all the fields of entertainment and distraction running full blast. We agree with that, too.

Mr Herridge says, in small part, in presenting his bill:

> The farther we get away from the First World War, the Second World War and the Korean War, the more people look to November 11 as a day of remembrance upon which they have the opportunity to pay tribute to those who gave their lives, or sacrificed, or lost relatives in the defence of our country and in the defence of principles in which we all believe.
>
> The more we look at suggestions such as those expressed by the editor of "Varsity" Toronto's university newspaper, who views "with disgust" the annual observances of the armistice, the more we are inclined to think that not nearly enough attention is focussed on the significance of "the eleventh hour of the eleventh day of the eleventh month" which meant a great laying down of arms, and a great cessation of killing on a tremendous scale

JUNIOR CITIZEN AWARD WINNER

BOB HARTELL

STRATHMORE, ALBERTA

Bob was out in the farmyard doing his usual chores. He looked back towards the house and noticed smoke was coming from the back door. What was even worse, he knew his brother Jackie - an unfortunate victim of multiple sclerosis, was in the house alone unable to help himself.

Bob rushed to the house and carried his brother to safety. He went back to extinguish the fire which was already burning well into the room.

He called the nearest neighbour two miles away. By the time the neighbour arrived, fifteen year old Bob had everything under control and was still checking throughout the house for signs of any smouldering fire that might burst into flame.

There is no doubt that Bob's prompt and courageous action saved the life of his brother - and saved the family's farm home.

Bob is a most worthy winner of the Junior Citizen Award - not only for this heroic deed, but for the day by day concern and help he cheerfully extends to make his brother's life easier.

We join with the editors of Alberta's weekly newspapers in wishing him every success in the future.

This is one of six announcements about the 1962-63 Junior Citizen Award winners. Calgary Power Ltd. gratefully acknowledge the active participation of Alberta's weekly newspaper editors, whose enthusiasm has done so much to make the Alberta Junior Citizen program possible. For this winner our special thanks go to the Cheadle Lion's Club and to the Editor of the Strathmore Standard who nominated Bob for the award.

Dolores Buschert weds D. Roth

TOOKER-RYLEY, Nov. 9th — A very pretty afternoon wedding was solemnized in the West Zion Mennonite Church near Carstairs on October 19th, when Dolores Jean only daughter of Mr. and Mrs. Gordon Buschert was united in marriage to Donald Lee Roth youngest son of Mrs. Mary Roth and the late Mr. D. J. Roth of Ryley. The wedding ceremony was performed by the bride's father. Following the ceremony Rev. Paul Voegtlin, uncle of the bride, gave a sermonette.

Given in marriage by her father, the bride was lovely in a floor-length gown and wore a floor-length veil held in place by some fabric flowers. She carried a cascade bouquet of red sweetheart roses.

Attending the bride as bridesmaids were the Misses Florence Buschert and Eva Widerman, cousins of the bride and Jean Kauffman, friend of the bride. They were attired in identical street-length dresses of gold colored crystal charm and carried cascade bouquets of bronze mums.

Beatmen were Douglas and Larry Lehman, cousins of the groom, and Edward Buschert, brother of the bride.

Ushers were Cecil Buschert and Murray Lehman, cousins of the bride and groom respectively.

Hardier roses being developed

Hardy display resistant garden roses that survive Canadian winters without protection and bloom throughout the season are being developed by a Canada Department of Agriculture researcher.

The everblooming characteristic is associated with ruggedness growth while winter-hardiness is linked to a cessation of growth when the wood matures to meet the onslaught of frost.

Just how much we can get nature to compromise between the two traits is not known but some of the hybrids are encouraging," reports Dr. Felicity Svejda of the Canada Plant Breeding Institute in Ottawa.

Miss Svejda, who has more than 4500 seedlings from which to make selections, has crossed the short-blooming Canadian shrub rose with everblooming garden and Chinese roses to get extra hardiness. Some of the resulting hybrids have shown several winters without protection.

The hybrid seedlings, grown in the greenhouse and then planted in June, receive no winter protection except that of the natural snow cover and the less hardy ones freeze back to the snow line each year, she explains.

The flowers occur in single

40 YEARS OF FRIENDLY
DEPENDABLE NATURAL GAS SERVICE

It was 40 years ago that Northwestern Utilities, Limited first brought natural gas service to north-central Alberta. Communities supplied at that time were Tofield, Bruce, Holden, Ryley, Viking and Edmonton.

Over these 40 years Northwestern has extended service to many more Alberta communities — and today serves over 100,000 customers in 79 communities. This month, as we mark a milestone in our company history, we reaffirm our policy to customers old and new — to provide for all "The Best Possible Gas Service at the Lowest Possible Cost — Consistent with the Highest Standards of Safety and Dependability".

Mrs. Mary Wood and Mrs. Martha Tiedemann were afternoon visitors and tea guests at the home of Martha's parents, Mr. and Mrs. Gustaf of Lindbrook on Thursday of last week.

Mrs. Gustaf and Mary Wood is rumored from the hospital in Edmonton.

Ellen Eaton and Mervin Rose have last Wednesday afternoon coffee guests at the home of Mrs. Ethel Wood.

The children of Walter and Evelyn Julius of Tofield spent from Thursday to Saturday on the farm with their grandmother Mrs. Ellen Eaton. Friday being a school holiday, gave the children a long weekend.

Mrs. Martha Tiedemann visited her mother, Mrs. Emil Goudreau of Lindbrook on Saturday afternoon.

Robert and Dede Goudreau and children, Jack and Judy of Drayton Valley, were Sunday dinner guests and afternoon visitors at the home of Emil and Mary Goudreau.

Elmer and Vivian Geoghein and children of Ardrossan were Tofield visitors on Saturday and were evening visitors and supper guests at the home of Emil Goudreau.

The Lakeshore UCW will hold their November meeting at the new home of Mrs. Kay Wood on Wednesday, Nov. 20th.

Monday evening visitors and supper guests at the home of Joe and Elmer Jones were Elsener's nephew, Harold, and Elsener Reynolds and two girls from Dewinter.

Vi and Ted Kremeyer and daughter Janet and Vi's father, George Finch, all of Edmonton were Sunday visitors and supper guests at the home of Vi's sister Ida, and George Normetz. Also the Normetz home over the weekend was their daughter, Gail of Edmonton.

Miss Lorett Ross of St. Albert and Mrs. Emily Carlisle and Mrs. Pat Glover, both of Tofield, were Sunday afternoon visitors and guests at the home of Mrs. Ethel Wood.

Dean and Fran Bains and son sons, Tim and David of Edmonton, were Monday visitors and dinner and afternoon tea guests at the home of Doug's sister, Mrs. Ethel Wood.

OUT OF HOSPITAL

Mrs. Ruth Wickenberg returned home on Saturday after spending a few days in Edmonton where she was visiting her daughter, Vivian Jones, in the hospital. Mrs Vivian Jones arrived Saturday evening with her husband, Norman Jones and Breanna Dawn, and she will stay with her mother, Mrs. Ruth Wickenberg for a few days. Norman spent the weekend was the guest of his daughter, Jane Widerman of Edmonton.

All members of Tofield are still out of order and will be for some time 'till the phone gang gets the new line built. The delay in building is believed very annoying as folks are having to go to town or drive miles to contact those that they wish to speak to. It is impossible for your reporter to reach you by phone so if you have any news items please leave them in writing or calling here at the farm home not later than Monday evening or Tuesday forenoon each week.

Mr. Stinson suffered a heart attack on Friday and is in the district wish him a speedy recovery.

Lloyd and Lena Warren and family of Edmonton were Tuesday visitors and dinner and supper guests at the home of Lloyd's parents Mr. and Mrs. John Warren. Their daughter, Lily of Edmonton also spent the weekend at home.

Narrow escapes in district mishaps

(Mrs. E. S. Soderstrom)

HOLDEN, Nov. 11th — Dennie Erickson, daughter of Mr. and Mrs. Lorie Erickson, narrowly escaped what could have been a bad accident on Wednesday morning when she rolled her car on her way to school in Camrose. The car left the road, hit a pile of gravel on the road, landed up right, cut across a couple of ditches and narrowly missed a power pole. The car was completely demolished but Dennie only suffered a few bruises.

Another accident occured last Wednesday morning when Robert Smithson rolled his half-ton truck. Fortunately the son, who is also attending school in Camrose, had forgotten to take his books and noon lunch, so Mr. Smithson jumped into the truck and tried to catch him before he got to town. He finally managed to catch him and drive him back but when his truck rolled over. Mr. Smithson received some bruises on ribs and shock.

Holden news

(Mrs. G. H. Taylor)

Rev. Fredrickson, minister of the Immanuel Lutheran Church in Holden and Mrs. Fredrickson and small son were supper guests at the home of Mr. and Mrs. H. J. Tiedemann Tuesday evening. Mrs. Tiedemann was hostess to the Ladies' Aid later in the evening.

George Mason and Doug Hardy have returned home from a trip to the United States, Georgia and Alberta where they were good after seeing conditions there, as there seemed to be a great deal of unemployment.

Mr. and Mrs. H. J. Tiedemann and Mr. and Mrs. Sam Black were guests at the Ladies Auxiliary wedding held in Bruce, Nov. 2nd.

Mrs. Tiedemann, student at Calgary Tech, was home for a few days last week, visiting with his family, returning to Calgary Sunday.

Mrs. Alice Jones of Edmonton was a visitor over the week-end with her mother, Mrs. Cecelia Olson.

Miss Pat Thorsell of Red Deer was visiting with Mr. and Mrs. Hugh Mason Jr. last weekend. Mr. and Mrs. Mason were having their baby christened in Holden Lutheran Church Sunday, Nov. 10th, and Pat was the godmother.

Leroy Eaton, village policeman, is taking a six-week municipal police course in Edmonton. He is away during the week, returning Fridays to resume his police duties. During the week Mike Hanlin is the relief policeman.

The Mike Yanchyka were pouring cement for the basement of their new home and hope to start building this coming week.

Grade 8 Class has zoo day

(By Jim Alton)

The design of "zoo day" was the Grade 8 science course which deals with the general animal kingdom. This takes in animals from the smallest invertebrates to the largest vertebrates. Although neither the largest nor the smallest animal was available for Zoo Day, we did have a number of very interesting animals at our zoo.

The Grade 8 classes have much enjoyed the animals we have in our rooms. We brought these animals because we thought the animals would add much interest to our study. In order to share our enjoyment we decided to have a day for all the elementary grades to see them.

Many animals at the Zippity Zoo were brought just for the day. Some of these were the cubies hen the pigeon, a sparrow, a hamster, a cat as well as two cats and others. Some Chihuahua and others. Some animals were already in the room there is turtles and two tortoises, one of which weighs 18 lbs., two hamsters, two white mice and their young, several varieties of fish, a snake, and guinea pigs.

Preparations for Zoo Day were made during science periods. These included making "Zookeeper" hats, making cages for animals, making signs and poems for the cages. A timetable had to be made, and both grade 8 rooms were divided into groups of five to conduct guided tours of the zoo for the elementary grades. Each student did his assigned duty well.

Zoo Day was as much fun to put on as it was to see.

In observance of Young Canada Book Week, the Grade 8 classes had "Share-a-Book Day". On this day, groups shared their chosen book with the class by means of pictures, debates, skits, panel discussions, and speeches. Carol Hornby.

On November 18th, at the Tofield Community Centre, the Grade Seven girls will present a gymnastic exhibition following the Community League's Welcome-home-to-Residents dinner. This act was previously presented in the Macdonald Hotel in Edmonton for the Teachers' Convention. It will be presented by Beth Ingram, Carrie Sears, Vicky Wall, Laura Tiedemann and Terry Moore. As an additional attraction, Mr. Kallio and Mr. Neas our Physical Education instructor, will give a karate demonstration. —Terry Moore.

Better English...

What is wrong with each of these sentences?

1. He is doing the work the same as he always has, and his employer don't like it.
2. You only need to glance at the picture to be attracted with the artist's technique.
3. When the dance was over with we went straight home.
4. His is the most complete outfit I have ever seen.
5. I expect you both attended the meeting last night, and it's for you and he to decide whether you shall attend again.
6. I cannot help but believe that this is an unusually unique book.

What are the correct pronunciations of these words?

7. Saturnine.
8. Bahamas (island group).
9. Acrimonize.
10. Neglicee
11. Short-lived.
12. Profligate.

Which six words in the following group are misspelled?

13. Cryptic, crystallize, criminology, crustaceous, chrysalis, themum, tremulous, treacherous, trespass, trepidation, tertiary, stipendiary, stevedore, strident, statuesque, stilleto, improperly, impostor, impersonate, intensely, impertinence, controversial, contractor, controlling, conundrum, contravene, elusive, elusion, altruistic, elliptic, illegible.

ANSWERS

1. Say. "He is doing the work JUST AS he always has, and his employer DOESN'T like it". 2 Say. "You NEED ONLY to glance at the picture to be attracted BY the artist's technique". 3 Omit "with", and say, "we went DIRECTLY home". 4 The outfit cannot be MOST complete, if it is complete, that ends it. It can, however, be "the most NEARLY complete outfit". 5. Say, "I PRESUME you both attended the meeting last night, and it's for you and HER to decide whether you WILL attend again". 6 Say, "I cannot help BELIEVING" and omit "unusually".
7. Pronounce saa-tee-nin, accent on first syllable, and not "sas-tee-nine". 8. Pronounce be-haw-maha, accent on second syllable, not the first. 10. Pronounce neg-lih-zhay, preferred accent on last syllable. 11. Pronounce the "i" to rhyme with "life", not with "ift". 12. Pronounce profli-gait, accent on first syllable.
13. Crystallize, trespass, stiletto, impersonate, contravene, achmlish.

YOU ARE THE DETECTIVE

"Will you please come at once?" cries the voice over the telephone. "My husband . . . he's shot himself! This is Mrs. Richard Curnow."

Upon arriving at the handsome home of the Richard Curnows, you are ushered into the bedroom by the sobbing woman, and there you find the greyhaired insurance executive dead on his bed, a gun lying on the floor nearby.

"I was seated at my dressing table in my room adjoining this . . . when I heard the shot. When I rushed in here, I found Richard . . . like this! Oh, why should he have taken his life this way? Everything seemed in be no fun with us, and our life together!"

You note that, despite Mrs. Carson's grief-stricken face, she is extremely attractive, and at least 20 years younger than her middle-aged husband. Then you bend over the bed and, pulling back the blanket which covers the dead man, you turn the body over to reveal the rightly clenched hands underneath the blood - stained bullet wound in the chest. You also see two deep scratches on the man's left cheek.

"Can you think of any reason at all why your husband should have taken his own life?" you ask.

"None at all. So far as I know, his business affairs were in good order. Of course, he has always been quite jealous of me . . . couldn't seem to tolerate any special attentions paid me by other men. I'm very much in love with you, Richard Curnow . . . like this! Oh, why should he have taken his life this way? Everything seemed to be no fun with us, and our life together!"

"Oh no, I was much too horrified and shocked. I could see right away that there was nothing I could do for Richard. So I went back into my room and phoned you . . . then I waited in there until you arrived".

"Well, I hope it won't horrify and shock you too much when I tell you that I'm taking you with me to headquarters for further questioning", you say. "This doesn't look like suicide to me!"

Why do you suspect Mrs. Carson's story?

SOLUTION

Your suspicions are aroused by two things. In the first place, you found Carson lying on his stomach the hands clenched underneath, a blanket covering his body. If he had shot himself, he could hardly have covered himself with the blanket, or at least one of his hands would have been outside the blanket. In the second place, a suicide doesn't shoot himself in the chest like this in the temple—or perhaps in the mouth.

Many participate in November 11th parade

(Mrs. G. Taylor)

HOLDEN There was a good attendance of Holden and district residents at the parade and services held Monday, November 11 by the Holden branch of the Royal Canadian Legion. Those participating in the parade were the Legion, the Ladies' Auxiliary, the Sea Cadets, the Scouts Cubs, Girl Guides and Brownies.

Wreaths were laid by the Legion, Ladies' Auxiliary, Provincial Government, Village of Holden, Elks Lodge and Scouters. The service in the Community Hall was conducted by Rev. Mosteller who gave a very appropriate and inspiring address. The pianist was Mrs. G. H. Taylor. Legion members and wives, Auxiliary members and invited guests later met at the Legion Hall and enjoyed a very delicious buffet lunch, afterwards spending a social afternoon.

Holden village office sustains fire loss

(Mrs. G. Taylor)

HOLDEN The office of Raymond Herland had a minor fire on Friday morning at about 7 a.m. The fire was first noticed by Richard Bernasiuk, Larry Mialki and Darryl Good, who upon returning from a hunting trip to Edmonton, saw smoke and flames escaping. The fire department extinguished the flames, but considerable water was poured into the office. The damages were confined to one building.

Mr. Herland wishes to thank the fire department for their quick action, the many citizens and others who helped in so many ways at the time of the fire, and the Barsnikas for the early morning service of coffee, etc.

District Socreds meet Ryley Food Club

(Mrs. S. Gislon)

HASTINGS LAKE The Social Credit group met at the home of Mrs. Gislon on Wednesday, November 13. It was decided to start the skat driven again for the winter. The first one to be held at the hall Friday, November 22. A cordial welcome is extended to any one wishing to take part. The hall board is planning a Christmas grocery bingo to be held on Friday, December 6, at the hall.

New 'ride' simulates helicopter flight

* * *

A new machine which provides both training and entertainment and also exceptional training in the Jayceptor, invented by Peter C. Jacobs of Edmonton. Mr. Jacobs is famous as the builder of the Hanff Church, though the Jayceptor bids fair to become number one hero for its home.

Basically a helicopter harnessed to a substantial framework on the ground, the new machine can be used to train pilots for orthodox helicopters for more quickly, and more cheaply than conventional methods. It is making a tremendous reputation in the field of entertainment, also, and this field particularly seems to be opening up for the Edmonton-based firm.

Development of this firm is one more strengthening link in the chain of manufacturing in the West. All rights are reserved to the Edmonton firm. The initial machine was designed to handle only eight passengers, but new models are currently being developed capable of lifting 24 people.

One indication of the interest being shown in that to date, it is the only Canadian ride which has been provided a space at the New York World's Fair, slated for next year. Similar interest is being shown from many other areas, such as the Far East Amusement group and the Edmonton Exhibition, where it was a feature during the 1962 exhibition, attracting several thousand passengers for short trial "flights".

Tofield student contest winner

Doug Glover, 14, a Grade nine student at Tofield, was the winner of a literary contest in encyclopedia set in The Journal's "Tell Us Why" contest. The question "Can hair that is dirty be replaced?" was answered in the comic feature page on Nov. 6th. Doug deserves credit for this achievement, as the contest is featured in several Canada as well as in the United States.

Ingathering at Bardo church

(Mrs. C. M. Rude)

BARDO, Nov. 19th—The UCW Ingathering was held at the church on Monday afternoon, Nov. 11th, when a program was rendered.

Mrs. Nora Anderson read 66th Psalm for devotion and led in prayer; Gladys Severson, Patricia Litwin, Olive and Evelyn Fosbaug sang "My Lord and I" in double duet.

Before the presentation of the treasure chest, Heather Story, Nita Kindley, Alice Stokkan, Selma Christenson, Mary Fiasetti and Ilorghild Rude gave a skit, "How Thank Ye All Our God".

Ilorghild Rude gave a reading on John 3:16, followed by a song by the double duet.

Pastor Bue was called on for remarks and after the closing hymn, the group went to the basement to view the donations arranged on tables for the different projects.

Agnes Hauderdal was hostess for the social hour and Nita Kindley, Alice Stokkan and Peora Stauffer served lunch which was enjoyed by several visitors as well as members.

Packed house for Holden amateur hour

(Mrs. G. Taylor)

A very successful and enjoyable Amateur Hour was held in the Holden Community Hall Friday evening, Nov. 15th, with a "packed house". Sponsored by the Evening Group of the United Church W.A., all the events were ably emceed by Jackie Rude, Master of Ceremonies. Mrs. Ralph Bougyer and Mrs. Leland Viking had a difficult time in deciding the winners of the various groups.

The following were the winners in each group:

Group 1, up to and including nine years of age: 1. Vocal number by Denise Gaul, Debbie Gaetheluis, Dianne MacDonell, and Marlene Kelly, "playmates Tooley Goley O."

2. Recitation, "A Horrifying Experience," by Jane Lashosky.

3. Piano solo, Invention No. 2, by Leng Leng Ago," by Debra Giebelhaus.

Group 2, 10 to 15 years: 1. Violin solo, Myron Shatt.

2 Vocal solo, "Villia." Valerie Johnson

3. Vocal selection, "I Feel Pretty." Villagers Six.

Group 3, 16 years and over: 1. Grace Cichocki Choir, "Farewell to Hattie."

2. Vocal solo, "Serenade," by Larry Iverson.

3. Vocal with guitars, Bill Berry and Rich Botz.

These attending also enjoyed a pleasant get-together led by Larry Jenson and Valerie Johnson, with Mrs. Beth Bachmeier at the piano. It is to be hoped such a splendid entertainment and production will become an annual event and the sing-a-long group are to be congratulated on their splendid efforts and giving their time to such an enjoyable evening's entertainment.

BARBERSHOPPERS

This picture of the Camrose Barbershop Chorus was taken in the Coliseum at Spokane just after the boys had sung their two numbers in the Evergreen District competition. They will be appearing in the Tofield Community Centre next Wednesday night at 8:00 o'clock, along with some local performers, as well as the Northernaires quartet.

Long tractor ride

It was a long, cool ride on a tractor for John Shukalak of Mairy Hill, who brought a wagon load of wheat to Camrose last Tuesday, returning to his home Wednesday with a load of flour. The 95-mile tractor and trailer trip, one way, took Mr. Shukalak 10 hours. He travelled the correction line road east from Camrose for 25 miles, and then north to Vegreville. Helping him load the flour at Byers Flour Mills are Doug Wilson and Larry Cole. Camrose Canadian Photo.

Ryley man dies in car accident

Eric Wilfred Sorenson, 21, of Ryley was killed Saturday night when a car in which he was a passenger crashed into the south ditch of the correction line road 12 miles east of Camrose. The car was southbound on a municipal road and overshot the correction line, hitting the embankment. It did not overturn. The deceased was pinned under in the back seat of the car.

Five other people in the car, all from the Ryley district, suffered injuries and were removed to St. Mary's Hospital in Camrose. Four of them have since been released.

Most seriously hurt was Arvella Elaine Chrystian, who suffered injuries to the head and is still a patient at Camrose hospital.

Driver of the car was a brother of the deceased, Ivan Gerald Sorenson, and other passengers were Amy Annette Chrystian, Sandra Sheila Burha and Dale Wilson.

Hog Grower Ass'n will sponsor meeting in city

The Western Hog Growers Association will be sponsoring a series of meetings throughout the province this month, one of which is to be held in Camrose next week from this Saturday morning at 10 a.m. It is to be held in the Administration building on the Fairgrounds.

Similar meetings are scheduled for Lethbridge, Cheadle, Olds and Lacombe.

Purpose of the meeting is to bring together members and hog producers interested in problems concerning the hog industry in Alberta and Canada.

Among the speakers will be Association President Jack Pezderic, who will discuss the hog situation and marketing, a producer point of view, and Stan Berg, secretary, who will review what is new in buildings and production methods in Alberta.

A local speaker will report on progress of a "swine test" in the United States, sponsored by Calgary Power Ltd.

An open discussion period is planned at which time qualified people will lead discussion and answer particular problems put forth by anyone attending.

All interested hog producers are welcome to attend

A star & a tree

(By Gordon Best, Toronto)

The season of the Yuletide tree goes back to Martin Luther. He was a monk of the 16th century at his cloister in the mountains of Germany. On Christmas Eve as he walked out of the cloister through the boundaries of the monastery, he looked up at the heavens and saw the stars shining through the branches of the trees. He was so impressed by the beauty of the scene that he cut down a small tree and took it into the cloister. He placed candles on the branches of the tree to represent the stars he had seen. Thus began the custom of the Christmas tree.

THE PHEASANT SAFARI

Rigging worse than matching

Various forms of bid rigging are more prevalent in Canada than cases of identical bidding, says D. H. W. Henry, director of investigation and research in the Combines Investigation. Mr. Henry recently warned municipal purchasers in Ontario to be alert to spot practices which might indicate collusion, "which in our experience clearly exists in this country".

Collusion at any time is not in the public interest, and stiff efforts should be made to avoid it. It seems fairly obvious, though not proved, of course, in areas such as the bidding of electrical firms, as evidenced in both Calgary and Edmonton where identical bids were received from four firms for literally huge contracts.

It is much less obvious when the practice involves rotation of bids, so that first one firm, then another, is the low tenderer, and the available market is shared more or less evenly among those involved. It is much less obvious when some bids are artificially high, though still preserving the appearance of open and competitive tendering.

Mr. Henry cited a report from U.S. Attorney General Robert Kennedy who in 1962 published a report of 600 cases showing that collusive bids tended to be most prevalent in ten product categories. One of them, interestingly enough (at least from our point of view) was stationery and record forms

Telepoll nonsense

The Canadian television public was recently treated to a summary of answers to a series of questions on their opinion of John Diefenbaker as a prime minister. Rating of Mr. Diefenbaker as anywhere from excellent to one of the poorest was asked for as more or less typical of the questions.

This can only be considered as a colossal waste of money on the part of the country's two major communications systems, the Canadian Pacific and Canadian National Telecommunications.

To have any validity whatever, this rating would have to have some yardstick as a guide, yet it is the rare Canadian who can actually remember the day-to-day assessments of prime ministers as far back as the latter days of MacKenzie King. And it is obviously not reasonable to compare the still-embattled Mr. Diefenbaker with the calm repose of R. B. Bennett, whose term is now nearly thirty years dead.

Having regard to the tremendous potential of such coast-to-coast productions, it seems a shame to waste so much talent and money on useless and meaningless comparisons. The evaluations reached are far too often arrived at after only cursory consideration of only a part of the picture, yet the manner of presentation endows them with an unwarranted importance to which they are not entitled.

Money votes for renters?

Renters pay taxes so they should be equally permitted to vote on bylaws involving expenditure of money, is the argument again being raised in some parts of Alberta where attempts are being made to extend the franchise. Admittedly, the taxes paid by the renters are paid indirectly, but they're still taxes.

We don't agree with the argument though several good points can be made in its favor. Simply signing an agreement to purchase, or a mortgage does not necessarily bestow any more wisdom on the property owner, and we will agree the renter may be equally civic-minded, responsible and intelligent.

But the fact is that the burden of the money by-laws falls directly on the real property and is a continuing charge against it. The inescapable fact is that the renter does not necessarily have the same continuing interest ... and we think the word "continuing" must be stressed ... as does the owner of the property. If the franchise on money by-laws were extended to the renters, they could in all reasonableness vote for extensive new developments, expensive additions to the town's assets, then move with unconcern to other areas where the taxes are lower. The owner, who must face up to the reality of the tax picture either when the tax bill comes in or when he tries to sell the property, cannot possibly afford this lack of concern with a continuing charge against his asset.

THE WRONG APPROACH

I wish I could think of something to say or do to make you laugh today.

"Why don't you ask her what she would like to have."

Good Heavens I couldn't afford that!

A lassie who had turned onto a glum way being interviewed on a television program recently. The interviewer asked, "Weren't you a fortunate person to have been born a girl?"

The lassie looked puzzled and answered, "Where is born dwell?"

The interviewer, considerate, explained and her question was, "Do you consider it a good thing to be a girl?"

"Oh," she replied on a bright note, "Yes, because I can get married and have children."

The last lassie had expressed the attitude of all young women of childbearing age.

"Export sales? We work through our local bank"

Helping to move the goods that mean so much to many Canadians is an every-day service of the chartered banks. Manufacturers, producers and shippers increasingly use the local bank—not only to help finance the movement of goods in and out of the country but for assistance in overcoming problems of distance, currency and regulation.

Today the chartered banks are able, through their network of branches across Canada and their foreign branches, agents and representatives, to provide traders and travellers with the facilities of one of the world's largest international banking systems. This world of service is available to customers of any branch in any town or city. It provides quick business communications, speeds delivery of goods, helps Canadian companies to compete in markets everywhere.

Salem LCW elects Mrs. Ness president

(Mrs. J. A. Anderson)

KINGMAN, Nov. 19th — The Salem LCW held their regular meeting on Thursday evening, with president Rosanne Ness presiding.

The president read letters of thanks from Mrs. Eagen, Mrs. Ness and Mrs. Gilliam, given at Kingman Hospital, from Executive of Women's Auxiliary of CLH.

A donation will be given to the Christmas program "Evening Gospel Hour".

Mrs. P. Simms reported on the LCW workshop at Hawkstone Wednesday, Nov. 13th.

Pastor Rue gave the Bible study. The meeting closed with a hymn, Lord's Prayer and offering meditation by Mrs. Lloyd Bjorgum; education sec., Mrs. Wynona Christensen; flower comm., Mrs. A. M. Wick and Mrs. A. Ness; visiting comm., Mrs. I. Ness and Mrs. M. Bronnum; and Mrs. Ovil Bjornum and Mrs. Mary Heie.

The plastic kettles of Christmas

For many people, the first real tinge of Christmas excitement is inspired by the bell-ringing of bells on street corners, and the appearance there of Salvation Army men and women, in their red-trimmed, blue uniforms. They are a symbol of generosity, a sign that Christmas is close at hand.

It all began on a snowy night shortly before Christmas in 1894. On the Pacific Coast, near San Francisco, a ship was driven onto the rocks by the wind. Shivering survivors were helped to shelter in a nearby Salvation Army building.

California, alone with the rest of the nation, was in the grip of a severe depression that year, and the Army was hard put to care for the ship-wrecked people. In the shelter — already overcrowded with homeless men and longshoremen.

Soon the food supply was exhausted and the situation began to look desperate. Then one of the Salvation Army basins, boiling out the few utensils of soup, had an ingenious idea. Stepping out into the bitter cold, she carried the soup cauldron itself to a busy street corner, set up a sign that said, "Keep the Kettle Boiling", and rang a bell to attract attention. Those passing by — amazed by the idea — began to drop coins into the kettle and that night there was enough for all.

By the following year, word of the appeal of the kettle had spread. When Christmas time came around, thirty kettles were set up in towns along the West coast to obtain needed help for the poor. In 1897 the idea found its way to Boston, where the kettles were "kept boiling" and 150,000 Christmas dinners were given to the needy there.

For nearly seventy years now, the kettle idea has been a part of the bright red lettered welcome happiness for millions at Christmas.

Today, a contribution dropped into the kettle might make possible a new, cuddly toy or an appealing game for a homeless child. It could mean a warming holiday dinner for a homeless, hungry man. It could mean a remembrance for a lonely woman far from home, or material assistance to anyone so that they can fill their children's stockings. Or it could place a gift in one of the hundreds of homes served by the Army to institutions of all kinds. Even in prison, rejected hope is kindled by gaily wrapped gifts, carols and Scriptural words of comfort.

Palmer - Earling news

(Mrs. J. Knudson)

PALMER-EARLING, Nov. 13. Born to Mr. and Mrs. Allan Hellekson, Nov. 7th, a son, Donald Allan, weighing in at 8 lbs., 13 ozs. The new baby is a brother for Marlene.

Saturday night guests at the Brown home for Tom's birthday were Mr. and Mrs. Dennis Brown of Killam, Mr. and Mrs. Felam Yurkoski of Camrose, the Carl Sorensons, Wm. Tweants and Arelie Brown.

The Frank Urlacherns and Louie Seabers were Tuesday night guests with Arnold Seaberts in honor of Yvonne's second birthday.

Mr. and Mrs. Gunner Holte of Lethbridge spent the week here with relatives and friends.

Mrs. N. Kozbuwick and Jerry were Tuesday evening visitors in Camrose with Mrs. F. Darin.

Mr. and Mrs. Leroy Furst and Linda, Camrose, Mr. and Mrs. Martin Dewes and Eddie, Calgary, and Opal Bruce, Edmonton, spent the week-end here with home folks.

The Zion LCW met Thursday with Mrs. Alvin Rewinkel.

The Arnold Reuters were callers Sunday at the Ken Wahl home, Edberg.

The Zion LCW are having a tea/tuk, turkey and lefse supper at Zion Church Saturday night, Nov. 30th, at 6:30 p.m.

A Stetson hat, left at Sladeview Church at the Thanksgiving program is still waiting for its owner to claim it.

Sunday dinner guests with the Nick Kozbuwicks were Mr. and Mrs. Bill Bibbe, Sharon, Wendy and Mary Ann, Mr. and Mrs. Pete Faryna and Mr. and Mrs. Dave Faryna, Debbie and Wendy, all of Holden, and Mr. and Mrs. Ray Hodyk, Cindy and Karen, Mr. and Mrs. Joe Wyrozub, Jim and Linda, all of Edmonton.

Mrs. Sladeviews Ladies' Aid took in $261.13 Saturday night at their supper and sale. Lars Elven was auctioneer and Chesire Farms the clerk. The aid meets at the church kitchen on Wednesday, Nov. 27th.

Modern Etiquette . . .

Q. Where should one's return address be properly placed on the envelope of a letter?

A. The preferred position is in the upper left-hand corner of the face of the envelope. Although when the envelope is too small for this, the return address is sometimes written on the back flap.

Q. I'd like to have my wedding invitations engraved in gold ink. Is this all right?

A. For wedding invitations, only black ink should be used. Silver or gold are frequently used, however, for 25th or 50th wedding anniversary invitations, if one wishes.

Q. When one is carrying a tray in a cafeteria, is one supposed to ask permission of a stranger to sit at his or her table?

A. This is not necessary.

Q. How does one write a formal acceptance to a wedding invitation and reception?

A. Address it to the parents of the girl. "Mr. and Mrs. John J. Jackson accept with pleasure . . ."

Mr. and Mrs. Richard L. Colby's kind solicitude to the wedding of their daughter, on such-and-such date."

Q. When writing a letter or note to a brother and sister-in-law, should the envelope be addressed to "Miss Virginia Norton and brother"?

A. Never. The envelope may be addressed to either the sister or the brother, but never to both.

Q. Is one supposed to leave the spoon in the sherbet glass after one has finished eating this dessert?

A. No; place the spoon in the saucer under the sherbet glass.

Q. Upon being introduced to Miss Ashley for the second time, is it all right to say, "I already know Miss Ashley"?

A. This sounds just a little abrupt almost as though it were too much trouble to make a new and acknowledgment. It should think it would sound better to say, "I have already had the pleasure of meeting Miss Ashley".

Solve a Crime
BY A.C. GORDON

YOU ARE THE DETECTIVE

The insistent ringing of your telephone awakes you at 2:30 a.m. and an excited voice tells you, "This is George Carrington of 61 Central Avenue. There's something terribly wrong here . . . my brother . . . I can't arouse him, and I can't get into his room. Will you please come at once?"

You speed to the address on the other side of town, where you are admitted by a jabbering, anxious-looking man of about 50, who after identifying himself as George Carrington, says, "I'm sorry to have caused you so much trouble, but I can't understand about Andrew. He always been such a light sleeper . . . but in spite of all my knocking I did on his door and calling out to him, I couldn't get any response. I'm sure something

[illegible] between this suspect line of America's rooms and after a few attempts with your selection of keys, you succeed in opening the door. Groping about on the wall just inside the door, you find the switch and turn on the light which reveals the slim figure of a grey-haired man slumped over a desk in one corner. You shift the recumbent form and notice the glass standing on the desk near his outstretched fingers. A bottle right hand and mutter "Poison". "Suicide!" you exclaim, as you shudder. "I can't believe that Andrew would have done this. Of course, he had been acting quite a study lately on the subject of toxicology . . . and George and their antidotes . . . and such that I certainly didn't suspect that he was in any considering such a thing as this. He gave himself up in this room this evening, and I assumed he was busy studying or writing some letters . . . I could hear his typewriter going until about 11 when I retired."

You look at the typewriter on the table and read [illegible] from the top sheet of paper. The words seem to swim from the desk and the spectacles glass. You read the message: "Dear George: These words an empty life. I'm tired of living and I'm going to do this way. You, of course, will come into all my estate, just as I've always said you would. I prepared for this, as you know, studying all the various kinds of poisons, and this one I chose was easy to take . . . not painful. Already I feel a numbness creeping through me . . . a sleepiness . . . the final long sleep . . . very soon now I shall . . . "

"Poor Andrew", murmurs George from where he is slumped in the leather chair on the other side of the room. "He and I were always so close . . . never a quarrel . . . and his very last thoughts were of me, too."

"Well", you state, "I'm not sure what his thoughts were of at that end, but I'm sure he thought of him. You thought you knew your brother well. Why do you suspect George Carrington?

SOLUTION

A number of things have aroused your suspicions. First, you had to switch on the light in order to find Andrew could hardly have been using his typewriter in the dark until midnight, as George has told you. Then, the typed "final note" was apparently only abruptly as the poison takes effect. A dying man would not have taken the time to remove from the typewriter and carried it several feet away to the desk where you found it. Finally, George remarked that his brother's last thoughts were of him, although he [illegible] suspecting any interest in the note. You have probably guessed by now that George had been attempting to murder his brother at 2:30 in the morning.

Accident prevention

(By C. J. Harris)

Toronto Police Chief James Mowbray has expressed the opinion that any suspected drinking driver who refuses to take a breathalyzer test should lose his licence. I recommendation to this effect he told the press, will be made to the provincial attorney-general. "I'm determined to take steps to [illegible] increasing toll of traffic deaths," he stated. "This is one way to do it."

By all accounts the Toronto chief is a good policeman, and he may succeed where most of the roads is a good cause, but the idea is not justify the means. Though an unwritten law, the right to a fair and impartial trial by jury is a basic principle of our system of justice. In the U.S. this principle is spelled out in Article V of the Bill of Rights; "No person . . . shall be compelled in any criminal case to be a witness against himself".

In a following story on Chief Mackey's statements one encircling Toronto newspaper editorial viewed a policeman assigned to the breathalyzer machine. The police, said the officer, are not required to tell drivers they may refuse to take the test and seldom do tell them. "The best thing", he went on, "is not to tell them anything. As soon as you mention test, they won't cooperate. We just take them to the station, show them the machine, and say 'blow'."

This attitude, while it no doubt helps police work easier, obviously seems to compound the infringement of principle. A court will not admit a statement obtained by the police from an accused if there has been no warning that what is said may be used as evidence. In the case of the breathalyzer test, which in any event may be inaccurate in its findings, police should be required to issue a similar warning to an accused. It has long been recognized that guarantees of civil liberties, designed to protect innocent persons, sometimes run counter to the equally important objective of protecting the community. But in this area of conflict between the authority of the state and the rights and privileges of the individual, the latter must be the paramount consideration.

A final word on all this might be that Chief Police Mackey himself complained the more effective answer to the problem of reducing traffic accidents. Cautioning motorists who drive in an irresponsible fashion has absolutely no effect, he said, but "where we really concentrate on laying charges against offending motorists the accident statistics drop sharply for as long as we conduct the campaign".

The solution is strict policing — not questionable methods of prosecution.

1080 COYOTE POISON BAITS
No 1080 baits will be set out in the County of Beaver #9 this winter. Large numbers of mice and natural food pins the increased price of coyote pelts indicate that coyotes will not increase or cause damage to a point where 1080 is justified.
The decrease in the use of strychnine pellets further indicates that coyotes are not causing a great deal of damage.
Pellets will be released to ratepayers as usual from the Agricultural Service Board office or on request by phone or letter.

Road program completed for 1963

Hon. Gordon L. Taylor, Minister of Highways, has announced that the road construction program for 1963 has been virtually completed.

Of 270 miles of seal coat work that has been done, which was the program planned.

In 267 miles of plant mix surfacing has been applied — 263 miles were in the program.

C 335 miles of base course have been laid 347 miles were in the program.

In all miles of grading has been completed out of 434 miles planned.

Finishing up work on the small balance of the program is still in progress.

During the season, 1,533 shifts were lost throughout the province due to rain or inclement weather; in 1962, 1,862 shifts were lost.

"In most areas if the province the weather season was most cooperative in 1963 and the program planned was virtually completed", the Minister stated

Pre-nuptial shower for district couple

(Mary Mitchell)

A bridal shower was held at the Sherard Community Hall on Saturday evening in honor of Miss Lula Fairbrother and Harold Ray whose marriage takes place on November 30.

Red and white streamers, wedding bells and colored balloons decorated the hall for the occasion. The bride and groom-to-be were seated at the table and were crowned with tall silver crowns. Gifts were presented by four young girls who sang suitable speeches in rhyme and song.

Bernice Barnhart and Darlene Fairbrother assisted in unwrapping the many beautiful and useful gifts, for which the young couple expressed their thanks.

A fine delicious lunch was served by the ladies of the community.

Elaine Sorrell receives high scholastic awards

On Friday, Nov. 8th, Miss Elaine Ann Sorell received the Governor-General's Award, presented by H. A. Pike, superintendent of schools for the County of Beaver.

SPECIAL GUESTS

The school gymnasium was filled for the occasion with students and staff from Grades IX to XII as well as many special guests. On the platform were seated those participating in the program, H. H. Harris, principal of Tofield school, Miss Sorell, with her parents, Mr. and Mrs. J. Sorell, H. A. Pike, Mrs. J. Cooper, Tofield's school representative, C. Ott, Ryley, representative of the Beaver County Board of the ATA, S. Kallio, president of the Tofield subdivision of the ATA, who was Elaine's Grade IX teacher, Mrs. Conrad Patterson, representing the Women's Auxiliary to the Community League, Miss Betsy-Ann Schultz, president of the Tofield High School Students' Union and Miss Francis Schultz, president of the Junior High's Rep. There.

Mr. Harris, as chairman, introduced Elaine and congratulated her on her award, saying that this year it had been a special achievement in that Elaine's marks had surpassed those of two very strong contenders for the medal, Sonja Christensen and Linda Schuler, who were also from Tofield.

PRESENTATIONS

On behalf of the Tofield subdivision of the ATA, the staff of the Tofield school, Mr. Kallio presented Elaine with a corsage of pink sweetheart roses and Mrs. Sorell with a bouquet of golden 'mums. Betsy-Ann Schultz presented Elaine with a travel case on behalf of the TSU and Francyes Schultz presented the Hi-Three's gift, a reading lamp. For the ATA local of Beaver County, Mr. C. Ott gave Elaine a plaque to commemorate her achievement. Mrs. Patterson presented the cheque for $50 that the WATCL awards to the Tofield winner of the highest marks in Grade IX. On behalf of the County of Beaver, Mr. George Arnett gave Elaine the beautiful watch given to all medal winners by the County.

Then Mr. Pike, as representative of the Governor-General, presented Elaine with the bronze medal given to the top Grade IX student in each of the division or county across Canada. Mr. Pike mentioned the history of this award in general and mentioned specifically that in the last 16 years a Tofield student has been the Beaver County recipient 8 times. He congratulated Elaine and the Tofield School on again being awarded the medal.

Elaine thanked Mr. Pike for presenting the medal, Mr. Kallio for his work with the Institute, former teachers for making learning exciting for her and the representatives of the organizations which had presented her with gifts. She then presented Mr. Kallio with a gift as a token of her gratitude to him.

As the last item on the agenda, Mrs. Patterson on behalf of WATCL, presented tickets to Linda Schuler and Sonja Christensen, who were runners-up for the medal.

Renovations to Holden office

(Mrs. G. M. Taylor)

HOLDEN, Nov. 22nd. — Holden village secretary, is conducting business for the Village, Holden Drainage District and the North and South Mutual Telephone Co. in his office next to the Holden Drug Store, while the office occupied by fire and water last week is undergoing cleaning and repairs.

While the fire damage was very slight there was a great deal of water and smoke damage to the building, stock and equipment, and will be out of use three weeks before it is hoped it will be ready for use again.

Eddie Pisata, formerly of Edmonton, will also be in attendance at the office every Tuesday, as usual.

EM unit meets

The County of Beaver No 9 Emergency Measures Unit Committee meeting was held in the council chambers, Ryley, on October 21st.

The secretary advised that he had contacted Larry Willson of Tofield regarding holding a first aid course in Ryley. Mr Willson said he did not think it advisable to hold this course before New Year's as it is hard to hold classes near Christmas, and it was moved by Mr. R. K. Westmacott that the matter of first aid courses at Ryley and Tofield be deferred to the next meeting.

George Taylor reported that he had a meeting with the Village Director in Ryley to get the organization moving there. He advised that two residents had attended a welfare course in Edmonton.

Mr. Taylor advised that the new radiological equipment had arrived and Rex Boyles gave a demonstration of this equipment. It was agreed that a refresher course be held after the radiological equipment is distributed.

It was moved by Cr. Johnston and carried that Rex Boyles be appointed to check this equipment every six months as required by northern zone headquarters.

The proposed budget for 1964 was presented and approved, with an expenditure of $2,650 anticipated.

HERE FROM B.C.

Brock Kilfoyle of Squamish, B.C., will be showing films this evening of his work with the Forestry Department in western B.C. He has been spending this last week at the home of his father, Gordon. He will be leaving Thursday and will return home by way of the Rogers Pass.

Community supper fetes new Tofield residents

On November 18th, the Tofield Community League was host to those who have arrived to make their homes in Tofield during the past two years. A large crowd was present to welcome the new residents who were met at the door by members of the Tofield Lions Club and escorted into the Community Centre.

After Rev. W. McDonnell said grace, the crowd enjoyed the pot-luck supper served buffet-style by the members of the WATCL.

H. A. Pike, then welcomed all the people in whose honor the supper was being held and introduced those present by name.

On behalf of all the new residents, G. MacKay thanked the members of the Community League for their warm welcome to the Tofield district. He said this occasion was indicative of a good community to which the newcomers would be pleased to belong.

Following the official welcome, entertainment of high calibre and of great interest to the guests was provided by Bundy Ness, physical education instructor at the Tofield school, and his team of girl gymnasts, Gwen Sears, Beth Hansen, Vickie Wall, Laura Pedersen and Betty Moore, in conjunction with Mr. Ness, gave a display of gymnastics which was much enjoyed by the audience. Mr. Ness and Stanley Kalita gave a comedy demonstration of the Japanese art of 'karate' which brought the evening's entertainment to a close.

Tofield couple mark silver anniversary

Mr. and Mrs. H. N. Conquest of Tofield, Mr. and Mrs. Gordon Phillips entertained on Sunday, Nov. 17th, in honor of their parents, Mr. and Mrs. Neil Phillips who were celebrating their silver wedding anniversary.

The master-piece of Mr. and Mrs. Conquest's apartment, featured a beautiful three-tiered wedding cake, the flowers selected for the occasion were silver-trimmed blue and white delphiniums.

During the afternoon and evening, buffet style tea table, bowed by Mrs. John Brymer were shared by Mr. and Mrs. Ben. Mrs. R. H. Phillips, Mrs. Clifford Appleby, Mrs. James Chilliard Appleby, Mrs. Clarence Argett, Mrs. Stanley Simpson, Mrs. Ed Hayden, Mrs. Harold Bowden, Mrs. Charles Hayden and Mrs. Lorne Hayden. Mrs. W. H. Phillips, Mrs. Bert Bowden, Mrs. Harry Bowden, Mrs. Stanley Nelson, Lynda Phillips, Sharon Brymer, Mrs. Dale Harvey, Mrs. Harvey Ables and Mrs. Lorne Hall.

A guest book was taken charge of by Mrs. Allan Bowden, Miss Barbara Arnett and Mrs. Harry Halsted. Several phone calls and telegrams were received from friends unable to be present, but wishing to extend congratulations.

To share this happy occasion friends were present from Tofield, Mannville, Edmonton, Alta. Barrhead, Sherwood Park, Lloydminster, Mayerthorpe and Willesmere. Many beautiful gifts were received by the honored couple.

PRESIDENT JOHNSON

Lyndon B. Johnson is shown above as he took the oath of office as president of the United States. He is flanked by a grieving Mrs. Kennedy, who accompanied him to the ceremony, following the tragic assassination of President John F. Kennedy Friday. Toronto Telegram News Service.

World mourns slain president

Britain's poet laureate, John Masefield, 85, saluted President Kennedy in verse on Monday.

The poem, published in the editorial page of The Times, is entitled "John Fitzgerald Kennedy."

It reads:

"All generous hearts lament the leader killed,
The young chief with the smile, the radiant face,
The winning way that turned a wondrous race
Into sublimer pathways, leading on.
Grant to us life that though the man be gone,
The promise of his spirit be fulfilled."

Veregin Stockyards files voluntary bankruptcy

A voluntary assignment of bankruptcy was made by M. J. Veregin Stockyards of Edmonton on November 18th. The parent firm covered eight livestock stations, one of which was located at Tofield.

Chartered banks—deemed unsecured creditors from the time early in November, and The Canadian was told by the buying stations shut their doors roughly a week before bankruptcy was filed. The firm was about 15 years old, though the station at Camrose had opened only a little more than five years ago. All went bankrupt with the parent firm.

The Canadian was given an unofficial estimate that debts might amount to $400,000, while a guess placed assets at roughly half this amount.

Claim forms were mailed out to all known creditors on Monday, while advertisements asked for other creditors to file claims with H. G. Thomson, Mercantile Building, Edmonton.

A meeting of creditors has been called for December 16th in the courthouse at Edmonton and all creditors who have filed claims by that time may vote at the meeting, if any question arises. However, this is not necessarily a cut-off date for filing of claims, The Canadian was advised.

Some of the creditors are secured, it appears, and it will depend largely on the view taken by the courts of their position as to how much of the assets are available for unsecured creditors. Several breeders in the Camrose area have indicated to be among the latter group, and some of them have been very heavy consignable properties, running into the $1,000 and $5,000 bracket.

A call has been made on Mr. Veregin, major shareholder in the firm, to appear for examination next week at the court house in Edmonton.

Artificial curling ice for Holden soon

A gala celebration has been planned by the Holden and District Curling Club for Sunday, Dec. 15th, when the new artificial ice will be ready.

There will be curling competitions, wonderful prizes, raffles, professional curling, and lead games for the non-curlers, plus a giant steak barbecue. Festivities will commence at 1:00 p.m.

Members are planning to have a lot of fun, and welcome anyone who wants to participate.

Ticket are available from any member of the men's or ladies' curling clubs.

County school committee meets Nov. 12

Regular meeting of the County of Beaver No. 9 School Committee was held Tuesday, Nov. 12.

The newly elected Town and Village members, G. H. Arnett, representing the Town of Tofield, and Nestor Semeniuk representing the Village of Holden, subscribed to the Oath of Office and officially took their seats at the Committee table.

BUSINESS ARISING FROM MINUTES

Concerning a salary negotiations dealt with by resolutions 309 and 338, the secretary-treasurer read to the Committee a letter from Mr. Lars Olsen, chairman of the Teachers' Bargaining Committee, dated Oct. 24th. The letter stated that a general meeting of the teachers of Beaver Local had been held on October 23rd at the Holden gymnasium and that the School Trustee's last offer was presented and fully discussed at the meeting. A written ballot was then taken and the School Committee's offer rejected by a substantial majority. The secretary-treasurer advised that he had informed S. C. T. Clarke, executive secretary of the ATA, that the School Committee had been unable to reach an agreement with the teachers for the 1963-64 school year and had requested the services of a barrister, A. G. Willis, Q.C., to act as secretary to the ASTA, appointed by the harassing officer of the County.

It was moved and carried that the correspondence be received and filed and that the secretary-treasurer's action in this matter be endorsed.

It was moved and carried that A. G. Willis, Assistant Secretary to the ASTA be and hereby is appointed Bargaining Agent for the County of Beaver No. 9.

In regards to the railway crossing at Queen Street crossing in Tofield, Mr. Pike reported that a count of the traffic, crossing the railway at this point, had been conducted on Nov. 5th and 8th for a 16-hour period each day. On Nov. 5th a total of 872 vehicles had made the crossing and on Nov. 8th, 825 vehicles. The brief in this connection had been prepared and was ready for submission to the Board of Transport Commissioners requesting that a flashing light be installed at this crossing.

It was moved and carried that the following motion be attached to the brief:

(a) That a clearly visible electrical signal device (flashing lights be installed at the railway crossing known as Queen Street Crossing.

(b) Request that until the installation of the electrical signal device that the speed of all trains be reduced to 16 m.p.h. at the three railway crossings in Tofield.

In reference to the employment of a flag-man at the Queen Street railway crossing, dealt with by resolution 340, the Committee was informed that Mrs. T. Campbell had carried out the duties in a very satisfactory manner. It was, however, realized that either Mrs. Campbell or Mr. Campbell would have to be on duty when the Horse Ec. and Shop buses were going from Tofield to Ryley and return on Thursdays and Fridays, since this involves another hour per day on these days.

Moved and carried that the flag-men be on duty to handle the Horse Ec. and Shop buses on Thursdays and Fridays, and that the rate of pay for the flag-man be $1.50 per hour.

Concerning the proposed land sale to the Holden School, the Superintendent reported that he and Mr. Ryley, the bandmaster at Viking, had attended a Home and School meeting at Holden

Sure hand at the helm

While others have said nearly everything possible about the late John Fitzgerald Kennedy in the three quarters of a week since his assassination it would be impossible not to discuss it here

Canadians were almost as hard hit as were the American people, yet for both nations we doubt if the loss was so keenly felt because of his relative youth as because he had become, not only for the Americans but for all of the free world, a symbol of hope

American influence throughout the world was at a comparatively low ebb only three years ago when the former young marine took over the helm, yet the "difficult days and hard work" speeches he was soon delivering kindled a new attitude in his country men which can only be reminiscent of the "blood, toil, tears and sweat" talk of Churchill a quarter of a century ago

He must have inherited a great deal of the Irish charm and persuasive ... combined with a tremendous amount of the Irish drive and industry, for he surrounded himself with ... real talent elements of a new era in American administration. Keen insight into humanity and the courage of the ruthless with coupled to produce ... actions make that outlook a transformation in thinking and ... not only the country but the entire world.

For many Americans he had become a 20th Century embodiment of the principles the Founding Fathers built into the American Constitution as expressed by Thomas Jefferson arranging for and again the doctrine of individual responsibility and individual integrity as the cornerstone and keystone upon which democracy is built. Tragic as are the circumstances surrounding his death, the longer view of history may see this as a blessing, his light is now committed to the ages, shining like a beacon bright and unwavering instead of being forced to flicker and possibly die out through the vicissitudes of party politics

However the man is, here was a MAN one whose like we shall not soon see again

56 deaths

56 traffic deaths next week is the staggering forecast of the Canadian Highway Safety Council, as it ushers in Safe Driving Week at midnight on Saturday of this week. Statistics such as these sound cold-blooded, and perhaps they are, but they're based on experience ... experience which the safety council is using in an effort to reduce and avert the loss

Less than ten per cent of the drivers are involved in accidents, they point out, but each time it's a different person in the ten per cent. The aim is to have the nine drivers impress the unsafe ones so much he will curb his selfish and anti-social urges

It's hard to argue with the figures and these show that for every 118 accidents in road traffic, minor or major there was one death, and 20 people were injured. The 1962 figure illustrates this, showing 400,000 accidents 270,000 with damage exceeding $100 This means one-third of the accidents were of the minor type, damage under $100

But wait

In the 400,000 accidents, 111,000 people were injured, 3,000 were killed

While they probably cover far more miles proportionately, the survey shows trucks to be considerably safer than passenger cars, accounting for roughly a third fewer accidents in ... registrations. It also shows night driving, per miles travelled to be about two and a half times more death dealing than day driving. The figure is slightly higher in urban areas, where pedestrians figure in a staggering 45 per cent of all traffic deaths

Interestingly enough different driving habits contribute to different types of accidents. Speed too fast for conditions as one would suspect as might ... failure to signal as the principal cause of rear end collisions. Weaving from lane to lane is the key to head on collisions, while ... and all this in time for ...

Last ... Parliamentary Press Gallery ... the annual dinner of Canada was $350 million. Now we spend that much a month. This is the ... to the legislators of Canada today wants ... more thought and attention by the ... ministry to.

The ... is that in spite of this spending ... this unbelievable lack of leadership ... public relations in Canada is building up in this ... a feeling of frustration with our boards ... committees and commissions and out spiraling ... free enterprise. We are not only by-passing parliament; we are not only taking the government of this country out of the hands of people; we are taking it out of the hands of the people's representatives in parliament

In the last analysis, what is involved here is liberty. You cannot build up a managerial state without infringing on the rights of the individual Thomas Jefferson once warned the American people that freedom could be frittered away. We are not merely frittering it away, we are throwing it away with unbridled abandon and the end is inevitable If we in this country ... continue spending beyond the resources of the country, if we continue invading into the rights and if we continue putting government into business, then the end of the road is inevitable We shall invite and deserve the tyranny that has come to so many areas of the world where, because of lethargy, indifference, cynicism, and the betrayal of democracy ... despair is having the last word and ... tyranny is crushing down the bodies and souls of men.

Eric Wilfred Sorensen laid to rest at Ryley

Eric Wilfred Sorensen was born at Camrose on April 30th, 1942. He was baptized on May 31st the same year. He was confirmed in Christian faith on September 26th, 1956. He spent his entire life helping at home and working for the neighbors with the exception of a short time working in Edmonton. He was a lover of children and animals.

He passed away suddenly from this life on Saturday, Nov. 16th, at 11.30 p.m. at the age of 21 years 6½ months.

He is survived by his loving parents Mr. and Mrs. Carl Sorensen of Ryley and by grandparents Mr. and Mrs. Pedersen of Bawlf, also one sister Mrs. John Schmidt (Inga) of Edmonton, and Mrs. William Barnetson, Mrs. Kareen of Ryley, and one brother, Ivan, of Ryley as well as about 20 other relatives consisting of aunts and uncles, cousins, nephews and nieces, and a host of friends.

Funeral services for the late Mr. Sorensen were held on Wednesday, Nov. 20th, 1963, at 2:00 p.m. in the Christ Lutheran Church, Ryley. Interment was in Ryley Cemetery, conducted by Pastor Rev. M. A. Reiersol, with Mrs. Nick Rudnitz as organist.

Pallbearers were Herman Christian Robert Johnson Gordon Kirkeland, Alvin Wilkins Melford Wilkins and James Stoschenn.

FIREFIGHTER AND DEBBIE

This is a picture of a little girl and one of her best friends watching a blaze by on the little girl's garden. It is also the picture of a child who is going to need all our help in order to save her. She is eight-year-old Debbie Brown, poster child for the March of Dimes campaign in aid of Canada's fight against Polio. Debbie, daughter of Mr. and Mrs. Ken Brown, Fire-Chief-Lieutenant of the International Association of Fire Fighters, a vice-president of the Edmonton Council of other Canadian firefighters, helps raise money for research and to cure the dread disease. The March of Dimes Dystrophy is being held this year during the week of November 24-30. Canadians everywhere will be asked to contribute to the support of the Muscular Dystrophy Association's research programs. They will be asked to help give children like Debbie a chance to live and grow up.

Ministik news briefs

(Mrs. Ian Rostick)

Church services were conducted at the United Church on Sunday by David Beckwith. A special highlight of the service was enjoyed by the many who attended when Miss Barbara Aller of Edmonton and Miss Heather Drake of Montreal sang "The Holy City". They were accompanied at the organ by Ross Hicks, who accompanies Mr. Beckwith each week on his journey to worship at both Ministik and South Cooking Lake.

Several from the district attended the annual turkey dinner at South Cooking Lake and report a very delicious meal and enjoyable evening.

Alex Kleinschmidt has been busy these last few days helping Don Trake move into his new premises at Strome. At last report the post office and business part were moved. The middle weather still enable them to move the large stock of goods.

Jack Alma Holmes is spending the winter months in Edmonton.

HOSPITAL NEWS

Alphonse Leh returned to his home last week having much better after a stay in Tofield hospital.

Friends are sorry to hear that Mrs. W. F. Davenport is a patient in Tofield hospital.

Mrs. Helen Hennessy and Mrs. Claude Leech are recent victims of the 'flu.

The rural mail carrier, Henry Heitman, has also been confined at the Tofield hospital.

This lovely mild weather is being enjoyed to the fullest after having a few days of bitter zero weather.

ATTEND WEDDING

Mr. Mrs. Lloyd Greenmeit, Mrs. Bruce Reid and Mr. and Mrs. Jim Reid attended the wedding in Edmonton on Nov. 22nd of Mr. Bryan Ursuline and Miss Myrna Sylvia Ursuline and Mr. Robert Sherrer of Calgary and Tofield. They also attended the reception for 200 guests at the Macdonald Hotel.

A SPECIAL MESSAGE TO CUSTOMERS OF THE B of M

How your Savings Dollars went to work in 1963

Horace Seller, Manager
Tofield Branch
Bank of Montreal

This is my personal report to the customers of my branch on the use the Bank of Montreal made of the money you entrusted to us in 1963.

Nearly one-half of the total deposits of $3,964,675,049 at the Bank's year-end on October 31st, 1963, were the personal savings of our customers. From this total deposit figure—highest in our 146 years of operation —loans totalling $2,489,627,136 were reported.

Much of the money you deposited at the B of M went to assist people in financing the purchase of things that materially improved their way of life—cars, home improvements, household goods of all kinds. A substantial amount was also invested in loans to small and large businesses encouraging them to expand and employ more people.

Your money helped create new industries and new jobs...assisted farmers in improving their farms...built new schools and brought higher education within the reach of students...constructed new roads and supported all kinds of community projects.

Virtually every community throughout Canada was aided directly or indirectly by the money you put into your Bank of Montreal account.

Your savings dollars did a man-sized job for money people in 1963. And, accumulating at interest, they are growing steadily as a sound investment in a better future for you.

For the Bank of Montreal and for myself, may I say "thank you" for your trust and for the assist you are giving us in helping to build a more prosperous Canada.

IN MEMORIAM

MALKEWICH. — In loving memory of our only beloved daughter and sister, Kathleen Edith Malkewich, who passed away on October 29, 1960.
When we reach the heavenly garden
And see her in full bloom,
The flower we loved so dearly
And thought God planted too soon;
Oh, then we will know the reason,
Though we know it not today,
Why in her fragrant beauty
God took our flower away.
Loved and always remembered by Mom, Dad, Donald, Kenneth and Wayne. 13c-1370

B of M issues 146th statement

New high levels in practically every phase of its operations here, throughout Canada and in six countries abroad are reported by the Bank of Montreal in its 146th annual statement. The figures were provided by Horace Seller, manager of the Tofield branch.

Commenting on the statement for the year ended October 31, he said B of M assets rose by more than $.360 million to a record $4,275 million. At the same time loans of all kinds to individuals, businesses and municipalities totalled $2,489 million.

Total deposits at $3.961 million, included Canadians' personal savings of some $1,832 million, which showed an increase of $103 million in the year.

Earnings of more than 940 offices, at home and abroad also reached a new peak at $16,747,025, the manager reported. The figure is $733,518 more than in 1962. Provision for taxes is $9,204,330.

The bank s more than 22 500 shareholders are receiving dividends of $2.50 per share, or a total of $12,961,250

The increase he said that "quick" assets amounted to $1,966 million representing 44 per cent of the bank's liabilities to the public against 47.8 per cent last year. This reflects the bank s traditionally strong liquid position, he added.

The valuation of bank premises is shown at $67 051 467, compared with $65,670 133 in 1962 on indication of the bank s continuing programme of branch modernization and extension in this province and elsewhere.

Sunday, Dec. 22nd. The Friendship Group held their meeting at the home of Mrs. Carrie Olsen on Thursday, Nov. 21, with fourteen ladies present. Devotions were taken by Mrs. J. L. Campbell.

The group is undertaking the project of collecting old Christmas and assorted cards (get well, birthday, etc.), and these will be sent to a group in Calgary, and then to other countries with a Scripture verse inserted. They are also collecting used postage stamps, which the group sells, and the receipts of these pays postage on the cards. Anyone wishing to give old cards, may leave them with Mrs. Campbell or at the Village office for her.

The ladies arranged to hold their December meeting on Thursday afternoon, Dec. 19th, at the home of Mrs. J. L. Campbell. This will be a Christmas meeting, and visitors are most welcome.

Ladies' Curling Club has annual ice day

Three rinks from the Tofield Ladies' Curling Club motored to the Ukrainian Hall and Winter Club in Edmonton on last Thursday, where they had rinks from Calmar and Edmonton were also entertained.

Following a few ends of curling, a lovely luncheon was served at the club. The rinkers took to the ice again in the afternoon, followed by a coffee party. The rink of M. Watson, F. Otto, G. Christenson and R. Sears was presented with Dominion Club pins, as the holders of some winner. Other ladies attending were: Mesdemames J. Shutt, M. Whyte, W. Christenson, E. Pike, M. Watson, D. McKay, F. Gerrie and O. Polkerk.

Due to the icy conditions of the roads on Monday, the rinks from Edmonton were unable to attend the Tofield Club's Annual Tea Day. As Viking was the only rink to attend they were presented with Club pins following the curling and luncheon.

Kingman home burns

(Mrs. J. A. Anderson)

KINGMAN, Nov. 25 th.—Fire, caused by an overheated coal stove completely destroyed the Iverson home and contents of Mr and Mrs. Kenneth Winder shortly after midnight on Wed nesday, Nov. 20th

Fortunately Mr. Winder woke and attempted to extinguish the fire, while Mrs. Winder ran to the neighbors for help to get the children out of the burning building. Those who saw the fire, quickly aroused most of the town people, who worked hard electing water to save the nearby treehouse and garage.

By the time the Tofield fire truck got there the fire was out of control, but helped in saving the adjacent buildings. The house is one of the oldest in Kingman, and will be known to many as the Horne house.

Mr. and Mrs. Winder have now moved into the Baptist Church parsonage, which has been unoccupied for some time Many organizations and individuals have contributed generously to the Winder family.

Drama students visit Edmonton

On Saturday, Nov. 23rd, the drama class of Tofield senior high went on a trip to Edmonton where they visited the Jubilee Auditorium and were shown how the stage is operated. They also went to three plays, put on by the St. Albert-On-Stage-ers players, entitled "Happy Journey", "Curse You, Jack Dalton", and "Johnny Dann". The plays were excellently well done.

Everyone who attended reported an enjoyable time.

Students report on UN seminar

A Lions Club social evening was held in the Community Hall meeting room on November 20 to hear a report from the two students who attended United Nations Seminar at Banff last year. Lorraine Allen and David Severson gave a very interesting account of their activities. The parents of the students were in attendance at the social along with a good turnout of Lions and ladies.

Lion president, Bob Rahnerheid, announced that the Lions Club will sponsor the Grade 11 student with the highest marks from the Tofield school again this year.

The evening closed with a delicious lunch served by the ladies.

News items from Holden district

'Surprise' honors Miss Joan Pon

(Mrs. G. H. Taylor)

A surprise party for Miss Joan Pon was held in the Holden Church parlors Saturday evening, Nov. 23rd. Miss Verne Feschuk drove to Edmonton to bring Jean down. Miss Pon was one of the operators in the M-T office here before leaving for Edmonton to work

On entering the room, Miss Pon and Miss Feschuk had a corsage pinned on them by Mrs. Campbell. There were approximately 40 ladies present for an evening spent playing various games. Mrs. Pearl Allen made the presentation to Joan of a case of six silver spoons, a Hummel figurine and a purse of money on behalf of all those present.

Jean thanked all in a most gracious manner after which a very delicious lunch was served by the hostesses.

Father of local man passes by asphyxiation

News was recently received of the passing of Abraham J. Nickel, 52, of Cadillac, Alta., father of Mrs. Peter (Lena) Reimer, Peter Nickel.

Death occured while Mr. Nickel, accompanied by Peter Wiebe and Leon Heydenrich, all of Cadillac, were on a weekend hunting trip in the Porcupine Hills, north of Lundbreck. All three were found dead about noon on Saturday, Nov. 9th, in a camping trailer by a second party of hunters who noticed the lack of activity around the fatal vehicle. Cause of death was asphyxiation from fumes from a charcoal heater.

Both Nickel and Wiebe were well known by many Tofield district residents.

Mr. Nickel is survived by his loving wife, Mary, one daughter, Ruth (Mrs. Hugh Brandson) of Invermere, B.C., four sons, George of Calgary, Peter of Tofield, Larry and Roy of Clandale, and five grandchildren.

Mr. Wieler is survived by his parents, Mr. and Mrs. Herman Wieler, two brothers, Arthur of Eden and Clandale, and two sisters. Mrs. Loretta Kropp of Termoe and Lois of Clandale.

Over 100 guests at silver anniversary

(Mary Mitchell)

Last Sunday afternoon friends and relatives gathered at the Tofield United Church parlors on the occasion of the silver wedding anniversary of Mr. and Mrs. Roy Whillans.

Madline Ovelson was in charge of the guest book which was signed by over 100 guests. Harold Schultz acted as emcee, presenting an enjoyable program.

The table was nicely decorated with red and white flowers and candles, and was centred by a three-tiered wedding cake, which was made by Violet Rasmussen and Martha Ovelson.

Seated at the table with the couple were the "bride's" sister and brother-in-law, Mr. and Mrs. Robert Rasmussen, Mrs. Clare Whillans, and the groom's mother, and three of their sons.

Ken Ovelson, on behalf of the families, presented the couple with a handsome chest of silverware, and expressions of good wishes.

Harold Schultz presented other gifts, cards and a purse of money on behalf of friends of the district.

Roy and Dorothy expressed their thanks and appreciation to their many friends.

Mr. McDonald asked for the blessing before a fine lunch was served.

Mr. and Mrs. Whillans were married in Edmonton by the late Rev. Alex Stewart on Nov. 20th, 1913. They have four sons and two grandchildren, all of whom were present at the anniversary celebration.

Tofield FWUA elects Mrs. Meuss president

The following officers for 1964 were appointed at the F.W.U.A. Local No. 20 meeting which was held at the home of Mrs. E. Coughlin on Thursday, Nov. 14: Mrs. Ollie Meuss, president; Mrs. Barbara Appleby, 1st vice-president; Mrs. Vi Gevaleim, secretary-treasurer; Mrs. Anne Hesselroad, Mrs. Barbara Appleby and Mrs. Agnes Rose, ways and means committee; Mrs. Agnes Hesselroad, civic committee; Mrs. Dorothy Thomson, lunch committee.

The December 12th meeting will be held with Mrs. Jim Frawle, in the form of a Christmas party, with members exchanging gifts. Farm women welcome

Lady curlers elect Inga Hardy pres.

The ladies curling league ended their fall term with a pot luck supper at the Legion Hall on Monday, Dec. 2nd. There was a very good turnout of ladies and all enjoyed the delicious supper. Several matters of interest to the group were discussed at the meeting which followed the supper and new officers were elected.

Inga Hardy will be the new president and Doris Cleland was elected vice - president. The winter term will start in January and anyone wishing to curl should phone the president.

Mr. & Mrs. Joe Lehman mark 40th anniversary

Friends and relatives gathered at the Grand Forks Community Centre on Sunday afternoon to help Mr. and Mrs. Joe Lehman celebrate their 40th wedding anniversary.

A short program was presented, consisting of a song by Darcen and Gregory Lehman, a reading by Joanne Lehman, a piano solo by Delores Lehman, Ellen Lehman and Fern Hoover, chorus by Harley Lehman, Vernon Roth, Joseph Verville, Dennis Red, Ludela Reil, Verna Hart, Lily Yoder and Cress Lehman.

Alvin Lehman and Mrs. John Reil, a long-time friend, were in charge of the table with Mr. and Mrs. Joe Lehman.

Alvin Lehman was bestman 40 years ago; the other attendants were not present.

Johnnie Widemen was emcee for the occasion and Larry Lehman made the presentation speech.

Joe and Pearl thanked everyone present for making their 40th anniversary so memorable.

The cake was nicely decorated by Mrs. Lee Roth. The children were all present for the occasion, namely, Mr. and Mrs. Marvin Lehman and family, Mrs. Freddie Parker and children, Mr. and Mrs. Earl Lehman and Debbie, all of Edmonton, and Mr. and Mrs. Harley

Guides, Brownies to sell house numbers

The regular meeting of the women's auxiliary of the village of Holden was held in the office of the fire shed, on Thursday, Nov. 14th, at 7:30 p.m., with Mayor Bruce Hadd. Councillors William J. Hooke and Joseph Kormanitzki, and the sec.-treas., R. C. Hovland, present.

The sec.-treas. informed the village council that the Brownies and Girl Guides wish to sell the numbers for the houses and businesses as a project for this year.

After a motion by Mayor Budd the previous motion on the matter was rescinded, and council's approval was given to the selling of the house numbers and business numbers by the Brownies and Girl Guides as requested.

Accounts to the amount of $2,113.37 were approved for payment. Meeting adjourned.

The sec.-treas. then submitted additional accounts for payment. It was moved by Councillor Kormanitzki that the accounts be approved for payment.

Ryley Leaguers plan travelling supper

(Kenny Milleard)

The Ryley Luther League held its regular meeting on Dec. 1st. It was decided to have a skating party at the rink's on Dec. 7th. There will also be a travelling supper on Dec 15th, with the Leaguers going around to their own homes singing Christmas carols for their supper.

District agriculturist speaks at FUA meeting

(R. J. Crispin, Reporter)

Annual meeting of the Tofield Farmers' Union was held on Tuesday, Dec. 10, at 8:30 p.m., in the Legion Hall.

At the last meeting, the district agriculturist, S. Powers, was present to give an interesting talk on farm matters. He also advised that he had several films and that several of these would be shown at the next meeting.

TAX CONSULTANT

The question of having the F.U.A. tax consultant come to make out members' income tax reports was brought up. A minimum of five members is about the least that would make it worthwhile for him to come, and any member interested may contact C. Nametz, secretary, by December 8th. If this work is done before the end of March, the fee is reduced.

The "jack-pot" is now around $15.00. Andy Hordyra's name was drawn at the last meeting, but as he was not present the money remains in the "pot". No tickets, get your men out, as this would make a nice Christmas present. The lady gets the money.

A 25-cent turkey will be on the table to be sliced up at the annual meeting, Tuesday, Dec. 10th.

Beaver county council meets

Regular meeting of the Council of the County of Beaver No. 9 held Thursday, Nov. 14th.

Business Arising From Minutes

In reference to the purchase of land in S.W. 34-48-11-W4th for a gravel ground, dealt with by resolution 536, the secretary-treasurer referred to the Council a letter from G. R. Sterling, executive assistant, dept. of agriculture, indicating that the offer was accepted, and Mr Sterling requested that the land be surveyed and informed that the Department would be prepared to pay for part of the survey up to an amount of $35. The secretary - treasurer reported that he had contacted the surveyors, Stewart, Weir & Stewart, asking them to have the survey made as soon as possible.

It was moved and carried that the information be received and filed and the secretary - treasurer's action be concurred in.

In regards to resolution 539, grants in aid by resolution 555 the Field Supervisor reformed the Council that the surrounding municipalities had declined to put out any 1964 bulls this year. The coyote problem did not appear too serious and coyote pelts had reached a price from $5.00 to $25.00, and hunters were more interested in getting the coyotes.

Moved and carried that in view of the foregoing information, resolution 555 be rescinded, and it be decided that no bulls be distributed during the current winter.

Concerning the request for improvement to the access road to the elevators at Bruce, dealt with by resolution 547, and the request for driveways in Section 3-51-11 W4th dealt with by resolution 558, Cr. Davis reported that these complaints had been taken care of.

Moved and carried that the report be accepted.

Mr. & Mrs. S. Halberg mark golden wedding

(M. Harris)

RYLEY, Dec. 2 Open house was held on Sunday, Dec. 1st, on the occasion of the golden wedding anniversary of Mr. and Mrs S. Halberg. Approximately 150 guests called during the afternoon and evening.

Members of the Sons of Norway and the Scandinavian Centre from Edmonton presented Mr. and Mrs. Halberg with a copper tray, suitably engraved. The family presented a golden swan vase and purse of money. A mixed bouquet of flowers and corsage was presented by their grandaughter, Mrs. Jerry Tedeman, and great-grandchildren, Patricia, Denise and Susan Tedeman. Mr. J. L. Hay, on behalf of the community presented the couple with a purse of money. Congratulations were received from the Lieutenant-Governor, The Honorable J. Percy Page and Premier E. C. Manning.

Out-of-town guests were present from Edmonton, Fort Saskatchewan, Camrose and Viking. Hostesses for the day were their sons and daughters.

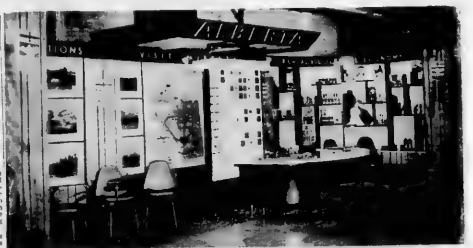
Kallal Ranch wins again at Royal Winter Fair

Almost becoming a perennial winner at the Royal Winter Fair in Toronto is the Kallal Hereford Ranch of Tofield.

This year the ranch entered stock in the famous show as usual, and came away with a couple of prizes . . . as usual. Entries come from all over Canada, with a good representation from Alberta, which means that anyone winning a prize in such stiff competition has accomplished quite a feat. To win year after year, however, is considered most commendable

Kallals took first prize in two categories this year—the senior bull calf section and the summer yearling bull section.

Residents of the community and district extend their congratulations.



ALBERTA DISPLAY

Thousands of people attending the Royal Winter Fair at Toronto had ample opportunity to learn of the agricultural manufacturing industry in Alberta, and of travel opportunities in the province, as a result of the Alberta Government booth. The booth, designed and placed by the Alberta Government Publicity Bureau, featured many samples of processed agricultural products provided by interested Alberta industries. Each sample was accompanied by a short description of the place of that industry in the Alberta economy from the standpoint of dollar contribution and people effected. The booth drew much public interest and comment.

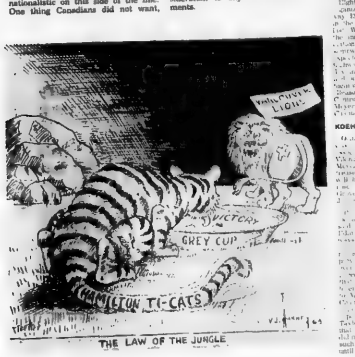
Tough pressure ahead

Not widely noticed in this part of the country was the recent takeover of one of Canada's small chartered banks by an American giant, the First National City Bank of New York. Since the Mercantile Bank of Canada had only three branches, two in the West, and one in Vancouver, the financial side of the takeover was easy. The difficulty lay in persuading Finance Minister Walter Gordon to go along with it.

This difficulty, it seems, was solved by threats from the American side of heavy retaliation against Canadian banks that have large and important interests in New York State.

One lesson to be learned from this deal, it seems, is that Canadian business interests in the States can expect increasingly difficult operating conditions as the climate becomes more nationalistic on this side of the line. One thing Canadians did not want, however, was to be tied in with the banking systems of the United States. We have been proud, and felt more secure with the national type of chartered bank, governed by strict domestic-wide regulation than we would have with the American-style firm, sound as they may have become.

One more lesson which should be learned, of course, is that two can play at this sort of game: any strong move against Canadian capital in the States might be the motivating force to drive large U.S. operations out of Canada. Certainly Canada would look like a small boy shaking its fist at Uncle Sam, but who would have thought ten years ago . . . even five years ago . . . that DeGaulle's fist-shaking would ever mean anything to the world at large? This country has gone too far down the road to economic vassalism already not to give the gravest consideration to any further encroachments.



MacDuff Ottawa report— . . . Question m arks

OTTAWA—The Nation's Capital was deeply stirred by two events late last month that could have momentous consequences for Canada in the days to come.

The first was the assassination of President John F. Kennedy, which perhaps caused a greater shock and grief in Ottawa than almost any other part of Canada. Here, where the business of governing Canada is the constant centre of attention, there was a deep appreciation of the role being played on the world stage by the young and dynamic man who occupied the White House.

The second was the beginning of an historic series of federal-provincial conferences aimed at re-establishing a new and firmer basis of Confederation as Canada prepared to mark the end of its first one hundred years as a nation.

QUEBEC HOLDS ANSWER

Prime Minister Lester Pearson acknowledged that Confederation faced a time of severe testing, but he remained optimistic that the test would be passed and he spoke of a new chapter written in Canada between the French and English-speaking peoples of this country. The end of the first conference provided some indication that there was reason for this optimism, but it still remained too early to tell whether or not the apparent progress made was illusory. In the end, only the people of Quebec could answer that question.

The death of President Kennedy raised question-marks about the future of the United States and Canada-United States relations. . . .

GUNSHOT IN DALLAS. A gun barks and Lee Harvey Oswald, alleged assassin of President Kennedy, clutches his abdomen and grimaces in a room just a few feet from where Kennedy died, and almost exactly 48 hours later. In this historic picture by Bob Jackson of the Dallas Times-Herald, Oswald is seen being fatally shot by Jack Ruby, a nightclub owner.

Highway 13-14 Association holds annual meeting in Viking Nov. 27

Eighteen people representing seven districts were present at the annual meeting of the Highway 13-14 Association, held in the Viking Community Hall on Wednesday afternoon for the purpose of hearing the annual reports. The attendance was somewhat less than had been expected, because of inclement weather conditions, and the fact that a number of ratepayers were also to attend a meeting of Beaver Municipal District No. 130, which represented the Chamber of Commerce at large, and Goodfare Municipal District No. 135, which represented the Chamber of Commerce. . . .

Beaver county council meets

(Continued from Page One)

the Highway 13-14 Association advising that the annual meeting of the association would be held in the Viking Community Hall on Nov. 27th, 2:30 p.m., was referred to Council.

Moved and carried that Councillors Dutton and Reddick, together with any other councillors who wish, attend the annual meeting of the Highway 13-14 Association on Nov. 27th.

A letter from the Council of Barrhead with a copy of a resolution that the County proceed to place before the Delegates to A.A.M.D. Convention in Edmonton in January, 1964, a resolution requested that the Provincial Statutes be amended so that a municipality would be allowed to sell culverts and bridge materials to farmers who wished to have them. It was noted that this resolution had been dealt with at the meeting of the Edmonton Union of Municipalities on October 30th and had been very well down at that level.

Moved and carried that the correspondence re-culverts be filed and that Council goes on record as not being in favour of the resolution.

A letter from Milton J. Dew of Two Hills for A.S.B. Regional Committee Northeastern Alberta concerning the Regional Committee Meeting to be held on Monday, Dec. 16th, was referred to the Council.

Moved and carried that the Secretary-Treasurer attend the Service Board, and any other Council Members who attend this conference, and that the Office be closed December 16 as to whom intends to attend the conference.

A letter from the Order of Railway Telegraphers, Canadian National Railways System Council No. 42 concerning the change of operation of the railway with the closure of the rail way stations on the Canadian National Railway line from Edmonton to Viking was discussed at this time, and it was considered that this system, which is now in effect, is very unsatisfactory and that a protest should be made to the Canadian National Railway.

Moved and carried that the Council goes on record as being very strongly opposed to the new system of operating the Canadian National Railway express, telegraphic etc., and the closing of the railway stations, and that this protest be forwarded to the Canadian National Railway.

The secretary-treasurer reported that at the Nominations meeting held on Friday, November, 1963, nominations papers had been filed for John H. Roddick of Div. No. 2, and William A. Dorin, Div. No. 2, and that, therefore, as Returning Officer, had declared John H. Roddick and William A. Dorin elected to the office of Councillor for a term of three years as from January 3rd, 1964.

Moved and carried that the report be accepted

Application for approval of a proposed subdivision of N.E. 13-52-20-W4 was received from Council. The application requested the quarter section to be divided in two 80-acre parcels.

Moved and carried that the Council has no objections to the proposed subdivision provided the County will not be called upon to road or gravel any improvements to or to the subdivision.

The secretary-treasurer referred Mr. John Zanyshyn's complaint of flooding of his land, and that undertaker of Sept National Railways System Council dealt with by resolution 197, and 207b the Director of the Water Resources Branch had already been referred to the Dept. of Water Resources on Sept. 16th.

YOU ARE THE DETECTIVE

"I cannot understand why she should have done that," asks the middle-aged William Telford. "There I was, an elder at hand . . . raking leaves in the yard just about 30 feet from the garage here . . . while inside the garage Ellen was . . . and he breaks off sobbing.

You stand at the doorway of the two-car garage situated at the rear of Telford's yard, and you gaze down at the body of his wife, Ellen, which now lies on a tarpaulin on the cement floor of the otherwise empty garage. Just five minutes ago, immediately after your arrival, you had helped cut her down from the overhead rafter from which Telford told you he found her hanging a half-hour ago. And now your eye is caught by some of the symptoms of the hanging — her bluish face, the protruding tongue, the rope mark on her neck.

"Such a shock this was", exclaims Telford. "I had no intimation at all that Ellen was even considering such a thing. Indeed, she was rather cheerful at times, and we had our little disagreements, as you will of every jealous nature, and reverend.

"Why, yes . . . what had she had to do with . . . ?"

"I think it best I prefer to do with that", you hasten to say. "You'll have to come with me to some police headquarters. This doesn't look like suicide to me!"

What has made you suspect murder, instead of suicide?

SOLUTION

In the first place, you found no stool, chair, box, or other article upon which the woman could have stood before jumping off to hang herself. In the second place you cannot reason why Telford, with his reputation as a hunter and his close experience with death and fatalities on the battlefield, should have been so softened as to neglect immediately to cut down the victim and at least make some attempt at artificial respiration. Telford let her hang for a half-hour or more!

If you've made whatever I even spoke to another woman. Her usual person was my own secretary at the office. But I never gave her the slightest reason to mistrust me or my faithfulness, and everything seemed quite normal this afternoon when I've already told you. I was raking leaves in the yard about 30 feet or so from the garage. I heard the back door of the house slam as Ellen came out into the yard. Then I went on with my work. I became a little thirsty and started toward the house for a drink. As I passed the garage I happened to look into it . . . and there she was! I was too shocked and sick to move for several minutes . . . but finally I ran into the house and phoned you."

"Aren't you the Bill Telford who has been written up in a number of sports magazines for your exploits as a hunter?" you then ask. "And aren't you the man who received a number of citations for heroism while serving with the Marines during World War II?"

4 IN MEMORIAM

GRUMMETT In loving memory of George Grummett, who passed away Dec. 3 1962.
The lilies was great the shock severe.
We little thought the end was near.
And only those who have lost can tell
The pain of parting without farewell;
More each day we miss you, brother
Friends may think the wound is healed
But they little knows the sorrow That lies within our hearts concealed
Ever remembered and sadly mussed by his Family

STORIES BY DRAINIE

Even though actor John Drainie is now a permanent resident on the island of Mallorca in the Mediterranean, he still remains in Canadian broadcasting. Every Monday to Friday on the CBC radio network in his series Stories with John Drainie, in which he reads original Canadian stories. The current group of stories was recorded during the summer by Mr. Drainie returned home to spend the fall and winter with his family at his exotic address: Casa San Juan, Palma del Mallorca.

Modern Etiquette . . .

Q. When a man asks a girl what kind of flowers she prefers for an informal dinner party, should she make any suggestions, especially if there are also likes are expensive?

A. It is always more tactful in this case merely to tell him in the color of her dress and let him choose appropriate flowers. The florist can assist him in his selection.

Q. When a family has guests who are of a different religious faith, should they omit the usual procedure of saying grace before dinner?

A. If you really do not want her to stay, you are in perfect right to say, "I'm sorry we can't ask you to stay for dinner, but we have only four chairs"—no whatever fits the situation.

Q. My parents are planning an engagement party for me. Should my fiance present my ring to me at this party, or beforehand?

A. This is a personal matter one of the biggest moments in a couple's life and your fiance should present you with your ring when you are alone, before the party.

Q. Is it correct to have one's monogram engraved on the envelope of personal stationery?

A. No! the monogram should be engraved only on the note paper itself.

Q. How do we properly invite adult couple sons, who are living at home, and their parents to our wedding?

A. Properly, you mail one invitation to the parents, and a joint invitation to the two sons. For this latter invitation, you address the outer envelope as "The Messrs. Robert and John Palmer".

Q. Is it proper to greet friends who attend church.

A. Obvious greetings are definitely in bad taste. A slight nod and a smile are sufficient recognition.

Q. Where do I put my silver and necklace when at a formal dinner, where there is no breakand-butter plate?

A. Place them on the edge of the plate from which you are eating. Salt for the radishes goes there, too.

Q. When a man is taking a girl to a night-club should he escort her to their table before executing himself to go to the men's room?

A. Yes. It is the girl's privilege to go to the powder room first, but the man should always get his companion properly seated at their table before leaving her.

Owners and Operators
of Mobile Equipment
Effective January 1, 1964, all mobile equipment coming within the definitions quoted below is again subject to licensing, if such equipment is operating anywhere within the Province except in Cities or National Parks.
INSPECTORS ARE CONSTANTLY IN THE FIELD CHECKING ALL SUCH MOBILE EQUIPMENT. PRACTICE OF ISSUING WARNING TICKETS WILL BE DISCONTINUED AND ANY VIOLATION OF THIS ACT WILL BE CONSIDERED IN COURT PROCEEDINGS. PROVISION IS MADE FOR THE IMPOSITION OF A FINE AND POSSIBLE IMPOUNDMENT OF EQUIPMENT WHERE A VIOLATION OF THE ACT OCCURS.
The following definitions are taken from The Mobile Equipment Licensing Act:
(a) "MOBILE EQUIPMENT"
(i) means machinery or equipment capable of being moved to its place of use under its own power or by being towed, pulled or carried and not intended to be affixed to land, and
(ii) includes equipment for the purpose of seismographic exploration and, without restricting the generality of the foregoing, includes
(a) seismographic recording equipment and all appurtenances thereto,
(b) conductor cables and cable reels, geophones, amplifiers and cameras,
(c) explosives and detonating equipment,
(d) drilling units and all the component parts and appurtenances thereof, and
(e) water tanks and pumping equipment, but
(iii) does not include
(a) vehicles licensed under The Vehicles and Highway Traffic Act, or The Public Service Vehicles Act, exclusive of mounted equipment on such vehicles, and
(b) equipment, other than vehicle mounted equipment, used to drill a gas or oil well;
(c) "municipality" means town, village, municipal district, improvement district, special area, metis improvement district or forest reserve;
(f) "owner" includes a person renting mobile equipment or having the exclusive use thereof under a rental agreement or lease;
NOTE: Mobile Equipment has an original list price of less than $2,000 does not require a license under this Act.
A copy of The Mobile Equipment Licensing Act may be obtained upon payment of ten cents from the Office of the Queen's Printer, 10235 - 104 Street, Edmonton, Alberta.

Beaver county council meets

(Continued from Page Three)

engineers inspect the problem when he was in the area in the early part of November Mr Zaseybida had called at the office to inquire what if anything was being done in regards to his complaint, and the county secretary-treasurer on Nov. 5th again contacted the Dept. of Water Resources. Under date of Nov. 8th reply had been received that the Department would have one of the engineers look at the problem as soon as possible, however, they were extremely busy trying to complete the construction program for the year.

The Council was also advised that farmers on Section 12 and 13-50-18 had started a ditching program to drain water from these parcels. This had been done without permission from the Council or the Dept. of Water Resources On Nov. 1st the Reeve had ordered them to stop the work until this matter could be investigated by the Dept of Water Resources. The matter had been referred to the Department on Nov. 1st and to date no reply had been received

Moved and carried that the information be accepted and the action in regards to these two problems be endorsed in

The secretary-treasurer referred to the drainage problem on the south part of Division six centering around Section 1-49-18-W4th and dealt with by resolution 324. This problem had been referred to the Dept. of Water Resources under date of May 29th, 1963, and no report had been received from the Department prior to Nov. 5th, when the secretary-treasurer again contacted the Department. Under date of Nov. 8th a report from the engineer, who investigated the complaint, was forwarded to the County Hiway by either with suggested remedies and a sketch indicating the possible remedies.

As some further information was necessary in this connection, it was moved and carried that this problem be tabled to the December meeting.

It was moved and carried that Stewart Campbell be appointed Poundkeeper with pound located on N.E. 24-52-18-W4th.

Reference was made to the School Committee meeting on Nov. 12th and the Queen Street Railway Crossing at Tofield, and the request from the School Committee that a resolution be passed by the County Council in this connection.

It was moved and carried that a clearly visible electrical signal device (flashing lights) be installed at the railway crossing on Queen Street Crossing; and, that request and this resolution be part of the electrical signalling device that the speed of all trains be reduced to 30 m.p.h. at the three crossings in Tofield.

The need for a work bench and parts bin at the grader sheds at Ryley and Kinsella and vises at the grader sheds at Ryley, Kinsella and Hali was mentioned

Moved and carried that arrangements be made for work benches and bins at the Ryley and Kinsella grader sheds and vises at the grader sheds at Ryley, Kinsella and Hali

An offer to purchase the 1946 Ford 12-passenger panel truck for $75 submitted by Nick Sheluniak, was submitted to Council

Moved and carried that the offer be accepted.

An offer from Jacobson Construction Ltd. to purchase the "Ian Jay" for $750 was referred to the Council

Moved and carried that the offer be accepted.

Cy Reddish stated that he and Cy Darin intended to start reconstruction of Highway 16-D on the Town of Viking west, and he suggested that a survey of nine miles of road from the northeast corner of Section 33-47-13-W4th should be undertaken under this years Winter Works Program.

Moved and carried that arrangements be made for a survey for a 100-ft. road allowance from northeast corner Section 33-47-13-W4th west nine miles.

Wipe out all CLBI debt

A year ago a member of the board of trustees of the Canadian Lutheran Bible Institute, suggested that a slogan for the coming year could well be "1964 free in sixty-three." However, attainment of this goal seemed so visionary that it received only passing notice at the time. Now, before the close of the year 1963, this goal has been attained; the slogan has become more than a dream; it is a reality.

The final loan, a personal one, was written off with a flourish in December, 1963. Willie Sikora, manager of ECLBI, in the summer prior to this, anonymously presented this amount to be liquidated. Dispossession of the farmer property is also liquidated in similar manner

According to the dean of the school, the Rev. Arnold Hagen, this has been a remarkable year in which the grace of God has far exceeded human efforts. It worked a miracle through the lives and gifts of people concerned about the ministry at CLBI

At the close of the fiscal year August 31, 1962, total indebtedness of the school stood at just over $32,000. From that time on, gifts, large and small, have been liquidated. Disposession of $5,000 was liquidated in similar manner

This milestone certainly does not indicate that there can be a counting from here on, states the dean of the school. There are new challenges to face, both financially and spiritually. The work of God's kingdom is never a "pastnever". There can be no resting on laurels. The king's business requires haste and sacrifice. With the Apostle Paul, the Canadian Lutheran Bible Institute renews anew at this juncture to forget the things that are behind, and to stretch forward to the things that are before, pressing on toward the goal unto the prize of the high calling of God in Christ Jesus." With faith in God, confidence in His people to continue their support by gifts, it seeks to meet the ever greater expansion in this ministry of God's eternal Word.

Mark 25 yrs. marriage

The Parish Hall in Round Hill was filled to capacity recently when relatives and friends gathered to help Mr. and Mrs. Lauly Strilchuk celebrate their silver wedding anniversary

Among those present for this occasion were Mr. Strilchuk's mother, who is now 93 years old, as well as three pairs of attendants: Mrs. Mike Pash (Helen Kalawsky) of Chipman, Mrs. Michael Kuly (Leone Radisky) of Myrnam; Mrs. Paul Mamchak (Pauline Wyskyi) of Hay Lakes; John Strilchuk, Jr. of Holeownia and Paul Kalawsky. Substitutes for the other pair, who were unable to be present, were Mrs. Mike Ostrilchuk and Lauly Strilchuk. Out-of-town guests came from Winnipeg, Calgary, Myrnam, St Paul, Edmonton, Mundare Camrose, Chipman, Ryley and Holden.

The head table was tastefully set and decorated with vases of yellow roses made by the bride's sister, Mrs. Gus Laber, of Mundare. The three tiered wedding cake, baked and decorated by Mrs. Chrusiar of Mundare, graced the centre of the table.

Overt Kvenchko acted as master of ceremonies for the evening. On behalf of the couple Garnet Bumstad presented them with a purse of money. Eugene Strilchuk, on behalf of the children, then presented his parents with twenty-five silver dollars, and Grandma Strilchuk presented them with an electric coffee percolator. On behalf of the Kalawskys, Mrs. Hull Sych presented them with a chest of silver, and Mrs. Joe Dekwaka, on behalf of the Strilchuks, presented them with a deep fryer. Lunch was served and supper. Other gifts were received from Jimmy Homenuk and Jim's Kosmodisky, Mrs. Rose Kulik, Judy and Jeanie Bumstad, Emmett Hlookinik family, and Mr. and Mrs. Mike Omenuk

Lauly and Stella then thanked those present for making their anniversary such a memorable affair and reminisced over events of the past twenty years.

In charge of the guest book, which was signed by many friends and relatives, were two nieces of the honored couple, Judy Bumstad and Linda Hlookinik.

Good citizens

"We look confidently forward to another forty years when we shall continue to be good citizens in the community, both as employees of the firm, and as a corporation". While the quotation above is not precisely accurate, it conveys the main idea, at any rate, contained in the closing remarks of Dennis K. Yorath at the conclusion of a birthday party for Northwestern Utilities.

The company has completed forty years in operation serving Edmonton and eighty surrounding communities, some of whom have been on the line for only a few years. But over this period, it is only fair to say the firm has built up an exceptional reputation for just exactly what Mr. Yorath referred to: good citizenship on the part of both the corporation and its employees.

Mr. Yorath, who is chairman of the board of directors after a lifetime of service to the company was speaking to a large audience ranging from civic and government officials to customers and users to original customers of forty years ago who are still customers. In all the group there was probably no one who would deny that NU has developed the highest sense of responsibility to its customers, and an efficient economic distribution system at the same time it has invested on the highest regard for safety.

It would be foolish to say the company has no fault. Prolonged negotiation over the recent local franchise would destroy this statement. But it would be hard to argue with Mr. Yorath's statement or his hope that the corporation, as well as its people, would continue to be good citizens. We could do with more corporations which felt the same way.

Guest Editorial—

The dimensions of world hunger

The caption above is borrowed from the latest edition of The Colombo Plan, the periodical published by the central organization of the nations co-operating in the development program in Southeast Asia. The subject matter provides an appropriate backdrop to contemplation of the government's recently announced decision to increase Canadian foreign aid expenditure.

The dimensions are generous enough to cover almost two-thirds—60 per cent, of a mass making up two thirds of the world's population. The third world food survey carried out by the U.N. Food and Agriculture Organization, completed earlier this year, demonstrated that while world food consumption has increased, the advance has occurred in the main in those parts of the world where it was not needed to meet proper nutrition standards.

In developed countries the average calorie intake is 3,050, and while malnutrition exists it is not a national problem. Half of the world's population, inhabiting the Far East, makes do with roughly a quarter of the world's food supply, and that quarter is unbalanced, so that while 20 per cent of the population is merely undernourished, 60 per cent is malnourished.

As a rough estimate, the world's production of food has increased about 50 per cent since the years before the last war, but as a result of the calamitous population increase in the underdeveloped countries, per capita food production is the needy countries has been jacked up again to about where it was before the war. According to forecasts of population growth, production will have to be increased one third by 1975 to supply the world population even as poorly as is being done today.

Is it any wonder that some of the people trying to arouse the world to more serious effort are beginning to sound shrill and desperate?

Palmer - Earling notes

(Mrs. Jos Knudson)

PALMER-EARLING, Dec. 6. — The Elsa L.C.W. cleared approximately $70 at their bake sale and turkey supper, held on Nov. 30th, at the Elsa church. Some 270 lbs. of lutefish and four turkeys were served. The L.C.W. has purchased a propane cook stove for the church basement.

The Vassberg brothers, Jack and Marvin, left on Wednesday morning for Edson where they will be employed at the pulp mill, trucking from Edson to Hinton.

ALBERTA BEST

Edel Wikkin returned home Sunday from a bus trip to Albany, Oregon. He reports the first frost there damaging the flowers was Nov. 27. The weather was rainy with sunshine on only a few days. He still likes "Sunny Alberta" best.

The Tom Browns and the Wm. Jensens were recent visitors in Camrose with the Fetum Yurkoskie.

The Wood friends of Andrew Nelson are Sunday visitors with the Ed Knutsons.

The Carl Sorensons of Ryley, were Monday evening callers at the Clarence Johnson's.

Mr. and Mrs. Leroy Furze and Linda, of Camrose, visited in the E. Aagesen home, Wednesday afternoon.

Mr. and Mrs. Ellert Dyrland motored from Saskatchewan, to spend a few days here with their daughter and family, the Bob Bratties.

Mr. and Mrs. Alenck (nee Elizabeth Kongsrud) and baby girl, of Jasper, are visitors in Ryley with Mrs. Alenck's parents, the S. Kongsruds, and other relatives here.

Alf Hesen returned home from Swastvik on Wednesday.

Hans Huseby spent the week in Edmonton. He also visited in the home of his daughter, the Alf Lefstads.

MOVE TO CAMROSE

Mr. and Mrs. Harold Bickness of the Likeness district, have moved to Camrose, to reside in a home now living on their farm here.

Mrs. Lister McIntosh is a resident of Bethany Home in Camrose.

Holden C of C

(Mrs. O. H. Taylor)

HOLDEN, Dec. 7th. — The Chamber of Commerce held their regular monthly meeting on Tuesday, Dec. 3rd, in the United Church parlors, when all members and visitors attending enjoyed a sumptuous turkey supper provided by the ladies. Alvin Lukowski, Longrider P.U.A. representative, attended the meeting.

One of the items discussed was the closing of stores in Holden —whether they should be open on Mondays or Wednesdays. No decision was reached. Mrs. Bruce MacDonell is to make a survey of district residents to determine which day is most suitable.

Ross Creek news

(Bessie Paterson)

Flora and Paul Sladnick and girls, of Mundare, were last Sunday afternoon visitors with at the Graham Sloane home.

Several district folks attended a farewell party in Edmonton on Tuesday evening for Doris and Russell Kashuk, who are leaving the city to reside at Drumheller.

Brock Sadler attended a stock sale at Olds, for two days, with his uncle and aunt, Milton and Rita Henning, of Andrew.

UCW MEETING

Mrs. Ruth Van Gaza was a visitor at the LCW meeting held at the home of Mrs. Hilda Olson Wednesday evening. The ladies exchanged Christmas gifts with their mystery sisters. The Ross Creek LCW have joined the "Golden Book For Charity" Club, and would appreciate all members and friends using their box tops and coupons, which are needed. Contact your neighbor to see how you can help.

SHOWER PARTY

A SYRUP party was held at the home of Mrs. Lil Van Buskirk on Friday evening in honor of Patsy Nienetz, who is to be married on December 20th. A delicious luncheon was served by the three hostesses, Lil Van Buskirk, Alice Causey and Doris Shaker.

The meeting to discuss forming a "Girl Club" Park was not very successful. Unless more interest is shown, the plans will be dropped.

Mr. and Mrs. Eddie Plaister of Edmonton were Tuesday evening visitors at the John Plaister home.

Luxury liner had shady reputation

Ever wonder how the word "Posh" found its way into our language? "Posh" is another word for luxury, and its origin is an interesting one. The Pacific and Orient Steamship Line between Great ... and the Orient used to charge a premium for cabins on the shady side of the ship.

Since the shady side was the port, or left-hand side, on the outward voyage, and the starboard, or right-hand side, when homeward bound, the cabins were referred to as Port Outward-Starboard Home, or P-O-S-H.

Words are fascinating creatures. They have so many faces. Take the word "bank", for example. It can mean the ground near a river, an establishment for the custody of money, or, when it's used as a verb, security of feeling, absolute reliability, "You can bank on it," we say.

These last two meanings bear a connection that is far from coincidental. The fact is, a bank represents security and reliability, especially the Bank of Montreal.

And, of course, saving at the Bank of Montreal doesn't only mean your money is safe. It also means that with money in the bank you can often take advantage of unexpected opportunities that might otherwise pass you by.

Ask Horace Seller, manager or any of the Staff at the Tofield branch of the B of M about it. They'll show you how easy it is — and how profitable — to open a savings account. Buy them soon!

Modern Etiquette . . .

Q. What can you suggest regarding the writing of the thank-you notes by a bride for the wedding gifts she has received?

A. First, she should write these notes as the gifts are received, in order to be prompt with her thanks. Second, she should mention the gift by name in her letter, so as to add a personal touch to her thanks. If she just says "thank you for your GIFT", she conveys about as much sincerity as she would in a form-letter.

Q. While confined in a hospital recently, many good friends visited me and brought gifts. I thanked each of them personally. Is it also necessary for me to write each one a personal thank-you note?

A. No.

Q. Is there any way that one can possibly rinse one's fingers at the table if no finger-bowl has been provided?

A. It is permissible to tip the water glass against one corner of the napkin, and then wipe the fingers on this damp corner.

Q. Should the bridegroom's family mail out announcements of the marriage in their friends, if the bride's parents are not sending out any?

A. This would not be in good taste. They may, however, notify their friends and relatives by telephone or by personally-written notes.

Q. What is the correct manner in which to eat beef or chicken pot pie, when it is served in a small individual baking dish?

A. You may eat it directly from the baking dish, or lift a little of it at a time from the baking dish on to the dinner plate.

Q. When I receive an invitation to a cocktail party written in informal style, and there is no "R.s.v.p." on it, am I still supposed to acknowledge it?

A. In this case, no.

Solve a Crime

BY A. C. GORDON

YOU ARE THE DETECTIVE

In response to some of Oberon Martin's phone calls, you arrive at her apartment. The evening paper is left on a blanket, read red on the way her face is badly bruised and cut, and she is very incoherent because of the beating she has received from an unknown assailant.

"I do hope you can find the one who did this to me", she groans. "I wasn't able to see who it was ... it all happened so quickly! I came home from the club where I'm currently dancing ... we had a rehearsal this afternoon ... I had just stepped into the apartment here, when I was hit over the head. This knocked me half unconscious and all I could see was a mask. ... red eyes peering at me ... then, it looks a curtain down on me ... and I passed completely out ... I don't know exactly how long I was unconscious ... but just as soon as I come to, I phoned you."

"You have no idea who could have done this?" you ask.

"No ... I don't have any enemies ... that I know of. Of course, my boy friend, Blacky Henderson, and I did have a little quarrel last night ... there was some heated words spoken ... but I'm sure he wouldn't do a thing like this to me, even though I told him I didn't want to see him or talk to him ever again. In fact", she goes on, glancing at her phone, "I even went as far as to have my phone number changed to an unlisted one this morning ... just to make sure he would not be annoying me with any calls."

"Have you checked to see whether any money or jewels or anything else is missing from your apartment?" you ask.

"Oh, yes ... and not a thing, as far as I was able to tell, is missing." The girl pauses a minute, then goes on "I wonder if he could have been one of Mike Flanagan's muscle men. You know, operators of the little gambling place a little distance out of town, and I happen to owe him a few dollars ... I promised to pay him back a few days ago, but wasn't able to do it. This may have been his way of warning me ..."

At the ring of her phone interrupts Gloria She answers it, and you hear her say, "I told you yesterday I don't want to see you or talk with you. Now, don't bother me again!" And she slams down the receiver. "That was Blacky", she tells you. "Seems he just can't take 'no' for an answer!"

"I think there are some answers your boy friend, Blacky to get give to me", you state. "I'm going to pay him a little visit now".

Why do you suspect Blacky Sanderson of having beaten Gloria?

SOLUTION

Gloria told you that she had her phone number changed to an unlisted one that morning. This being the case, the only way that Blacky could have learned the number so as to make the call you overheard was by seeing it on the phone in the lingerie shop ... which proves he must have been in the apartment and more than likely was the one who beat up the girl.

MacDuff Ottawa report . . . **Pensions pass a test**

OTTAWA — The 1963 Federal-Provincial Conference has been held and the nothing of the kind. It was much the same as any other federal-provincial conference, in that each of the participants walked away feeling that he had made a good impression on the public.

If anyone won the honors for the conference, it was Premier Robert Stanfield of Nova Scotia. Premier Stanfield was the only provincial premier who had the courage to say that he was not satisfied with the present tax-sharing arrangements between the federal government and the provinces.

Premier Stanfield pointed out that Nova Scotia, which is a have-not province, receives only 50 cents per capita from the federal government, while Ontario, which is a rich province, receives $1.50 per capita.

Premier Stanfield's proposal was that the federal government should turn over to the provinces the entire revenue from personal income taxes, corporation taxes and succession duties. In return for this, the provinces would assume full responsibility for the cost of hospital insurance, medicare, and the Canada Pension Plan.

Premier Stanfield's proposal was the only one that made any sense. It would have given the provinces enough money to finance adequately their own programs, and would have relieved the federal government of the necessity of collecting taxes which it then has to hand back to the provinces

Town Council appoints Centennial Committee

The regular meeting of the Municipal Council of the Town of Tofield was held Monday, Dec. 2nd, at 8:00 p.m., with Mayor Fredrickson presiding. Councillors Patterson, Jefferson, Allan, Smith, Hennessy and Tofield present.

A centennial committee was appointed as follows: Mayor of Tofield, President of Tofield Community League, President Canadian Legion, President of Lions Club and Mrs. Grace Phillips.

A letter was read from the Canadian National Railways regarding school bus movements over grade crossings, setting forth alternate suggestions as to how this problem could possibly be eliminated and advising costs to the town in this regard.

Council approved payment of Christmas bonus to social assistance clerk, Mrs. Christensen, as suggested by the department of welfare.

Alberta Assessment Appeal Board has confirmed original assessment of Peter Orobko and Local Authorities Board has confirmed 1963 school estimates.

The Local Authorities Board has approved the Town of Tofield 1963 budget for the year.

Council approved the application of Marlene Simonsen to operate a beauty parlor in Tofield.

J. E. Stinson tendered his resignation due to ill health. Council accepted with deep regret.

Messrs. Nicholson and Peyton were present from Associated Engineers with reference to water meter rates and curb and gutter construction.

Tenders were in hand for installation of water meters. This matter was left to the Utilities Committee to investigate.

Applications were in hand for the position of sec.-treas. Interviews were to be made Saturday evening, Dec. 9th, as a special meeting.

Building permits were approved to Chas. Kellal for three dwellings as follows. Lot 1, Block 19, Lot 8, Block 14, Lot 13, Block 19.

It was decided to extend sixteen vote of thanks to the Tofield Voluntary Fire Brigade for a job well done at the fire at C. Francis and Sons' Cafe on [illegible] Sat.

No Mercury next week

As has been the practice for The Tofield Mercury for the past number of years, there will not be an issue of the paper for next Thursday, Dec. 26th. This then will be the final issue for 1963, so we take this opportunity to wish all our readers and customers a very joyous Christmas, and the best in 1964.

The issue of The Mercury for January 2nd—two weeks from today—will be off the press at the usual time.

Ross Crook rink wins at Mundare

(Bessie Pederson)

Three Rose Creek rinks, skipped by George McLachlan, Ken Pederson and John Hershak, have been curling in the Mundare Farmers' Bonspiel this past weekend.

George's team, which included Neil Insley, Marshall Eleniak and Stanley Mazur, took the Grand Challenge. The boys report the two sheets of artificial ice are a credit to the town of Mundare.

The Rose Creek curling rink is now ready for young and old of the district to get out and enjoy this wonderful sport.

Junior High loses basketball games

(Linda Kellal)

Although the Tofield Junior High girls tried very hard to win their basketball game against the Holden Junior High girls, they went down to defeat, 27-16. They drew below 10 to 16.

The Tofield Junior High boys played All up at Innisfree on Friday. There was not had by an Innisfree team. The score was East Tuesday, Dec. 10th, the Junior High teams went to Ryley to play against the Ryley Junior High teams, the results not yet known.

SKATING RINK

The new skating rink has been in use for almost two weeks. The country students attend there during the noon hour. Also it is used during the few gym classes. A small shack has been built near the rink where students may put on their skates.

An editor of the Junior High, I would like to wish everyone a Merry Christmas and a Happy 1964.

Stores open all day Monday

Next Monday, Dec. 23rd, all stores will remain open all day long in Tofield, for the convenience of residents in the town and district. As a result, Monday is a half-holiday in the town.

This gives you the last - minute shopper the extra time he needs for that extra - special gift.

18 in Cub Pack

(Mrs. G. H. Taylor)

HOLDEN, Dec. 14.—At a recent meeting, the Proven Cub Pack investiture three cubs into the Pack. With three others invested last week, the Pack now comprises eighteen boys.

The new cubs are Bobby Strichok, Gregory Ogrodnick, Richard Boyle, Gary Sowerville, Robert Tiedemann and Peter Cole. Leaders of the Cubs are Mrs. Lorna Lanstaen and Henry Tiedemann assistant.

Debates spark student interest

The debates between Grades 8 and 9 of the Tofield High School were held in the auditorium in the school gymnasium with Miss Cumming and Miss Pryce of the high school staff acting as judges.

The "B" teams debated on the subject, "Resolved that the country is a better place for teen-agers to live than is the town." This debate was adjudicated as a tie with the 9's for the affirmative having the most points but with the 8's for the negative doing the better debating.

The 9's, defending the negative, won a close victory, however, in the debate between the "A" teams on "Resolved that the County of Beaver should build a central high school".

The Junior High students showed keen interest in the debates and the Grade 9's are looking forward to holding a series of debates after Christmas. One of the Grade 8 students has suggested inter-school debates.

Old-timer laid to rest

(Mrs. G. H. Taylor)

HOLDEN, Dec. 14.—On Nov. 30th, a pioneer was taken from our midst, when Mr. Pete Larson was laid to rest in the Kinsella cemetery. Funeral service was held in the Kinsella United Church, when Rev. Burkwell delivered a very comforting message.

The late Peter Larson was born at Malmo, Sweden, Nov. 3rd, 1878, and immigrated to Grand County, Minnesota, with his parents. Around 1895 he came to Alberta and settled with his father in the Bittern Lake district. In 1902 he homesteaded south of Holden, where he lived until 1915, then moving south of Kinsella, where he resided until his death, Nov. 30th, at the Viking Hospital.

In his younger days, Mr. Larson "broke" many broncos, and raised cattle and horses; in later years he raised Aberdeen Angus cattle, and rode horseback until his health failed. The latter years of his life were spent with Mr. and Mrs. Clifford Meakins and children.

Pallbearers were Lars Rikland, Charlie Rise and Bud Hyer, all of Holden, Bob Meakins of Jarrow, and Frank Murray and Herman Overbo of Kinsella—all old time friends.

He leaves to mourn his loss: three brothers, John of Fergus Falls, Minn., Aaron of Ground Birch, B.C., and Olaf of Camrose; two sisters, Mrs. Mary Emerson of Livingston, Montana, and Mrs. Hosken of Edmonton. A brother and three sisters predeceased him some

Charles Sears helping in Project Discovery

Charles Sears of Tofield is one of a pilot group of 20 volunteer interviewers who met at the Corona Hotel in Edmonton last week, helping to perfect interview techniques for Project "Discovery". This project is the

Farmers' Union and Cooperative Development Association survey of farmer attitudes and interests in Alberta. This province-wide survey is being conducted this week.

More than 2,000 farm people will be interviewed by Project Discovery. All of the interviewers, about 300 of them, will be volunteers. Last week's pilot study gave the Project Discovery directors headed by research consultant, Dr. L. B. Isachsen a chance to test the machinery they will use in the actual survey.

The volunteers, picked "from a barrel", came in from all over the province to help out. They spent two days getting acquainted with the project. Then, during the December 1st weekend they went into the country and each interviewed three farmers. Results in the interviews were used at a two-day wrap-up, December 3rd at the Corona Hotel. From this pre - test phase will come the actual survey questionnaire and techniques to be used next January and February.

Mr. & Mrs. Dye to reside in Edmonton

(Mrs. G. H. Taylor)

HOLDEN, Dec. 14.—The farewell party for Mr. and Mrs. Dye, which was to have been held a week ago, was postponed and held Saturday, Dec. 7th, at the home of Mrs. L. Northcraft.

Many ladies called to wish them well in their new home in Edmonton. A delicious lunch was served, with several ladies assisting Mrs. Northcraft. A purse of money was presented to Mrs. Dye by Mrs. Chrissie Reed. From this pre - test phase will come the actual survey questionnaire and techniques to be used next January and February.

Sparked by the interest taken by Miss Turner in the personal age patients in the Aberhart Sanatorium, the Junior H students have been adding their mite to the toys being collected by Miss Purves for these little tots who must spend Christmas in the San.

"Moments to Remember", theme of school concert

"Moments to Remember" is the theme of this year's school concert, this to be held in the auditorium, with Grades 1-3 participating on Dec. 20th. Tofield Junior High band will lend its assistance to the students' production. Come and see this annual event, when a collection will be taken in lieu of charging admission

CHRISTMAS ENTERTAINMENT

On Christmas Day, Johnny Layne and Frank Shuster with be helping to bring a Merry Christmas to Canadian troops overseas. They have taped a special CBC radio show which is being distributed to points in Europe, the Middle East, the Congo and Indo-China, as well as 13 RCAF bases in the north of Canada. Homebound listeners can hear the program on Christmas Day by tuning to stations on the CBC radio network.

Artificial ice for Ryley rink

(Mrs. Harvie)

RYLEY, Dec 19th Ryley's curling rink is finally in operation after a $20,000 alteration and installation of artificial ice. The first draws are being played today (Thursday).

There are still several minor things to complete, but it is hoped to have the official opening early in the New Year. In the meantime, the rinkers' game is in full swing, with 28 rinks entered for season's play.

Auxiliaries have Christmas parties

(Mrs. G. H. Taylor)

HOLDEN, Dec. 14. Members of the Social Credit Auxiliary held their annual Christmas party on Saturday, Dec. 7th, in the Legion Hall, entertaining their husbands at a delicious turkey dinner.

The evening was spent playing various games, after which lunch was served.

The Ladies' Auxiliary to the Royal Canadian Legion held their Christmas turkey banquet in the Legion Hall on Sunday evening, Dec. 8th, when their husbands were guests to enjoy the meal with them.

The evening was spent playing various games, gifts were exchanged, and each guest received a gift. Lunch was then served, ending a very pleasant evening.

Tofield UCW has Christmas meeting

The afternoon unit of Tofield UCW held their final meeting of 1963 on Friday, Dec. 13th, at the home of Mrs. J. Francis. Mrs. H. Pierce and Mrs. Francis assisted by Mrs. Simpson, arranged a very suitable Christmas worship service and program consisting of a number of Carol songs by all, scripture verses and readings, a duet, "The Beautiful Garden of Prayer", was sung by Mrs. Torrie and Mrs. Olthuis.

One contest was held, this being won by Mrs. H. Rogers and Mrs. Stinson.

An exchange of gifts took place, followed by a delicious lunch.

New type of helmet for young hockey players

With an assist from a leading Toronto neurosurgeon, the "Space Age Look" is now lined the ranks of minor hockey in Canada.

Many of the 300,000 tyros playing hockey this winter will look like fugitives from a Buck Rogers comic strip with the introduction this season of a radically new-looking protective helmet manufactured in Canada.

Designed in consultation with a leading Toronto neurosurgeon, the helmet is moulded of high density polyethylene and is a two-piece shell which covers the head completely from forehead to neck.

The main shell has two large curved ribs which allow the shell to flex, giving greater protection from impact. The ribs run the entire length of the shell and prevent contact between the back of the helmet and the ice.

Since blows to the back of the head are the most common hazard, the new design represents an important advance in head protection.

A double row of slots between the two main protection ribs gives the helmet maximum ventilation.

The 10-ounce helmet is designed to fit all head sizes from seven years to adult by adjusting the front protective band. The band can be adjusted lower and or backward, up or down to suit the individual player's forehead.

Light weight of the helmet allows quick head movement and permits the player to wear it continuously without strain.

The company has also introduced a newly designed mouthguard which fits to the face just below the cheekbones and on the chin. Its design—featuring a curvature top—gives minimum interference with breathing while effectively shielding teeth and the base of the nose from injury.

The mouthpiece attaches to the helmet with straps.

COUNTY BAND This is the County of Camrose Band, as it appeared in Round Hill for its second concert of the season last Saturday night. The first concert was held one week earlier at Hay Lakes. Jerry Liddster, director, is seen in the centre wearing a black jacket.—Photo by Langhell Studio.

MERRY CHRISTMAS

Guest Editorial– Equalization: a Lesage win

THE MONTREAL STAR

Foresight assures happiness

Make sure the only casualty at Christmas is the turkey.

Happy advice above comes from P. J. McLaren general manager of the National Safety League. Falls account for almost half of all accidental deaths around the home and claim most of the injuries, bringing sadness to any celebration, points out Mr McLaren.

Of course, it's hardly necessary to remind any of our readers not to use open drawers for ladders, to close cupboard doors, to dry hands before touching electric appliances, keeping hall ways and stairways, free open and well lighted, and not to overload the electric circuits.

Nothing is safe from the old kill-joy's gloomy attack. The accident expert points out as the home's most hazardous room. Tasters, sufferers and savorers of all ages should be kept out of the kitchen during meal preparations. Emphasizing that modern kitchens are designed for efficiency, yet unfortunately, he continues with the remark that confusion can be the perfect set-up for accidents.

Anyway, Mr McLaren joins us in wishing you a Merry and a safe Christmas.

RYLEY NEWS BRIEFS

(Mrs. M. Harris)

Ted Chard, the Alberta Wheat Pool agent at Ireland, has been appointed Wheat Pool agent at Ryley, relieving Jack Davison, who has been appointed Postmaster at Ryley. Leonard Wilson is the new Postmaster at Ireland.

GOOD HUNTING:

Hal Johnson, Lilly Chappell and Wm. Banks returned last week from a successful hunting trip. They were able to obtain the full quota of big game.

Bob Hicks and Robert Anderson are now reported to have had a successful big game hunt in the Rocky Mountain House area.

The author of the favorite children's Christmas poem . . . 'Twas the night before Christmas, when all through the house . . . is an eminent New York dentist professor, but his previous work before his dentury and would not admit he wrote it for 20 years.

Edward Johnson, son of Rud Johnson, was admitted to the Tofield Hospital last week where he received several stitches to his arm as the result of an accident which occurred at the Ryley school. Edward is now convalescing at his home following treatment.

The bringing up of the muzzle fire and the burning of the Yule log are two of the most ancient customs which come from our pagan ancestors.

MacDuff Ottawa report

The line-up

OTTAWA Customers are lining up at the Wheat Board's door in Winnipeg to buy Canadian wheat.

The Wheat Board has made it clear to all countries that it wants to deliver on long-term agreements that were in the Communist Chinese recently examined their needs and decided to buy 15,000,000 tons after Feb. 1 instead of the 500,000 tons they were under contract to take the Board held to and regretted that they could not deliver. The Board was not in a position to do this period and could not undertake to deliver the extra 1,000,000 tons.

Mainland China when it bargained with Canada last summer for a wheat deal held the cards. The Canadians had nothing but wheat. It was pushing out the elevators. The largest crop ever was in the making on the Prairies

SHIFT IN MARKET

The Canadian negotiators were on the market to sell wheat and the Chinese were hard bargainers they agreed finally to a three-year deal and would take 500,000 tons in the first period of the contract up to Jan. 1964. They indicated that in the second contract from Feb. 1 to June 30, 1964 they would take another 500,000 tons.

But when the Chinese negotiators arrived in Winnipeg in a matter to make arrangements for the second contract they had enhanced their demands. They wanted 1,500,000 tons instead of the wheat situation had undergone a radical change. Now it is a seller's market and a buyer's market.

In the revival of the Chinese first agreement Canada's share of wheat imports will be reduced a number of countries will be added to the list of wheat purchasers. Canada's share will go up by about a million tons in the second.

FLOCKING AROUND

The long-term agreements are not the only ones the Wheat Board is negotiating. Canada's wheat is in demand. Countries are flocking around the Canadian Wheat Board to make deals. Some of these countries want to buy wheat, others want to buy flour, others want to buy both. Some want to buy wheat and flour and to have the flour milled in Canada. Some want to buy wheat and flour and to have the flour milled in their own countries.

SHIFT MAY BE PERMANENT

There is a shift in the pattern of world trade in wheat and flour. Some of the countries which have been buying wheat from Canada and the United States are now buying from Australia, Argentina and France. Some countries which have been buying from Canada and the United States are now buying from Australia, Argentina and France. Some countries which have been buying from Canada and the United States are now buying from Australia, Argentina and France.

There are other countries which have been buying from Canada and the United States are now buying from Australia, Argentina and France. Some countries which have been buying from Canada and the United States are now buying from Australia, Argentina and France.

These developments for Canadian wheat growers are not all bad. It is true that the total amount of wheat sold in world trade will be reduced. But Canada will have a larger share of the total. The Canadian share will be increased by the end of the year.

Canadians can be

The Chinese are hammering on the door. All the farm in Canada are looking for Chinese wheat. Canada is the only country which can supply the wheat they want. And the Wheat Board is ready to do so.

The Wheat Board is holding out the door to the Chinese. The only reason why the Chinese may be willing to buy wheat from Canada is that the Wheat Board is willing to sell it to them.

Modern Etiquette . . .

Q. Are correspondence cards considered in good taste?

A. Yes, and they are very popular for the short, informal kind of message. It is becoming more and more customary for both men and women to use these cards. If you prefer, they should be used only for strictly informal correspondence.

Q. We've been having a big discussion in our group as to whose place it is to speak first when meeting on the street, the man or the woman. Will you please settle this for us?

A. It doesn't matter at all—either one may speak first.

Q. When dining with someone, is it considered good manners to continue eating while you are being spoken to?

A. You certainly listen while you continue eating. But be sure, above all, that your mouth is empty of food before you attempt to talk.

Q. How can one properly pronounce cream of tartar?

A. Cream of tartar is pronounced exactly as it is spelled.

Q. How can one properly prevent cream of tartar from dripping on the cloth—only a drop—when pouring from a pitcher?

A. If you'll stop short when pouring, the last drop is not likely to run down the side of the pitcher. But if it should spill over a little, take a clean spoon and hold it under the lip to catch the drop.

Q. While I was confined in a hospital recently, my clergyman visited me every day. How can I show my appreciation?

A. Your sincerely-spoken thanks should be enough. But if you really wish, you can give him some small gift, something you know he needs, or something for the church.

Q. When I am writing to a business woman and don't know whether she is "Mrs." or "Miss", what do I do?

A. You address her as "Miss".

Q. Our son and his girl friend will soon announce their engagement. The girl's parents cannot afford to give an announcement party, and we are wondering if we could properly give such a party in our home?

A. No. You may give a CELEBRATION party, but the announcement must be made by the girl's parents, and they can do this very well through the local newspapers.

Q. When hors d'oeuvres are served on picks, should they be eaten from the pick, or removed and eaten with the fingers?

A. You use the pick for conveying the morsel to your mouth.

Q. Is it correct to wear earrings at any time, or should they be reserved only for certain occasions?

A. Small earrings can be worn at any time. But the long, dangling types are best worn only with evening or party frocks.

Q. How far in advance of the wedding ceremony should the parents of the bride and bridegroom take their seats?

A. One or two minutes.

AND THE WESTERN WEEKLY SUPPLEMENT

VOL. 12—NO. 18 PUBLISHED WEEKLY AT TOFIELD, ALBERTA Thursday, January 2nd., 1964

JIMMY CROGAN

Six-foot-two olympic contender, Jimmy Crogan, returns to the all-new 20rd "go" action of ice Capades. This is just one of the 20 great acts and six big productions at the Edmonton Gardens from January 13 to 18, inclusive.

Sabin polio vaccine to begin in January

The 1964 program of administration of Sabin oral polio-virus vaccine will begin in Alberta in January and will continue until the end of April. The main objective of the program is now to complete the feeding of two doses of Sabin vaccine before the end of April, to everyone who satisfies the criteria of eligibility for Sabin vaccine but who has not yet achieved this status.

No special clinics will be arranged, but the vaccine will be fed to eligible persons at the normal immunization clinics which are held at various centres by the Public Health Nurses.

The complete course consists of two doses of the vaccine fed by mouth at an interval of not less than six weeks. No reinforcing ("booster") doses of Sabin vaccine will be given to persons who received in Alberta pre-doses of the oral vaccine in 1963, but one dose will be offered to those who for any reason had only one such dose in Alberta during the 1963 program.

Only those persons are eligible to receive the oral vaccine who have at least one month previously completed a course of Salk vaccination against Poliomyelitis (three injections for an adult or adolescent, four injections for an infant).

Vaccination against smallpox must be done within twenty-one (21) days before or after a feeding of Sabin vaccine.

Further details of the exact dates at which feedings will be given at the various centres will be announced later.

County Seed Cleaning Co-op was not sold

Some time ago an advertisement appeared in The Mercury announcing the sale of the Holden Seed Cleaning Plant to M Kamerstaid. It has been brought to our attention that this was not actually a seed cleaning plant, but rather, a feed mill. There was a time when the plant did clean seed, but such is not the case any more.

Apparently several people in the County of Beaver thought that the County of Beaver Seed Cleaning Co-op had been sold, but this was not the case.

From the Scrap Book

As we say good-bye to 1963, a year gone beyond recall, and as we enter into 1964, let us look forward with hope for a better and brighter year. Peace among the nations of the world, love and concord among all people.

Faith with hope is something fine,
It makes the birds sing, the sun to shine;
It makes you work because you must,
To prove your confidence and trust;
It makes you rise from where you fall,
And gives you strength to conquer all.
It makes the darkest pathway bright,
And fills your soul with radiant light.
It gives you vision for to see
The person you are meant to be
Faith, with hope, will carry you far,
And help you reach the high-est star".

Ladies' Club has Christmas party

(Mrs. Jim Reddish)

The annual Christmas party of the Mossatk Ladies' Club was held on Wednesday, Dec. 11th at the home of Mrs. Helen Hennessy. Eighteen members answered the roll call which was "Where I'd like to spend Christmas." Mrs. Pauline La Fleche was a guest.

After a short business session gifts were exchanged with Mrs. A. Geneve once again acting as Santa Claus.

A delicious lunch was served by Mrs. Frank Seabey, Mrs. Ronald Seabey and Mrs. S. George. Christmas cake was enjoyed, a treat of Mrs. Hennessy's. Topped off with mandarin oranges a gift of Mrs. Grace Grammett.

In the most recent year on record 1961 manufacturers contributed 54.7 per cent of the total net value of industrial output in Canada; construction ranked second at 18.8 per cent agriculture third at 10.6 per cent and the combined output of forestry, fisheries, trapping, mining and electric power was 16 per cent

Since the advent of TV, considerable has been given to using it as a means of providing educational material to special-ized groups. Two years ago a TV Farm Short Course was given a trial in Manitoba. This proved so successful that the CBC in co-operation with the Western Departments of Agriculture have prepared a similar course for Western Canada. This will be televised each day Monday Jan 6th through to Friday, Jan 10th at 10:30 o'clock each morning and can be seen at the Tofield Community Centre, each day courtesy of the Chambers of Commerce and Community League.

The one hour program each morning will deal with a particular phase of farming. The speakers in each case are the best qualified men available in each particular field. The program is as follows:

Monday, Jan. 6th Soil Management.

Tuesday, Jan 7th – Making Forage Crops Pay.

Wednesday, Jan. 8th - Beef Cattle Management.

Thursday, January 9th - Beef Cattle Management.

Friday, Jan. 10th -Farm and Home Management.

All farmers would be well advised to plan to spend the morning hour from 10:30 to 11:30 watching this series. Those who do not have TV sets could probably arrange to view it on the neighbors' set or at group meetings to be arranged in each town. Farmers without TV sets or who find it necessary to be in town on one or more of the mornings should watch for local advertisements as to the place where a TV set will be made available in their town for the benefit of those who cannot be at home at that time.

In Tofield, arrangements have been made for a set to be available at the Community Centre meeting room. At Ryley, the Legion Hall will have a set available, while at Holden the Curling Rink waiting room will be the meeting place.

IN TOFIELD

The Tofield Community League and Chamber of Commerce are pleased to have been able to arrange for a TV set to be available at the Community Centre for the benefit of those farmers who may find it necessary to be in town on one or more of the above mornings.

To be able to receive the full course will be of great value to all farmers and we feel that no one should miss viewing any of the programs.

Farmers are cordially invited to attend on any one or all of the above dates.

John Cinnamon, veteran of '85, dies at 'Fort'

Funeral services were held recently for John Cinnamon, 81, at Fort Saskatchewan, one of Alberta's last known survivors of the Riel Rebellion of 1885.

At the age of 17, living on his parents' homestead near Battleford, Mr. Cinnamon joined the Home Guard there when the rebellion broke out. He came to Battleford from his birthplace in Quebec.

After the rebellion, Mr. Cinnamon moved to Fort Saskatchewan, where he and a brother operated a butcher shop for some years. Then he moved to a farm near Fulton in the Wildmoor district, where he married.

In 1916 he and his family moved to a farm near Tofield, where Mr. Cinnamon lived until his retirement 26 years ago. Then he moved to Fort Saskatchewan where his daughter, Mrs. Stan Walker, lives.

Rev. Peter Beam officiated at the funeral services. Burial was in the Fort Saskatchewan cemetery.

He is survived by a son, Ray, of North Burnaby, B.C., a daughter, Mrs. Stanley Walker of Fort Saskatchewan, and eight grandchildren.

Fractures leg while shopping

(Mrs. Jim Reddish)

Mrs. Gladys Reddish had the misfortune to fracture her leg in two places while shopping with her daughter in Edmonton on Monday. She has the injured limb in a cast and will be getting around with the aid of crutches for awhile.

She is at present visiting with her sister, Mrs. Fred Sherwood who now resides in Edmonton

School committee meets Dec. 10th

The regular meeting of the County of Beaver No. 9 School Committee was held Tuesday Dec 10 1963

MINUTES

In regards to the Salary Negotiations, resolution 309, the secretary, reported that during the AAMD convention he had been in contact with Mr. A. G. Wilks, the bargaining agent appointed by the County, and December 20th at 7.00 p.m. had been set to meet with the teachers' bargaining committee. Mr. Wilks had stated that he would be at the office at 2:00 p.m. to discuss the situation with the secretary, and that he wished to meet the full school committee at 4:00 p.m. on that day.

Under date of November 19th a letter had been received from J. D. McFetridge, executive assistant of the Alberta Teachers' Association acknowledging the secretary's letter of Nov. 8th advising that the County had been unable to reach a settlement with the teachers for the 1963-64 agreement and the request that the ATA represent the County's School Staff. The letter stated that under the ATA constitution they could not enter into a dispute until requested to do so by the teachers at a properly called meeting and that the staff of the County had not been in touch with the ATA in this matter. The letter requested that the County await advice from Mr. McFetridge by Dec 5th the secretary had informed Mr. McFetridge of the proposed meeting on Dec. 20th with a copy to Mr. Wilks, the County's bargaining agent. Mr. Wilks had telephoned the following day and had mentioned that the resolution and bylaws of the ATA, as far as he was aware, could not stop a school authority from requesting a bargain agent and that, if this was done, the bargain agent appointed by the ATA was obliged to attend the meeting. He stated that the attitude as outlined in Mr. McFetridge's letter had been based on various accusations and that he would like, with the County's permission, place the matter before the Board of Industrial Relations. The secretary had informed him that he could do so and a copy of the letter from Mr. Wilks to the Board of Industrial Relations was referred to the School Committee at this time.

It was moved and carried that the report be accepted and the secretary's action carried.

RAILWAY CROSSING

In connection with the railway crossing at Tofield, dealt with by resolution 371, the secretary read to the committee a copy of the brief concerning flashing lights at the Queen Street railway crossing in Tofield as prepared by the supervisor/agent of schools, Mr. H. A. Pike. This brief had been forwarded on Nov. 19th to the Board of Transport Commissioners and a letter from the secretary of the Board dated Dec. 6th acknowledged receipt of the brief stating that it had been forwarded to the Commission Committee of the Canadian National Railways at Montreal and that consideration of the previous case be made in the near future. The secretary reported that Cpl. Crowe of the RCMP had submitted a copy of the brief and a covering letter to the Officer Commanding Division K and also to the Attorney General's Department and that upon receipt, these two bodies were making some independent investigation.

It was moved and carried that the information be received and action concurred in.

In regards to the proposed hotel at Holden, dealt with by resolution 376, Mr. Pike stated that a questionnaire had been sent out to parents of the pupils that a questionnaire had been sent from this board and that a fair amount of interest appeared to be evident. When the questionnaire was taken from the questionnaire was

Holden Hotel changes hands

HOLDEN, Dec. 28.—The Paddeckis, who have operated the Holden Hotel for the past two years, have sold the hotel. The new owner, Paul Babie, a brother of Bill Babie, took over the business December 1st.

Mr. and Mrs. Harry Paddeck and Mr. and Mrs. Joe Paddeck have bought the hotel at Chipman, and moved there the end of the week.

THIS BUSINESS OF FARMING

Lionel Morse, of CBC Farms Department, and Professor Clay Gilson, agricultural economist of the University of Manitoba, are hosts of the farm television short course entitled "THIS BUSINESS OF FARMING." Started in Manitoba two years ago, the 1964 edition of this series will be telecast by fourteen stations on the CBC prairie network, from Monday, January 6, through Friday, January 10, from 10:30 to 11:30 a.m. Produced by the CBC in co-operation with the departments of agriculture and universities of the three prairie provinces, the course is planned to appeal to all rural viewers in the prairies. Farmers, prairie agriculture specialists, university staff members, Canada Department of Agriculture experts and others, and their talents to present the latest in information and trends.

New Year message, '64

(Honorable E. C. Manning)

On behalf of the Government of Alberta, I extend to all citizens of our province every good wish for a happy, prosperous and purposeful New Year.

Nineteen sixty-three was marked by a substantial measure of further progress and development in almost every phase of our provincial economy. As the fastest growing province in Canada, we have successfully maintained our position of leadership in social progress, industrial development and economic expansion. This progress has resulted from the continued orderly development of our natural resources the talent of our farmers and workmen and the important contribution made by our technical and professional personnel. New export markets for our surplus crops have improved the buoyancy of our farm economy.

In the midst of this sound growth and encouraging progress, it is important that we do not overlook the seriousness of established trends in taxation, public debt and general price levels. In all these fields, steady and persistent increases aggravated by excessive budgetary deficits foreshadow serious future problems unless a concerted effort is made to halt and reverse the current trends. This is one of the most important tasks on which governments of all levels must concentrate, with the full understanding and support of the people they serve.

On the international scene, many major problems remain to be solved before man and nations can know an actual experience the peace and security which they crave.

When we consider the state of the world today, we must be convinced that some greater contribution by all of us to the good and welfare of mankind is essential if our world is to move from the dark shadows into the light.

Materialistic progress has proven ineffective in solving the problems of man's inhumanity to man. We must seek a [illegible] upon the wisdom [illegible] upon Christian principles as a source of power to [illegible] the problems of our world. Through renewed vision and [illegible] we can realize the challenges which confront us. The new year affords us a new opportunity [illegible] greater [illegible] to [illegible] that He [illegible] a new entrance [illegible] heart of each [illegible]

Hon. [illegible] on behalf of the Government of Alberta I [illegible] best wishes throughout 1964.

New star or firefly?

One of the most cheering announcements for Canada in recent months was the decision of Studebaker to manufacture all its motor cars in this country. The question, of course, is whether this will be a new star in the industrial firmament of this country, or just a firefly flickering in the night.

Whatever make of car you drive at present, Canadians cannot but hope that the company's decision was well taken, and will prosper the company's operations. Expansions of their operations here can only have the effect of helping to reduce the serious imbalance between this country's imports and exports. It may help the company build up an all-Canadian image which would no doubt help its acceptance throughout the country, and improve what is presently a comparatively weak agency-dealer program. And it will undoubtedly give a shot-in-the-arm to Finance Minister Gordon's "Canadian content" dream. All of which is good news.

Trouble in camp?

Rumors of trouble in Lester Pearson's camp have been strengthened by recent reports of cabinet shuffles in the early weeks of the New Year. Junior Minister Chevrier is known to have continued this long only as a favor to the prime minister, and asked for release months ago, as little speculation centers around the probable promotion for him to one of the senior ambassador posts.

Postmaster Denis, however, has repeatedly brought swarms of hornets over the government's head and his likely move to the Senate can hardly be regarded as anything but elimination of trouble. Similar elimination is anticipated for Judy LaMarsh, whose undoubted drive and ability seem to have been married to the most remarkable lack of tact or political sagacity.

When it is suspected that changes may be made in at least three more portfolios, it is obvious Prime Minister Pearson knows his team could do better, and has the courage to take the necessary action.

This doesn't mean the team is lacking, and all Canadians will hope it can improve its score, which hasn't been too impressive to date. Any good coach—football, hockey or political—has to change his line every once in a while. The trouble comes when he runs out of players.

Newspapers earn criticism

Stiff criticism of biased and unfair treatment by newspapers seems all too often to be warranted and earned, as shown recently by one of the West Coast dailies.

Buried in a corner of a columnist's report on the inside pages is a short folksy bit dealing with the eviction of a white couple at the Mount Pleasant Legion who hurled insults at a pair of Negroes at a recent Saturday bingo. Their memberships lifted, the white pair were subjected to the jeers of other whites as they were thrown out. As a friend of the reporter remarked "It was a case of instant de-segregation and it was heart warming to see."

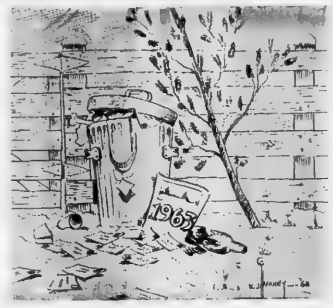
But wait. Let's turn the story about. Let's evict the Negroes and what happens. There would be huge headlines on Page One. There would be pictures, if possible, and follow-ups dealing with "the incident". There would be much ado until something else crowded it off the Front Page.

Where is the fairness of this sort of editing? Why couldn't we make as much fuss over a "white" deed as over a black deed? Why couldn't the other side of the story get more than passing mentions from a columnist?

Much of the criticism is indeed earned.

PLAUDITS EARNED

Both the Tofield Chamber of Commerce and the Tofield Community League are to be commended for the concern they have shown in their farmer friends. These two groups have combined to provide a television set for the Community Centre during the next week, so that interested farmers may watch the series, "This Business of Farming". This is an other move toward cementing the present good relations between the town and country people.



Modern etiquette

By Roberta Lee

Q. Dear Roberta Lee: I'm a girl in our neighborhood is to be married in our church and although my husband and I have not received an invitation to the wedding, we should like very much to attend. Would this be all right?

A. If your church is so small that the invitations had to be limited, it would be wrong for us to attempt to squeeze in. If however your church is large, it would be quite all right for you to attend and sit somewhere at the rear of the church.

Q. Some of my friends have told me that it is improper for a person, even when dining alone in a public place, to read at the table. True?

A. Not true. There is nothing at all wrong with a person, who is dining alone, to read at the table.

Q. I know I should, as a woman offer my hand first in greeting to a man, but if the man happens to offer his hand first what should I do?

A. Accept it by all means and without hesitation.

The New Year, of course is the traditional time to discard the old habits and adopt new ones. Resolutions is something which most of us indulge in at this time of the year. Some people go on diets, others abandon smoking or cut down on the number of cigarettes they smoke. There is no end to the list of resolutions which are made and broken.

Why is it so many resolutions are made and broken? Is it because they are not meant at the time they are made? Or is it because we are simply weak-willed?

I tend to think the latter is the case. Our will power is not strong enough to keep us from doing the things we make resolutions not to do.

Take me for instance. I made a resolution to myself, and anyone else who would listen, that I would not make any resolutions this year. I said, he's overstepping his bounds. But when I go ahead and do something without being told, that's initiative!

When the other fellow makes a mistake it is known as a blunder, but when I make it I state it was an error in judgment. I'm being clever.

When the other fellow overlooks a few of the rules of the game he is careless. But when I do it I'm merely adapting a few of the rules I'm familiar with.

When the other fellow does something that appears to be beneath his dignity, he is a snob. But when I do it, I am a democrat. That proves to the boss that I am one of the boys.

When the other fellow gets ahead he sure had the lucky breaks, but when I manage to get ahead Man! hard work did that!

Funny, isn't it?

HAPPY NEW YEAR!

THE RYLEY TIMES

School committee meet

(Continued From Page One)

compiled, it would be referred to the School Committee. It was moved and carried that the report be accepted.

In regards to the Camrose Vocational School, Mr. Pike stated that he had not been able to obtain any information as to the courses taken by the students as referred to in resolution 364 and he was of the opinion that a delegation from the School Committee should, by appointment visit the Camrose Vocational School to acquaint themselves of the situation and as to what courses are actually offered that can be of value to students of the County of Beaver.

It was moved and carried that Mr. Pike, together with Cr. Shedden and Woodward and Mr. Arnett, be appointed as a delegation to visit the Camrose Vocational School, if considered advisable.

Concerning the proposed Vegreville Vocational School, Mr. Pike and Cr. Reddick stated that they had attended a meeting in Vegreville on Dec. 30th and considered it to be impressed very satisfactory. It was explained that the Vegreville School Division was working on the assumption that only such students, that were unable to follow the matriculation pattern would attend a vocational school and these information had been that some 50 to 60 such students from the districts of Ryley, Holden and Viking might be able to make use of the facilities of a vocational school. It was stated that no action would be taken by the Vegreville School Division until they had been in contact with the various school authorities requesting further support. Mr. Pike and Cr. Reddick felt that the Vegreville School Division was interested in providing facilities to need and acceptable to students wishing to take vocational training. As to Camrose the matter of living accommodation would be a large factor as Vegreville was not large enough to supply accommodation in private homes and Mr. Pike stated it might be necessary to provide some kind of bus transportation if the school was actually constructed in Vegreville.

It was moved and carried that the report be accepted and that further discussion be tabled until a later meeting when further information has been received from the Vegreville S.D.

It was moved and carried that ... com Miss Elaine Snell, expressing her appreciation for the watch presented to her from the County in recognition of her winning the Lieutenant Governor's Medal for her achievements in grade nine, be received and filed.

Order No. 1118 of the Local Authorities Board concerning examination of 1963 school estimates of the County of Beaver was referred to the School Committee. The order stated that the appeal lodged by the Town of Tofield had been heard at the County Office at Ryley on Wednesday, Sept. 11th, with the chairman, Mr. C. G. Macgregor and member, A. B. Wetter, present. The conclusion of the board was that the appellant, i.e., the Town of Tofield, did not establish to the board's satisfaction and pursuant to the provisions of Section 304 of the School Act that the 1963 school estimates of the County of Beaver No. 9 were excessive in any respect and the board, therefore, confirmed the 1963 School Estimates of the said County, without change.

It was moved and carried that the order be received and filed.

The sec-treas. referred to the committee a letter from Sunalta Appraisals Ltd., concerning detailed Insurance Appraisal of all the buildings in the County. this having been dealt with on various occasions, last by resolution 719 63. The latest letter dated Dec. 2nd indicated that the company would be very busy during the coming year and they requested that, if at all possible a decision be made by the County as to whether or not they would make use of the company's services. In this connection, the sec.-treas. stated that he had discussed this matter with Mr. Edworthy, assistant manager of the UGG Insurance Agencies, who had stated that, in his opinion, Sunalta Appraisals Ltd did a very efficient job and that it would be in the interest of the County to have this appraisal made. It was felt that it would be necessary to have the contents appraised but that a building appraisal should be undertaken during the coming year and it was moved and carried that arrangements be made for a building survey to be made by Sunalta Appraisals Ltd.

A letter from Richard A. Olund, bus driver and supervisor at Tofield, suggesting that each bus driver should be provided with a screw driver crowsed wrench and a pair of pliers was referred to the committee. It was moved and carried that Mr. Olund be informed that, in the opinion of the School Committee, the bus drivers should furnish the tools referred to in his letter.

A letter signed by the bus drivers of Tofield requesting an increase in their wages from $0.80 to $10.00 a day was referred to the committee, as was a letter, also signed by the regular drivers, requesting a raise in wages for extra trips within or out of the County, the request was for a straight hourly wage of $1.50 per hour for extra trips other than regular route trips. The sec.-treas. suggested that these requests could very well be deferred to the statutory meeting on January 3rd when the matter of other salary and wage rates would be brought up. It was moved and carried that the request for an increase in wages from the bus drivers at Tofield be deferred to the statutory meeting on Jan. 3rd.

Mr. W. Brushett, principal of the Holden School also appeared before the committee at this time in connection with the matter of the fact that the usual yearly grant from the School Committee for sports activities had not been forthcoming for the 1962-63 school year. It was pointed out to Mr. Brushett that no request had been made for this grant and, therefore the matter had not been overlooked. Mr. Brushett presented a financial statement for the sports activities for the 1962-63 school year as well as an outline of the sports program. It was moved and carried that the financial statement and program be accepted and that a grant of $125.00 be given for the 1963-64 school year.

It was moved and carried that Christmas holidays in the schools be observed from Dec. 20th, 1963 at 3:00 p.m. to Jan. 3rd, 1964 at 9.00 a.m.

Mr. Pike stated that the payschedule for teachers were not too happy with pupils attending school on Dec. 24th, as parties or hockey tournaments or other sports activity in evenings when the temperature dropped below 20 below zero due to the possibility of a breakdown of the bus and the danger of not being able to obtain assistance quickly enough. It was, therefore, moved and carried that school buses are not allowed to operate for extra-curricular ac-

Farm Building School slated for Viking

Building trends are always changing to meet the needs and styles of the day and farm buildings are no exception. From buildings of today are no more like the buildings and patterns of a big roofed barn and other buildings be made. In recent years the changes are more striking as farmers become more conscious of the necessity of considering labor saving designs and cost of construction.

To enable farmers to keep abreast of latest building designs, materials and construction, a farm building school will be held at Viking Community Hall on Monday and Tuesday, Jan. 27th and 28th, beginning at 9:30 a.m. and continuing to 4:00 p.m. on each day. This school is arranged by the District Agriculturist and the speakers include J. W. Ulrich extension engineer with the department of agriculture, A. E. Aitken of McMillan Blended and Powell River Ltd., and A. M. D. Daunais of the Canada Cementing Division of Dominion Chemicals Ltd.

Mr. Ulrich has in recent months, made several tours of farms in United States to view some of the more modern farm buildings and will show a series of slides taken on these tours. The other two speakers will deal with construction details and design.

Students get pay telephone

Arrangements were completed Monday evening for a pay telephone to be installed at the Clandonald Composite High School. Residents of the district at the regular school board meeting, trustees agreed it would go in on a trial basis until June of this year, at which time a survey would be made of the use made of it to see whether its continuance is warranted.

A letter from the telephone office informed the board it would be required to provide a guarantee of at least minimum rentals, but would receive 10% of the tolls after this amount was reached.

Earlier suggestions of a non-coin phone in the lunch-room, installed by the Students Union, were turned down by that group since they declined to be responsible for long distance calls which might be charged against the phone. With a pay phone, this problem cannot develop.

Rural Fire Assoc.

The annual meeting of the Tofield Rural Fire Protection Association will be held in the Legion Hall on Thursday, Jan. 16th, at 1 p.m. Financial statement, election of officers and any business pertaining to the association will be on the agenda. Members are urged to turn out in good numbers to give a good showing.

Shipping association is organized

Proving the old advice that with some individual losses even an ill wind blows some amounting to over $2,000. good the farmers who suffered losses in the Vermilion bankruptcy decided to eliminate the possibility of a recurrence of such losses in the future by forming an association through which they would buy all their feed grain for sale through the Alberta Livestock Co-op.

When the advice from the Vermilion Chamber indicated that farmers would suffer a considerable loss in the bankruptcy proceedings men from the entire district assembled at Viking to determine what steps they could take to prevent an other such catastrophe. Some 125 farmers met in the Viking Beaver Inn a total of $15,000 was pledged ALC assistance if an association was formed and suggested that it be built into farmers took an active interest in their own affairs and not leave the selling of their produce to others.

The 100 farmers present then decided that an association should be formed Harold Webber, supervisor of Crops activities for the government of Alberta, outlined the procedures involved in the formation of a co-op after which an interim board of directors was elected to get the association under way.

McGREGOR HEADS BOARD

Don McGregor of Holden, an active Farm Union member and a long-time member of the ALC was named provisional chairman and Mike Smiak of Ryley was appointed secretary-treasurer. The other members of the directorate include Al McGuille of Tofield, Ed Magnuson Ryley, P. C. Mathieson, Ryley; John Kuchta, Holden, L. Vitch, Viking, Allan Lukaszuk, Holden, Russ Zederayhne, Holden, Louis Kabesh, Viking and Norman Keeler, Daysland.

The meeting decided that money would be raised by the sale of shares for the purchase of or building of a shipping yard. Price of shares was set at $25 and all directors were appointed as salesmen for the sale of shares. Farmers interested in forming the association may contact one of the above.

Immediately after the election of officers the directors met and decided to commence the sale of shares immediately and to begin assembling and shipping hogs and cattle with Alex Clarke being placed in charge of these operations. Mr. Clarke indicated that arrangements had been made to ship livestock each Monday and Thursday from temporary yards. He stated that he was of the opinion that a more permanent type of yards would be available in the near future which would provide more and better unloading facilities. Trucking of all livestock was to be arranged but all animals would be delivered to the Edmonton yards on the same day with the truck leaving Holden at 4:30 p.m. on each loading day.

The association adopted the name Beaver Co - operative Livestock Association.

Community League reports a successful year in 1963

NEW OFFICERS

Wm. Christensen, past-president of the Tofield Community League, is shown shaking hands with new president, John Sleeper. Others in the picture from left to right, are First Vice-pres., C. Sears; Second Vice-Pres., Graham Allan; Secretary, Gay Pitlet; Third Vice-Pres., Elmer Goeglein, and Treasurer, Ralph Gerrie. —Mercury Photo.

Before handing over the reigns of office retiring President Bill Christensen called reports from members of Tofield Community League executive and wound up the meeting with his own summary of the year's activities.

The meeting was held in the Legion Hall on Thursday, Jan. 9th, at 8 p.m. Financial statement, election of officers and any business pertaining to the association will be on the agenda. Members are urged to turn out in good numbers to give a good showing.

Strathcona County have a proposition that members will be asked to decide on.

Presentations were made to Ed Hughes and The Tofield Mercury. Mr. Hughes received a certificate from Mrs. Lars Boyles, president of the Ladies' Auxiliary to Ken Hodges for his donated blood to the Canadian Red Cross more than 20 times. Dr. W. H. Freebury presented certificates to Ken Hodges and The Tofield Mercury for its work among editorial pages in 1962 and 1963. The certificates were supplied by the Alberta Weekly Newspaper Association.

Prizes were given by Secretary H. Pike. Treasurer R. A. Gerrie, members of the Theatre Committee, Norm Glover, and Arnold Sanders.

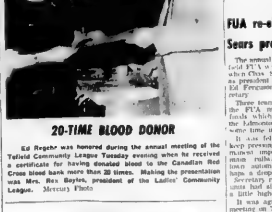
Retiring President Bill Christensen thanked the committee members for the cooperation and work done during the year. He especially wanted to thank John Sleeper of John's Radio and TV for the TV loaned to the league for the use of the farm broadcasts and league sponsored.

Mr. Christensen said the league had 64 members in 1963, an increase from 42 in 1962. He thought they should aim for more in 1964. The 100 Club netted $1160 during the year for the league's use. Bingoes netted $360, Hall rent was $2335 in 1963 against $1900 in 1962. The first of July sports day earned $848 for the league.

The league paid off $1200 of the debts on the hall. Mr. Christensen said he had the $37,000 indebtedness reduced to $23,000. He said $1,000 was received from the Tofield branch of the Canadian Legion; $500 from the Lions Club; and $300 from the Ladies Auxiliary of the Community League.

One of the projects sponsored during the year was the Recreation program at Cooking Lake at which 80 to 90 children received instruction. A hand rink was sponsored as was a chess contest. The Boy Scouts in Tofield are assisted by the Community League.

In his report, Mr. Christensen singled out the Bob Mc-May Memorial Fund for special praise. Jimmy Stinson, Ronnie Hall and A. Francis



20-TIME BLOOD DONOR

Barbara Westmancoat of Ryley is married in Dallas, Texas

Barbara, only daughter of Mr. and Mrs. Robert K. Westmancoat of Ryley, was united in holy wedlock with Mr. John Gregg, eldest son of Mrs. R. Gregg and the late Mr. R. Gregg of Calgary, formerly of Standard, Alta., where until the time of his death, Mr. Gregg was school principal.

The ceremony was performed at the judge's chambers at the County Court House in Dallas, Texas, by Judge Pierce McDade.

This young couple have written mail from the steps of the Court House, they could see just a few feet away, the historical spot where President Kennedy was assassinated such a short time ago.

The bride travelled to Dallas via the airplane, leaving on the first part of her journey on December 6th from Edmonton International Airport. Calgary was the next stop after stayed four days to the guest of Mrs. R. Gregg, who also had arranged a reception in her home for Tuesday afternoon and evening.

Wednesday evening, Barbara was honored at a coffee party given for her fellow office workers, who had her theme chosen for the event, the nest morning she left for Dallas, where her honeymoon will be spent.

The groom is a graduate of the University of Alberta, has his Masters Degree in Geology, and is now associated with Geophysical Services Inc., in Dallas.

Both bride and groom are teachers, Barbara has been on the Milton Williams school staff in Dallas, the groom's high school days were in Stevens High School, where he is on the staff of Geology.

Flying is nothing new to the new bride, for in 1958 she left the teaching profession for a year and went to air hostess with TCA.

Barbara and John cancelled their earlier wedding plans, because of Barbara's sudden ill health, and Barbara has been home for the past six months, nursing her mother back to health after a serious and sudden illness.

FUA re-elects Sears president

The annual meeting of the Tofield FUA was held on Dec. 10 when Chas Sears was returned as president for his fifth term. Ed Ferguson is the new secretary.

Three teams were entered in the FUA members' bonspiel, finals which will be held at the Edmonton Sporters building some time in March.

It was felt the FUA should keep pressing to get some permanent improvement at the main railway crossing into town automatic lights or perhaps a drop barrier.

Secretary reported to date 115 cans had signed up, which is a little higher than last year.

It was agreed that the next meeting on Tuesday, Jan. 14th, will be a combined FUA and UFA Co-op meeting when some of the guest speakers will be paid for the past year's business. Chalk Scott, UFA delegate, will be here for this meeting at 8:30 p.m. in the Legion Hall.

The jackpot is now over $20 but you must attend to collect if your name is drawn.

Mix-up on two bingos!

Although at the time of writing we have heard nothing from either group concerned, it is the belief of the publisher that we "goofed" last week in announcing the winner of the Vegreville Heather Curling Club bingo by announcing the winner in the Viking Carena Bingo ad

We wish to announce that the winner of the Vegreville Heather Curling Club bingo was E. Winsura of Viking.

We wish to announce further that the Viking Carena Bingo is still going strong. Numbers drawn last week were correct in the ad They were O-72 and B-5. The most current number drawn is N-33, and all numbers drawn to date appear in the Viking Carena Bingo ad, in this issue of The Mercury.

Our apologies to both the Vegreville and Viking groups.

Just a number?

Somehow we're disturbed at the sudden announcement that we're going to be just a number so far as Ottawa is concerned, all of us. And probably what disturbs us most is the quiet, efficient manner in which the whole matter was handled. None of the fuss associated with the pension scheme pushed by the Hon. Judy LaMarsh. None of the noise attached to the national flag issue, or the bi-cultur-alism problem, or the sound and fury tacked to the budget discussions.

Just a simple, and comparatively inconspicuous announcement that for reasons of simpler administration of the national pension, if and when it becomes law, we are all reduced from persons, with names, and individualities to numbers. Numbers that can be master filed, coded and thus sorted with complete lack of personality.

Only a few years ago this sort of thing was accepted temporarily and with a certain amount of ill grace under the stress of war, in the National Emergency Registration program. But the moment war was over, it was abandoned.

But these days we seem conditioned to this sort of thing. Unemployment Insurance couldn't achieve it. Civil Defence couldn't achieve it; family allowances couldn't achieve it, and even the income tax branch never suggested it. But switch the suggested penalty of any of these areas around the lure of a pension, and it seems possible to introduce such a scheme with utter unconcern.

Next time you're introduced, you'll probably hear "Just call me ONE SIX for short."

A sick party

Provincially, it seems to us, the Conservative party must be sick. This is brought on by the recent announcement from Calgary president of the provincial party, Dr. Porter, that in the coming by-election in Three Hills, the party will cast its support behind Independent Roger Lebeuf.

It would seem the decision was governed by the desire to oppose Liberal Leader Dave Hunter who will make the contest his, and at the same time to keep from giving any support to the Social Credit candidate. But such an unlikely candidate as Lebeuf, who will be remembered for having stirred up the citizens' ollrighja league a couple of years ago, can hardly be acclaimed as conservative in any of his approaches, or thinking.

Certainly politics makes strange bedfellows, and some of them must sometimes be sick.

Sacrificial lamb

Dr. Malcolm Taylor, former principal of the University at Calgary, has made of himself the sacrificial lamb. And the native Albertan has proved himself completely selfless and devoted in the process.

Recently resigning his post at Calgary, Dr. Taylor stated publicly it seemed preferable to the head of the university at Victoria, and able to direct the program, than merely to be a vice-president in Alberta, able to offer advice.

To us there is no question but that the autonomy sought by the Calgary branch for so long must definitely be granted, and it should certainly be granted Mr. Taylor's successor, whoever he may be. We have heard claims that Dr Walter Johns is power hungry, and that it was he who stalled any elevation in the status of the Calgary "U". But this is inconsistent with his suggestion a couple of years ago that faculties such as law or commerce, which require large libraries, but not necessarily large scientific laboratories might easily move to the southern centre

If the provincial population twenty years and more ago could justify one university, today it can certainly justify two. If the university enrolment of twenty years ago could justify one centre, today's campus population far more than justifies a second.

Increased independence in units a matter of time, but it is a considerable loss to the province that the colorful capable, dedicated and enthusiastic educator should be so quickly lured to move along to establish the principle

(Intended for last week)

By the time this appears in print it will be 1964 so we would like to take this opportunity to wish the Editor and staff of The Mercury also our friends near and far both in the U.S.A. and Canada and the United States a Very Happy New Year and the best in 1964.

Mr. and Mrs. Ronald Soetaert and Gary and Carryl spent Laurie's family in Edmonton were all enjoyed Christmas dinner together.

The hard-working and far-reaching executive of the Ryley Ladies' Curling Club undertook a project which should be of special interest to the Ryley rink as we feel that it is the first time anyone has undertaken such a project. We refer to the compilation of a booklet containing the names and addresses of all the ladies curling in the Ryley district. This booklet will be distributed to each lady curler in the district on January 10th as the day on which they together with the more curling enthusiasts from this and other areas would meet to celebrate this achievement. A gala program is planned for the day, which will get underway at 1:30 p.m. and continue as long as the curlers and their friends choose to stay.

The committee in charge, headed by Ed Lyons, has indicated that a full program for the afternoon and evening has been planned, with some interesting features being conducted throughout the entire afternoon and evening. The newly renovated waiting room will be the hub of operations, with meals and refreshments being served throughout the day. To accommodate the large crowd expected and to give space to the many activities, the Community Hall will also be put to use.

With Garnet Burnstad in charge of entertainment, it can be expected that this affair will be a Curler's Delight. There, with many comic events, during the course of the day, Garnet has promised that the varied entertainment planned will appeal to youngsters and old timers alike.

The avid curlers will have ample time to both curl and watch some top-notch curlers in action. One of the most curling events will be a match between two old-time curling adversaries. Hank Hill and Agnes Noel both curled in Ryley in the early days and are out to prove that curling is not necessarily a young man's game. Rumor has it that both parties are practicing diligently on the sq., as both have been heard to boast that the top skip. Betting has already started on the outcome of this game, and the results should prove interesting. This game gets underway at 2:00 o'clock, and seats behind Ice No. 2 should command a premium.

To add the Scottish touch to an old Scottish game, Ice Club has arranged for Dave Dagnid, the widely-known and popular piper from Tofield to pipe all curlers onto the ice and to provide his special type of entertainment for the afternoon and evening.

During the afternoon and evening, sheet 4 will be available for 9-end matches for all who care to curl. One sheet will be reserved for a new twist to the old game of Bingo. Ernie Brown came up with this new idea from under his old hat, but talked the Lyons brothers, Ed and Murray, into running the show. This should prove interesting. As far as is known, this will be the first time Bingo will be played on ice, with a 12-foot circle as the card. This will be the first Canadian premiere event held in Ryley.

All reports emanating from the Club give every indication that this will be an event not to be missed, and since the invitation is out to everyone . . . DON'T MISS IT!

Artificial ice project was huge undertaking

Installation of artificial ice for a curling rink situated in a village the size of Ryley is an ambitious undertaking and required a great deal of effort on the part of many people and the co-operation of all the ratepayers in the Ryley District. Without this effort and co-operation, the project would not have been possible.

The idea of Artificial Ice for Ryley was initiated in the early spring after a somewhat dismal curling season which saw several of the prime events rained off or postponed due to thawing conditions. Many curlers were convinced that without artificial ice curlers would leave to join other clubs and leave the membership here too low to make it feasible to continue operation. A choice had to be made and the decision went in favor of artificial ice.

It was not a snap decision, as it took several months of consideration before the Club finally embarked on this ambitious undertaking. During the entire summer it was not an uncommon sight to see Charlie Kathan talking "ice" to anyone who would listen. Eventually he was able to affect a number of others with "ice fever" and the race with time was on.

The Curling Club, under the chairmanship of Ed Lyons, formed a committee to arrange for the installation of the ice-making equipment. This committee consisted of Charlie Kathan, George Hebber, Ernest Brown, Ed Lyons, Murray Lyons and John Kaudrowski. This group of men put all their efforts into this undertaking and in a very short while had worked out all financing and construction details.

The co-operation received from local residents helped to make the job lighter, and at the outset it appeared that curling would get underway early in November. However, some delay in the arrival of the refrigeration plant was not available, which upset the plans for an early start. The rink, however, was ready in October, thanks to the local truckers who worked overtime to haul in the required sand for the base. Stan Rubin, the general contractor for the building and renovation of the waiting room, postponed all his other projects to rush the construction of the rink, and had the building ready before his deadline.

The undertaking would have been financially impossible had it not been for the many suppliers and workers buying the debentures with payments received from the Association.

This project is one that could only have been accomplished with the whole-hearted co-operation and assistance of the entire business and farm community. Of this Ryley can be justly proud. This effort will long stand as a memento of the co-operative spirit prevalent in this district.

John Kozdrowski master icemaker

. . . a number of years experience as ice-maker and ice-maker at the Ryley Curling Club, John Kozdrowski has earned the reputation of being a master of his trade.

It is not uncommon for outside curlers to draw attention to the fact that Ryley had the best ice they had played on.

Not satisfied with his prowess, John took a course in Ice-Making School in Edmonton last fall to ensure that he could make the transition from natural to artificial ice. The change does not seem to have affected his touch, as all curlers are complimenting him on providing near perfect ice again this year.

Bid for fame

Only two weeks from yesterday remains until the decision is made on the site of the Winter Olympics four years from now, and many Camrosians will be waiting for the news just as anxiously as scores of workers in Calgary and Banff. For among the committee men who have been working on the project is Camrose's own Clarence Servold.

A skier with an international reputation, and one who has already been named by Canada to represent us in the F.I.S., Clarence was engaged to do a considerable part of the engineering in connection with some of the ski runs.

Canada's bid for the Winter Olympics seems to be acknowledged as the strongest bid, and there is high hope that the committee will accept this first-time effort. However, committees of this nature are notoriously on the 28th.

What to give him?

It's a little past Christmas, without a doubt, yet we were highly interested in a recent submission across the desk, advancing yet one more gift idea for The Man Who Has Everything. In our affluent North American society this problem type is becoming more numerous every year, with the result that imaginative manufacturers are suggesting such novelties as a genuine mahogany yo-yo, a mink-covered wastebasket and others equally as bizarre.

The easiest man in the world to shop for, the report goes on, is The Man Who Has Nothing, or practically nothing . . . and there are some 1.5 billion of these peoples in the world today.

Most of us would think someone was capricious, and it is amazing how little it takes to tip the scales in favor of some other entry. Acceptance of Canada as the site would mean a tremendous boon to the entire nation, as the ripples spread out, starting first, of course, with the construction industry, but reaching rapidly out to the airlines, baulines, trains, service stations, hotels and cabin owners, restaurants and every other trade associated with serving the literally hundreds of thousands of tourists expected to attend an event of this magnitude. And the hope is, of course, that once the many thousands of visitors from other countries have come and seen the magnificence of the scenery and the exceptional facilities for sports of all kinds, they will become repeat visitors and spread the story among their friends.

Cross your fingers for Canada's bid for the 28th.

pulling our leg if we found under our Christmas tree a 25 pound parcel containing milk powder, spaghetti, flour, butter and corn meal, yet to fathers of families in some 35 countries in the world this might be the greatest gift for the incredibly low price of one dollar.

Organizations such as CARE, UNICEF, the Foster Parents Plan, and the Unitarian Service Committee, to name only a few, can take over for The Man Who Has Everything, and send a gift that will probably bring some real warmth into his heart, as well as helping to bring massive relief to The Man Who Has Nothing.

It's a type of Christmas shopping that might appeal to hundreds more among us, when only a dollar will bring such bargains.

Switch to "sweet" music

We were interested in reading earlier this week that the two radio stations in the city of Lethbridge in Southern Alberta have made a change in their musical programming. There is a marked trend away from the more raucous tunes currently being played by most radio stations, and the emphasis now will be on the best of the popular music of this century, including selections from the Broadway musicals, light classics, waltzes and band music.

One radio station, which made its change Monday, says it will play only the best of the current "hit" music, and very little of it will qualify. The other radio station said its changeover in musical programming was made three weeks ago, and that public acceptance has been good.

Even more interesting than the changeover itself is the fact that it was brought about as a result of public controversy. People complained about the noisy popular music, and asked for quieter and more soothing tunes.

It is gratifying to know that to at least one part of our province the public is demanding what we would call "more sensible" music from radio. Let's hope the feeling spread-

Drain on jobless fund eases

Unless something unexpected comes along, Canada's battered Unemployment Insurance Fund may almost get through the winter without having to borrow any of the $55 million that has been authorized by Parliament to keep the Financial Pot. At the end of December the fund had $41 million, but it is expected that the $14 million it borrowed last year. Payments and the exceeded payments and in the 9-month November, and in the 3 months December and January, but not yet available it seem probable the fund will end with at least $27 million available. On previous experience, the fund would have to borrow here on Last winter the fund borrowed $14 million in January, $12 million in February and $3 million in March.

LADY CURLERS

The four ladies in this picture curled in the Ryley Arena in 1925. They are Mrs. Alma Adams, Mrs. Leonard Hay, Mrs. Tillie Brenes and Mrs. Cora Young. The gentleman at centre is Schange Halberg, who cut the ribbon to officially open the renovated arena. At left is Hons Hillerud and at right, J. L. Hay, both of whom held the ribbon for Mr. Halberg. —Mercury Photo.

Opened Tuesday

With bagpipes and all possible fanfare the Ryley Curling Club officially re-opened their curling rink Wednesday with three sheets of artificial ice. Men and women who curled in Ryley as far back as 1925 were on hand to take part in the grand opening program, which started at 1:45 p.m. and carried on until 1:00 a.m.

GRAND MARCH

Piper Dave Dagsud of Tofield led curlers, spectators and officials in a grand march around the inside of the rink before three old timers cut the ribbon to start the festivities.

J. L. Hay and Hans Hillerud held the ribbon while Schange Halberg performed the honor of cutting it. Four ladies who curled in the Ryley rink when it was first opened in 1925 joined these men for a picture and introduction to the crowd. The four ladies honored were Mrs. Alma Adams, Mrs. Leonard Hay, Mrs. Tillie Brenes and Mrs. Young.

The opening game played on the new ice was between two rinks of old-timers. Hank Hill skipped one rink with Schange Halberg; Leonard Hay and Noah Solberg. The other rink was skipped by Agner Nord with John Goodall, Ray Dorick and Sam Alex. Following the old timers' game, such features as curling bingo, turkey shoot, dancing and other entertainment was planned for the members and visitors.

Refreshments were handled by C. Brown, R. G. Pike, Kathan O. Hjelset, H. Rokne and F. Loades. Raffles and games were organized by J. Powers, G. Bernard, J. Helgeland, G. Bekhor and J. Kendrowski. Ed Lyons, Murray Lyons, Weber Hammond and Vern Roth handled the curling bingo. Ed Albrecht and Gordon Siebert were in charge of the dance. The band was selected and served by Jean Kostrowski, Mrs. S. Helgeland and Mrs. O. Snortheim.

Due to the prevalence of the flu, a small attendance was noted at the United Church on Sunday. Dave Beckstead, student minister conducted the services with his sermon taken from "Jonah".

HOSPITAL NEWS

Mrs. W. P. Davenport returned to her home Friday, after a month prior to Xmas Tuesday when pancakes are the order of the day. Garnet Burnstad and Ed Lyons took on the cooking honors for the Lions Club supper meeting; recently and served up a pancake pancakes. This seasonal meal was as well received that Garnet and Ed have been taken to serve "something special" again at the next regular meeting.

Following the supper, the Club got down to business of raising funds for community projects. It was decided that the Youth would again support the Youth Exchange program. In this they contribute with other Lions Clubs in the district to assistance for a student to go to a foreign land. Europe during the summer holidays at the expense of the Lions Clubs. At the same time Rotary Plans play host to European students who spend Xmas months in Canada.

Lion President Gordon Fish reported that the New Year's dance was a financial success as well as being a social success. It was as well received that the Club went on record as being in favor of sponsoring the event again next year.

The Club undertook to entertain the town on behalf of the Canadian Institute for the Blind, and the Ryley citizens contributed nearly $100, which will be turned over to the CNIB.

A report from the sports committee indicated that preparation of the skating rink was being hampered by the warm weather and the lack of a caretaker. The two men who had been assigned obtained employment elsewhere after being appointed leaving the job still unfilled however, ice is being made and skating should soon be underway.

Lions are eagerly awaiting the next meeting date, to enjoy the treat which the two master chefs have promised.

New farm account book available

With the advent of each New Year farmers, and business men too, are debating into their financial records of the past year to determine how much money they made, or lost, and how much income tax they will be obliged to pay. This task is relatively simple one if adequate records were maintained throughout the year. However, if the only record is a bundle of receipts and expense vouchers, the job at hand is a major one. Not only is it a difficult and tedious task, it could also be very inexpensive as no one can recall all items of expenditure for an entire year. Where items of expenditure are not forgotten and not recorded it could prove costly in extra income tax that will have to be paid.

The only remedy for this January headache is a good accounting system which is maintained during the course of the year. Very recently the Department of Agriculture of the three Prairie Provinces have made available an account book which should suit the needs of most farmers. It is simple and complete and provides space for both financial and physical records. In this revised book, completing an income tax return will be a very simple matter.

This book is available from the District Agriculturist's Office in Ryley, or may be ordered through any United Grain Grower agent. At one dollar per copy, it is the bargain of the year.

LCW disburses funds

(Mrs. C. M. Rude)

BARDO, Jan. 13th — The January meeting of the Bardo LCW was held at the home of Mrs. Ragna Halberg on Thursday afternoon. Mrs. Borgild Rude led in devotion, Mrs. Gladys Severson the mid-week Study, and Mrs. Diane Rell the offering meditation.

In disbursing funds, it was decided to send $5.00 to Bethany Boys: $15.00 each to Evening Gospel Hour over CFCN, Evangelical Lutheran Hour over CFRN, and CLBE Anniversary. Each member was urged to donate a dime for Torchbearer CLBH to be brought to the February meeting at the home of Mrs. Arnold Johnson home. Mrs. Norma Anderson and Mrs. Mabel Johnson served the lunch in which Mrs. Helberg added a special treat of Norwegian lefsing.

The larger leniency

Do you care much about a man getting the most?
—Some Americans apparently do.

Here is some relevant comment from The Saturday Review.

"It has been forecast that to put a man on the moon may cost $20 billion. We could give it 10 percent more if we can't get every penny's worth in the U.S. from every dime through universities, both public and private institutions (about $9.8 billion); give $13 million each to 200 of the best smaller colleges ($2 billion); finance 5-year fellowships threatmen through Ph.D.'s at $4,000 per person per year for 50,000 new scientists and engineers ($1.4 billion); contribute $200 million each toward the creation of 10 new medical schools ($2 billion); build and properly endow complete universities, with medical, engineering and agricultural facilities for all 53 of the nations which have populations of 5 million or more (about three times original funding size ($11.2 billion); create three more permanent Rockefeller Foundations ($1.5 billion); and still have $100 million left over to popularize science."

Round Hill WI elects officers

(Mrs. E. Wagner)

ROUND HILL, Jan. 14th — Thirteen WI members met at the home of Mrs. A. LaBelle recently for the combined annual meeting and Christmas party. Roll call was answered with a current event, a toy for the Camrose Merry Christmas Fund and a gift for exchange.

Donations were made to the TB Seal Committee, and the Red Cross Committee.

Election of officers took place, resulting as follows: Mrs. T. Campbell accepted the position of president for one more term; Mrs. Beulah Barnsted was also re-elected vice-president for one more term; Mrs. E. Wagner as secretary, and Mrs. S. Campbell as treasurer.

The president then appointed as auditors for 1964, Mrs. Boothorpe and Mrs. B. Barnsted. Directors are Mrs. C. Quail, Mrs. LaBelle and Mrs. Fergusud. The working group will remain as last year, Mrs. Wagner, social service convener, was asked to send gifts and cards to the patients of the district for Christmas.

Mrs. LaBelle served a lovely Christmas lunch. Mrs. H. Quail won the raffle.

Mrs C. Quail will be hostess for the Jan 14th meeting. Roll call will be a current event and some useful item for the ball kitchen. Standing committee reports will be heard.

Modern Etiquette . . .

Q. A hostess in a home we were visiting recently brought forth tickets and asked all her guests if they would take a chance on a television set that a charitable organization was raffling off. Wasn't this in bad taste?

A. No, I can't see a thing wrong with it. If a guest is not at all interested, he is privileged to say "No".

Q. When attaching a card to the wedding gift to be sent, is it necessary to write the bride's name on the envelope?

A. Although this is neither necessary nor usually done, there is nothing improper about it.

Q. When apple sauce is served with pork, should it be eaten with the spoon or fork?

A. It is better to use the fork.

Q. To whom is the bride supposed to throw her bouquet at the wedding reception?

A. She does this just before she leaves to dress for going away and since tradition claims that the one who catches the bouquet will be the next bride, only the unmarried bridesmaids should be eligible to vie for the flowers.

Q. Is it proper for a girl to light a boy's cigarette for him?

A. Yes, if she has just lighted her own and her match is still burning, or her lighter is still available. Otherwise, the man should always light his own

Q. When my husband and I received his new map issued by the government, I noticed the new area was named after a man who is still living. Is it right for me to take that seat next to her or am I supposed to allow one of the standing women nearby to take that seat?

A. You will show much more courtesy and good breeding if you allow a nearby woman to take the seat.

Better English . . .

The finest kind of friendship is between people who expect the best of each other and never ask it. —NFL

Rheumatoid arthritis strikes women more often than men—by a ratio of approximately 3 women for every man affected.

Mrs. Pike reported that he, together with Mr. Arnett, Cr. Woodruff and Cpcp. Green of the RCMP, had met with Mayor Fowler and Cr. Anderson of the Tofield town council and discussed the proposed by-law. The Tofield town council had already passed first reading of the by-law with the County Council on Thursday, Jan. 9th at 1:30 p.m. Cr. Anderson intended to attend the next meeting of the STA and report to the meeting what was being done in the matter and also to discuss the necessity of closing the other railway crossings. The cost of maintaining the automatic protection would be some $400.00 per year to the town of Tofield and possibly the County would be asked to absorb this cost which would be approximately the cost of the present flagman.

It was moved and carried unanimously that the report be accepted.

Concerning the proposed by-law, it was moved and carried unanimously that the report be accepted.

Concerning the proposed bond issue, Mr. Pike stated that some 150 questionnaires had been sent out to parents of pupils, and that only 18 questionnaires covering some 38 pupils had been returned. It would, therefore, appear that very little enthusiasm was indicated by the parents. He stated that no further action be taken. It was moved that the report and recommendation be accepted.

Concerning the proposed Vegreville Vocational School, discussion centred on the coffee table, flanked by silver candles.

HSA discusses 'Girl Guides'

KINGMAN, Jan. 21st — The regular meeting of the Kingman Home and Schools was held in Mrs. Hoite's room in the school on Friday evening, Jan. 17th. Mrs. L. Hendrickson, president, was in charge.

Mrs. Hoite taught a grade one class and a demonstration reading lesson, which proved very interesting.

The Boy Scout Shelter is to be cleaned up by the school hall.

Mrs. Lloyd Bjorgum will represent the group at the convention to be held in the Clarence Campbell High School, February 5th.

The attendance showed 26% from Mr. Andersen's room, 18% from Mr. Related's room, 17% from Miss Nelland's, 12% from Mrs. Christenson's, and 9% from Mrs. Hoite's. Mrs. Hoite's room is the award winner.

The next speakers were Mrs. Mackenzie and Mrs. Dyck, who gave an interesting outline of the Girl Guides and explained how to organize a group in the community. There is to be a meeting of interested ladies to expand the Girl Guide group in Kingman.

Mrs. Ovel Bjorgum and Mrs. Lloyd Bjorgum served lunch in the Home Ec. room following the meeting.

County school committee meets Jan. 7

The regular meeting of the County of Beaver No. 9 School Committee was held Tuesday, Jan. 7th. Present were: Cpl. W. J. Clark, A. L. Gibson, W. D. Hughes, F. Kropielnicki, and H. Woodward. Also present were A. M Golka, G. H Arnett and Norma Severson representing towns and villages and the Superintendent, H. A. Pike.

The meeting was called to order at 10:47 a.m. by the secretary who called for nominations of a chairman for the school committee for the ensuing year. Cr. Hodnick was nominated by F. Kropielnicki.

It was moved and carried unanimously that nominations cease.

Cr. J. H. Riddick, elected chairman of the school committee for the ensuing year, took the chair and expressed his appreciation of having been re-elected as chairman but indicated that, in his opinion, the office of chairman of the school committee might be circulated among the committee members as the chairman had more intimate contact with the various problems.

Cr. Kropielnicki was confirmed as secretary-treasurer.

In connection with the application for flashing lights at the Tofield Creek Crossing in the field a copy of a letter from the transportation council of the C.P. to the secretary of board of trustees, commissioners was read to the committee. It was further indicated that the railway company was in favor of installation of automatic protection at the Queen Street crossing. In fact, suggested this be the location for the installation of the railway company's automatic protection. As far as the town of Tofield is concerned such an installation on the Queen Street crossing if the other crossings east and west of the town remained open. The letter indicated that, if the board of trustees commissioners issued an order authorizing the installation of automatic protection at the Queen Street crossing and the town of Tofield closed and barricaded and protected the use of the two crossings at mile 226.72 and 225.5, the railway company would be willing to impose a speed restriction of 60 m.p.h. on movements over the Queen Street crossing until the protection at that crossing was installed and placed in service. The cost of installing and maintaining the protection would be apportioned in accordance with the current formula of the board of transport commissioners.

Mr. Pike stated that some 150 questionnaires had been sent out to parents of pupils, and that only 18 questionnaires covering some 38 pupils had been returned. It would, therefore, appear that very little enthusiasm was indicated by the parents. He stated that no further action be taken. It was moved that the report and recommendation be accepted.

Concerning the proposed Vegreville Vocational School, discussion centred on the coffee table, flanked by silver candles.

Mr. and Mrs. Theodore Gyselinck gave thanks for the gifts and good wishes.

Pioneer lady marks 84th birthday

(St. Harris)

Several friends and neighbors and all the family gathered at the home of Mrs. Caroline Jacobs on Sunday to help her celebrate her 84th birthday. Mrs. Jacobs is still able to do her own housework and lives alone. She came to the Riley district in the year 1902 and farmed with her late husband, Mr. Peter Jacobs for many years in the Badgate district.

Mrs. Jacobs, since retiring from the farm, has lived in the village of Ryley for the past 21 years.

Luther League meets

The Ryley Luther League held their regular meeting on Sunday, Jan 19th. It was decided to have services the third Sunday of each month. There will be a candlelight service on February 16th at 8 p.m. Everyone is welcome.

Tofield couple mark silver anniversary

On the occasion of their silver wedding anniversary, Mr. and Mrs. Thomas Jacobs welcomed 120 guests to their home on December 29th, to help them celebrate their silver wedding.

Mrs. Eric Sorell, their bridesmaid of 25 years ago, was in charge of the guest book. Robert Gosbell their groomsman, was unable to attend.

A surprise visitor was Mrs. Ida's prospal, Mr. and Mrs. Lyn Hunter from Iowa. They had corresponded since they were 16 years of age

The time was spent visiting with some of the guests. Among the silver was a beautiful chest of silverware and many other gifts of silver and china, which were displayed on a table covered with a hand-made lace cloth, centred with a silver tree.

A three-tiered wedding cake, made by Mr. and Mrs. Chessman's daughter, Norma, was decorated by Mrs. Bill Tarde-

Walther League bowling party

(Mrs. G. H. Taylor)

HOLDEN, Jan. 18 — Sunday, Jan. 12, Mr. and Mrs. Henry Nedemann took Walther League members to Edmonton for an afternoon of bowling at the Seneke Dixon bowling alleys. The Edmonton and district Walther Leagues had reserved 30 alleys for that afternoon. There was some keen competition, with both low and high scoring.

To conclude the day's outing, approximately 80 members of the Leagues and their counselors gathered at the "Girls Dorm" church in Jasper Place, where a delicious lunch was enjoyed, followed by a sing-song. All attending reported an enjoyable time.

Curling news this week

In Club 8 curling on Sunday in Tofield, winners of the first event were L. Hall (Edmonton), 2. Grey Whyte; third Forest Worton; 4. Ray Hallett.

Tofield is the second town represented in the Taylor, Pearson and Curran hospital at Edmonton and won the "A" section, but lost out in Viking in the playoffs.

ZONE PLAYDOWNS

Legion zone playdowns were held on Sunday at Elm Creek in a special at which seven towns were represented at the legion.

Tofield was represented by Mrs. Ed Mitchell, Mrs. Cliff Chesterman third, Clovel Hallsey and Mrs. Harris lead. Tofield won two games and lost two to Elm Creek rinks. Walter Hall's Girl Guides group of Kingman.

(Mrs. Erling Sand)

The annual meeting of the Amisk Creek Lutheran Church was held at the Erling Sand home on Friday night. The following officers were elected for the ensuing year: President, Erling Sand; Vice-President, Cornel Patterson; Sec., Edith Patterson; Treas., Ray Hillstrom.

Young Liberal president predicts leadership meet

President of the Alberta Young Liberal Association, Ron Hunter, MacKay believes that the defeat of Provincial Liberal Leader, Dave Barrett in the Three Hills-Acadia bi-election in the Monday's was his personal mission there would be a leadership convention for the Alberta Liberal party.

Mr. MacKay feels that party members would not continue to support a man who is defeated in his home constituency and then shown he is not able to be elected in the constituency in which he was born Mr. Hunter lost out to the Social Credit candidate in the Athabasca constituency in the provincial general election June 17.

Mr. Hunter's loss as a public figure, MacKay believes, can be attributed to his stand on the provincial general election, when he advocated a government takeover of power companies in Alberta.

Since expressing his views last Monday evening, Mr. MacKay claims he has been requested by radio, television and the daily press, who have been reporting that he has "called for a leadership convention. This is not true. Mr. MacKay told The Canadian yesterday. "I was merely making a prediction," he said.

Basketball games played at Holden

(Linda Kallal, editor)

On January 16th, the Tofield Junior High basketball teams boarded the school bus, leaving for Holden at 6:15 p.m.

The Tofield Jr. High girls played against the Holden Jr. High girls, and won by a score of 20 to 9.

Although the Tofield Jr. High boys lost their game against the Holden Jr. High boys, it was a tremendous game. Near the end of the last quarter the score was tied at 18-all. The Holden boys got a free throw and won by changing the score to 17-16. The game ended with Holden Jr. High boys winning the encounter by a score of 18 to 16.

Junior High plans Valentine Tea

(Elaine Bourgon, sec'y editor)

On Friday, Jan. 17th, the tea committee had a meeting to make arrangements for the Jr. High tea, which is to be held February 14th. It was decided that the tea would be held from 2:30 to 5:30 o'clock, in the Jr. field gymnasium. We all hope that it will be a big success.

Here's tae us

Saturday is Burns' Day, when Scots the world over will celebrate the birthday of their nation's best known and best beloved poet. Not only the Scots, but the near-Scots will tie dreamy-eyed as the haggis enters the hall, piped in where pipers are possible, and the heart of each will beat a mite faster as the knife is plunged into the savory, steaming preparation. The highlight of the program, of course, comes with the "toast to the Immortal Memory".

To most non-Scots, and even to many from the land of heather, the performance seems a bit amazing. That such a character as Burns should have become almost a patron saint of his own country, and that the depth of fervor should become ever deeper, is incomprehensible to many. Certain it is that emancipated Scots are far more assiduous in keeping up the tradition than their brothers in the homeland.

Yet it seems this is one more demonstration of the amazing following that can develop around a "little" man, one of the common people, rather than around the mighty princes and industrial giants. It is one more demonstration of the kinship that people develop for those who share and sympathize with their own poor lot in life, and one more proof that the "meek shall inherit the earth". For all his outbursts of wrath and indignation, there were the occasional side of his nature. Hundreds of his poems point up the humble side of his character, possibly the most famous being "To a Mouse".

Courageous step

Politically, a courageous step was taken last week by the Hon. Harry Strom when he ended the ban against coloring margarine in Alberta. Minister of Agriculture in Alberta, Mr. Strom accepted the dictate, apparently, that margarine is a fact of life, that if is used just as much by farmers as by other classes of citizens, and that it was flying in the face of reason to continue to impose a silly restriction on a product that people wanted, and which could in no wise be considered detrimental to morals or behavior.

We were pleased for our part that the minister took the stand he did, for politically it was dynamite, and he must have known it. One thing we have felt for several years about the Manning administration is that it has not shied away from decisions simply because they were politically unpalatable . . . at least not as much as could be expected from a government necessarily made up of politicians.

So we were dismayed to learn that Mr. Strom had only hesitated a moment . . . more or less . . . before adding that margarine could be colored any color except butter color. What a political escape this is! What has he given the consumer? Simply a change from a product they didn't like with-out color to a product whose color is not what they want. Even our friends in the dairy business admit that butter has to be artificially colored much of the year.

Most of us laugh today at the well worn joke created by Henry Ford (another Harry!) who used to remark "they can have any color car they want, so long as it's black". How many years will it be until we all laugh at the joke developed by Harry Strom "they can have any color margarine they want, except yellow"?

Stiff-necked autocrat

With all the wealth of expression in the English language, we find ourselves poverty stricken trying to find the scathing words we need to express our indignation over the liquor board chairman's ruling that a national art collection may not be shown in Alberta simply because it might advertise the firm of Seagram's, who sponsor it. Thus can one man, against whom there is no appeal, defy the democratic process. If any more flagrantly despotic type of thinking could come from this department it would be hard to imagine. Wait a minute, we're wrong. Last summer there was a national golf championship played in Edmonton. Undoubtedly Mr. Elliott would not again permit this development by Schenley's. We'll have to close down the old fort maintained in Edmonton by Molson's, and the beautiful gardens in both Edmonton and Calgary. Naturally the civic sports centre in Lethbridge will have to go, too. Enid Sick donated this, and Mr. Elliott wouldn't want anyone to associate this with Mr. Sick's product. After all, we must be consistent about these things

Consistency, the old saying goes, is the jewel of small minds. It should be a rare gem in Mr. Elliott's crown

News from the Ministik district

(Mrs. Jim Roddick)

Mrs. Lloyd Grumett is a patient in Tofield hospital suffering from an attack of pneumonia. Mrs. Ethel Hoddick and baby Joan attended the girls' basketball game at Tofield High School Friday evening when Salisbury trounced Tofield College girls.

"Good! I'll send you my cheque today!"

Most people today pay for goods or services by cheque — so it's no wonder people have a book account. It's the easiest, safest way to transfer money to any person or firm in the world.

The cheque you put in the mail or cash at one of 1,800 chartered bank offices across Canada pass through the banking system each day. They result in sales of paper represented by perhaps a million pounds sterling, and their handling by the chartered banks is essential to bank customers, indeed to the whole economy of the nation.

To handle the ever-increasing flow of cheques—and to maintain standards of efficiency in the clearings—the chartered banks have introduced magnetic ink encoding to be used in high-speed electronic sorting. The new method, called MICR, makes possible a faster, more accurate service to customers, and maintains your chequing account as one of the cheapest, most convenient basic banking services.

FCC advisers meeting in city

Seven credit advisers for the Farm Credit Corporation, along with Morris Albers and Larry Lajoie of Edmonton as farmer's leasing officer and the latter the credit supervisor, gathered in the Federal Building, Dominion Avenue, Tuesday morning for a three-day session for meeting. They will be joined today by George O'Brien of Edmonton, branch manager and co-ordinator for the four western provinces, and Stan Wood, also of Edmonton, as a leasing officer.

STAFF TRAINING

Prime purpose of the meeting is to give the seven advisers training in dealing with farm management and with electronic farm accounting. "There have been several enquiries on electronic farm accounting lately, from people around the country," said Mr. Rose.

Senior meetings are held twice a year, and usually in Camrose. These meetings, along with the annual conference at Banff in February, are part of a con-

Loxton-Niemetz vows exchanged

LOXTON — NIEMETZ

Saturday, Dec. 28th, was the Tofield United Church was the scene of a very pretty wedding on Saturday, Dec. 28th, when Patsy Laverne, daughter of Mr. & Mrs. C. Niemetz, and Leonard Elmer Loxton, son of Mr. and Mrs. Lloyd Loxton of Pawassan, Ontario, were united in marriage. Rev. McDiamid officiated at the double-ring ceremony.

The bride looked lovely as she came down the aisle on the arm of her father. The wore a floor-length white lace dress with a bouffant veil held in place by a crown of crystal. Her only jewelry was a strand of pearls and pearl earrings, gift from the groom, and she carried a bouquet of red roses with one orchid.

The bridesmaids were Miss Iris Loxton, sister of the groom, and Miss Myrna Roberge, cousin of the bride. They were identical dresses of crystal charm in satin, and carried bouquets of white roses tinted a matching blue.

The groom's attendants were Herbert Niemetz, uncle of the bride, and Larry Murray, cousin of the bride.

Ushering the guests were Mr. Don Niemetz and Dean Niemetz.

The bride's mother wore a two-piece beige dress with pink accessories, and red roses en corsage.

Mr. and Mrs. Herbert Loxton of North Bay, Ont., uncle and aunt of the groom, were present for the occasion and for her nephew's wedding Mrs. Loxton chose a two-piece blue dress with brown accessories, and her corsage was also of red roses.

Mrs. Stinson played the wedding music, and Mrs. Wall sang "A Wedding Prayer" during the signing of the register.

Following the wedding, a reception for the guests was held in the United Church basement. Tom Gudgeon was master of ceremonies, and Mrs. Harmon Gudgeon was in charge of the guest book. Lorne Gudgeon Jr. proposed the toast to the bride, to which the groom responded.

Mr. Bowers and Mrs. Acomb had cards among a few words, and Reno Loxton brought greetings from relatives and spoke on behalf of Leonard's father, Lloyd Loxton. There was one telegram from Herb Loxton of Toronto regretting the wedding.

Later that evening a dance was held in the local Community hall, with Pete Lamb's orchestra providing the music. The bride donned a blue suit with black accessories, and a corsage of red roses, before she and her husband left for Edmonton. On December 29th, the happy couple returned to the home of the bride's parents to spend a few days with the family before leaving for their home in Ontario.

Tofield Historical Museum expands in '63

Approximately thirty people visited the premises of the Tofield Historical Museum on Wednesday, January 15th, when the annual meeting of the society was held. Under the chairmanship of the president, Harold Schultz, the group discussed the activities of the past year and the plans for the future.

The treasurer's report showed a balance of $214.88, as received from a Government grant, the proceeds of a dance which had been organized for the Tofield Museum and the proceeds of a penny auction which was conducted at the Museum.

It was reported that a number of articles had been added to the collection during the past year. Mrs. Jim Peters had donated a quilt, quilted several years ago by Mrs. Peters' mother, Mrs. Jim Peters, and Mrs. Ivan Hall had donated a number of articles which had been in the possession of her late father, Mr. Sandy Shuttleworth. Among those who had donated articles to the Museum during the past year and the period immediately after the end of the year were Mrs. Jim Peters, Mrs. Ivan Hall, Mrs. Sandy Shuttleworth, Mrs. Ed Hall, Mrs. Ed Hall, Mrs. Ed Hall

Second guessing

We've heard several reasons advanced for Canada's failure to gain the winter Olympics four years away, ranging all the way from the policy of two Olympics on the continent for every one away, to the presence of Judy LaMarsh at Innsbruck. At this date and at this distance, it's impossible to know which to give any credence to.

Certainly it's a disappointment for Canada, not only to the committee of Calgarians who have worked so hard, but also thousands of Canadian skiers. Here in Camrose even, some have remarked that an Olympic in Banff is the only one they would ever see, in all probability.

If the one-in-three rule actually applies, the competition from Japan and the U.S.'s Lake Placid for 1972 should be even more severe than it was this time. If the principle of European not wanting to travel this far is true, this will also weigh against Canada's bid. And the element of time, and other emerging nations may bring other important contenders into the fields.

However, we can all, as Canadians, be proud of the committee from Calgary which poured so much toil, trouble and sweat into their bid for a Canadian Olympic. Canada has lost nothing in stature from this effort, and certainly established itself as one of the acknowledged front runners for this world-famous meet. Better to have tried and lost than never to have tried at all.

Resale price law

The Eastern press reports strong pressures are being brought to bear on Ottawa to again require manufacturers to establish the retail prices at which their products shall be sold. Such action was made illegal, it will be remembered, back in 1952, as part of the Combines Investigation Act.

It is to be hoped the voice of the Consumer's Association, as well as many others, will be equally strong in opposing the change which, incomprehensibly enough, is asked for by the Retail Merchants Association. It was the merchants, largely, who opposed the unfair discrimination and unreasonable pressures brought to bear on them by the manufacturers in the past. It was the public who lost out through inability to purchase goods at "bargain" prices.

Surely the files of the Combines Investigation department are sufficiently loaded with documentary proof of the restriction of trade practised even now that they will not once again step into the jungle of retail price maintenance. As the pressure mounts, its proponents will marshal a remarkable array of seemingly logical argument, yet previous experience indicates it is not as foolproof as it might seem.

As the evils which undoubtedly accrue under the controlled sale of liquor pale when aligned beside those of the prohibition era, so the feeble which admittedly lie in the free enterprise policy fade into insignificance compared with those which develop under a philosophy which permits the large manufacturer to dictate the selling policies of small retailers. That such policies often mean ruin to the small independent seems not to interest the giant fabricators.

The extent to which such policies pervade our economy even now can be seen in the account we were reading recently, of hearings under the Combines Investigation Act, in which one firm, which tried to reduce very substantially the price of products used in the operating rooms of hospitals, was squeezed out by the action of his suppliers. There is altogether too much of this type of powerplay now. Let's not open the door to many of it.

It could happen

One of our readers wrote yesterday . . . his letter may not be printed in this issue . . . criticizing our use of the word "autocrat" as applied to Mr. Peter Elliott, chairman of the Alberta Liquor Commission, last week. Perhaps he's right. Under today's form of government we probably should have used the word "bureaucrat", but we didn't think of it. We studiously avoided the word "despot" which we did think of.

While there are unquestionably differences in meaning in the words, there is little difference in the form of unchallengeable decree to which we were objecting.

The fact the ruling has been reversed is not the point. The point is that Mr. Elliott may establish the conditions under which we view the art exhibition, and whether or not we view it.

Yesterday, we must not see the collection. Today, we may see it. Tomorrow, who knows? When will the order go out that we must see it?

Ridiculous? Of course. Couldn't happen here? We'd all like to stick our heads in the sand and feel secure, wouldn't we? It's not just the way Voltaire said it, but when a government has the strength and audacity, it's not much of a step from "thou shalt not" to "thou shalt".

Too much for railways

January 28, 1964

Editor, The Mercury,

Dear Sir;

Due to railway consolidations and dents, it is now being suggested that locomotives have flashing dome lights.

This would mean added expense.

The railway is very essential and should not be expected to operate with more than their share of the burden of debt.

A flashing light has no effect of attracting the eye

Accidents will probably never be eliminated completely . . . the best we can hope for is that they be reduced to a minimum.

Yours truly,
An interested fellow-citizen

Dear Sir;

We read with interest your comments upon the lifting of the ban on colored margarine in Alberta. But I wanna be disagree with your view for the present.

"Stiff-necked autocrat"

Jan. 27, 1964

Editor, The Mercury,

Dear Sir;

Your choice of the word "autocrat" as the description of Mr. Peter Elliott, chairman of the Alberta Liquor Control Board, in refusing the showing of [illegible] is the most [illegible] I have heard in a long time. [illegible] Mr. Elliott is not a dictator, but merely a man who has been appointed to a position of responsibility by the government of the day. [illegible] Mr. Elliott has been given the responsibility of administering the Liquor Control Act, and in my opinion he has done a very good job of it. [illegible] Mr. Elliott has been criticized for his decision to ban the showing of the film "Tropic of Cancer" in Alberta. [illegible] I have not seen the film myself, but I have read the book, and I am in complete agreement with Mr. Elliott's decision. [illegible] I am sure that Mr. Elliott has been subjected to considerable pressure from various quarters to allow the showing of this film, and I am glad that he has had the courage to withstand this pressure. [illegible] I am sure that Mr. Elliott's decision will be supported by the majority of Albertans.

Yours truly,
L. Friesen

MacDuff Ottawa report

Reshape to refurbish . . .

[illegible] lawyer and for five years an Associate Deputy Minister of Justice in Ottawa, where he was, virtually unknown outside of the civil service. He was elected to Parliament for the first time last spring and named Minister of Citizenship and Immigration. Mr. Favreau propelled himself up the political ladder with meteoric speed through nothing more than sheer ability.

Before many months were out it became apparent that he was the logical choice to succeed Mr. Pearson not only as Minister of Justice but as Mr. Pearson's first lieutenant from Quebec and head of the federal Liberal party in the province. With Mr. Favreau's appointment to Leadership as Canadian high commissioner the way was cleared to establish a new federal leadership in French Canada.

BREAK WITH OLD

Representation in the Cabinet of the new political wing in Quebec was also strengthened in other ways. Maurice Sauvé — "Gros-Lard économique" was to be brought in by the government as deputy minister of a revitalized department in order to bring agriculture and forestry [illegible]. This meant a break in the stalwart ranks of the old guard which reveals Mr. Sauvé more bitterly than any other representative of the new [illegible] order. René Tremblay, minister without portfolio, acquired a permanent position in the cabinet as Minister of Citizenship and Immigration while Maurice Lamontagne held his own with a transfer to the presidency of the Privy Council to become Secretary of State. For the old school there was only one consolation: the appointment of Jean Drapeau as minister without portfolio.

Most of the other changes [illegible] the same political significance and essentially represent a shift in emphasis or strengthening of the administrative competence of the ministry.

TOUGH JOB IN DUMPING HABIT

One example was the promotion of Hugh Ostiguy George McIlraith from the Transport Department to take over the direction of the Treasury Board from Premier Maurice Bourget. Ostiguy is known to be impressed with other heads of government to be named to the Board as well as [illegible] given a mandate [illegible] to [illegible] Pearson to undertake a reorganization of the Treasury Board [illegible] and streamline [illegible] A new example in the transfer of J. W. Nicholson from Revenue to the Post Office Department. While there have been a few exceptions the general rule over the years has been to appoint the weakest cabinet minister to serve as Postmaster-General. THE RYLEY TIMES

Ryley AI Association has successful year

At the annual meeting of the Ryley Agricultural Breeding Association held Monday evening, Roland Booth, president reported that the association continued its previous year in a very satisfactory manner. Interest in association and use of the services offered expanded and seventeen new members were enrolled during the year. It was noted that except for two centralized, operations were generally acceptable. The two phases of operation which required some correction were the high figure of air mail receivable caused by farmers neglecting to pay their fees at time of breeding and the neglect of some cattlemen to leave their previous breeding slips available to the technician in case of second service. He indicated that if these two problems could be corrected that could consider itself highly successful.

A. H. Orvis, association auditor, read and explained the financial statement which showed a net profit of $838 on the year's operations. He said that the association was in generally sound financial condition. Incorporated the directors to reduce the accounts receivable by increasing that all outstanding accounts be paid as they become due.

The forty-five members present expressed satisfaction with the financial report and the general operation of the association.

ELECTION OF OFFICERS

Prior to the election of officers the secretary, Bob Saunders, pointed that the Co-operative Act, in lines branch had suggested that the directorate be reduced to seven members in accordance with the association by-laws. This being the case, only two directors were elected to complete the slate of officers. H. B. Stauffer was returned for a second term and G. McVige of Bruce was elected to fill the remaining vacancy.

Ed Chappell, who attended the Provincial Convention of A.I. Units last year, reported on the proceedings and stated that the provincial body was working toward obtaining a central equipment bank to supply the units with a supply centre in the province. He also stated that the association was considering the establishment of a Western Canada supply centre for semen to ensure a more adequate supply service to Western units.

R. B. Jeffrey, Supervisor of A.I. units for the Department of Agriculture, addressed the meeting and informed the members that the government was preparing new regulations governing A.I. units and technicians. These regulations, he said, were designed to protect existing units and also to ensure that all cattlemen desiring A.I. service would receive it. Technician would be licensed, and when necessary, trained to insure that the highest quality service was always available. Mr. Jeffrey then dealt at some length with breeding and nutrition of cattle generally. With a view of cattle he expanded he not of sides he expanded he reproductive organs of a cow and gave a detailed description of the many reasons for the many difficulties encountered, and the fact that poor breeding and management practices were the main causes of low conception rates and that it is recommended that breeders buy particular attention to feeding of minerals on a year-round basis. He also urged them not to neglect the feeding of Vitamins, particularly Vitamin A.

Following the meeting, which continued till near midnight, the ladies served lunch

Hog automation days to be held at Olds

A cooperative effort between the department of agriculture and suppliers of feed handling equipment will provide hog raisers with an ideal opportunity to hear and see what is new in the field of hog raising.

Government and industry have together arranged a two-day event in the Olds Agricultural School dealing with automated equipment and the buildings to accommodate them. Although this is a two-day event, the programme will run continuously on a rotational basis from 10:00 a.m. to 4:30 p.m. each day so farmers can attend at any time convenient to them during one of the two days and still take in the entire programme. The displays of equipment, provided by several of the major supply firms, will be open from 9:00 a.m. to 10:00 p.m. and representatives will be on hand during the entire period to provide information on their equipment.

This event will take place at Olds on Thursday and Friday, Feb 6th and 7th. Farmers interested in the American methods of raising hogs should take a day off to view this display and hear the speakers.
